

RESOLUTION OF THE
HEALTH, EDUCATION AND HUMAN SERVICES COMMITTEE
Of the 23rd Navajo Nation Council--Second Year 2016

AN ACTION

RELATING TO HEALTH, EDUCATION AND HUMAN SERVICES; APPROVING A BUDGET REALLOCATION IN THE TOTAL AMOUNT OF \$1,133,943.30 WITHIN THE NAVAJO TRANSIT SYSTEM, BUSINESS UNIT NUMBER 112005

BE IT ENACTED:

SECTION 1. AUTHORITY

- A. The Health, Education and Human Services Committee is a standing committee of the Navajo Nation Council. 2 N.N.C. § 400 (A).
- B. The Health, Education and Human Services Committee serves as the oversight committee for the Division of General Services. 2 N.N.C. § 401 (C) (1).
- C. Pursuant to Fiscal Year 2016 Budget Instructions Manual, Section X(D), a budget revision involves a change to an approved budget that deviates from the approved financial plan, including the reallocation of fund between business units which requires oversight approval, Section X(D) (1) (b), and general funds can be transferred from object in the 9510 series, Matching Funds, except the oversight committee approval, Section X(D) (9) (c).
- D. Pursuant to 2 N.N.C. §185(A) an oversight committee may reallocate funds appropriated by the Navajo Nation Council to a division or program over which the committee has oversight provided that funds are determined available by the controller, further provided the reallocation is upon the request of the affected division, department or program and shall approve a reallocation by two-thirds (2/3rds) vote of the full membership of the committee

SECTION TWO. FINDINGS

- A. The Navajo Transit System requests a reallocation of carry over matching funds to Business Unit Number 112005 for the current urgent needs of the Navajo Transit System as stated in the request for funds, attached as **Exhibit A**.

- B. The Office of Management and Budget states ". . . the balance in the Business Unit 112005-1942 is \$1,133.943.30" See **Exhibit B** (Office of Management and Budget Memorandum, Sept. 9, 2016).
- C. The Navajo Nation hereby finds it in the best interest to approve the reallocation of funds within the Navajo Transit System.

SECTION THREE. APPROVAL REALLOCATION

- A. The Health, Education and Human Services Committee hereby approves the budget reallocation in the total amount of \$1,133,943 within Business Unit Number 112005 to cover budget deficits as set forth in the budget reallocation documents hereto attached as **Exhibit A and B**.

CERTIFICATION

I, hereby certify that the foregoing resolution was duly considered by the Health, Education and Human Services Committee of the 23rd Navajo Nation Council at a duly called meeting at Navajo Nation Council Chambers, Window Rock, Arizona, at which a quorum was present and that same was passed by a vote of 4 in favor, 0 opposed, 1 abstained this 10TH day of October, 2016.

Subject: Financial Update-(General Fund Revenue, Expenditures, UUFB)

The gross General Fund Revenues, (see Exhibit "A"), as of September 21, 2016 is \$209,199,483, (see Footnote 1). The total General Fund set asides is \$52,855,907 (Footnote 2). The Net Revenue for the General Fund is \$156,343,576(see Footnote 3), which is 95.69% of the projection. Please note that the General Fund budget for FY 16 is set at \$172,654,000, (Footnote 4), the General Fund revenue projection is \$163,384,000, and the other amount to cover the General Fund budget is coming from the Tax Suspense Fund in the gross amount of \$13, 000,000. This schedule shows the \$13,000,000 transfer from the Sales Tax Trust Fund, (Footnote 5) and the set asides.

Next, are the total expenditures by Branch, (see Exhibit "B"), as of September 21, 2016. The Legislative Branch has expenditures of \$14,454,602(see Footnote 1a); encumbrances of \$919,643(see Footnote 1b) with a remaining budget of \$3,707,113(see Footnote 1c). The Executive Branch expenditures are \$157,173,286(see Footnote 2a); encumbrances are \$9,803,379(see Footnote 2b) with a remaining budget of \$27,571,194(see Footnote 2c). The Judicial Branch expenditures are \$12,265,364(see Footnote 3a); with encumbrances of \$149,533(see Footnote 3b) and remaining budget of \$1,714,555(see Footnote 3c). Total General Fund expenditures are \$183,893,252(see Footnote 4a); total encumbrances are \$10,872,555(see Footnote 4b) with an overall remaining budget of \$32,992,862(see Footnote 4c).

The updated Undesignated Unreserved Fund Balance (UUFB), (see Exhibit "C") as of September 21, 2016 is \$7,010,037. There are pending legislations that will reduce the amount to \$3,186,195 if passed.

Thank you, if you should have any question please feel free to call me at tribal extension X6308.

Office of Management and Budget

Memorandum

To: Seth Damon, Navajo Nation Council

From: 
Dominic Beyer, Executive Director

Date: September 21, 2016

Subject: Review of Proposed Budgets for Powerline Extensions for Chilchiltah, Tse'Lichii, Manuelito, and Baahaali Chapter Communities

The Office of Management and Budget reviewed the above proposed Chapter powerline budgets and finds the following:

1. The budgets that have been reviewed have red ink markings where corrections or revisions need to be made. However, the Capital Improvement Office under the Division of Community Development has the responsibility to process capital or projects budgets.
2. This proposal will need to be further reviewed by the Capital Improvement Office and the Division of Community Development to have the budgets and attached documents routed through the Navajo Nation 164 document review process.

The Office of Management and Budget recommends that the budgets and attached documents be corrected or revised before the budget is routed through the Navajo Nation document review process and presented to the Navajo Nation legislative body for review and approval. If there are any questions regarding the contents of this memorandum or budgeting requirements, address them to Mr. Emmett Francis, Budget Officer, at the Office of Management and Budget, phone number (928) 871-7648 or email: efrancis@omb.navajo-nsn.gov.

POWER LINE EXTENSION PROJECT

September 6, 2016

Submitted To:

Honorable 23rd Navajo Nation Council
Honorable Navajo Nation President

Submitted by:

Chichiltah, Tse'Lichii, Manuelito,
and Baahaali Chapter Communities

By Honorable Delegate Seth Damon

EXECUTIVE SUMMARY

The chapters within District 6 are respectfully requesting the honorable 23rd Navajo Nation Council and the honorable Navajo Nation President for the approval of supplemental funds from the Undesignated Unreserved Fund Balance (UUFB) in the amount of \$1,356,720 for power line extension projects in the communities of Chichiltah, Tse'Lichii, Manuelito, and Baahaali. The purpose of this funding request is to deliver electric power to 17 homes within the area of District 6 who currently live off-grid. The measurable outcomes of this project would improve the living conditions of community members currently without electricity, ameliorating the health, safety, and welfare of the communities within District 6.

COMMUNITY IMPACTS

Living without electricity is distressing, challenging, and even detrimental for high-risk populations. Refrigeration for medications, the operation of portable oxygen-concentrator and portable kidney dialysis machines, and other medical equipment need a reliable source of electric power to continuously generate power to these machines. Patients with chronic illnesses and the elderly populations are absolutely dependent on these resources for their survival. The children of these communities also need a reliable source of electric power to refrigerate their food for safe consumption. The children would also perform better in school by having a reliable light-source and electric power. Currently, community members who live without electricity rely on generators for electric power or use Coleman lanterns as their primary light-source.

REQUESTING FUNDS FOR POWER LINE EXTENSION PROJECTS

The chapters within District 6 are cooperatively undertaking this project as a regional initiative. They will be coordinating with various agencies for their power line extension projects. These agencies include the Continental Divide Electric Coop, the Navajo Tribal Utility Authority (NTUA), the Navajo Nation Division of Community Development (DCD), the Community and Housing Infrastructure Development (CHID), the Bureau of Indian Affairs (BIA), and the Navajo Nation Land Administration (NNLA). In addition, chapters have passed resolutions for power line extensions with support from their communities. Therefore, the chapters within District 6 are respectfully requesting the honorable 23rd Navajo Nation Council and the honorable Navajo Nation President for the approval of supplemental funds from the Undesignated Unreserved Fund Balance (UUFB) in the amount of \$1,356,720 for power line extension projects in the communities of Chichiltah, Tse'Lichii, Manuelito, and Baahaali.

CONCLUSION

The power line extension projects within District 6 will deliver electricity to 17 homes, areas that had been underserved for decades. The end-goal of this project would be to improve the living conditions of community members currently without electricity and to increase the health, safety, and welfare of these communities within District 6. The extension of power lines to low-income families, high-risk patients, the elderly, school-age children, and to other underserved areas will significantly benefit from this project. Therefore, the chapters within District 6 are respectfully requesting the honorable 23rd Navajo Nation Council and the honorable Navajo Nation President for the approval of supplemental funds from the Undesignated Unreserved Fund Balance (UUFB) in the amount of \$1,356,720 for power line extensions in the communities of Chichiltah, Tse'Lichii, Manuelito, and Baahaali.

RE: Estimate

To Whom It May Concern:

The Continental Divide Electric Cooperative's field crew has completed the cost estimate to install primary conductor and service to the residence in Vanderwagon, NM. The estimated cost is as follows:

Cost of Construction:	\$26,309.14
Right-Of-Way	\$32,200.00
Total Construction Cost:	\$58,509.14

This estimate is good for 90 days from the date of this letter. Scheduling of construction will be done after right-of-way is granted; approved, recorded and full payment of the estimate has been received. Understand that this is an estimate only and that actual cost may be different: You will receive a refund if costs are less or you will pay the difference if actual costs are more than the estimate.

If you have any questions regarding this estimate feel free to call our engineering department in Grants at (505) 285-6656.

Sincerely,

Lee A. Maestas

HOMESITE LEASE
(Tribal Member Only)
(Trust or Restricted Land Only)

THIS LEASE is made and entered into by and between THE NAVAJO NATION,
P. O. Box 9000, Window Rock, Navajo Nation (Arizona) 86515, ("Lessor"), and

Loutricia Caballero, C# _____
and none, C# none

whose address is _____
("Lessee") in accordance with 2 N.N.C. §695(B)(4)(i) and Resolution No. RCD-289-93 of
the Resources Committee of the Navajo Nation Council, the provisions of 25 U.S.C.
§415, as implemented by the regulations contained in 25 C.F.R. Part 162, and all
amendments or successors thereto, which by this reference are made a part hereof. In
the event this Lease is held by two or more persons, it shall be held in the following
tenure:

WITNESSETH:

1. **DEFINITIONS.** (A) "Secretary" means the Secretary of the Interior
or his duly authorized representative or successor.

(B) "Approved Encumbrance" means an encumbrance approved
in writing by the Secretary and Lessor. "Encumbrancer" means the owner and
holder of an Approved Encumbrance, or either of them.

2. **LEASED PREMISES.** For and in consideration of the rents, covenants,
agreements, terms and conditions contained herein, Lessor hereby leases to Lessee all
that tract or parcel of land situated within the Chichiltah Chapter of the Navajo
Nation, (County of McKinley, State of New Mexico.) which is more particularly
described in Exhibit "A," attached hereto and by this reference made a part hereof,
containing approximately 1.00 acre(s), more or less, subject to any prior, valid existing
rights-of-way. There is hereby reserved and excepted from the leased premises rights-
of-way for utilities constructed by or on authority of Lessor.

3. **USE OF LEASED PREMISES.** (A) Lessee shall develop, use and
occupy the leased premises for residential purposes only and said premises
shall not be used for any other purpose. Lessee may construct, improve and
maintain a dwelling and related structures on the leased premises and may
otherwise develop, use or occupy said premises for residential purposes only.

791-061-05

(B) Lessee agrees not to use or cause to be used any part of the leased premises for any unlawful conduct or purpose.

4. **TERM.** Lessee shall have and hold the leased premises for a term of sixty-five (65) years, beginning on the date of approval of the Lease by the Secretary. This Lease may be renewed for an additional term of up to twenty-five (25) years, provided that this Lease is in good standing. Lessee shall give written notice of intent to renew this Lease to the Director of the Navajo Land Department, or its successor, at least six (6) months, but no more than twelve (12) months, prior to the expiration date of this Lease. Renewal of this Lease is subject to the approval of Lessor and the Secretary and to the provisions of Navajo Nation law and the regulations contained at 25 C.F.R. Part 162, including all amendments and successors thereto.

5. **RENT.** (A) In consideration of the foregoing and the terms and conditions of this Lease, Lessee hereby covenants and agrees to pay Lessor, in lawful money of the United States, an annual rental of One Dollar (\$1.00). In accordance with 25 C.F.R. §162.5(b)(2), only nominal rental is provided for herein because this Lease is for homesite purposes to a Tribal member and the leased premises are not commercial or industrial in character. Lessee agrees that there shall be no adjustment of the rental required herein in the event that this Lease is terminated before its term otherwise would expire or in the event that any part of the leased premises is taken under the laws of eminent domain.

(B) Rental payments are due and payable on or before the effective date of this Lease and thereafter on or before each anniversary date of this Lease. Lessee may pay the total amount due at any time prior to the expiration of this Lease. Rental payments shall be made by check or money order made out to the Navajo Nation, and shall be paid at the local Navajo Land Department Homesite Section Office, or at such other location as Lessor hereafter may designate in writing. Failure to make rental payments when due shall constitute a default under this Lease.

(C) While the leased premises are in trust or restricted status, the Secretary in his discretion may suspend the direct rental payment provisions of this Lease, in which event the rental payments provided for herein shall be paid directly to the Secretary. Lessor, Lessee and an Encumbrancer, if any, shall be notified of any such change in the direct rental provisions of this Lease.

6. **DEVELOPMENT OF LEASED PREMISES; IMPROVEMENTS.** (A) Lessee shall develop the leased premises within two (2) years of the effective date of this Lease. Prior to the expiration of said period, Lessee may request in writing from Lessor an extension of the development period for a period not to exceed two (2) additional years. Lessor shall not unreasonably withhold approval of such request. Failure to develop the leased premises in accordance with this provision shall constitute a default under this Lease.

(B) All buildings and other improvements now existing, or hereafter constructed on the premises, shall be the leasehold property of Lessee during the term of this Lease, including any renewal thereof.

(C) Lessee is hereby specifically authorized to enter into appropriate service line agreements with utility companies for the provision of utility services to the leased premises, including gas, water, sewer, electricity, telephone, television and other utilities, without further consent by Lessor, on the condition that:

(1) such agreements are for the sole purpose of supplying utility services to the leased premises;

(2) such agreements authorize utility service lines only within the leased premises;

(3) such agreements do not extend beyond the term of this Lease, including any extensions thereof;

(4) executed copies of such agreements, together with plats or diagrams showing with particularity the location, size and extent of such service lines, are filed by the utility companies with the Lessor and with the Secretary within thirty (30) days of their execution; and

(5) such agreements are otherwise in accordance with the provisions of 25 C.F.R. §169.22, including any amendments or successors thereto.

Nothing contained herein shall be construed to limit the right of Lessor to enter into service line agreements with utility companies for service lines across the leased premises, nor otherwise to affect the rights-of-way reserved to Lessor in Section 2 of this Lease.

7. DELIVERY OF PREMISES; CUSTOMARY USE RIGHTS. (A) Subject to the provisions of subsection (B) below, upon expiration or termination of this Lease, Lessee shall peaceably and without legal process deliver up possession of the leased premises to Lessor, including all improvements thereon, in good condition, usual wear and tear excepted.

(B) In the event that Lessee holds customary use rights to the leased premises under the laws and customs of the Navajo Nation at the beginning date of this Lease, and has not otherwise transferred, surrendered, or abandoned such customary use rights during the term of this Lease, then upon the expiration or termination of this Lease, Lessee shall be entitled to possession of the leased premises, including all improvements thereon, in accordance with the laws and customs of the Navajo Nation.

8. **INHERITANCE.** This Lease may be transferred by will or by intestate succession in accordance with the laws and customs of the Navajo Nation, including all amendments and successors thereto.

9. **ASSIGNMENT.** This Lease may be assigned with the prior written approval of Lessor and the Secretary, subject to the laws of the United States and the Navajo Nation, including all amendments and successors thereto. No assignment of this Lease or any interest therein shall be valid and binding without such prior written approval. In the event this Lease or any interest therein is mortgaged or pledged as security for a loan, approval of any subsequent assignment shall be required by the lender, sureties, and loan guarantors, if any.

10. **ENCUMBRANCE.** (A) This Lease or any interest therein may not be encumbered without the prior written approval of Lessor and the Secretary, and no such encumbrance shall be valid without said prior approval. An Approved Encumbrance must be confined to the leasehold interest of Lessee, and shall not jeopardize in any way Lessee's interest in the land. Lessee agrees to furnish any requested financial statements or analyses pertinent to the proposed encumbrance that Lessor and the Secretary may deem necessary to justify the amount, purpose and terms of said proposed encumbrance.

(B) In the event of default by Lessee of the terms of an Approved Encumbrance, Encumbrancer may exercise any rights provided in such Approved Encumbrance, provided that prior to any sale of the leasehold, Encumbrancer shall give to Lessor and the Secretary written notice of the same duration as is required to be given to Lessee by the terms of such Approved Encumbrance and by applicable law. In the event of such default, Lessor shall have the following rights which may be exercised at any time prior to the completion of sale:

(1) To pay to Encumbrancer any and all amounts secured by the Approved Encumbrance, plus unpaid interest accrued to the date of such payment, plus expenses of sale incurred to the date of such payment.

(2) To assume the obligation secured by the Approved Encumbrance, including unpaid interest accrued to the date of such assumption plus expenses of sale incurred to the date of such assumption.

(3) To execute in favor of Encumbrancer a promissory note and a new encumbrance, which new encumbrance must be approved by the Secretary, for any and all amounts secured by the Approved Encumbrance, plus unpaid interest accrued to the date of such execution, plus expenses of sale incurred to the date of such execution, upon the same terms and conditions as originally provided by the Approved Encumbrance, or upon such other terms and conditions as Lessor and the lender may agree, and paying to

Encumbrancer the proceeds of the loan evidenced by such promissory note, and delivering to Encumbrancer a policy of title insurance in the face amount of such promissory note, issued by a reputable title insurance company acceptable to Encumbrancer, and insuring that the new encumbrance is a first lien upon the property described in this Lease, subject only to current taxes and to conditions, restrictions and reservations of record which are acceptable to Encumbrancer at the time of recording the new encumbrance.

(C) If Lessor exercises any of the above rights, all right, title and interest of Lessee in this Lease shall terminate and Lessor shall acquire this Lease; provided, however, that such termination shall not relieve Lessee of any obligation or liability which shall have accrued prior to the date of termination. Acquisition of this Lease by Lessor under these circumstances shall not serve to extinguish this Lease by merger or otherwise.

(D) If Lessor declines to exercise any of the above rights and sale of the leasehold under the Approved Encumbrance shall occur, the purchaser at such sale shall succeed to all of the right, title and interest of Lessee in this Lease. It is further agreed that if the purchaser at such sale is Encumbrancer or an agency of the United States which makes, insures or guarantees either the loan secured by the Approved Encumbrance or the Approved Encumbrance ("Federal Agency"), Encumbrancer or Federal Agency may sell and assign this Lease without any further approval by Lessor and the Secretary, provided that the assignee shall agree in writing to be bound by all the terms and conditions of this Lease. During such period of time Encumbrancer or Federal Agency retains title thereto, it may sublease the property for periods not to exceed one year in accordance with terms of the mortgage, notwithstanding any contrary provision contained within the Lease. If Encumbrancer or Federal Agency is the purchaser, it shall be required to perform the obligations of this Lease only so long as it retains title thereto. If the purchaser is other than Encumbrancer or Federal Agency, written approval by Lessor and the Secretary of any assignment shall be required and said purchaser shall agree in writing to be bound by all the terms and conditions of this Lease.

11. **DEFAULT.** (A) Time is declared to be of the essence in this Lease. Should Lessee default in any payment of monies when due under this Lease or be in violation of any other provision of this Lease, said violation may be acted upon by the Secretary in accordance with 25 C.F.R. Part 162, or any amendments or successors thereto.

(B) In addition to the rights and remedies provided by the aforementioned regulations, Lessor and the Secretary, either jointly or severally, may exercise the following options upon Lessee's default, subject to the provisions of subsection (D) below and subject to applicable law:

791-061-05

(1) Enforce, by suit or otherwise, Lessee's compliance with all terms of this Lease; or

(2) Re-enter the leased premises, if Lessee has abandoned the premises or has otherwise failed to use the leased premises for residential purposes, and remove all persons and property therefrom, and re-let the premises without terminating this Lease as the agent and for the account of Lessee, but without prejudice to the right to terminate the Lease thereafter, and without invalidating any right of Lessor or the Secretary, or Encumbrancer, if any, or any obligations of Lessee hereunder. The terms and conditions of such re-letting shall be in the sole discretion of Lessor, who shall have the right to alter and repair the premises as it deems advisable and to re-let with or without any equipment or fixtures situated thereon. Rents from any such re-letting shall be applied first to the expense of re-letting, collection, altering and repairing, including reasonable attorney's fees and any reasonable real estate commission actually paid, insurance, taxes and assessments and thereafter toward payment to liquidate the total liability of Lessee. Lessee shall pay to Lessor monthly when due, any deficiency and Lessor or the Secretary may sue thereafter as each monthly deficiency shall arise; or

(3) Take any other action authorized or allowed under applicable law.

(C) No waiver of a breach of any of the terms and conditions of this Lease shall be construed to be a waiver of any succeeding breach of the same or any other term or condition of this Lease. Exercise of any of the remedies herein shall not exclude recourse to any other remedies, by suit or otherwise, which may be exercised by Lessor or the Secretary, or any other rights or remedies now held or which may be held by Lessor in the future.

(D) Lessor and the Secretary, as the case may be, shall give to an Encumbrancer a copy of each notice of default by Lessee at the same time as such notice of default shall be given to Lessee. Lessor and the Secretary shall accept performance by an Encumbrancer of any of Lessee's obligations under this Lease, with the same force and effect as though performed by Lessee. An Encumbrancer shall have standing to pursue any appeals permitted by applicable federal or Navajo Nation law that Lessee would be entitled to pursue. Neither Lessor nor the Secretary shall terminate this Lease if an Encumbrancer has cured or is taking action diligently to cure Lessee's default or has commenced and is pursuing diligently either a foreclosure action or an assignment in lieu of foreclosure, or has assigned, filed and is diligently pursuing a claim under a guarantee of an approved encumbrance by Federal Agency.

12. **SANITATION.** Lessee hereby agrees to comply with all applicable sanitation laws, regulations or other requirements of the United States and the Navajo Nation. Lessee agrees to dispose of all solid waste in compliance with applicable

federal and Navajo Nation law either in an approved sanitary landfill or transfer station, or with a commercial sanitary collection service. Lessee further agrees at all times to maintain the entire leased premises in a safe and sanitary condition, presenting a good appearance both inside and outside the leased premises.

13. **HAZARDOUS SUBSTANCES.** Lessee shall not cause or permit any hazardous substance to be used, stored, generated or disposed of on or in the leased premises without the prior written approval of Lessor, which approval may be given, given upon conditions, or denied in the sole discretion of Lessor and Encumbrancer, if any, respectively; provided, that Lessee may use or store or permit to be used on or in the leased premises small amounts of hazardous substances that generally are recognized to be appropriate to normal residential uses and to maintenance of the leased premises.

14. **TERMINATION OF FEDERAL SUPERVISION.** Nothing contained in this Lease shall operate to delay or prevent a termination of federal responsibilities with respect to the leased premises by the issuance of a fee patent, or otherwise, during the term of this Lease, however, such termination shall not serve to abrogate this Lease. Lessor and Lessee and an Approved Encumbrancer, if any, shall be notified of any such change in the status of the leased premises.

15. **INTEREST OF MEMBER OF CONGRESS.** No member of or delegate to Congress or any Resident Commissioner shall be admitted to any share or part of this Lease or to any benefit that may arise herefrom.

16. **OBLIGATIONS TO THE UNITED STATES.** It is understood and agreed that while the leased premises are in trust or restricted status, all of Lessee's obligations under this Lease are to the United States as well as to Lessor.

17. **EMINENT DOMAIN.** If the leased premises or any part thereof is taken under the laws of eminent domain at any time during the term of this Lease, Lessee's interest in the leased premises or the part of the leased premises taken shall thereupon cease. Compensation awarded for the taking of the leased premises or any part thereof, including any improvements located thereon, shall be awarded to Lessor and Lessee as their respective interests may appear at the time of such taking, provided that Lessee's right to such awards shall be subject to the rights of an Encumbrancer under an Approved Encumbrance.

18. **MINERALS.** All minerals, including sand and gravel, contained in or on the leased premises are reserved for the use of Lessor. Lessor also reserves the right to enter upon the leased premises and search for and remove minerals located on the property, paying just compensation for any damage or injury caused to Lessee's personal property or improvements constructed by Lessee.

19. **GOVERNING LAW AND CHOICE OF FORUM.** Except as may be prohibited by applicable federal law, the law of the Navajo Nation shall govern the

Marlene Barney - \$279,011.25

Marlene resides 4.7 miles on Navajo Nation Trust Land at the edge of Stone Hedge Road and McKinley County Road 6. Marlene and her grandchildren live in the most remote area of our community. Ms. Barney is a medical referral and is in need of electricity. Her grandchildren are in school and despite her wishes to have her grandchildren live at home and attend school, the children are sent to Chichiltah Jones Ranch Community School residential dormitory due to no electricity to support waterline, nutritional food and, the crucial need for technology for the grandchildren. Ms. Barney's children relocated to border towns, Gallup and Albuquerque, New Mexico to have access to basic services.

The construction of this powerline will also provide service drops to four homes along the way. The Four (4) homes are currently without electricity. The powerline construction to Marlene Barney resident is crucial need for her being under medical care, her family and future generations.

RE: Estimate

To Whom It May Concern:

Continental Divide Electric Cooperative has completed the cost estimate to install new primary conductor and service to the home located in Chichiltah, NM. Keep in mind, this is a preliminary estimate and should only be used for budgetary purposes. A physical survey will be required when the final project is approved. The preliminary estimated cost to extend the electrical service to the home of Marlene Barney is as follows:

Construction Cost:	\$97,225.00
<u>ROW Cost:</u>	<u>\$168,500.00</u>
Total:	\$265,725.00
<u>5% Navajo Tax</u>	<u>\$13,286.25</u>
Total Cost:	\$279,011.25

This estimate is good for 90 days from the date of this letter. Scheduling of construction will be done after right-of-way is granted; approved, recorded and full payment of the estimate has been received. Understand that this is an estimate only and that actual cost may be different: You will receive a refund if costs are less or you will pay the difference if actual costs are more than the estimate.

If you have any questions regarding this estimate feel free to call our engineering department in Grants at (505) 285-6656.

MUTUAL TERMINATION OF HOMESITE LEASE

Homesite Lease No. 16,709 entered into between the NAVAJO NATION, Lessor, and Frank Barney, and Marlene Barney, Lessees, approved by the Bureau of Indian Affairs on December 7, 1994, is hereby irrevocably terminated, cancelled and extinguished as of this 11th day of September, 2003.

The parties hereto hereby represent that the provisions of this Mutual Termination Agreement have been knowingly and voluntarily entered into.

Lessee(s) hereby state that:

☐ No improvements have been constructed on the lease premises and that said land is free and clear of debris, solid wastes or hazardous materials, expecting normal wear and tear.

☒ Any and all permanent buildings and improvements on the leased property shall remain on said property and shall thereupon become the property of Lessor.

Lessee(s) further states that all rentals due the Lessor, the Navajo Nation, have been submitted and paid in full up to the date of termination of the Homesite Lease and that all utility and other outstanding charges or fees pertaining to said lease operation have been paid in full.

Nothing contained herein shall release Lessee(s) of any obligations incurred under the provisions of said Homesite Lease prior to the date of termination set forth herein.

IN WITNESS WHEREOF, the parties hereto have executed this Mutual Termination Agreement this 11th day of September, 2003.

WITNESSETH:

1. **SECRETARIAL APPROVAL.** As used in this Lease, the term "SECRETARY" means the Secretary of the Interior or his duly authorized representative. This Lease is subject to the approval of the secretary pursuant to the act of August 9, 1955; 69 STAT. 539, as amended; 25 U.S.C. 415, and applicable Federal regulations and amendments thereto.

2. **PREMISES.** Lessor, as authorized by law, hereby leases to the Lessee (s) all that tract or parcel of land situated in the County of McKINLEY State of New Mexico, and described as follows:

A parcel of land situated within the Southwest Quarter (SW1/4) of Section 03, Township 11 North, Range 19 West, New Mexico Principal Meridian, in the vicinity of Chichiltah, McKinley County, State of New Mexico and is being more particularly described as follows:

COMMENCE at the West Quarter Corner of Section 03, monumented with a United States Bureau of Land Management Cadastral Survey Brass cap dated 1963;

THENCE run S 36° 03' 12" E, 986.25 feet to the POINT OF BEGINNING of the herein described parcel of land;

THENCE N 71° 45' 33" E, 208.71 feet;

THENCE S 18° 14' 27" E, 208.71 feet;

THENCE S 71° 45' 33" W, 208.71 feet;

THENCE N 18° 14' 27" W, 208.71 feet to the Point of Beginning.

Being 1.00 acre(s), more or less, in area, and being subject to any and all existing easements for underground utilities located therein.

3. **USE OF PREMISES.** The object of this Lease is to enable the Lessee (s) to construct, improve and/or maintain a dwelling and related structures on the premises, and otherwise to use or occupy said premises for residential purposes. A road rights of way for ingress/egress for Lessee is to be provided at all times.

4. **TERM.** Lessee(s) shall have and hold the premises for a term of twenty-five (25) years beginning on the effective date of this Lease. This Lease shall automatically and without notice renew for an additional term of twenty-five (25) years on the same terms and conditions contained herein. This Lease may not be terminated by either or both parties during its initial or renewal term if, and as long as, the Lease and /or any improvements on the premises, or any interest therein, are mortgaged or otherwise pledged as security for any loan in accordance with the provisions hereof, unless consent in writing to such termination is given by the lender and, when FHA insurance or VA guaranty or insurance is in force, by the Federal Housing Administration or the Veterans Administration, as the case may be. This Lease shall not be subject to any forfeiture or reversion and shall not be otherwise terminable, if such event would adversely affect any interest in the premises, including improvements thereon, acquired in accordance with the provisions hereof by the holder of any mortgage or other lien, or of any purchaser at a foreclosure sale under such mortgage (or lien) or under any conveyance given in lieu of foreclosure, or of any holder subsequent to such purchase.

791-1012-04

or the VA, where no such consent or approval of Lessor shall be required, Lessee(s) may not execute a mortgage, declaration of trust or other security instrument pledging their interest in this lease or any improvements on the premises without the prior consent of Lessor and the approval of the Secretary.

12. **OPTION.** In the event of default by the Lessee(s) on any mortgage or other loan agreement for which this Lease or any improvements on the premises are pledged as security, Lessor shall have the right of first refusal to acquire the Lessee's interest in the premises (subject to all valid liens and encumbrances) upon (A) payment of all sums then in arrears, and (B) either payment of the balance of the loan or assumption of the mortgage. Said right of first refusal may be exercised at any time within thirty (30) days after notice in writing from the lender of the Lessee's default, which notice shall be given before the lender invokes any other remedies provided under the mortgage or by law, and shall be exercised by notice in writing from the Lessor to the Lessee(s) and the Lender; provided, however, that the Lessee(s) shall have fifteen (15) days from the date of the latter notice to cure the default. The estate acquired by the Lessor through exercise of said right of first refusal shall not merge with any other estate or title held by the Lessor as long as this lease and/or any improvements on the premises, or any interest therein, are mortgaged or otherwise pledged as security for any loan, and said estate shall remain subordinate to any valid and subsisting mortgage or other security instrument.

13. **EFFECTIVE DATE.** This Lease and all its terms and provisions shall be binding upon the heirs, successors, executors, administrators and assigns of the Lessee(s) and any successor in interest to the Lessor, and shall take effect on the _____ day of _____ 20____. (Date of Regional Director's approval)

14. **OBLIGATIONS TO THE UNITED STATES.** It is understood and agreed that while the leased premises are in trust or restricted status, all of the Lessee's obligation under this lease, and the obligation of his sureties, are to the United States as well as to the owner of the land.

Electric Power Line Extension Proposal Project

Summary:

Red Rock (Tse'Lichii) Chapter, a Navajo Community located approximately five (5) miles South of Gallup, New Mexico, Is requesting for \$305,393.23 from the Navajo Nation Council to initiate basic studies and clearances for future electric power line extension projects to serve homes that are still without electric power.

At the present time there are six (3) homes that do not have Electric Power. The majority of the homes are near a major power line, in order to provide electric power and extension to more than three (3) miles of scattered homes of transmission lines is needed. Also, individual homes must be wired, inspected and permitted for power hookups. Upon completion of this project Red Rock (Tse'Lichii) Chapter will have estimated 80% of the homes in the community to have electric power. Red Rock (Tse'Lichii) Chapter is planning to undertake this project phase. The first phase is to acquire fund for all needed basic studies and clearances for right-of-way. The second phase will cover finalizing the right-of-way such as mitigation of culture sites, consents, and other studies or clearances that may arise when reports are submitted. The final phase is to initiate the actual electric power line extension and hookup to homes.

Project Description (1st Phase)

The total distance of miles to be subject to basic studies and clearances was estimated in feet by Continental Divide Electric Cooperative, Inc., The local electric utility franchise that provide and maintain electric power transmission and supply. This takes into account flat areas, arroyos, wooded areas, rock formations and other topographical features. This estimate also include archeologist study and engineering surveys required for acquisition of right-of-way. The Continental Divide Electric Cooperative, Inc. have constructed all of the existing power line in the community and thereby know the requirements necessary to obtain applicable right-of-ways.

Implementation

Upon funding of the project or upon allocation of the requested the total amount of fund shall be deposited with Continental Divide Electric Cooperative, Inc. (CDEC) Tse'Lichii Chapter will prepare the necessary documents to request for processing of the transfer of the construction fund to Continental Divide electric Cooperative, Inc.

After the deposit of fund with Continental Divide Electric Cooperative, Inc. the Red Rock (Tse'Lichii) Chapter will request for project agreement. This agreement will be developed by CDED. In the agreement the scope of survey and assessment, other environmental studies, engineering surveys, total estimated cost, and the construction allowances will be written and stated. When the agreement is ready Red Rock (Tse'Lichii) Chapter and its Officials will be notified to arrange for a meeting. At this meeting all relevant information and plan statements will be reviewed and discussed for consistency to the project. It will be assured that all parties knows and understands the activities that acceptable the Red Rock (Tse'Lichii) Chapter will sign the agreement with the Officials for Continental Divide Electric Cooperative, Inc..

The agreement will contain the plan statement that Continental Divide Electric Cooperative, Inc. will be responsible for all basic clearances and the required engineering surveys. These are archaeological survey, environmental assessments, and engineering surveys that will clear the way for acquisition of right-of-way. To do so Continental Divide Electric Cooperative, Inc. will hire an archaeologist(s) to conduct archaeologist survey and relate environmental study along the designated route. Continental Divide Electric Cooperative, Inc. will also implement staking of construction routes and the engineering survey. Any disturbance of land, cutting of trees or other form of vegetation will be described in the agreement. These descriptions will be stated in the electric company's application for right-of-way.

Red Rock (Tse'Lichii) Chapter maintain its commitment to help the company's designated fields person with the acquisition of consent and signature from affected land owners and users in the project areas. This can be made through public announcements, locating of grazers and land users and if necessary make direct contact with such people.

Land Withdraws/Surveys:

This project does not require withdraws of land. The legal survey of the land will be made by Continental Divide Electric Cooperative, Inc. to pinpoint the project route and draw up construction plan. The project is an above ground installation of electric power transmission lines supported by power poles and installed according to plan designed by Continental Divide Electric Cooperative, Inc... Such survey will described of length of extension of each home or camps and with inspection.

Right-of-Way Clearing:

All of the required basic studies and clearances and reports will be conducted by Continental Divide Electric Cooperative, Inc. This includes but not limited to archaeologist survey, environmental assessment and other required studies needed for right-of-way clearing. When Continental Divide Electric Cooperative, Inc. completes the required document on its surveys, assessments, and clearances they will file the application for right-of-way with the respective land departments. For the Navajo Nation Tribal Lands it will be Navajo Land Administration to process the documents, and the Navajo Eastern Agency of the Bureau of Indian Affairs (BIA) is the clearing house for the Indian Allotments Lands. The Bureau of Indian Affairs (BIA) also issue a finding of Non-significant (FONSI) after all sensitive culture sites, endangered species study or potential damage to land that could alter local ecology or nature of living nature environment and its habitants have been cleared.

Matching Fund:

The Continental Divide Electric Cooperative, Inc. contributes \$3,000.00to each permanent home that is hooked up with electric power as constructed allowance. This contribution is applicable in case the multiple project homes and only as a project. It is therefore essential that this project be implemented as a project and completed as a project. This project will produce four Three (3) homes classified as permanent potential to earn \$9,000.00 (\$3,000.00 X 3 homes = \$9,000.00)

Project Maintenance/Operation

The individual homeowner will be responsible of connecting fee and membership fee with Continental Divide Electric Cooperative, Inc. and these are payable prior to actual power hookup. The individual homeowner will also be responsible for the monthly electric bill. Locally, the amount of deposit is \$50.00 per homeowner. An average home with basic appliances such as refrigerator, two televisions, microwave oven, and basic interior lighting incur an average electric bill of about \$100.00. If a homeowner want street lights then he or she will make arrangement with CDEC and sign for the type of lights wanted. Any repair to interior electric system or upgrade of wiring and attachments include the street light shall be the responsibility of the homeowner to pay for cost incurred.

Continental Divide Electric Cooperative, Inc. as a cooperative operates and maintain its electric power transmission lines and system. For the local vicinity it will be the Gallup CDEC office that will repair and maintain the infrastructure. The electric company is responsible for taking care of the lines up the meter loop of each home.

Power Line Extension

What are presenting problem(s) if not assisted?

We are getting up in age and either developed or developing health issues that are causing problems in our daily activities. Work that we use to do ourselves is getting harder to do. Like moving and keeping up with maintenance on the generator to light up our house, hauling wood and water, unloading and loading propane bottles. If electricity was available, some of these things we do now will be a lot easier.

Re: Estimate

Dear Mr. & Ms. Edsitty,

Continental Divide Electric Cooperative's has completed an estimate located in Red Rock, New Mexico. Keep in mind, this is a preliminary estimate and should only be used for budgetary purposes. A physical survey will be required when the final project is approved. The preliminary estimated cost to extend the electrical service to the home of Eddie & Helen Edsitty will be as follows:

Construction Cost	\$120,200.00
<u>Right of Way Cost</u>	<u>\$ 49,705.00</u>
TOTAL	\$169,905.00

This estimate is good for 90 days from the date of this letter. Scheduling of construction will be done after a right-of-way is granted; approved, recorded and full payment of the estimate has been received. Understand that this is an estimate only and the actual cost may be different. You will receive a refund if the costs are less or you will pay the difference if actual costs are more than the estimate.

If you have any questions regarding this estimate feel free to call our engineering department in Grants at 505-285-6656.

Dear Mr. Anderson Lee, CSC

I am not sure if you are aware of a proposal Council Delegate Seth Damon will be submitting to the NN Council again. At our Veterans meeting on June 8, 2016, Mr. Damon was at our meeting and he wanted to know how many veterans were still in need of a power line extension. Of course I said I was one of them. Mr. Damon said to fill out an application and submit it to Mr. Anderson Lee. And Mr. Lee will get all the applications together by June 30, 2016 from veterans with no electricity yet, and the applications will be submitted to him along with a proposal that Seth was going to work on to submit to NN Council for more funds. So I am submitting my application for power line extension to be included with the proposal.

If there are other documents you need to complete my application, please contact me at 505-728-1547.

Thank you for your assistance.

Re: Estimate

Dear Ms. Bernadine Lee,

Continental Divide Electric Cooperative's has completed an estimate located in Red Rock, New Mexico. Keep in mind, this is a preliminary estimate and should only be used for budgetary purposes. A physical survey will be required when the final project is approved. The preliminary estimated cost to extend the electrical service will be as follows:

Construction Cost	\$ 7,782.48
<u>ROW Cost</u>	<u>\$45,005.00</u>
TOTAL	\$52,787.48

This estimate is good for 90 days from the date of this letter. Scheduling of construction will be done after a right-of-way is granted; approved, recorded and full payment of the estimate has been received. Understand that this is an estimate only and the actual cost may be different. You will receive a refund if the costs are less or you will pay the difference if actual costs are more than the estimate.

If you have any questions regarding this estimate feel free to call our engineering department in Grants at 505-285-6656

Sincerely,

Jose Molina, Engineer

REPORT OR SUMMARY (REPORT ATTACHED) //

Description of Undertaking: The sponsor, Bernadine Lee, proposes to construct a home and install associated facilities in the one-acre homesite. The total area of effect equals approximately 43,563 sq ft (4047 sq m) or 1.0 ac (0.40 ha). Ground disturbance, both surface and subsurface, is expected to be intensive and extensive from the use of heavy equipment. The lead agency for the proposed undertaking is the Bureau of Indian Affairs-Navajo Area Office.

b. Existing Data Review: A check of NNHPD archival records indicates that no archaeological survey projects have been conducted, and no archaeological sites have been recorded, within an approximate 100 m radius of the current project area.

c. Area Environmental & Cultural Setting: The project is situated on a ridgetop at an elevation of 6758 ft (2060 m). Vegetation consists of Juniper, pinion, narrow leaf yucca, cliffrose and small seasonals. The surface sediment is aeolian sand. The nearest water source is an unnamed drainage, located approximately 600 ft (182 m) to the west. The surrounding area has been impacted by existing dirt roads and natural erosion.

d. Field Methods: The requested archaeological survey and a TCP interview were conducted by Genevieve Pino. A Class III pedestrian survey was conducted by walking concentric circular transects spaced 15 m (45 ft) apart extending out to 200 ft (61 m) radius centered over the proposed homesite. The total area inventoried equaled approximately 125,664 ft (11,674 sq m) or 2.9 ac (1.2 ha).

15. CULTURAL RESOURCES FINDINGS: No archaeological sites, Traditional Cultural Properties (TCPs), in-use areas or isolated occurrences were identified during the survey.

16. MANAGEMENT SUMMARY (RECOMMENDATION): A determination of "no historic properties affected" is recommended for the proposed undertaking.

RE: Estimate
WO#84233

To Whom It May Concern:

The Continental Divide Electric Cooperative's field crew has completed the cost estimate to install new primary conductor and service to the home located in Twin Buttes, NM. The estimated cost is as follows:

Total Construction Cost:	\$39,700.75
Right-Of-Way Cost:	\$43,000.00
Total Cost:	\$82,700.75

This estimate is good for 90 days from the date of this letter. Scheduling of construction will be done after right-of-way is granted; approved, recorded and full payment of the estimate has been received. Understand that this is an estimate only and that actual cost may be different: You will receive a refund if costs are less or you will pay the difference if actual costs are more than the estimate.

If you have any questions regarding this estimate feel free to call our engineering department in Grants at (505) 285-6656.

RESIDENTIAL LEASE

ALLOTMENT NO.: 020269

THIS LEASE, made and entered into between the HEIR(S) of LOUIE GETAHEAD,
hereinafter designated as "LESSOR",
and GILBERT JEFFERSON, Sr., C# & DARLENE JEFFERSON, C# member(s)
of the NAVAJO TRIBE residing at _____,
hereinafter designated as "LESSEE(S)."

WITNESSETH:

1. **SECRETARIAL APPROVAL.** As used in this Lease, the term "SECRETARY" means the Secretary of the Interior or his duly authorized representative. This Lease is subject to the approval of the Secretary pursuant to the act of August 9, 1955; 69 STAT. 539, as amended; 25 U.S.C. 415, and applicable Federal regulations and amendments thereto.

2. **PREMISES.** Lessor, as authorized by law, hereby leases to the Lessee (s) all that tract or parcel of land situated in the County of McKINLEY State of New Mexico, and described as follows

A tract of land situate within the Northeast Quarter (NE/4) of Section 02, Township 14 North, Range 19 West of the New Mexico Principal Meridian in the vicinity of Twin Buttes, County of McKinley, State of New Mexico and is being more particularly described as follows:

COMMENCE at the northeast section corner of said Section 02, a fences intersection;

THENCE run S 26° 35' 00" W, a distance of 1,704.32 feet to the northerly corner and **POINT OF BEGINNING** of the herein described tract of land;

THENCE S 68° 12' 00" E, a distance of 208.71 feet to the easterly corner;
THENCE S 21° 48' 00" W, a distance of 208.71 feet to the southerly corner;
THENCE N 68° 12' 00" W, a distance of 208.71 feet to the westerly corner;
THENCE N 21° 48' 00" E, a distance of 208.71 feet to the Point of Beginning;

The described enclosed area comprising of one (1.00) acre, more or less, and being subject to any and all existing easements for underground utilities located therein.

3. **USE OF PREMISES.** The object of this Lease is to enable the Lessee (s) to construct, improve and/or maintain a dwelling and related structures on the premises, and otherwise to use or occupy said premises for residential purposes. A road rights of way for ingress/egress for Lessee is to be provided at all times.

4. **TERM.** Lessee(s) shall have and hold the premises for a term of twenty-five (25) years beginning on the effective date of this Lease. This Lease shall automatically and without notice renew for an additional term of twenty-five (25) years on the same terms and conditions contained herein. This Lease may not be terminated by either or both parties during its initial or renewal term if, and as long as, the Lease and/or any improvements on the premises, or any interest therein, are mortgaged or otherwise pledged as security for any loan in accordance with the provisions hereof, unless consent in writing to such termination is given by the lender and, when FHA insurance or VA guaranty or insurance is in force, by the Federal Housing Administration or the Veterans Administration, as the case may be. This Lease shall not be subject to any forfeiture or reversion and shall not be otherwise terminable, if such event would adversely affect any interest in the premises, including improvements thereon, acquired in accordance with the provisions hereof by the holder of any mortgage or other lien, or of any purchaser at a foreclosure sale under such mortgage (or lien) or under any conveyance given in lieu of foreclosure, or of any holder subsequent to such purchase.

791-060-06

or the VA, where no such consent or approval of Lessor shall be required, Lessee(s) may not execute a mortgage, declaration of trust or other security instrument pledging their interest in this Lease or any improvements on the premises without the prior consent of Lessor and the approval of the Secretary.

12. **OPTION.** In the event of default by the Lessee(s) on any mortgage or other loan agreement for which this Lease or any improvements on the premises are pledged as security, Lessor shall have the right of first refusal to acquire the Lessee's interest in the premises (subject to all valid liens and encumbrances) upon (A) payment of all sums then in arrears, and (B) either payment of the balance of the loan or assumption of the mortgage. Said right of first refusal may be exercised at any time within thirty (30) days after notice in writing from the lender of the Lessee's default, which notice shall be given before the lender invokes any other remedies provided under the mortgage or by law, and shall be exercised by notice in writing from the Lessor to the Lessee(s) and the Lender; provided, however, that the Lessee(s) shall have fifteen (15) days from the date of the latter notice to cure the default. The estate acquired by the Lessor through exercise of said right of first refusal shall not merge with any other estate or title held by the Lessor as long as this lease and/or any improvements on the premises, or any interest therein, are mortgaged or otherwise pledged as security for any loan, and said estate shall remain subordinate to any valid and subsisting mortgage or other security instrument.

13. **EFFECTIVE DATE.** This Lease and all its terms and provisions shall be binding upon the heirs, successors, executors, administrators and assigns of the Lessee(s) and any successor in interest to the Lessor, and shall take effect on the 10th day of January 2006. (Date of Superintendent's Approval)

14. **OBLIGATIONS TO THE UNITED STATES.** It is understood and agreed that while the leased premises are in trust or restricted status, all of the Lessee's obligation under this lease, and the obligation of his sureties, are to the United States as well as to the owner of the land.

RE: Manuelito Chapter Power Line Project

Dear Mr. Shirley:

Provided herewith are **PRELIMINARY** construction costs estimates to provide service to residents within the area of Manuelito Chapter. These costs will supersede all previous costs. The following items are provided for your information:

1. The ownership of the power lines will belong to the Navajo Tribal Utility Authority. The Navajo Tribal Utility Authority will handle the operation and maintenance responsibilities.
2. The cost estimates that are submitted are **PRELIMINARY**. Final construction cost estimates will be based upon the results of the archaeological and legal surveys and final engineering design.
3. Notice of funding for right-of-way acquisition must be received before NTUA can commence with the archaeological clearance, environmental assessment, and legal surveys; and final engineering and design. This amount is shown on the attached estimate and contributes to the total project cost.
4. The Navajo Tribal Utility Authority will budget \$1,500.00 per customer provided their house is wired and ready for hook up prior to construction.

NOTE: If all homes are not wired, the NTUA Contribution will be adjusted downward to reflect the actual number of homes wired at the time of construction. This will result in an increase in contribution required by the Manuelito Chapter.

Re: Estimate – Ray Tom, Eleanor Begay, Mr. James

Dear Mr. Shirley,

Continental Divide Electric Cooperative's has completed an estimate located in Manuelito, New Mexico. Keep in mind, this is a preliminary estimate and should only be used for budgetary purposes. A physical survey will be required when the final project is approved. The preliminary estimated cost to extend the electrical service to homes in Manuelito Chapter area will be as follows:

Construction Cost	\$100,029.00
<u>Right of way Cost</u>	<u>\$ 80,800.00</u>
Total	\$180,829.00
<u>Navajo Tax 5%</u>	<u>\$ 9,041.45</u>
TOTAL	\$189,870.45

Right of way costs include Cultural Survey, Biological Survey, Environmental Assessment, Survey, Maps, Legals, Signatures from Allotment #55122

This estimate is good for 90 days from the date of this letter. Scheduling of construction will be done after a right-of-way is granted; approved, recorded and full payment of the estimate has been received. Understand that this is an estimate only and the actual cost may be different. You will receive a refund if the costs are less or you will pay the difference if actual costs are more than the estimate.

If you have any questions regarding this estimate feel free to call our engineering department in Grants at 505-285-6656

To Whom It May Concern:

The Navajo Land Department (NLD) hereby gives official approval for the Continental Divide Electric Cooperative Inc. (CDEC) to provide service lines to thirty-two (32) individual residences located within the Manuelito Chapter vicinity, pending final approval of the home-site leases.

On June 6, 2016, the NLD received an official request for assistance for an electric extension from the Manuelito Chapter Officials and Delegate Seth Damon. The request included notification that the Manuelito Chapter identified and approved to fund the electric extension. The thirty-two (32) existing occupied family homes within Manuelito Chapter currently do not have approved Home-site Leases on tribal trust land, however, the Manuelito Chapter has complied all the required documents to process the home-site lease applications with the Crownpoint Land Office and the Eastern Navajo Agency Bureau of Indian Affairs (BIA).

We understand the urgency for electrical services for the thirty-two (32) homes that were established in the early 1960's and 1970's and are in dire need of utilities. The Navajo Land Department is in full support of CDEC providing immediate services.

If you have any questions contact our office at (928) 871-6401, thank you.

RE: Manuelito Chapter Power Line Project

Dear Mr. Damon:

On May 9, 2016, a letter providing the preliminary construction cost estimates regarding the proposed power line project was submitted to Mr. Zander R. Shirley, Community Services Coordinator with Manuelito Chapter.

In order to proceed with the right-of-way acquisition, NTUA is respectfully requesting a chapter resolution supporting and requesting NTUA to obtain right-of-way for the proposed power line project. The resolution is one of our required documents to prepare and file the right-of-way application to Navajo Nation.

In addition, the amount of \$23,955.75 is required to initiate the right-of-way acquisition process.

If you have any questions, please contact our office at 928.729.6204.

Sincerely,

Bernice "Niecy" Tsosie

Bááháálí Powerline Extension Project – \$316,227

Executive Summary

July 1, 2016

Bááháálí Chapter is a Local Governance Act certified chapter (12/24/2018) and is located in a mountainous region 25 miles south of Gallup; the elevation is above 7300 feet. The Bááháálí Powerline Extension Project meets a long-term community development need and is requesting \$316,227 from the Navajo Nation Council to construct powerline extensions to five (5) households in the Bááháálí community. Each of these households has a certified homesite lease and project ready for obtaining the first phase: Permission to Survey and Right of Way. In addition, each home is wired with the required certification from a certified license electrician.

Securing Right of Ways on main trunk lines and providing electricity services to families in the Bááháálí community will fulfill a function that is critical to the orderly development of the community. The current lack of electricity to these homes creates substandard living conditions and discourages future progress in the community. Providing electricity for these families will allow their children to complete their homework under well-lit conditions; allow families to have access to a land telephone (limited cell phone service in the region) in case of emergencies, especially for families who have family members with acute health problems. Electricity will also allow families to purchase food and produce requiring refrigeration such as fresh milk for children and elders requiring calcium supplements. Even more critical, refrigeration will allow families to store required medication. Providing electrical services will significantly improve the standard of living for these families so they can benefit from the conveniences afforded in today's modern society.

Project funds will be used to complete preliminary studies, such as environmental and archeological assessments in order to acquire "right of way" (ROW) for five (5) households (this will involve four (4) miles of ROW); the final phase of the Powerline Extension Project is the construction of powerline extensions.. Continental Divide Electric Cooperative, Inc. (CDEC, Inc.) will extend existing facilities in the community to serve five (5) households.
