Summary of Proposed Amendments to the January 1, 2016 Plan Document of the Retirement Plan for Employees of the Navajo Nation and Participating Affiliates

**SUMMARY OF CHANGES TO THE
RETIREMENT PLAN FOR EMPLOYEES OF THE NAVAJO NATION AND
PARTICIPATING AFFILIATES
FROM JANUARY 1, 2016 TO JANUARY 1, 2019**

This memo summarizes the key changes and clarifications to the Retirement Plan since the January 1, 2016 restatement:

- Chapters – Chapters were added to the plan in 2015. The intent was to calculate the Final Average Earnings for Chapter benefits separately from any other benefits, but this is unclear in the plan document. We would like to amend the definition of the Final Average Earnings (Section 1.26) to clarify this.
- Joint Annuitant and Joint and Survivor Annuity definitions (Sections 1.30 and 1.31) – We have had survivors question this particular plan option. We would like to clarify that the Joint Annuitant cannot be changed after the participant commences his benefit for any reason and that all payments cease when both the participant and named joint annuitant have passed away.
- Change in Normal Retirement Age with “wear-away” language (Section 1.36). Sections 5.01 (Normal Retirement Benefit) and 5.03 (Early Retirement Benefit) were also updated accordingly.
- Clarifications to eligibility (Section 3.01).
- Suspension of Benefits (Section 4.03) – This section needs to be amended to correct a drafting error in the 2016 plan document affecting regular employees who are rehired.
- Disability Provisions (Sections 5.05 – 5.07) – There is currently an inconsistency between the employee brochure and plan document language. The Plan Document needs to be clarified to state that the onset of disability must occur while an active employee with the Nation. These sections should clarify that transfers are only eligible for disability benefits in the plan under which they are accruing benefits at the time of disability.
- Change in Retirement Plan Administration Committee to include the Chief Justice (Section 11.01).
- Process to suspend or revoke the status of Participating Affiliates for failure to make timely Employer Contribution payments (Sections 12.02-12.04).
- Clarify that a resolution by the Budget and Finance Committee is necessary to approve Plan amendments (Section 13.01).
- Move plan provisions for Judges appointed prior to 1/29/2003 to Appendix B (historical plan provisions).
- Add a description of the October 1, 2014 COLA to Appendix C.
- Service Purchase (Appendix E) – Appendix E originally described the benefits that could be purchased for Military Service and was amended in 2016 to add a service purchase option for another Indian Tribal, Federal, State, or local government or governmental agency. The current service purchase limit is unclear and needs to be amended to clarify that the total service purchase is limited to 5 years.

Qualified Pre-retirement Survivor Annuity

8.01 Automatic Pre-retirement Spousal Death Benefit

(a) Except as provided in subparagraph (b) below, in the event a Participant with a vested right to his Accrued Benefit under the Plan dies before his Benefit Commencement Date, a death benefit shall be provided to the Participant's Spouse as follows:

(1) If the Participant at the date of death was eligible to retire and receive a benefit under the Plan at an Early, Normal or Postponed Retirement Date, then his surviving Spouse shall automatically receive a death benefit in an amount equal to one-half of the amount of retirement benefit which would have been payable to the Participant had he or she retired on the day preceding his death, receiving a benefit in the form of a Joint and Survivor Annuity with a 50% survivor annuity to the Spouse.

(2) If the Participant at the date of death was not eligible to retire under the Plan, then the Participant's surviving Spouse shall receive an automatic spousal death benefit in an amount equal to the amount that would have been payable to the Spouse under the normal form of payment under Section 9.01, assuming:

(i) the Participant had separated from Service on the earlier of his Termination Date or date of his death,

- (ii) the Participant had survived to the earliest date he or she could have retired and received a benefit under the Plan pursuant to Article 5,
 - (iii) the Participant retired on such date with a benefit in the form of a Joint and Survivor Annuity with a 50% survivor annuity to the Spouse but calculated using only actual Benefit Service as of the Participant's date of death, and
 - (iv) the Participant died on the day after his Benefit Commencement Date. The automatic pre-retirement spousal death benefit under this Section 8.01(a)(2) shall commence to be paid to the Spouse, unless the Spouse elects otherwise, as of the first day of the month coinciding with or next following the earliest date the Participant could have retired and received a benefit under the Plan pursuant to Article 4, had he or she not died, and shall be paid up to the first day of the month in which such Spouse dies. The Spouse may not delay commencement of the pre-retirement spousal death benefit beyond the Participant's Normal Retirement Date.
- (3). In lieu of periodic payments under Section 8.01(a)(1) or 8.01(a)(2), the Spouse will be paid a lump sum if the Actuarial Equivalent Value of periodic payments does not exceed \$5,000 as of the first day of the month coinciding with or next following the date of death. In determining the Actuarial Equivalent Value, the sum total of all Plan benefits should be considered.

- (b) The automatic pre-retirement spousal death benefit payable under this Article 8 shall be payable after the death of the Participant only if the Spouse had been married to the Participant throughout the full one-year period ending on the date of the Participant's death.

ARTICLE 9

Forms of Benefit

- 9.01 Qualified Joint and Survivor Annuity - At the earliest time a Participant could become entitled to commence receiving payments of an Early, Normal or Postponed Retirement Benefit or of a Deferred Vested Benefit, benefits shall commence in the form of a Qualified 50% Joint and Survivor Annuity (which, for a Participant who has no Spouse includes a single life annuity), unless the Participant, with the consent of his Spouse, if any, elects otherwise. Any consent of the Participant's Spouse shall be made within 90 days of the date the Qualified 50% Joint and Survivor Annuity would otherwise commence, and shall be executed in accordance with the rules of Section 9.03.
- 9.02 Right to Elect - In lieu of the benefits provided by Section 9.01, the Participant shall have the right to elect, prior to his Benefit Commencement Date, an alternative form of benefit provided under the terms of this Article 9. If the Participant is married, any such election, except for a Qualified Joint and Survivor Annuity, may be made only with the consent of his Spouse, executed as provided under Section 9.03. Any alternative form of benefit shall be the Actuarial Equivalent of the Participant's Accrued Benefit.
- 9.03 Election of Forms - A Participant may make or revoke an election of any form of benefit to which the Participant is entitled under this Article 9 in writing to the Committee or its delegatee, and such election or revocation shall be subject to the following conditions:

- (a) The Committee shall furnish to each Participant a general written explanation in non-technical terms of the availability of the various optional forms of payment under the Plan at least 30 days but no more than 90 days prior to the Participant's Benefit Commencement Date. For Plan Years beginning after December 31, 1996, the 30-day period described in the preceding sentence shall be modified as follows: (i) The written explanation may be provided to the Participant after his Benefit Commencement Date as long as the Participant is permitted to change his benefit election during the 30-day period following the date the explanation is provided; and (ii) the Participant may waive the 30-day period as long as distribution of his benefit commences more than seven days after the explanation is provided.
- (b) An election to receive an optional form of benefit may be made at any time during the election period. The election period begins 90 days prior to the Participant's Benefit Commencement Date and ends on the later of the Participant's Benefit Commencement Date or the last day of the 30-day period (or shorter period if the 30-day period is waived by the Participant) described in subsection (a) above. Subject to subsection (c) below, the Participant may change his benefit election, including waiver of the Qualified Joint and Survivor Annuity and revocation of any previous election, and make a new election at any time until the expiration of the election period.
- (c) If a Participant is married, an election of a form of benefit other than the Qualified Joint and Survivor Annuity will require the written consent of the Spouse, and such written consent must be witnessed by a notary public or a representative of the Plan.

9.04 Optional Forms of Retirement Benefit - The optional forms that a Participant may elect are any one of the following:

- (a) Joint and Survivor Annuity Option - An Actuarial Equivalent monthly benefit payable to the Participant for life, and after his death in 100%, or 75% or 50% of such amount as specified by the Participant, to the Joint Annuitant for life. Should the Joint Annuitant die prior to the Participant's Benefit Commencement Date, any election of this option shall be automatically canceled. If the Participant should die prior to the Benefit Commencement Date, no payments shall be made under this option to the Joint Annuitant, but if the Joint Annuitant is the Spouse of the Participant, such Spouse will be entitled to the death benefit provided under Article 8.
- (b) Straight Life Annuity Option - A Participant who has a Spouse may elect to have the Participant's retirement benefit payable in equal unreduced monthly payments during the Participant's lifetime, with no further payments to any other person after the Participant's death. If this option is elected, the retirement benefit payable to the Participant shall be the amount of retirement benefit determined under the applicable Section(s) of Article 5.
- (c) Ten Year Certain and Life Annuity - An Actuarial Equivalent monthly benefit payable to the Participant for life, and ~~that~~ in the event the Participant dies within 10 years of the Benefit Commencement Date, the Beneficiary the Participant designated shall receive a survivor benefit which is equal to the amount the Participant was receiving at the time of his death payable monthly until the date 10 years from the Participant's Benefit Commencement Date. If the Participant designated more than one Beneficiary, the monthly payment shall

be divided equally among the Beneficiaries. If the Participant does not die within 10 years of the Benefit Commencement Date, there shall be no survivor benefit. If one or more of the Beneficiaries the Participant designated dies before the termination of the survivor benefit described in this Section Article 9.04(c), the monthly payment shall be divided equally among the surviving Beneficiaries.

- (d) Fifteen Year Certain and Life Annuity – An Actuarial Equivalent monthly benefit payable to the Participant for life and if the Participant dies within 15 years of the Benefit Commencement Date, the Beneficiary the Participant designated shall receive a survivor benefit which is equal to the amount the Participant was receiving at the time of his death payable monthly until the date 15 years from the Participant's Benefit Commencement Date. If the Participant designated more than one Beneficiary, the monthly payment shall be divided equally among the Beneficiaries. If the Participant does not die within 15 years of the Benefit Commencement Date, there shall be no survivor benefit. If one or more of the Beneficiaries the Participant designated dies before the termination of the survivor benefit described in this Section 9.04(c), the monthly payment shall be divided equally among the surviving Beneficiaries.

- (e) In lieu of periodic payments under Article 5, a Participant who has attained Retirement Age (Normal or Early) or is disabled under Section 5.05 or 5.06 will be paid a lump sum if the Actuarial Equivalent Value of periodic payments does not exceed \$5,000. In determining the Actuarial Equivalent Value, the sum total of all plan benefits should be considered. A Participant whose distribution is subject to the provisions of this Section 9.04(e) may elect to have such distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly. If the Participant fails to

make such election, the Committee will pay the distribution in a direct rollover to an individual retirement plan designated by the Committee.

9.05 Eligible Rollover Distributions

- (a) Notwithstanding any provision of the Plan to the contrary that would otherwise limit a distributee's election under this Section 9.05, a distributee may elect, at the time and in the manner prescribed by the Committee, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover.

(b) Definitions

- (1) Eligible rollover distribution - An eligible rollover distribution is any distribution of all or any portion of the balance to the credit of the distributee, except that an eligible rollover distribution does not include: any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee's designated Beneficiary, or for a specified period of ten years or more; any distribution to the extent such distribution is required under Section 401(a)(9) of the Code; and the portion of any distribution that is not includible in gross income (determined without regard to the exclusion for net unrealized appreciation with respect to Employer securities). Effective for distributions made on or after January 1, 2002, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax Employee contributions which are not includible in

gross income. However, such a portion may be paid only to an individual retirement account or annuity described in Section 408(a) or (b) of the Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not so includible.

- (2) Eligible retirement plan - An eligible retirement plan is an individual retirement account described in Section 408(a) of the Code, an individual retirement annuity described in Section 408(b) of the Code, an annuity plan described in Section 403(a) of the Code or a qualified trust described in Section 401(a) of the Code, that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to the surviving Spouse, an eligible retirement plan is an individual retirement account or individual retirement annuity only.

Effective for distributions made on or after January 1, 2002, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Code and an eligible plan under Section 457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving Spouse, or to a Spouse

or former Spouse who is the alternate payee under a qualified domestic relation order, as defined in Section 414(p) of the Code.

- (3) Distributee - A distributee includes an Employee or former Employee. In addition, the Employee's or former Employee's surviving Spouse and the Employee's or former Employee's Spouse or former Spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Code, are distributees with regard to the interest of the Spouse or former Spouse.
- (4) Direct rollover - A direct rollover is a payment by the Plan to the eligible retirement plan specified by the distributee.

The Employer may at any time or from time to time appoint one or more investment managers, each of which shall direct the Funding Agent in the investment or reinvestment of all or part of the Fund. The Employer shall make contributions to the Plan on an annual basis sufficient to pay normal pension costs plus interest on unfunded past service liabilities.
- 10.02 Non-diversion of the Fund - To the extent required by law, the principal or income of any Fund shall be used solely for the exclusive benefit of Participants or Beneficiaries, or to meet the necessary expenses of the Plan, except that upon termination of the Plan, after all the liabilities under the Plan have been satisfied, any property remaining in a Fund after satisfaction of all liabilities under this Plan shall be considered the result of erroneous actuarial computation and shall be distributed by the Funding Agent to the Employer.

- 11.04 Interested Committee Members - No member of the Committee will participate in an action of the Committee on a matter which applies solely to that member. Such matters will be determined by a majority of the remainder of the Committee.
- 11.05 Indemnification - The Employer, by the adoption of this Plan, indemnifies and holds the members of the Committee, jointly and severally, harmless from the effects and consequences of their acts, omissions and conduct in their official capacities, except to the extent that the effects and consequences result from their own willful misconduct, breach of good faith, or gross negligence in the performance of their duties. The foregoing right of indemnification will not be exclusive of other rights to which each such member may be entitled by any contract or other instrument or as a matter of law.

11.06 Conclusiveness of Action - Any action on matters within the discretion of the Committee will be conclusive, final and binding upon all Participants in the Plan and upon all persons claiming any rights, including Beneficiaries.

11.07 Payment of Expenses - The members of the Committee will serve without compensation for their services. The compensation or fees of consultants, actuaries, accountants, counsel and other specialists and any other costs of administering the Plan or Fund, will be paid by the Fund unless, at the discretion of the Committee, paid by the Employer.

11.08 Claims Procedures

- (a) Filing a Claim. All claims shall be filed in writing by the Participant, his Beneficiary or the authorized representative of the claimant, by completing the procedures that the Committee requires. The procedures shall be reasonable and may include the completion of forms and the submission of documents and additional information. All claims under this Plan shall be filed in writing with the Plan Administrator according to the Committee's procedures. Claims arising on and after January 1, 2002 shall be filed in writing with the Plan Administrator according to the Committee's procedures no later than one year after the occurrence of the event that gives rise to the claim. (b) Review of Initial Claim

- (1) Initial Period for Review of the Claim. The Plan Administrator shall review all materials and shall decide whether to approve or deny the claim. If a claim is denied in whole or in part, written notice of denial shall be furnished by the Plan Administrator to the claimant within a reasonable time after the claim is filed but not later than 90 days after the Plan Administrator receives the claim. The notice shall set forth the specific reason(s) for the denial, reference to the specific Plan provisions on which the denial is based, a description of any additional material or information necessary for the claimant to perfect his claim and an explanation of why such material or information is necessary, and a description of the Plan's review procedures, including the applicable time limits and, for claims filed on and after January 1, 2002, a statement of the claimant's right to pursue the claim as a civil action in the Courts of the Navajo Nation following a denial of the appeal under subsection (c) below.

All such requests for review must be in writing and adhere to the Committee's procedures. The claimant may review pertinent documents, and may submit issues or comments in writing. The claimant must request a review within the reasonable period of time prescribed by the Committee. In no event shall such a period of time be less than 60 days.

ARTICLE 12

Funding Policy and Contributions

12.01 Employer Contributions - The Nation and each Participating Affiliate intend to make contributions to fund this Plan at such times and in such amounts as determined by the Actuary in accordance with the pension expense policy as determined by the Employer. Any actuarial gains arising under the Plan shall be used to reduce future Employer contributions to the Plan and shall not be applied to increase retirement benefits with respect to remaining Participants.

12.02 ~~Participant Contributions~~ ~~Participant contributions to the Fund are not required or permitted under the Plan.~~ Suspension of a Participating Affiliate - Participating Affiliate contributions are due after the close of each quarter. If a Participating Affiliate fails to make the required Employer Contribution payments by 60 days after the contribution deadline, then on the first day of the first calendar month after the 60-day period, the Plan Administrator shall suspend its status as a Participating Affiliate in the Plan. Contributions made by the Participating Affiliate will not be refunded from the Plan due to suspension. However, service under the plan shall be counted for periods when contributions were made timely. The Plan Administrator shall notify the Participating Affiliate in writing that it is suspended and shall inform the Participating Affiliate of the requirements for reinstatement of status as a Participating Affiliate.

12.03 Reinstatement of a Participating Affiliate - To be reinstated after a suspension, the Participating Affiliate must provide the Plan Administrator with: (1) a memo explaining the reasons for the Participating Affiliate's failure to make timely Employer Contribution payments, and what procedures are in place to guarantee timely payments in the future; (2) a resolution requesting

reinstatement as a Participating Affiliate; and (3) a complete payment of all past due Employer Contributions plus accrued interest in accordance with Section 12.05.

12.04 Revoking the Status of a Participating Affiliate - The Participating Affiliate shall only be eligible for reinstatement twice. The third time the Participating Affiliate fails to make the required Employer Contribution payments by 60 days after the contribution deadline, the Plan Administrator shall recommend that the Committee revoke the entity's status as a Participating Affiliate. The Committee shall have the authority to permanently revoke the status of a Participating Affiliate such that its employees are no longer eligible to participate in the Plan.

12.05 No Credit for Service When Employer Contributions Are Untimely - During periods when a Participating Affiliate's Employer Contributions are not made timely pursuant to the terms of the Funding Agreement, the Employees of such Employer shall not be credited for Service. However, Service can be restored if the Employer becomes current by paying the late payments in full plus interest accrued at a rate of one percent (1%) interest for each month late following the close of each quarter. The interest payment shall become due and owing upon the suspension of a Participating Affiliate, and accrued interest must be paid to reinstate the suspended Affiliate.

12.06 Participant Contributions - Participant contributions to the Fund are not required or permitted under the Plan, except for a benefit service credit purchase in accordance with Appendix E.

ARTICLE 13

Amendment, Termination and Merger of the Plan

13.01 Right to Amend the Plan - The Employer reserves the right to modify, alter or amend this Plan from time to time to any extent that it may deem advisable including, but without limiting the generality of the foregoing, any amendment deemed necessary to ensure the continued qualification of the Plan under Section 401 of the Code or the appropriate provisions of any subsequent revenue law. No such amendment shall increase the duties or responsibilities of a Funding Agent without its consent thereto in writing. No such amendment(s) shall allow any portion of the principal or income of the Fund to be used for any purposes other than for the exclusive benefit of Participants or Beneficiaries at any time prior to the satisfaction of all the liabilities under the Plan with respect to such persons. No amendment shall (a) reduce a Participant's Accrued Benefit on the effective date of the Plan amendment, (b) eliminate or reduce an early retirement benefit, retirement-type subsidy or an optional form of benefit under the Plan with respect to the Participant's Accrued Benefit on the date of the amendment, or (c) reduce a retired Participant's retirement benefit as of the effective date of the amendment. This Plan shall be amended only upon a resolution of the Committee recommending such amendment to the Budget and Finance Committee, and a resolution of the Budget and Finance Committee approving and adopting the amendment.

13.02 Right to Terminate the Plan - The Employer shall have the right to terminate this Plan at any time. In the event of such termination all affected Participants shall be vested as provided in Section 7.04.

ARTICLE 14

Miscellaneous

- 14.01 Limitation on Distributions - Notwithstanding any provision of this Plan regarding payment to Beneficiaries or Participants, or any other person, the Committee may withhold payment to any person if the Committee determines that such payment may expose the Plan to conflicting claims for payment. As a condition for any payments, the Committee may require such consent, representations, releases, waivers or other information as it deems appropriate. The Committee may, at its discretion, comply with the terms of any judgment or other judicial decree, order, settlement or agreement, including, but not limited to, a Domestic Relations Order.
- 14.02 Limitation on Reversion of Contributions - Except as provided in subsections (a) and (b) below, Employer contributions made under the Plan will be held for the exclusive benefit of Participants, Joint Annuitants or Beneficiaries and may not revert to the Employer.
- (a) A contribution made by the Employer under a mistake of fact may be returned to the Employer within one year after it is contributed to the Plan, to the extent that it exceeds the amount which would have been contributed, absent the mistake in fact.
- (b) A contribution conditioned on the Plan's initial qualification under Sections 401(a) and 501(a) of the Code may be returned to the Employer, if the Plan does not qualify, within one year after the date the Plan is denied qualification.

Earnings attributable to amounts which may be returned to the Employer pursuant to this Section may not be distributed; but, in the event that there are losses attributable to such amounts, the amount returned to the Employer shall be reduced by the amount of such losses.

14.03 Voluntary Plan - The Plan is purely voluntary on the part of the Employer and neither the establishment of the Plan nor any Plan amendment nor the creation of any Fund or account, nor the payment of any benefits will be construed as giving any Employee or any person legal or equitable right against the Employer, any Trustee or other Funding Agent, or the Committee unless specifically provided for in this Plan or conferred by affirmative action of the Committee or the Employer according to the terms and provisions of this Plan. Such actions will not be construed as giving any Employee or Participant the right to be retained in the Service of the Employer. All Employees and/or Participants will remain subject to discharge to the same extent as though this Plan had not been established.

14.04 Non-alienation of Benefits - Participants and Beneficiaries are entitled to all the benefits specifically set out under the terms of the Plan, but neither those benefits nor any of the property rights in the Plan are assignable or distributable to any creditor or other claimant of a Participant or Beneficiary. A Participant will not have the right to anticipate, assign, pledge, accelerate or in any way dispose of or encumber any of the monies or benefits or other property that may be payable or become payable to such Participant or his Beneficiary provided, however, the Committee shall recognize and comply with a valid Domestic Relations Order. Effective with judgments, orders, decrees and settlement agreements entered into on or after August 5, 1997, this Section 14.04 shall not apply with respect to any offset to a Participant's benefits expressly provided for in a judgment, order, decree or settlement agreement described in Section 401(a)(13)(C) of the Code.

Notwithstanding the above, the requirements of this subsection 14.04 shall not preclude the following:

- (a) the enforcement of a federal tax levy made pursuant to Section 331 of the Code; or
- (b) the collection by the United States on a judgment resulting from an unpaid tax assessment.

14.05 Release of Benefits - If a person entitled to receive any benefits under the Plan has been adjudged physically or mentally incompetent by a court of competent jurisdiction and has a duly appointed guardian or custodian, benefits will be released to the person or institution so duly appointed.

14.06 Missing Persons - If the Committee is unable, after reasonable and diligent effort, to locate a Participant, Joint Annuitant or Beneficiary where no contingent Beneficiary is provided under the Plan, who is entitled to a distribution under the Plan, the distribution due such person will be forfeited after five years. If, however, such a person later files a claim for such benefit, it will be reinstated without any interest earned thereon.
