RE: CMY-41-23 An action relating to the Naabik'iyáti', Committee and Navajo Nation Council; Approving the Navajo Nation Fiscal Recovery Fund Delegate Region Project Plan for Honorable Lomardo Aseret's Delgate Region (Chapters: Klagetoh, Wide Ruins, Houck, Tsé, si; ani, Nahata Dziil).

Dear Speaker Curley,

I am pleased to sign into law this resolution CMY-41-23 approving the Fiscal Recovery Funds Delegate Regional Project Plan for Honorable Aseret's Delegate Region in the amount of \$6,265,173.00.

My Administration supports the plans of these Chapters who have worked very hard to put together their Regional Plans and is working very closely with the Fiscal Recovery Fund Office to ensure that these funds are put to use. As such, when Chapters are running into roadblocks in expending their Fiscal Recovery Funds and the roadblock is coming from the Executive Branch, I encourage them to reach out to the Office of the President and Vice President and inform my office of the roadblock and we will work to overcome those roadblocks.

I do want to take the moment to express my concern that any amendments to the Regional Plans must be approved by the Council. In addition, the prior Navajo Nation Council has set the expectation that Fiscal Recovery Funds be encumbered by June 30, 2024. This deadline is not far off. As a construction expert, I know that there are unpredictable factors that can prevent even the best of plans from moving forward on the proposed timeline. We should be designing systems that are flexible, accountable, and transparent. We do not currently have that system and I look forward to working with you and the entire Council to improve the Navajo Nation systems, so we are supporting our communities to take advantage of this historic funding.

Now let's get to work!

Sincerely,

Dr. Buu Nygren, President
THE NAVAJO NATION

SUBJECT : Klagetoh ARPA Projects

Klagetoh Chapter has six ARPA projects totaling \$1,760,468.00: Rural Addressing \$100,000.00, Project Consultant \$50,000.00, Illegal Dumpsite \$100,000.00, Veterans Housing \$482,693.71, BIA Compound \$200,000.00, and Chapter Renovation \$827,774.29.

The BIA Compound and Illegal Dumpsite remediation has been idling due to concerns from Navajo Nation Environmental Protection Agency (NNEPA) Resource, Conservation & Recovery Program. Klagetoh Chapter hope to keep this project moving forward with assistance from NNEPA and NND CD. These two projects will require environmental clearances that take time to get approvals and will not be ready for the June 30th deadline.

ARPA Project Consultant, since the Klagetoh Chapter is using the NND CD on-call services offered to non-certified chapters and with assistance from Indigenous Design the chapter representatives agreed that ARPA Project Consultant is not needed.

With this said, Klagetoh Chapter is requesting \$350,000.00 be transferred to Renovation/Construction of Klagetoh Chapter house which is in dire need of complete upgrade. The Chapter's lagoon needs upgrading: berms around the pond needs to be build back up, trees growing on berm needs clearing, berms need grading, inside lagoon needs cleaning, sewer line from chapter has been clogged for the last two years with the restroom out of order. The chapter needs a conference room for privacy when conversing with community members and meetings. The front roof is covered with tin panels and is leaking, the whole roof needs to be replaced.

CON'T - Part 2. Expenditure Plan details.

(a) Describe the Program(s) and/or Project(s) to be funded, including how the funds will be used, for what purposes, the location(s) to be served, and what COVID-related needs will be addressed:

To meet the CDC guidelines, the Community Building needs to have, and HVAC system installed to properly circulate the air inside the building and allow for fresh air to be introduced to the building periodically. The existing structure does not have "barriers" to prevent direct contact with individuals in the main office. As a result, the community members are asked to remain on the exterior of the building and the Chapter Staff provide services through what was a standard window. For the safety of the chapter staff and community members using the community building, it is important to renovate the main office section to have a pass-through window and other features recommended for public buildings by the CDC and other organizations. Its also important to renovate other areas such as the restrooms, kitchen, podium, entrance/exits, and the main meeting room so it meets CDC guidelines for public meeting spaces.

(b) Explain how the Program or Project will benefit the Navajo Nation, Navajo communities, or the Navajo People:

During times of inclement weather, the Community Building serves as the Emergency Operations Center when weather related emergencies are declared. When the Community Building is being used during declared emergencies, it is also used to provide shelter for community members whose homes become inaccessible. The Community Building also serves as the meeting facility for those families who may have lost loved ones. The aforementioned are some of the necessary activities and services provided to the community of Klagnetoh. The renovation of this building will essentially serve the entire community and beyond for many more years.

(c) Provide a prospective timeline showing the estimated date of completion of the Project and/or each phase of the Project. Disclose any challenges that may prevent you from incurring costs for all funding by December 31, 2024, and/or fully expending funds and completing the Program(s) or Project(s) by December 31, 2026:

Refer to attached Timeline Klagnetoh Chapter Facility Renovation Schedule. (Appendix A.2)
