Re: 2017 Navajo Tribal Transportation Program Deliverables

Dear Ms. Pinto,

The letter is to inform you that the Navajo Division of Transportation is submitting the 2017 Navajo Tribal Transportation Program Deliverables of the National Tribal Transportation Facility Inventory (NTTFI) data.

The attached inventory deliverable is submitted by tribal governments on an annual basis and is used by the Bureau of Indian Affairs Department of Transportation (BIADOT) and Indian Tribes for roadway improvement, maintenance and planning purposes. As a part of the Bureau of Indian Affairs (BIA), Tribal Transportation Program (TTP) and in compliance with the updated Federal Highway Administration (FHWA) 25 CFR Part 170, subparts C & D, Tribal governments within the United States are required to submit NTTFI data to the BIADOT for inclusion into the National Tribal Transportation Facility Inventory.

Annually, the Navajo Division of Transportation submits the TTP Deliverables. The Navajo Division of Transportation compiles, updates and collaborates in the preparation and submission of the TTP deliverables to the BIA as a part of the Programmatic Agreement with the FHWA and the Navajo Division of Transportation has made it a priority to keep the BIA involved and aware of its intentions in the development of road inventory data of the Navajo Nation.

Your assistance in providing the necessary and continued support to the Navajo Division of Transportation's TTP is greatly appreciated. Please contact the Navajo Nation Office of the President and Vice President for any questions at (928) 871-7915.

Sincerely,

THE NAVAJO NATION

RE: 2017 Tribal Transportation Program Deliverables

Dear Ms. Pinto:

The Navajo Division of Transportation (Navajo DOT) realizes the importance of the Tribal Transportation Program (TTP) deliverables and the impact that the completed activities will have on our collective ability to plan, improve and maintain roads that serve the citizens and communities of the Navajo Nation. Therefore the Navajo DOT continues to make updating our TTP a high priority and has assigned the appropriate Transportation Planning Program (TPP) resources to expedite the tasks necessary to submit annually new and updated road information to the transportation program as required by and according to the 25 CFR Part 170. Therefore, the enclosed package will serve as part of the Navajo DOT 2017 National Tribal Transportation Facility Inventory (NTTFI) submission.

Navajo DOT has met the minimum requirements of the Federal Highway Administration's (FHWA) updated National Tribal Transportation Facility Inventory (NTTFI) under 25 CFR Part 170.

Your assistance in providing the necessary support to the Navajo Division of Transportation's efforts in this matter is appreciated. If you have any questions, please contact me at (505) 371-8300.

Sincerely,

Garret Silversmith, Division Director

**The 2017 Navajo Nation Road Inventory
February 17, 2017**

**THE 2017 LONG RANGE TRANSPORTATION
PLAN ADDENDUM**

This 2017 Long Range Transportation Plan is an update and addendum to the previous year Navajo Nation Long Range Transportation Plans, to reflect changes due to the submittal of the 2017 road inventory updates by the Navajo Division of Transportation. This includes re-submittal of the In-Process corrections from 2007-2017.

2017 Road Inventory:

A total of 4.0 miles of new public roads are added to BIA, Tribal and County road systems.

These routes are added for they are current and proposed roads providing access to community and developments. They are school bus routes and/or served to provide other transportation services to the Navajo Nation residents.

2007 - 2017 In-Process Corrections:

A total of 878.8 miles are re-submitted or have been corrected as part of the In-Process.

2007 - 2017 Deletions:

A total of 107.8 miles are deleted from the inventory. These deleted miles did not meet the criteria for public roads or public requested to have it removed from the Inventory.

Total 2017 Submission Mileage:

A Grand Total of 990.6 miles submitted including routes to be deleted.

The following page shows a table identifying mileage of new routes added and re-submittal of the previous years' in-process.

2017 Navajo Nation LRTP:

Attached is the 2017 Navajo Nation Long Range Transportation Plan update, a list identifying route information, road improvement needs and reasons to update, add/delete of these submitted public routes.
