LEGISLATIVE SUMMARY SHEET

Tracking No. 0035-21

DATE: March 3, 2021

TITLE OF RESOLUTION: AN ACTION RELATING TO RESOURCES AND DEVELOPMENT, HEALTH, EDUCATION AND HUMAN SERVICES AND NAABIK'ÍYÁTI' COMMITTEES; STRONGLY ADVISING THAT THE INDIAN HEALTH SERVICE, OFFICE OF ENVIRONMENTAL HEALTH, STREAMLINE DELIVERY OF SANITATION SERVICES

PURPOSE: This resolution, if adopted, would strongly advise that the Indian Health Service, Office of Environmental Health, to streamline delivery of sanitation services.

This written summary does not address recommended amendments as may be provided by the standing committees. The Office of Legislative Counsel requests each Council Delegate to review each proposed resolution in detail.

PROPOSED STANDING COMMITTEE RESOLUTION

24th NAVAJO NATION COUNCIL – Third Year, 2021

INTRODUCED BY

(Prime Sponsor) EDMUND YAZZIE

TRACKING NO. 0035-21

AN ACTION

RELATING TO RESOURCES AND DEVELOPMENT, HEALTH, EDUCATION AND HUMAN SERVICES AND NAABIK'ÍYÁTI' COMMITTEES; STRONGLY ADVISING THAT THE INDIAN HEALTH SERVICE, OFFICE OF ENVIRONMENTAL HEALTH, STREAMLINE DELIVERY OF SANITATION SERVICES

WHEREAS:

A. The Resources and Development Committee is a standing committee of the Navajo Nation Council. 2 N.N.C. § 500(A). The committee, among other duties and responsibilities, exercises oversight authority over such matters as water, the environment and public utilities. 2 N.N.C. § 500(C).

B. The Health, Education and Human Services Committee is a standing committee of the Navajo Nation Council. 2 N.N.C. § 400(A). Among other responsibilities, the committee oversees all education and health-related activities of the Navajo Nation. 2 N.N.C. § 401(C) (2).

C. The Naabik'íyáti' Committee is a standing committee of the Navajo Nation Council 2 N.N.C. § 700(A). The committee, among other responsibilities, "coordinate[s] all federal, county and state programs with other standing committees and branches of the Navajo Nation government to provide the most efficient delivery of services to the Navajo Nation." 2 N.N.C. § 701(A)(4).

D. The Indian Health Service, Office of Environmental Health, hereafter referred to as IHS, has the responsibility through Public Law 86-121 to provide sanitary facilities including but not limited to indoor plumbing, piped water services, cisterns systems, wastewater domestic sewer lines, and septic tank and drain field systems to federally recognized Native American and Alaskan Native tribes, including the Navajo Nation and its people.

E. The IHS provides typical feedback to customers once a customer is funded on a project, and the average timeline to complete construction is five (5) years. This typical time frame is far too lengthy for people to wait for sanitary services and life sustaining potable water supply. Further, the COVID-19 pandemic crisis revealed and reemphasized the substantial amount of Navajo homes that still do not have these basic services.

F. The response to COVID-19 by the IHS Headquarters of installing transitional watering points was very much appreciated. However, the Sanitation Deficiency System (SDS) is substantially outdated.

G. The IHS 121 program is also unacceptably underfunded to meet the needs on the Navajo Nation. The unmet need as of December 2020 on Navajo Nation was $535 million and increasing by $15.5 million per year. See attached Exhibit A, letter dated December 23, 2020 from NAIHS to President Jonathan Nez, *Navajo Area IHS Sanitation Deficiency System (SDS) List – FY 2021.*

NOW THEREFORE BE IT RESOLVED:

The Navajo Nation hereby strongly advises that the Indian Health Service, Office of Environmental Health, streamline delivery of its sanitation services and make the process of delivering these critical services much more efficient. More particularly:

A. The IHS program must reevaluate the funding level to systematically address the substantial unmet needs on the Navajo Nation and create a dedicated timeline to accomplish these objectives.

B. The IHS must update the data and bring current the Sanitation Deficiency System for homes lacking service on the Navajo Nation.

C. The IHS must provide proper and sufficient resources to the Navajo Area Indian Health Services, its Office of Environmental Health program, so that the program can timely execute the needed projects within the Navajo Nation.

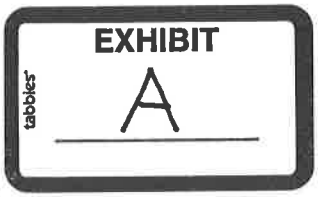

D. The IHS must also review and make effective the rules, regulations and criteria for the work required and funded.

Window Rock, Arizona 86515

RE: Navajo Area IHS Sanitation Deficiency System (SDS) List – FY 2021

Dear Honorable President Nez:

Attached please find the most current Indian Health Service (IHS) Sanitation Deficiency System (SDS) report for domestic water, waste water and solid waste unmet needs for existing Navajo homes. The SDS is mandated by Public Law 94-437, the Indian Health Care Improvement Act, as amended. Although we update this list annually and submit it to our Headquarters office for inclusion into the national list, it may be amended at any time, and we seek and welcome your comments for the purpose of thoroughness. This Navajo SDS list was reviewed and updated during the 2020 calendar year, and was officially made part of the IHS Headquarters record on December 2, 2020.

The first page of the report is a summary of the identified reportable and eligible sanitation deficiencies for the Navajo Nation. The following five pages of the report is a one-line listing of the 374 reportable sanitation facilities projects, in priority order, that are necessary to correct these sanitation deficiencies. The funding priority is based on several scoring factors, with the dominant factors being the deficiency levels and the cost per home of each project.

The total estimated cost of all reportable projects is approximately $535 million, an increase of $15.5 million from the previous year. The total cost of projects that are economically feasible for IHS funding is approximately $166 million. Although the Navajo Area IHS, one of twelve IHS Areas nationally, secures approximately 20% of all the Public Law 86-121 funding by Congress for these projects, at the current level of funding it will take approximately 6 years to fund the feasible projects.

In preparing this SDS list we have worked with the local Chapters, the Navajo Tribal Utility Authority, and the Nation's Department of Water Resources. Should your office wish to comment or add to this list, or would like more detailed information on individual projects, please contact CAPT Rachael Brown, Director, Division of Sanitation Facilities Construction, at (928) 871-5851.

Sincerely,

Roselyn Tso -S

Honorable Seth Damon
Speaker
24th Navajo Nation Council

MEMORANDUM

To : Hon. Edmund Yazzie, Delegate
Navajo Nation Council

From : Ron Haven, Attorney
Office of Legislative Counsel

Date : March 3, 2021

Re : AN ACTION RELATING TO RESOURCES AND DEVELOPMENT, HEALTH, EDUCATION AND HUMAN SERVICES AND NAABIK'ÍYÁTI' COMMITTEES; STRONGLY ADVISING THAT THE INDIAN HEALTH SERVICE, OFFICE OF ENVIRONMENTAL HEALTH, STREAMLINE DELIVERY OF SANITATION SERVICES

As requested, I have prepared the above-referenced proposed resolution and associated legislative summary sheet pursuant to your request for legislative drafting. As to format, the resolution as drafted is legally sufficient. Regarding substance, as with any legislation, it can be subject to review by the courts in the event of proper challenge. Please ensure that this particular resolution request is precisely what you want.

If you are satisfied with the proposed resolution, please sign it as "sponsor" and submit it to the Office of Legislative Services where it will be given a tracking number and sent to the Office of the Speaker for assignment. If the proposed resolution is unacceptable to you, please contact me at the Office of Legislative Counsel and advise me of the changes you would like made to the proposed resolution. Ahéhee'.
