3 D. The Navajo Nation Council is the governing body of the Navajo Nation. 2 N.N.C. §102(A).

4 As such, the Council may approve appropriations from the Navajo Nation's Síhasin Fund.
5 Specifically, 12 N.N.C. §2505(A) permits expenditures from the Síhasin Fund upon a 2/3
6 approval vote of all members of the Navajo Nation Council.

7 E. 12 N.N.C. §2502, as amended by CJA-03-18, states the purpose of the Navajo Nation Síhasin
8 Fund ("Síhasin Fund") as follows:

9 §2502 Purpose

10 A. The purposes of this Fund are to provide financial support and/or financing for:

11 1. The planning and development of economic development and regional
12 infrastructure supporting economic development and community development,
13 including such infrastructure as, but not limited to, housing, commercial and

24 generated and realized by the Fund Principal, and that Síhasin Fund Income shall be
25 deposited in, and added to, the Fund Principal until such time as a Fund Expenditure Plan is

27 G. The Síhasin Fund provides that "Fund Principal and Income shall not be expended except
28 pursuant to a Fund Expenditure Plan consistent with the purposes set forth in §2502 of this
29 Chapter and adopted by a two-thirds (2/3) vote of all members of the Navajo Nation
30 Council." 12 N.N.C. §2505(A).

1 **SECTION TWO. FINDINGS**

2 A. NNSCI was established in 2002 as an independent corporate entity under the Navajo Nation
3 Corporation Code. A copy of NNSCI's Articles of Incorporation and current Bylaws are
4 included under **EXHIBITS A** and **A-1**. NNSCI manages 9 shopping centers across the
5 Navajo Nation, including the Dilkon Shopping Center located in the Dilkon Chapter of the
6 Navajo Nation. See NNSCI's website: *nnsclnc.com*.

7 B. NNSCI is requesting \$17,513,187 from the Navajo Nation's Síhasin Fund for its proposed
8 expansion of the Dilkon Shopping Center ("Expansion Project"). The letter requesting the
9 Síhasin money, from NNSCI's Chief Executive Officer, is attached as **EXHIBIT B**.

10 C. NNSCI has provided a 21-page proposal for the Expansion Project explaining the estimated
11 costs of the Project, anticipated economic benefits to the area, potential tax revenues, and
12 other matters regarding the Expansion Project. **EXHIBIT C**. NNSCI's proposal includes an
13 Executive Summary and detailed Cost Estimate for the Expansion Project. **EXHIBIT D**.

14 E. In Resolution No. DIL-2022-11-001 the Dilkon Chapter expresses its full support for
15 NNSCI's Expansion Project. Resolution No. DIL-2022-001 is attached as **EXHIBIT E**.

16 F. Allocation of the Síhasin funds as requested by NNSCI meets the criteria for Síhasin
17 expenditures because the proposed expenditure involves regional infrastructure supporting
18 economic development and community development in the area, as described in 12 N.N.C.
19 §2502(A)(1).

20 G. Allocation of the requested Síhasin funds also meets the criteria for the leveraging of funds,
21 as described in 12 N.N.C. §2502(C), because the Expansion Project is expected to generate
22 significant tax revenues for the Navajo Nation.

I. The approved Síhasin funds for the Expansion Project shall not lapse at the end of any fiscal year, as might otherwise occur under 12 N.N.C. §820(N), so long as: (1) all Síhasin funds in the Expansion Project account are accounted for as of September 30 of each fiscal year; and (2) any/all remaining Síhasin funds are budgeted in the next upcoming fiscal year for use on the Expansion Project.

J. Notwithstanding Section Three (I) above, any remaining amount of Síhasin funds not expended or encumbered within 36 months of NNSCI's first receipt of such funds shall revert to the Síhasin Fund, unless otherwise approved prior to such reversion by both the Resources and Development Committee and the Naabik'íyáti' Committee.

Executive Summary

The Navajo Nation Shopping Centers, Inc. has coordinated with the Dilkon Chapter and community members on the addition of new retail goods and services at the Dilkon Shopping Center located in Dilkon, AZ. This addition of new retail goods and services is a step toward enhancing the current tenant mix at the Dilkon Shopping Center while benefitting visitors of the grocery anchored shopping center.

The project site is not a greenfield project, but instead is a simple expansion on an existing site with readily access to utility infrastructure, road right-of-way access and paved parking. For these reasons, the project direction is clear, development time is less, risk is less and costs are less compared to a new site development.

The Dilkon Chapter area is expected to receive a large economic boost to the region with the near completion of the new medical hospital and medical staff housing units. The addition of medical service and housing present a unique opportunity to increase and diversify retail services to the Dilkon area that would benefit local and regional patrons.

The new medial hospital is categorized as a regional service provider which would service patients from surrounding chapters such as Jeddito, Ganado, Greasewood, White Cone, Indian Wells, and Leupp. In addition, the service areas will also include patients from the municipalities of Winslow and Holbrook.

The NNSCI would be the owner and property manager of the new retail real estate.

Introduction

Since 2002, the Navajo Nation Shopping Centers, Inc. (NNSCI) has been keeping its market analysis for commercial development feasibility study for the Dilkon Chapter. The current analysis provides commercial development opportunities existing in the Dilkon Chapter.

Dilkon Chapter has recently become the most important regional center in the southwest Navajo Nation. Many people living in the rural Southwest Navajo communities come to Dilkon to work, for school, shop and to gather annually for the Southwest Navajo Fair.

As trade and services, Dilkon is the center for health care, education, and government services. The town of Dilkon and its neighboring chapters along Navajo Route 60 and Navajo Route 15 are poised to experience significant growth in retail and service-related businesses such as fast-food restaurants and automobile services.

In our work with the Dilkon Chapter we've identified the following significant conditions and issues.

- The new Dilkon Medical Center, the Staff Housing Quarters and the Southwest Broadband Expansion are critical factors when considering immediate and future commercial developments.
- The *Dilkon Chapter Land Use Planning Project* report provides a guide for identifying real estate opportunities for commercial development.
- Dilkon is poised to become an important regional activity center. Dilkon's hotel and residential housing expansion will affect the local supply for goods and services, and other development. This new regional center will effectively sprout new business opportunities.

A. Development Opportunities

- Highway Intersection. Navajo Route 60 and 15 should be emphasized for coordinated travel, tourism and commercial development. The new medical center, new residential quarters and existing neighborhood shopping center are at this intersection.
- In addition to existing businesses operating in the area, as with any regional centers there are established informal commercial activities, such as agriculture, arts & crafts, informal enterprises-that could be formalized. The recent new developments will significantly help to market these local goods.
- There are excellent views of geographic features along the Navajo Route highways that are attractive to tourists presenting opportunities for scenic turnouts, recreation, and rest stops. Seasonal tourist-related automobile traffic on US Highway 491 could support new businesses.

B. Development Constraints

- Dilkon is close to extensive commercial and tourism services in Flagstaff and Winslow, Arizona.

I. Dilkon Chapter

Dilkon Chapter, Navajo Nation is located in northcentral Arizona, approximately 40 miles north of Interstate 40. The Navajo name for Dilkon is To Al Chi' Di' which is known as Small Amount of Water and is surrounded by natural flatlands and extinct volcano plumes. Located in District 7, Dilkon Chapter has a land base of 203,479 acres.

Major employers in the Dilkon area are the Navajo Nation, Dilkon Community School District and now the Dilkon Medical Center. Most people who live in Dilkon commute to surrounding communities for work, similarly, employees who work in Dilkon commute from surrounding communities. Community members travel to surrounding border towns for shopping, dining, entertainment and other services related to livestock or agriculture.

Based on work completed by the NNSCI, site visits, and review of the chapter's comprehensive land use plan, the following general observations are for considerations for Dilkon's development potential.

A. Project Methodology

In our on-going support of the Dilkon Chapter, NNSCI has always been active in reviewing various local, regional, and national economic literature to better understand opportunities and constraints affecting future development. Ongoing research for this analysis included site visits, meetings with local officials and CLUP committee members, IMPLAN econometric modeling, Placer AI analysis, and U.S. census data.

The consultant team reviewed sections of the *Dilkon Chapter Land Use Planning Project*, prepared by *Dilkon CLUP*. This document provides potential locations for future residential and commercial development.

B. Census Data – On the Map

According to the 2019 US Census OntheMap data, there is a workforce of 251 that work from or come into the Dilkon Chapter. We have found the workforce demographics, include:

Table 1 – Dilkon Workforce Demographics

• <u>Jobs by Worker Age</u>	77.1% are between the age of 29-54
• <u>Jobs by Earning</u>	36.7% of the workforce earn \$3,333 per month or more
• <u>Jobs by Industry Sector</u>	21.9% of the workforce are employed in the Health Care and Social Assistance industry.
• <u>Education Attainment</u>	40.4% of the workforce have some college, bachelor or advanced degree.

Of the 251 workforces, 210 reside in Dilkon but have employment outside of Dilkon, while 41 of the work force are from areas outside of Dilkon.

Graph 1: Inflow / Outflow of Workforce for Dilkon, Arizona

C. Placer.ai

Placer.ai is a location analytics company that collects geolocation data from mobile devices and used to visit trends, trade areas, vehicle traffic count, and demographics. Placer.ai uses available resources its captures from mobile phone devices to perform data-capture, integration, analysis and reporting, all in real-time.

Table 2 – Dilkon Shopping Center Visits, Last 12 Months

Data Event	Outcome
Number of Visits	199,500
Visitors	33,400
Average Number of Visits	5.98 visits per individual
Average Time Spent	31 minutes

D. IMPLAN

IMPLAN is an input-output economic modeling program for regional economic impact analysis. IMPLAN combines sets of extensive databases of economic data from various sources, measuring interdependencies between different branches of different regional economies. IMPLAN's regional economic research data is available at each regional level, spans multiple data years, and offers up to 536 sectors for analysis. IMPLAN's data provides analysts with a comprehensive picture of economic impacts and their effects.

E. Area Tourism Analysis

Tourist visitations to locations near the Southwest Navajo Nation as reported in 2018 by the Arizona Office of Tourism Research Division show for a great potential to not only attract tourist to the Dilkon community to see and visit the local volcano plumes but for the Dilkon community to develop its own tourism industry. Developing local restaurants, auto parts store, a souvenir shop will help to attract tourism to the Dilkon Community.

Table 3 – Tourism Visitations in Dilkon Vicinity - 2018

Attraction	Visitation Count	State Rank	Distance from Dilkon
Grand Canyon National Park	6,380,495	1	180 miles
Petrified Forest National Park	644,922	7	66
Canyon De Chelly	439,306	10	86

With major roadways in state highways 89, 87 and 264, and Interstate 40, Dilkon is poised to create an attraction for tourist to shop at the retail establishments offered in family restaurant, auto parts, grocery store, souvenir shop and the local arts and craft market.

F. Existing Dilkon Gross Revenue and Tax

In 2021, with retail space of 23,170 sf, the Dilkon Shopping Center reported \$5,777,936 in gross sales. For years 2015-2021, it generated \$38,885,487 in gross sales. Gross sales represent the dollar amount local consumers spend their income for goods and services. For 2015-2021, the average gross sales per square footage was \$239.75. For the same years the average Navajo Sales Tax per year was \$333,304, while for years 2015-2021 the Dilkon Shopping Center generated approximately \$2,333,129 in Navajo Nation sales tax.

By knowing the average gross sales per square footage and with the Expenditure Plan's total retail square footage proposed for 20,000 additional square footage, the analysis for projected gross sales and Navajo Nation sales tax are reported in the following table:

Table 4 – Dilkon Shopping Center Gross Sales, 2015-2021

G. Community Survey

NNSCI on a continual basis survey community member to evaluate customers visiting our shopping centers primarily to learn more about local consumer behavior and aspirations for future development.

The following key points we have learned from a review of the customers' responses:

- 1 In terms of monthly expenditures, groceries are the top priority, followed by utilities (i.e., electric, propane, water), and vehicle payment and gasoline. Other major expenses include, clothing, insurance, livestock feed.
- 2 Almost all chapter members responding to the survey conduct their shopping in Flagstaff and Winslow on a regular basis. Those surveyed responded that they visit grocery stores, laundromats, restaurants, gas stations, auto parts stores and clothing store regularly.
- 3 When asked what businesses they would like to see built in their community, most Dilkon residents surveyed indicated they would like to see a restaurant, post office auto parts store, and laundromat.
- 4 A number of people listed a feed store and agricultural related services as a desired future business.
- 5 People were generally in favor of developing tourism facilities, mainly a motel, campground/RV Park and an artisan and craft market.

H. Southwest Navajo Economy

The NNSCI conducted key stakeholder interviews to learn about Dilkon's economic and community development plans. According to stakeholders, while their overall economic conditions are of importance to the community of Dilkon, improving business development in Dilkon is vital to their certified status as a local government chapter.

The following summarizes important aspects of Dilkon's economy:

1. Dilkon is the market, service, and government center for the Navajo Nation and federal government. In addition to these local service centers, substantial numbers of non-residents, such tourists, health care patients and their families, government office visitors, and government employees living off reservation bring positive impact to the local market.
2. Most of Dilkon's demand for business space is along Navajo Route 60 and Navajo route 15. This is where most traffic occurs as result of the two roads intersect downtown Dilkon.
3. Many of the businesses in Dilkon operate in buildings owned and/or leased by the Navajo Nation Shopping Center or by the Navajo Nation. Available rental space is limited and the demand for commercial and retail space is substantial.

4. Tourism attracts thousands of visitors annually, and Navajo cultural merchandise has a significant economic influence encouraging tourism and visitors in the area. Much of the region's popularity for tourism-based businesses is related to tourist inflow from State Roads 87 and 77.
5. There is little infrastructure supporting tourism, like enclosed arts and fashion retail businesses, cultural center, hotel, family restaurant or tourist shops.
6. There are a number of open-space arts & craft market that is a significant part of the local economic base. Among the regular booths are Navajo herbalists, jewelry vendors, and local native foods.
7. According to local CLUP reports knowledgeable of local land designations, there is limited land with utility readily available for immediate development for commercial, retail, office or industrial opportunities.
8. Future projects planned by the local chapter for the area that will enhance greater commerce and trade activities for the Dilkon area are:
 - Veteran and Elderly Housing
 - Justice Court Administration Building
9. The 26,170 square foot Dilkon Shopping Center operated by the Navajo Nation Shopping Centers, Inc., includes these tenants:
 - Basha's Dine Market – 16,170 sf
 - Subway Deli (*coming in 2023*) – 2,000 sf
 - Pizza Edge – 2,000 sf
 - Elite Laundry (*coming in 2023*) – 3,000 sf
 - WHCS Dilkon Fitness Center – 2,000 sf
 - Association of Indigenous Pioneers – 1,000 sf
 - Available Lot "A" – 17,435 sf (.4 acres)
 - Available Lot "B" – 66,402 sf (1.5 acres)
 - Available Lot "C" – 72,630 sf (1.7 acres)

I. Dilkon Chapter Development – Guiding Principles and Goals

Since 2002, NNSCI has worked closely with Dilkon Chapter officials, residents and local business to formulate guiding principles and goals that reflect the Dilkon community:

1. Respect and maintain local community values and traditions while planning for future economic development.
2. Encourage community and economic development that allows families and individuals to sustain productive livelihoods.
3. Promote economic development that includes business ownership and/or employment opportunities for Dilkon Chapter members.

4. Acknowledge adopted land use plans that provide a clear conceptual guide for future economic and community development.
5. Encourage Dilkon Chapter members to work together with resource organizations to address both current and future economic development needs.
6. Plan, implement and capitalize of existing and for new infrastructure of roads, water, sewer, electric, and telecommunication to support commercial development.
7. Encourage economic development that complements a diverse range of land for uses in residential housing, agriculture, education, community civic services, and recreation.
8. Designate appropriate and viable locations for future commercial activities.

II. Commercial Retail Development Opportunities

One of the main purposes of our report of commercial retail development for the Dilkon community is to consider future commercial retail development opportunities. In our continual review of the Dilkon community and in working with the Dilkon Chapter developing additional commercial retail outlets along Navajo Route 15 and Navajo Route 60 would be the most viable location.

Dilkon leadership and community members have always expressed developing commercial retail directed to tourist oriented along Navajo Route 15 and Navajo Route 60 as part of their overall economic development strategy.

In addition, based on our continual discussions with the Dilkon Chapter the Navajo Nation Shopping Centers, Inc offered approximately 3.6 acres of available land lot at the Dilkon Shopping Center to target for immediate development.

The table below presents a list of potential uses within the NNSCI site area with input by the Dilkon Chapter for development of new commercial retail.

Table 5 – Dilkon Chapter Commercial Retail Development / Use Concept

VI. Economic Impact and Return on Investment of Expenditure Plan

Income, whether by government, consumer, and business sector spending generate several layers of multiplier impact called Direct, Indirect and Induced effects. Each layer creates additional income for each sector with new payroll through additional employment, increased tax revenues for local governments and business income through consumer and business-to-business spending.

NNSCI's economic impact analysis utilizes the IMPLAN software. For our analysis, IMPLAN reviewed for various set of databases involving economic factors, multipliers and demographic statistics with a highly refined and detailed econometric modeling. IMPLAN allowed NNSCI to develop the following local-level input-output models to estimate the economic impact of the Dilkon Shopping Center's Expenditure Plan.

The economic impact of Dilkon Shopping Center Expenditure Plan is summarized below:

A. Total Income and Jobs Created.

Executive Summary

The Navajo Nation Shopping Centers, Inc. has coordinated with the Dilkon Chapter and community members on the addition of new retail goods and services at the Dilkon Shopping Center located in Dilkon, AZ. This addition of new retail goods and services is a step toward enhancing the current tenant mix at the Dilkon Shopping Center while benefitting visitors of the grocery anchored shopping center.

The project site is not a greenfield project, but instead is a simple expansion on an existing site with readily access to utility infrastructure, road right-of-way access and paved parking. For these reasons, the project direction is clear, development time is less, risk is less and costs are less compared to a new site development.

The Dilkon Chapter area is expected to receive a large economic boost to the region with the near completion of the new medical hospital and medical staff housing units. The addition of medical service and housing present a unique opportunity to increase and diversify retail services to the Dilkon area that would benefit local and regional patrons.

The new medial hospital is categorized as a regional service provider which would service patients from surrounding chapters such as Jeddito, Ganado, Greasewood, White Cone, Indian Wells, and Leupp. In addition, the service areas will also include patients from the municipalities of Winslow and Holbrook.

We are sending our comment in support of this legislation to expand the Dilkon Shopping Center. We live in Dilkon with our family, relatives, and many friends. The thought of having a restaurant nearby is absolutely amazing. Currently we go to the border towns for a meal if we want to eat out. The same for car parts or supplies for vehicle repairs. We shop in the border towns because there are no shops here in our community.

Dilkon is growing and will increase in population 4 folds when the new developments: medical center, Justice Center, Dine College, and several Housing developments are completed.

The Dilkon Chapter leadership is moving forward to develop our community into a Township. The Dilkon Shopping Center expansion plans fit the movement to build our local economy.

Currently, Dilkon Bashas is a favorite local shopping place for our local people, nearby communities, and even our neighbors, the Hopi Nation. It was a great decision to build it. Expanding the center will definitely meet the needs of our community.

Navajo Nation Council, please approve Legislation 0232-22 and provide the funding request to expand the expansion plan.

Thank you,

Re: Legislation # ~~0232-22~~. An action relating to resources and development, expansion of the Bashas shopping center.

Dear Sir:

I am writing this letter to express my support for the expansion of the Bashas shopping center (legislation # ~~0232-22~~). I believe that the expansion of the shopping center will greatly benefit the local and surrounding community of Dilkon by providing new job opportunities close to home. The expansion will help keep money that would be spent outside of the Navajo Reservation in the local community as well as providing additional tax revenue. Expanding the Bashas shopping center will also provide the local community with resources closer to home without the need to travel long distances to obtain them off the Navajo Reservation.

Sincerely,

To Whom It May Concern,

I submit this letter on behalf of students and families of the Dilcon community that is located in the southwestern portion of the Navajo Nation. As an educator and school principal, I fully support Legislation 0232-22 from Sihasin Funds for the Navajo Nation Shopping Centers, Inc.. The proposed expansion of the Dilcon Shopping Center. With the scheduled opening of the Dilcon Medical Center, the increased enrollment at Dilcon Community School, and considering the Dilcon is centralized for many neighboring communities this expansion is needed to meet the future needs of Dilcon.

With the Dilcon community located in a rural remote area of the Navajo Nation, I am also a strong proponent for this legislation to benefit the Dilcon Community, but also the neighboring communities. I recognize that our students, families and communities will all benefit from this proposed growth and will also create more jobs while providing more services to our communities.

Again, I appreciate and fully support these efforts. Should you have any questions or need further assistance, please contact me at (928)

Sincerely,

RE: Dilkon Shopping Center Expansion Project.

Dear Sir or Madam,

I am a community member of Dilkon and apart of the Dilkon Community Land Use Planning Committee (CLUPC) as the Secretary. Dilkon Chapter and CLUPC members are in the process of updating the elements of our comprehensive community land use plan and moving forward diligently to certify the Dilkon CLUPC manual as our goal is to establish Dilkon as its own township. Dilkon has 750 acres of land and have zoned out certain areas for economic development.

I would like to offer and express strong support regarding the proposed expansion of the Dilkon Shopping Center as the new Dilkon Health Center and added housing living quarters have been built within the zoning of Dilkon Chapter. The expansion of the Dilkon Shopping center will improve and boost the economy of Dilkon, and it will also be a place where the people in the surrounding communities of Teesto, Indian Wells, Whitecone, Greasewood, Birdsprings, Leupp, and the Hopi Nation could come and shop.

The expansion of the shopping would be an advantage to our community. Your assistance in granting our request for the proposed expansion of the Dilkon Shopping Center is greatly appreciated. If you have any questions, I can be contacted at (928) Thank you.

Sincerely,

Andrienna Lister, CLUPC Secretary

Re: Support for Legislation No. 0232-22 – Funding for Improvements to the Dilkon Shopping Center

Dear Executive Director:

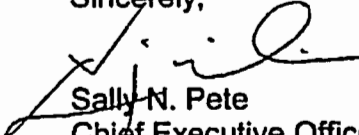

On behalf of the Winslow Indian Health Care Center ("WIHCC") Board of Directors (BOD), this is a letter of support for Legislation No. 0232-22 sponsored by Elmer P. Begay. This is legislation is very essential as it is proposing allocating \$17,513,187.00 from the Sihasinn Fund for the Navajo Nation Shopping Centers, Inc. to expand the Dilkon Shopping Center as outlined in the Expenditure Plan which is outlined in the legislation.

In addition to Expenditure Plan, the Navajo Nation has prioritized the health and welfare of our citizens above all considerations; as evidenced by the newly constructed Dilkon Medical Center (DMC), a new healthcare facility, with 109 staff quarters guided by WIHCC with support from Indian Health Service and Navajo Nation Council. Furthermore the new medical facility and staff housing will implement substantial economic changes to the Dilkon community and will need additional businesses and/or improvements to help stimulate the local economy while at the same time the positive impacts that your decision will have on WIHCC ability to provide quality health care for our patients and communities of the southwest portion of the Navajo Nation.

WIHCC is in full support of Legislation No. 0232-22, with \$17,513,187 earmarked from the Sihasin Funds, designated for the Navajo Nation Shopping Centers, Inc.

Any questions, please contact me at Sally.Pete@wihcc.org or 928-289-6100. Thank you

Sincerely,

Sally N. Pete

WIHCC-2021-07

Resolution of the Winslow Indian Health Care Center Board of Directors

REQUESTING THE DILKON CHAPTER, NAVAJO NATION AND UNITED STATES POSTAL SERVICE TO TAKE ALL ACTIONS NECESSARY TO OBTAIN A U.S. POSTAL ZIP CODE FOR THE DILKON AND SURROUNDING COMMUNITIES.

WHEREAS:

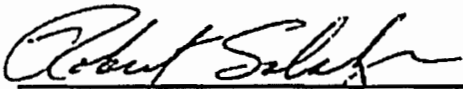

1. The Winslow Indian Health Care Center ("WIHCC") is a non-profit corporation chartered under Navajo Nation law and sanctioned and authorized by the Navajo Nation Council as a "Tribal Organization" in Resolution Nos. CJY-33-10 and NABID-97-18 to operate the federally funded health care programs, services, functions and activities in and near the eight chapters of Leupp, Bird Springs, Teesto, White Cone, Dilkon, Tolani Lake, Jeddito and Indian Wells; and
2. In addition to the health care programs and services provided by WIHCC, WIHCC has entered into a Title V Construction Project Agreement with the Indian Health Service ("IHS") for the design and construction of the Dilkon Medical Center ("DMC") and the accompanying staff quarters project (hereinafter collectively referred to as "DMC"); and
3. The WIHCC DMC Project Team have taken all actions necessary to ensure successful completion of the DMC on schedule in the fall of 2021 with a projected opening date of early 2022; and
4. The United States Postal Service ("USPS") uses a zip code system to efficiently distribute mail, and without a USPS zip code, mail and other deliveries to the Dilkon community and DMC are not reliable or efficient; and
5. Additional reasons a zip code is needed include 1) for the accurate identification for checks to be submitted/remitted to WIHCC Finance based on invoicing and revenue generation; 2) that Commissioned Corps officers need a Dilkon duty station (identified by zip code) for Basic Allowance for Housing ("BAH") increases which are based on a current local rental housing market survey process; 3) to apply for funding opportunities based on rural, isolated location and unmet community needs or in "most need"; and 4) for Community Health Assessment needs based on outpatient and inpatient data analysis.
6. The process of obtaining a zip code requires the Dilkon Chapter to submit documentation to the USPS District Manager who will review the request under the USPS "Zip Code Boundary Review Process" and determine whether boundary adjustments, cost and benefits, justify a new zip code.

NOW THEREFORE BE IT RESOLVED THAT:

1. The WIHCC Board of Directors request that the Dilkon Chapter, Navajo Nation and USPS take such action(s) as are necessary to request, designate and obtain a zip code for the Dilkon community, which can be used for the above-stated reasons related to efficient operation of the DMC.

Board of Directors**

**RESOLUTION REQUESTING THE NAVAJO TRIBAL UTILITY AUTHORITY AND NAVAJO NATION TO
ENSURE PERMANENT ELECTRIC POWER IS AVAILABLE TO THE DILKON MEDICAL CENTER IN A
TIMELY MANNER.**

WHEREAS:

1. The Winslow Indian Health Care Center ("WIHCC") is a non-profit corporation chartered under Navajo Nation law and sanctioned and authorized by the Navajo Nation Council as a "Tribal Organization" in Resolution Nos. 3. The WIHCC DMC Project Team have taken all actions necessary to ensure successful completion of the DMC on schedule in the spring of 2022 with a projected opening date in August of 2022; and
4. The need for sufficient permanent electric power for DMC has been known for some time; it is the Navajo Tribal Utility Authority's ("NTUA") responsibility to complete electrical upgrades and improvements to provide a sufficient permanent electrical power supply to the DMC; and
5. At NTUA's request, the WIHCC contributed \$5.9 million to support the utility projects necessary to provide adequate permanent utilities to the DMC; and
6. WIHCC, NTUA and the IHS have been tracking the status of obtaining rights-of-way for the 115kV Bitahochee – Dilkon Transmission Line and as of May 4, 2022, all consents have been obtained within the Dilkon Chapter and one consent is needed within the Indian Wells Chapter; and

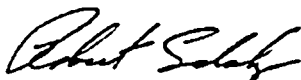

7. It is critical that the NTUA and Navajo Nation follow through and provide the leadership and action needed to obtain the one missing consent so that complete sufficient permanent utilities are available for the DMC in a timely manner.

NOW THEREFORE BE IT RESOLVED THAT:

1. The WIHCC Board of Directors requests that the NTUA and Navajo Nation take immediate action to obtain the missing consent needed to ensure the distribution and transmission of electric power is available to the DMC; and

RESOLUTION OF THE WINSLOW INDIAN HEALTH CARE CENTER

RESOLUTION REQUESTING THE NAVAJO NATION AND NAVAJO NATION FIRE & RESCUE DEPARTMENT TO TAKE ALL ACTIONS NECESSARY TO ENSURE FIRE PROTECTION SERVICES ARE AVAILABLE TO THE DILKON MEDICAL CENTER, ADJACENT BUILDINGS, AND STAFF QUARTERS IN A TIMELY MANNER.

WHEREAS:

1. The Winslow Indian Health Care Center ("WIHCC") is a non-profit corporation chartered under Navajo Nation law and sanctioned and authorized by the Navajo Nation Council as a "Tribal Organization" in Resolution Nos. CJY-33-10 and NABID-97-18 to operate the federally funded health care programs, services, functions and activities in and near the eight chapters of Leupp, Bird Springs, Teesto, White Cone, Dilkon, Tolani Lake, Jeddito and Indian Wells; and

3. The WIHCC DMC Project Team have taken all actions necessary to ensure successful completion of the DMC on schedule in the spring of 2022 with a projected opening date for patient care/services in January of 2023; and
4. WIHCC recognizes the critical need and requirement for fire protection and suppression for the DMC, adjacent buildings, and staff quarters to ensure protection of a Navajo Nation and WIHCC investment, and believes the following components are necessary to assure this need is met:
 - Develop partnerships to assure the provision of quick response and coordinated fire prevention planning, fire suppression, incident response, public education, and emergency management and preparedness.
 - Ensure that available fire protection services are sufficient, including that there are sufficient staffing and equipment available to meet response time goals, and other service metrics.
 - Ensure fire protection for DMC and adjacent buildings, including staff quarters, are in place and comply with all existing Navajo Nation, State, and Federal rules and regulations, including National Fire Protection Association (NFPA) Standards under an agreement between WIHCC and Fire District # 81.
 - Assure water availability and infrastructure are in place to meet fire suppression needs of the DMC without compromising existing fire suppression services to existing communities, and specifically including Dilkon.
 - Conduct fire inspection programs for DMC in compliance with the requirements of Navajo Nation and applicable federal law and regulations, and NFPA standards.

NOW THEREFORE BE IT RESOLVED THAT:

1. The WIHCC Board of Directors hereby requests that the Navajo Nation and Navajo Nation Fire and Rescue Department work with WIHCC and take all actions necessary to arrange for and ensure fire protection services are available for the Dilkon Medical Center, staff quarters and adjacent facilities; and
2. The WIHCC Board of Directors authorizes the CEO and staff and consultants to work with the Navajo Nation, including the Navajo Nation Fire and Rescue Department to make arrangements and enter into an agreement to ensure adequate and timely fire protection services are available to protect the DMC, staff quarters and adjacent facilities.

WINSLOW INDIAN HEALTH CARE CENTER

WIHCC-2022-07

RESOLUTION OF THE WINSLOW INDIAN HEALTH CARE CENTER

REQUESTING AND RECOMMENDING THE NAVAJO NATION OFFICE OF THE PRESIDENT AND VICE PRESIDENT, NAVAJO NATION DEPARTMENT OF WATER RESOURCES, NAVAJO NATION ENVIRONMENTAL PROTECTION AGENCY, RESOURCES DEVELOPMENT COMMITTEE OF THE NAVAJO NATION COUNCIL, THE NAVAJO NATION COUNCIL, HEALTH, EDUCATION, HUMAN SERVICES COMMITTEE OF THE NAVAJO NATION COUNCIL, THE INDIAN HEALTH SERVICE AND THE NAVAJO TRIBAL UTILITY AUTHORITY TO DO ALL THINGS NECESSARY TO REDUCE THE HIGH TOTAL DISSOLVED SOLIDS REPORTEDLY CONTAINED IN THE LEUPP WELL W01 THAT IS TO BE THE PERMANENT WATER SOURCE FOR THE DILKON MEDICAL CENTER AND SURROUNDING DISTRICTS 5 & 7.

WHEREAS:

1. The Winslow Indian Health Care Center ("WIHCC") is a non-profit corporation chartered under Navajo Nation law and sanctioned and authorized by the Navajo Nation Council as a "Tribal Organization" in Resolution Nos. CJY-33-10 and NABID-97-18 to operate the federally funded health care programs, services, functions and activities in and near the eight chapters of Leupp, Bird Springs, Teesto, White Cone, Dilkon, Tolani Lake, Jeddito and Indian Wells; and
2. In addition to the health care programs and services provided by WIHCC, WIHCC entered into a Title V Construction Project Agreement with the Indian Health Service ("IHS") for the design and construction of the Dilkon Medical Center (DMC) and the accompanying staff quarters project (hereinafter collectively referred to as "DMC"); and
3. The WIHCC DMC Project Team have taken all actions necessary to ensure successful completion of the DMC in the spring of 2022 with a projected opening date for patient care/services in January of 2023; and
4. The WIHCC Board of Directors is in receipt of a report that the Total Dissolved Solids (TDS) level resulting from water quality testing at Leupp Well W01 is 930 mg/L and this water has been designated to be piped to Dilkon as the permanent water source from the new Dilkon Medical Center (DMC). The 930 mg/L TDS is way over and above the national Office of Environmental Health (OEH) standard of 500 mg/L for human consumption; and according to an IHS District Engineer, the IHS has already attempted to reduce the TDS level of W01 well; and the IHS has expressed it is not willing to consider any further actions to reduce the TDS except that IHS proposed to mix or blend the Leupp water with Greasewood water source (which is at 400 mg/L TDS according to IHS) and that may reduce the TDS to 700 mg/L in the water to be provided to the DMC and surrounding chapter/communities; and

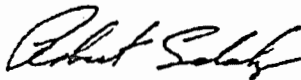

5. The IHS District Engineer recommends that other entities may consider applying other options and technologies to reduce the TDS but these other entities, including the Navajo Nation, will have to fund such methodologies to further reduce the TDS; and
6. As indicated previously, the current water source for the District 7 Chapters including Indian Wells, Whitecone, Dilkon and Teesto is the Greasewood Alluvial wells. The TDS water level for this water is 400 mg/L which is satisfactory enough for households to use for drinking, cooking and other household use. To divert from this 400 mg/L to 700 mg/L or higher is disturbing at this point because of the anticipated high salinity of the Leupp water once it becomes the permanent water source for Dilkon, Teesto, Birdsprings, Tolani Lake and perhaps even Leupp Chapter itself; and
7. The Leupp Well pipeline is currently in construction with estimated completion in July 2023. The DMC grand opening and ribbon cutting has already been postponed from July 2022 to January 2023 due to the lack of a sufficient and satisfactory water source; and
8. The Navajo Nation has recently approved the expenditure plan for the American Rescue Plan Act (ARPA) funds. These and other funds may be possible funding options that the Navajo Nation may consider for possible construction of a Treatment Plant, reverse osmosis and/or other technologies that will help reduce the high TDS water that at this time is planned for the Dilkon Chapter and community, Teesto, Birdsprings, Tolani Lake, possibly Leupp, and the Dilkon Medical Center.

NOW THEREFORE BE IT RESOLVED THAT;

The Winslow Indian Health Care Center hereby requests and recommends the Navajo Nation Office of the President and Vice President, Navajo Nation Department of Water Resources, Navajo Nation Environmental Protection Agency, Resources Development Committee of the Navajo Nation Council, Navajo Nation Council, Health, Education, Human Services Committee of the Navajo Nation Council, Indian Health Service and the Navajo Tribal Utility Authority to do all things necessary, including provide funding, to reduce the high Total Dissolved Solids containing in the Leupp Well W01 water source that is to be the Permanent Water Source for the Dilkon Medical Center and Surrounding District 7 & 5 chapters and communities.

CERTIFICATION

We, hereby certify that the forgoing resolution was duly considered by the WIHCC Board of Directors at their duly called meeting on September 2, 2022 at which a quorum was present and that the same passed by a vote of, 8 in favor, 0 opposed, and 0 abstained.
