THE NAVAJO NATION

RUSSELL BEGAYE PRESIDENT
JONATHAN NEZ VICE PRESIDENT

MEMORANDUM

TO: Honorable LoRenzo Bates, Speaker
Navajo Nation Council

FROM: 
Russell Begaye, *President*
THE NAVAJO NATION

DATE: May 7, 2018

SUBJECT: Resolution No. CAP-35-18: RELATING TO HEALTH EDUCATION AND HUMAN SERVICES, RESOURCES AND DEVELOPMENT, BUDGET AND FINANCE, NABIK'ÍYÁTI' COMMITTEES AND NAVAJO NATION COUNCIL; ADOPTING THE SISHASIN FUND POWERLINE AND CHAPTER PROJECTS EXPENDITURE PLAN PURSUANT TO CD-68-14, AS AMENDED BY CJA-03-18 AND 12 N.N.C. 2501-2508, AS AMENDED; WAIVING 12 N.N.C. 810 (F), 820(I) AND (M) AND 860(C) RELATING TO THE CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROCESS

Pursuant to 2 N.N.C. 1005 (C)(10), action for Resolution No. CAP-35-18 is being submitted to the Navajo Nation Council, through the Office of the Speaker within the ten (10) days requirement. Furthermore, the Navajo Nation President has line item veto authority for budget items within the Supplemental Appropriations, which are not subject to override by the Navajo Nation Council. 2 N.N.C. 164 (A)(17).

After review of Resolution No. CAP-35-18, I hereby exercise my line-veto to:

1. Section Three. Approval and Adoption of Expenditure Plan.
2. Section Four. Approval and Adoption of Expenditure Plan Administration.
3. EXHIBIT D. SISHASIN FUND POWERLINE AND CHAPTER CAPITAL PROJECTS EXPENDITURE PLAN

- a. **NO. 42 YEAR 1 Funding \$46,100.00, YEAR 2 Funding \$143,250.00, YEAR 3 Funding \$643,983.00, SIHASIN FUNDS REQUESTED in the total amount of \$833,333.00.**
- b. **NO. 70 YEAR 1 Funding \$350,000.00, SIHASIN FUNDS REQUESTED in the total amount of \$350,000.00**

After consultation with the impacted Divisions, I have decided to exercise my line-item veto authority. The justification and details for use of the President's line-item veto is set forth below.

- a. **NO. 42 YEAR 1 Funding \$46,100.00, YEAR 2 Funding \$143,250.00, YEAR 3 Funding \$643,983.00, SIHASIN FUNDS REQUESTED in the total amount of \$833,333.00.**
- b. **NO. 70 YEAR 1 Funding \$350,000.00, SIHASIN FUNDS REQUESTED in the total amount of \$350,000.00**

First, the 110 Chapters have millions in unexpended dollars and should expend these fund for the many uses and projects on this Sihasin project listing. There are still many people that need water and electricity and these dollars should be priority for these funds. Second, the two projects vetoed are Bureau of Indian Affairs (BIA) projects and should remain under the BIA funding. Third, I support these appropriations as they also fulfill our four (4) pillars for Veterans, Youth and Elders, Jobs and Infrastructure.

I am pleased to sign this legislation into law as it will stimulate our economy by creating much needed jobs and bringing in infrastructure for our People.

Therefore, I will exercise my line-item veto authority to only two (2) items.

RESOLUTION OF THE
NAVAJO NATION COUNCIL

23rd NAVAJO NATION COUNCIL -- Fourth Year, 2018

AN ACTION

RELATING TO HEALTH EDUCATION AND HUMAN SERVICES, RESOURCES AND DEVELOPMENT, BUDGET AND FINANCE AND NAABIK'ÍYÁTI' COMMITTEES AND NAVAJO NATION COUNCIL; ADOPTING THE SÍHASIN FUND POWERLINE AND CHAPTER PROJECTS EXPENDITURE PLAN PURSUANT TO CD-68-14, AS AMENDED BY CJA-03-18, AND 12 N.N.C §§ 2501 - 2508, AS AMENDED; WAIVING 12 N.N.C. §§ 810 (F), 820 (I) AND (M) AND 860 (C) RELATING TO THE CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROCESS

BE IT ENACTED:

Section One. Authority

- A. The Health Education and Human Services Committee of the Navajo Nation Council is empowered to provide legislative oversight on matters involving health, social services, education, general governmental services and human services. 2 N.N.C. §400 (C) (1).
- B. The Resource Development Committee of the Navajo Nation Council is empowered to exercise oversight authority on matters involving roads and transportation, communications and utilities, information technology, chapter activities, economic and community development, rights-of-way, public utilities and housing. 2 N.N.C. § 500 (C).
- C. The Budget and Finance Committee of the Navajo Nation Council is empowered to review and recommend to the Navajo Nation Council the budgeting, appropriation, investment, and management of all funds and to coordinate and review all fiscal, financial and investment activities of the Navajo Nation. 2 N.N.C. §§ 301 (B) (2) and (5).
- D. The Naabik'iyáti' Committee of the Navajo Nation Council is empowered to review all proposed legislation which requires final action by the Navajo Nation Council. 2 N.N.C. § 164 (A) (9).
- E. The Naabik'iyáti' Committee additionally has the authority to delegate its authority as appropriate for efficiency and streamlining of government process to appropriate entities

and to establish a subcommittee that consists of committee members which the committee selects. 2 N.N.C. §§ 186 and 701 (B). The Naabik'iyáti' Committee adopted NABIAP-20-15 establishing the Naabik'iyáti' Síhasin Fund Subcommittee to "recommend to the Naabik'iyáti' Committee and Navajo Nation Council financial support and/or financing plan(s) for the purposes designated in CD-68-14 [Navajo Nation Breach of Trust Settlement Act of 2014, establishing the Síhasin Fund]".

- F. The Navajo Nation Council is the governing body of the Navajo Nation. 2 N.N.C. § 102 (A).

Section Two. Findings

- A. On November 1, 2006, the 20th Navajo Nation Council unanimously passed Resolution No. CN-57-06 authorizing the Navajo Nation Attorney General to file a lawsuit against the United States for the alleged breach of its fiduciary duties to the Nation arising under treaties, executive orders, public laws, statutes, regulations and contracts due to its mismanagement of the Nation's tribal trust assets, including tribal trust funds and select tribal resources, specifically excluding water and assets held in trust for individual Navajo members. Resolution No. CN-57-06 was signed into law by the President of the Navajo Nation on November 13, 2006.
- B. On September 26, 2013, the Naabik'iyáti' Committee of the Navajo Nation Council passed NABIS-42-13 creating a Trust Mismanagement Litigation Task Force ("Task Force"), composed of Council Delegates, from each agency and each standing committee, as well as Presidential appointees, to assist and consult with the Navajo Nation Office of the Attorney General, Department of Justice, outside legal counsel and the Office of the Navajo Nation President & Vice-President in evaluating whether any proposals put forth by the United States to settle the lawsuit, *Navajo Nation v. United States*, No. 06-945L, (United States Court of Federal Claims) were in the best interests of the Nation.
- C. On May 16, 2014, the United States made a settlement offer that was acceptable to the Nation's Attorney General, outside legal counsel, the Task Force and the Office of the President & Vice-President as being in the best interests of the Navajo Nation and on May 30, 2014, the 22nd Navajo

Nation Council adopted Resolution No. CMY-28-14 accepting a settlement of the Navajo Nation's lawsuit, *Navajo Nation v. United States*, No. 06-945L, against the United States for its historical mismanagement of the tribe's trust assets and its failure to ensure that the Navajo Nation received all funds due and owed under the United States' trust obligations and fiduciary duties. Resolution No. CMY-28-14 was signed into law by the President of the Navajo Nation on June 4, 2014.

- D. The 22nd Navajo Nation Council recognized that during the many decades that the United States was in breach of its trust obligations and fiduciary duties to the Nation and engaged in the mismanagement of the Nation's tribal trust assets and resources, the tribal government was without sufficient funds to provide basic services and amenities to the Diné of past generations. The tribal government was also without funds to develop an infrastructure within the four sacred mountains that would support the growth and development of opportunities crucial for the prosperity of future generations of Diné. See Resolution No. CMY-28-14.
- E. Between October 6, 2014 and November 8, 2014, the Office of the Speaker held seven (7) Public Hearings, as directed by the Navajo Nation Council's Naabik'iyati' Committee, to receive input from Navajo Nation members on how the net proceeds from *Navajo Nation v. United States* should be used. During that same time period, the Office of the President & Vice-President also held five (5) town hall meetings for a similar purpose.
- F. On December 13, 2014, in the best interests of the Nation and consistent with the collective wishes expressed by its members, the 22nd Navajo Nation Council adopted Resolution No. CD-68-14 enacting the Navajo Nation Breach of Trust Settlement Act of 2014 (hereinafter "2014 Act") and establishing the Navajo Nation Sihasin Fund at 12 N.N.C. § 2501 et seq. The President of the Navajo Nation signed Resolution No. CD-68-14 into law on December 31, 2014.
- G. On January 31, 2018, the 23rd Navajo Nation Council adopted Resolution No. CJA-03-18 enacting amendments to CD-68-14 clarifying the intent of the 22nd Navajo Nation Council, including that Sihasin Fund infrastructure projects were not to be limited by 12 N.N.C. § 1310(F) (Navajo Nation Bond Financing Act) or by TCDCJY-77-99 (Capital Improvement Projects Guidelines Policies and Procedures).

Resolution No. CJA-03-18 was signed into law by the President of the Navajo Nation on February 8, 2018.

- H. The 2014 Act, as amended by CJA-03-18, mandates that the net proceeds and earnings thereon received by the Navajo Nation from the settlement of *Navajo Nation v. United States*, No. 06-945L, be deposited into the Síhasin Fund and managed and invested to provide financial support and/or financing for (1) the planning and development of economic development and regional infrastructure supporting economic development and community development, including such infrastructure as, but not limited to, housing, commercial and government buildings, waterlines, solid waste management development, powerline projects, transportation and communication systems, within the Navajo Nation; and/or (2) education opportunities for members of the Navajo Nation. See 12 N.N.C § 2501 and § 2502 (A), as amended.
- I. The 2014 Act, as amended, also established that "leveraging of the [Síhasin] Fund by way of guaranteeing loans, match funding, direct funding in part and other weighted uses of the Fund, including loan financing from the Fund for the purposes in § 2502 (A)(1), shall be favored over direct funding in whole". 12 N.N.C § 2502 (C), as amended.
- J. The 2014 Act further established that with the exception of outstanding and accrued litigation costs, Síhasin Fund Principal and Income shall only be expended pursuant to a Fund Expenditure Plan consistent with the purposes set forth in the 2014 Act, as amended, at 12 N.N.C. §2502 and adopted by a two-thirds (2/3) vote of all members of the Navajo Nation Council. See 12 N.N.C. § 2505 (A).
- K. On April 9, 2015, the Naabik'iyáti' Committee adopted NABIAP-20-15 establishing the Naabik'iyáti' Síhasin Fund Subcommittee to "recommend to the Naabik'iyáti' Committee and Navajo Nation Council financial support and/or financing plan(s) for the purposes designated in CD-68-14 [Navajo Nation Breach of Trust Settlement Act of 2014, establishing the Síhasin Fund]".
- L. Between April 2015 and March 2018, the Subcommittee, assisted by the Office of Legislative Services, Office of the Speaker, Office of Legislative Counsel and outside legal counsel, met on more than thirty (30) occasions in either work sessions or official meetings to review and evaluate comments and recommendations from the Navajo

People; hear proposals from Navajo Nation entities, Chapters, programs and officials; and develop expenditure plan(s) for the Sihasin Fund Principal and Income consistent with the purposes set forth in the 2014 Act, as amended.

- M. After reviewing the comments and recommendations submitted during the Public Hearings and town hall meetings, as well as the reports and comments made during Sihasin Fund Subcommittee meetings, the Subcommittee determined that powerline projects and Chapter capital and economic development projects were a high priority for Navajo communities and that the funding of such projects would afford Navajo communities the opportunity to start and complete local projects currently stalled by the lack of sufficient funds, apply for additional state and federal funds requiring an identified match, as well as support CMY-28-14's intent to expand infrastructure(s) on the Navajo Nation, spur economic development at the local level and provide amenities to Navajo communities.
- N. In November of 2017, the Subcommittee issued a directive to the Speaker of the Navajo Nation Council to develop a nationwide powerline projects expenditure plan combining Undesignated Unreserved Fund Balance ("UUFB") and Sihasin Funds to total one hundred million dollars (\$100,000,000.00) divided equally amongst the twenty-four Council Delegate Districts equaling \$4,166,666.67 per District. On February 15, 2018, the Navajo Nation Council issued a further directive to the Speaker to have his staff meet with Navajo Nation Council Delegates and the Chapters they represent to develop a nationwide powerline and chapter projects expenditure plan for one hundred million dollars (\$100,000,000.00) divided equally amongst the twenty-four Council Delegate Districts with the Sihasin Fund as the intended funding source.
- O. Between March 5, 2018 and March 16, 2018, Office of the Speaker staff, contract legal counsel, Captial Projects Management Department ("CPMD") staff, and Navajo Tribal Utilities Authority ("NTUA") staff, met twice with each Council Delegate and their Chapter representatives, including but not limited to Chapter Officials, Chapter Managers and Community Service Coordinators, to review each District's proposed projects for (1) compliance with the 2014 Act's, as amended, purpose of "the planning and development of economic development and regional

infrastructure supporting economic development and community development, including such infrastructure as, but not limited to, housing, commercial and government buildings, waterlines, solid waste management development, powerline projects, transportation and communication systems, within the Navajo Nation"; and (2) readiness status, e.g., project ready, construction ready or shovel ready, as applied by CPMD.

- P. Powerline, economic development and infrastructure projects were proposed at the March meetings including, but not limited to, Head Start facilities, senior and veteran centers, and road improvements. A listing of the proposed projects, including match and contribution funding, is included on attached **Exhibits A through E**.
- Q. To ensure that Sihasin Funds are not prematurely withdrawn and continue to earn investment earnings for as long as possible, CPMD, with the assistance of the Office of the Speaker and NTUA, compiled the proposed projects into nationwide three-year funding plans, i.e., Chapter Projects, NTUA Powerlines, Non-NTUA Powerlines, and Waterlines, attached as **Exhibits A through E**, based on individual project readiness status.
- R. On March 23, 2018, contract legal counsel and CPMD updated the Sihasin Subcommittee on the Office of the Speaker's efforts to develop the powerline and Chapter projects expenditure plan, including the identification of almost twenty million dollars (\$20,000,000.00) in already secured project matching funds.
- S. During the update to the Sihasin Subcommittee, the following accountability and implementation measures were discussed:
1. Due to their experience and expertise, as well as economies of scale, the funding and responsibility for implementing Chapter projects and Non-NTUA Powerline projects should be allocated to CPMD with a template in place, e.g., Memorandum of Agreement or other form of grant agreement, for CPMD to transfer the project funds and responsibilities to Local Governance Act Certified Chapters at their request;
 2. Due to their experience and expertise, as well as community need to lock-in project pricing, the funding

and responsibility for NTUA Powerline and waterline projects should be allocated directly to NTUA;

3. If the funding for NTUA Powerline and Waterline projects is disbursed directly to NTUA and the funding for Chapter and non-NTUA Powerline projects is disbursed directly to CPMD, the funding for projects at Chapters sanctioned pursuant to 12 N.N.C. § 9 should not be subject to § 9 (B)'s ten percent (10%) withholding;
 4. All of the proposed projects were vetted by CPMD and NTUA, respectively, for project readiness before being apportioned into the three-year plans based on project readiness status; therefore, if the funding for a project is not spent or encumbered within twenty-four (24) months of distribution, the project funds should revert to the Síhasin Fund; and
 5. To support expeditious administration and implementation of the more than two hundred (200) Chapter projects, CPMD operations should be supplemented with administrative costs.
- T. In addition, during the District meetings with Delegates and their Chapter officials and community representatives to select and vet powerline and Chapter projects, concerns were raised that the President's line-item veto of even a single project would disrupt the equal distribution of funds among the Districts, as well as, negate local choice in project selection and impair Chapter and community efforts to procure additional matching funds from federal and state sources.
- U. The Navajo Nation Council finds that the Powerline and Chapter Projects Expenditure Plan proposal, attached as **Exhibits A through E**, meets the purposes of the 2014 Act, as amended, i.e., "the planning and development of economic development and regional infrastructure supporting economic development and community development, including such infrastructure as, but not limited to, housing, commercial and government buildings, waterlines, solid waste management development, powerline projects, transportation and communication systems, within the Navajo Nation"; as well as the leveraging preference criteria of the 2014 Act, as Síhasin Funds will only fund a portion of the overall total cost of the projects with at least \$19,440,279.45, as

set forth on **Exhibits A through E**, of projects' costs covered by other Navajo Nation funds or federal, state or private entities through match funding, joint funding, contribution funding, cost-share funding or similar arrangements and agreements.

- V. The Navajo Nation Council also finds that the proposed Powerline and Chapter Projects Expenditure Plan proposal, attached as **Exhibits A through E**, supports community choice and addresses CMY-28-14's intent to expand infrastructure(s) on the Navajo Nation, provide economic development at the local level and provide amenities to Navajo communities.
- W. The Navajo Nation Council hereby determines that allocating Síhasin Funds to implement the Powerline and Chapter Projects Expenditure Plan, as set forth in **Exhibits A through E**, fits within the priorities established under the July 20, 2015 One Nation, One Voice Navajo Nation Three Branch Agreement and that it is in the best interests of the Navajo Nation, as well as in the best interests of community development, the expansion of infrastructure(s) on the Navajo Nation, economic development at the local level and the provision of amenities to Navajo communities, to adopt the Síhasin Fund Powerline and Chapter Projects Expenditure Plan, attached as **Exhibits A through E**.

Section Three. Approval and Adoption of Expenditure Plan

- A. The Navajo Nation hereby approves and adopts the Síhasin Fund Powerline and Chapter Projects Expenditure Plan, attached and incorporated herein as **Exhibits A through E**.
- B. The Navajo Nation hereby approves and adopts total funding from the Síhasin Fund in the amount of one hundred million six hundred thousand dollars (\$100,600,000.00) with \$18,696,787.92 allocated to Navajo Tribal Utility Authority ("NTUA") for powerline projects; \$4,242,192.99 allocated to NTUA for waterline projects; \$74,076,413.86 allocated to Captial Projects Management Depart ("CPMD") for Chapter projects; \$3,584,605.24 allocated to CPMD for Non-NTUA powerline projects; as summarized in **Exhibit A**, to implement the Síhasin Fund Powerline and Chapter Projects Expenditure Plan as follows:
 - 1. Year 1: The distribution of \$42,294,332.87 of Síhasin Funds in Navajo Nation Fiscal Year 2018 allocated as

follows: \$2,866,370.94 to NTUA for the first year of NTUA Powerline projects, as set forth in **Exhibit B**; \$560,557.00 to NTUA for the first year of Waterline projects, as set forth in **Exhibit E**; \$37,423,205.14 to CPMD for the first year of Chapter projects and administrative costs (\$200,000.00), as set forth in **Exhibit D**; and \$1,444,199.79 to CPMD for the first year of Non-NTUA Powerline projects, as set forth in **Exhibit C**.

2. Year 2: The distribution of \$46,203,956.06 of Síhasin Funds in Navajo Nation Fiscal Year 2019 allocated as follows: \$12,154,756.58 to NTUA for the second year of NTUA Powerline projects, as set forth in **Exhibit B**; \$1,068,666.66 to NTUA for the second year of Waterline projects, as set forth in **Exhibit E**; \$31,124,968.21 to CPMD for the second year of Chapter projects and administrative costs (\$200,000.00), as set forth in **Exhibit D**; and \$1,855,564.61 to CPMD for the second year of Non-NTUA Powerline projects, as set forth in **Exhibit C**.
3. Year 3: The distribution of \$12,101,711.08 of Síhasin Funds in Navajo Nation Fiscal Year 2020 allocated as follows: \$3,675,660.40 to NTUA for the third year of NTUA Powerline projects, as set forth in **Exhibit B**; \$2,612,969.33 to NTUA for the third year of Waterline projects, as set forth in **Exhibit E**; \$5,528,240.51 to CPMD for the third year of Chapter projects and administrative costs (\$200,000.00), as set forth in **Exhibit D**; and \$284,840.84 to CPMD for the third year of Non-NTUA Powerline projects, as set forth in **Exhibit C**.

- C. The Síhasin Funds allocated for the Síhasin Fund Powerline and Chapter Projects Expenditure Plan may be further leveraged by the Navajo Nation through bond or loan financing pursuant to the Navajo Nation Bond Financing Act, 12 N.N.C. § 1300 et seq., as amended, using Síhasin Fund Earnings for repayment and financing costs upon the recommendation of the Budget & Finance Committee and approval by a two-thirds (2/3) vote of all members of the Navajo Nation Council.

Section Four. Approval and Adoption of Expenditure Plan Administration

A. The Navajo Nation hereby approves administration of the Sihasin Fund Powerline and Chapter Projects Expenditure Plan as follows:

1. The Navajo Nation Controller shall determine whether the source(s) of the annual distributions of the \$100,600,000.00 will be Sihasin Fund Principal or Income or a combination of both;
2. NTUA Powerline and Waterline Projects. The annual distributions for NTUA Powerline and Waterline Projects, as set forth in **Exhibits B and E**, shall be released to NTUA through Grant Agreement(s), executed pursuant to 2 N.N.C. §164 (B), as amended, as follows:
 - a. The First Year (Fiscal Year 2018) distributions shall be released to NTUA by no later than the end of Navajo Nation Fiscal Year 2018;
 - b. The Second and Third Year (Fiscal Years 2019 and 2020) distributions shall be released to NTUA by no later than the end of the first quarter of the respective Navajo Nation Fiscal Year;
 - c. NTUA shall not require the Navajo Nation, including its Chapters, nor Navajo individuals, to contribute more funding to complete any project listed in **Exhibits B and E**, regardless of year funded;
 - d. Any individual Powerline or Waterline project funds that are not spent or encumbered within twenty-four (24) months of distribution to NTUA shall be returned to the Sihasin Fund; and
 - e. NTUA shall account for the Sihasin Funds spent and such accounting or expenditure report, including project status, shall be submitted to CPMD, the Office of President & Vice-President, and the Resources and Development Committee on a quarterly basis.
3. Chapter and Non-NTUA Powerline Projects. The annual distributions for Chapter and Non-NTUA Powerline Projects, as set forth in **Exhibits C and D**, shall be released to CPMD as follows:

- a. The First Year (Fiscal Year 2018) distributions, including administration costs, shall be released to CPMD by no later than the end of the third quarter of Navajo Nation Fiscal Year 2018;
- b. The Second and Third Year (Fiscal Years 2019 and 2020) distributions, including administration costs, shall be released to CPMD by the end of the first quarter of the respective Navajo Nation Fiscal Year;
- c. Annual distributions to CPMD for administration costs shall not lapse on an annual basis pursuant to 12 N.N.C. §820 (N) or otherwise be returned to or deposited in the Sihasin Fund principal or Navajo Nation General Fund until such time as all Chapter Projects listed on Exhibit C are fully completed;
- d. 12 N.N.C. § 9 (B) is hereby waived and individual Chapter and non-NTUA Powerline Projects implemented and administered by CPMD shall not be subject to 12 N.N.C. § 9 (B)'s ten percent (10%) withholding;
- e. Individual Chapter and non-NTUA Powerline Projects shall be implemented and administered by CPMD consistent with the Navajo Nation Budget Instruction Manual, as amended, unless inconsistent with other provisions of this resolution;
- f. If requested, CPMD may transfer individual Chapter Project funds, accountability, and responsibility to a Local Governance Act ("LGA") Certified Chapter pursuant to a Memorandum of Agreement or other form of grant agreement executed pursuant to 2 N.N.C. § 164 (B), as amended;
- g. Any individual Chapter or non-NTUA Powerline Project funds that are not spent or encumbered within twenty-four (24) months of distribution to CPMD or transfer to a LGA Certified Chapter shall be returned to the Sihasin Fund;

- h. With the exception of project funds and responsibilities transferred to LGA Certified Chapters, CPMD shall account for the Síhasin Funds spent and such accounting or expenditure report shall be included as part of the Executive Branch's quarterly program report submitted to the Resources and Development Committee; and
 - i. LGA Certified Chapters that have been granted Síhasin Fund project funds and responsibilities, shall account for the money spent and such accounting or expenditure report, including project status, shall be submitted to CPMD, the Office of President & Vice-President, and the Resources and Development Committee on a quarterly basis.
- B. NTUA, CPMD and LGA Certified Chapters shall have the authority to enter into match, funding, partnership, cooperative and other cost saving or cost sharing arrangements or leveraging agreements with Navajo Nation entities and enterprises, Navajo Nation Chapters and other political subdivisions, other Navajo Nation programs and federal and state agencies and such agreements shall not be deemed procurement contracts subject to the Navajo Nation Procurement Act, 12 N.N.C. §§ 301 - 371 or Navajo Business Opportunity Act 5 N.N.C. §§ 201 - 215.
 - 1. Notwithstanding the above, all Chapters, working in conjunction with NTUA and/or CPMD, shall have the continuing responsibility to identify ways to further leverage the allocated Síhasin Funds;
 - 2. NTUA and CPMD shall each present an annual leveraging report to the Resource & Development Committee and Budget & Finance Committee during the first quarter of each Navajo Nation Fiscal Year identifying the efforts and success of Chapter(s) in securing additional matching or contribution funding; and
 - 3. With the approval of the Resources & Development Committee, any project costs saved or reduced through leveraging or otherwise shall be available for expenditure on any other project within the respective Chapter deemed construction-ready by CPMD; if there are no construction-ready projects within the respective Chapter, then, with the approval of the

Resources & Development Committee, the saved or reduced costs shall be available for expenditure on any other project within the respective District.

- C. A chapter project, powerline, or waterline project may be changed, including the year funded, or added to Exhibits A through E with the concurrence of the Delegate representing the chapter's Council District and the approvals of the Resources and Development Committee and Budget and Finance Committee, as long as such project has been certified as construction-ready by CPMD or NTUA and the total Síhasin Funding for the District does not exceed \$4,166,666.67.
- D. NTUA, CPMD and LGA Certified Chapters shall report the status of the Síhasin Funds allocated or transferred to them to implement the Powerline and Chapter Projects Expenditure Plan, specifically including the use and status of the Síhasin Funds and the status of projects for which they are responsible, to the Resources & Development, Budget & Finance and Naabik'iyáti' Committees and Office of the President & Vice-President on a quarterly basis.

Section Five. Waiving Navajo Nation Code Provisions Regarding the Capital Budget and Capital Improvement Process Effective Date

Notwithstanding that Síhasin Fund projects are specifically not subject to the Capital Improvement Projects Guidelines Policies and Procedures set forth by TCDCJY-77-99, the Navajo Nation hereby waives the application of 12 N.N.C. § 810 (F), §§ 820 (I) and (M) and § 860 (C) regarding the Capital Budget and Improvement processes to the Powerline and Chapter Projects Expenditure Plan.

Section Six. Effective Date

The Síhasin Fund Powerline and Chapter Projects Expenditure Plan, as set forth above, shall become effective pursuant to 12 N.N.C. § 2505.

Section Seven. Directives

- A. All Navajo Nation programs, specifically including, but not limited to, the Office of Controller, Office of Management & Budget, CPMD, and Chapters, as well as NTUA, shall take all steps necessary to expeditiously implement the Síhasin Fund Powerline and Chapter Projects Expenditure Plan.

- B. All Navajo Nation programs, as well as NTUA, named in this legislation shall be held accountable for the progress of tasks under their responsibility and control and shall participate in work group meetings, if any, necessary to expeditiously implement the Sihasin Fund Powerline and Chapter Projects Expenditure Plan.
- C. Office of Legislative Services will adjust all figures throughout the legislation and exhibits to reflect amendment totals, with the concurrence of the sponsor. The Navajo Nation directs the Office of Legislative Services to recalculate the final monetary totals such that the figures conform to the amendments passed by the Navajo Nation.

RE: LOW MOUNTAIN CHAPTER MULTI-PURPOSE FACILITIES PROJECT

Dear Mr. Adakai:

The Low Mountain Chapter is please to present this proposal for your review. We look forward to partnering with you in helping our community to convert (a hope or plan) into a fact, the realities of a visible community Multi-Purpose facilities. Spatial comparison among the existing or proposed Multi-Purpose Facilities includes the most common uses are, meeting space, office space, Youth-related and Health-related spaces are also common. "Health-related space" could include primary care facility (such as a small clinic usage) or public health and wellness facilities (such as a public health office space) and youth space could include a child care facility or other youth-related programming space.

For the past five years or longer, the Low Mountain Chapter has been piloting or involved experimenting with accommodating the various tribal programs such as the Youth program, Department of Youth, SYETP, Nation's Workforce Development, Chapter's Public Employment program, Community Health Representative and the Public Health Nurse providing health care to high-risk clientele, and the winter emergency program implementation requiring overnight lodging services, ETC.

We have seen measurable success with all these programs and other services including 47 veterans and 07 widows with membership status with the Chapter Veterans Organization and in order to accommodate all these service programs and clientele, an expansion facility is needed. We are now seeking to expand with the construction of the proposed Chapter Multi-Purpose Facilities to address the needs of one and all making use of the services provided. Our proposal requests \$4,329,472.00 in funding to construct the needed Multi-Purpose Facilities.

We appreciate the Navajo Nation Capital Projects Management Department and the Division of Community Development taking an interest in helping our community with our funding request. Please give me a call at (928) 725-3700, ext. 3702 if you require any further information or have questions concerning this proposal.

NAVAJO NATION DIVISION OF COMMUNITY DEVELOPMENT (DCD)
CAPITAL PROJECTS MANAGEMENT DEPARTMENT \$4,329,472.00 PROJECT PROPOSAL
FUNDING REQUEST MULTI-PURPOSE FACILITIES CONSTRUCTION
"A COMMUNITY CULTURAL GATHERING PLACE"

I. PROJECT SUMMARY:

For the past several years, the rural four (4) community areas of Low Mountain have been clear about their dreams and desire for a multi-purpose facility space where they can gather for large group events and provide the needed programming and services to benefit the health and well-being of the community at large. The path the Low Mountain Chapter (LMC) communities needs to take to enable them to envision, plan, design, create and manage such a space facilities may be less clear at this time, but further, the LMC Officials, staff, organizations and agencies charged with promoting sustainable such developments in the Nation's rural Chapter communities lack a coherent formula for measuring the likelihood of such a Multi-Purpose facility project's success. The purpose and intent of this proposal report is to investigate and describe existing Navajo Nation (NN) multi-purpose facilities and, ultimately, attempt to define, a successful sustainable model Multi-Purpose facilities for future accommodations and utilization by and for the LMC community at large. To enable bringing this project to a reality, funding in the amount of \$4,329,472.00 is requested from the NN Capital Project Management Department (CPMD). Collaboration is a big part of this project's progress in terms of local planning by the Chapter Officials, Community Services Coordinator (CSC), Community Land Use Plan Committee (CLUPC), and the community involvement. The LMC Multi-Purpose Facility Project will be constructed and established within the LMC's community development land tract withdrawn for that purpose. This has been the community's dream and desire and we thank them for their support, commitment and their patience.

The LMC Community Services Coordinator (CSC) has developed the the project plans and the preliminary specifications to construct a 6200 square feet multi-purpose facility to provide a safe and capacity-accommodations. The proposed multi-purpose facility will be located within the Chapter fenced property; See attached Exhibit "A" for the legal withdrawn land survey and the concept facility location. The infrastructure resources required i.e. waterline and electrical powerline are readily available on premises for the construction activity. Last but not least N67 and the off-ramp access roads are paved to the proposed project site.

II. INTRODUCTION:

The Low Mountain Chapter operates under a dual two (2) linked sets of Navajo Nation Agency controls enabling both the District 7 Fort Defiance Agency and the District 4 Chinle Agency both recognizes the LMC's jurisdictional sphere of operational activities and the latter Chinle Agency retains more of the official jurisdictions exercised over the LMC's operation through their partnership with the elected Navajo Nation Council Delegate the Honorable Kee Allen Begay, Jr. and the Administrative Service Center (ASC) designation Chapter assignment with oversight monitoring of Chapter finances under the Division of Community Development (DCD). The LMC also retains membership status with the Dził Yijiin Regional Council and the Dził Yijiin Regional Health Council and they are both in the Pinon Regional Service areas.

As far back as can be remembered or found recorded, the Low Mountain community by their Dine/Navajo language, the name, "Jeehdeez'a" translation means "Gumpoint" is with reference to the pinon trees sap or gum extractions that trickles or flows out slowly during the hot weather climates such as summer, from the 'deestiin' or pinon trees that abundantly covers the entire western low mountain mesa areas and the pointed shape of the mesa. So therefore, it's always been Jeehdeez'a, but sadly, this historical term identifying the lower western mesa has become a Hopi Partition Land (HPL) mesa.

What maybe more original or better sounding is the Dine/Navajo language, 'Ta'Sahdi'da'askani,' Translation means "Lone Mountain" situated north and behind the present Chapter House and word is that, some of the elders of the olden times could not utter distinctly or correctly the word "lone" so thus far, 'Low Mountain' coming at last, became a long-lasting descriptive name for our community.

III. PROBLEM STATEMENT AND NEEDS:

Requoting from the proposed JUA home renovation project in reference to the Navajo Hopi Land Dispute, on December 22, 1974, the United States Congress passed the Navajo and Hopi land Settlement Act of 1974, P.L. 93-531, as amended. Throughout the century it became increasingly clear that this part of the Southwest was a major repository of important minerals such as oil and uranium. Efforts to develop these resources led to the division of jointly used ancestral lands through the 1974 Navajo-Hopi Land Settlement Act and the relocation of thousands of Navajos from their homelands.

The 1974 Navajo-Hopi Land Settlement act created an artificial boundary, dividing in half 1.8 million acres of jointly owned Navajo-Hopi land in northern Arizona. The enactment of this law resulted in governmental efforts to relocate 10-15,000 Navajos who found themselves, living on the wrong side of the fence.

This is only part of the infamous Navajo-Hopi Land Disputes. We lost a lot of our ancestral lands in the overall process and we are still suffering the effects of this land dispute, relocation, the land partitioning, moratorium or a temporary ban or suspension on construction and building activities including homes and infrastructures, livestock reductions and the continuing harassments and livestock impoundment activities to impact a great number of our elderly people and families with health issues.

Navajo Times Monday, August 12, 2019 CHAPTER SERIES by Cindy Yurth, Tseyi Bureau QUOTE: "Kicked off the mesa" Low Mountain struggles to regain footing after relocation. "Anyone who thinks the Navajo-Hopi Land Dispute is ancient history should come to Low Mountain." And yes! The wounds seem very evident and fresh still.

Presently, there are forty six (46) relocatees residing in the community and many of them are rather old past their middle age becoming elderly members of the LMC community whose advise are valued because of their many years of experiences. Many of their extended families are in need of homes of their own. Most of these extended family members were never considered by the Navajo-Hopi Indian Relocation

Page 3

Office so in this regards, the community will be very fortunate to have their dreams and desires to have the multi-purpose facility become a reality. The needs of these relocatees are being addressed to upgrade (renovate) and reconstruct their homes.

The Low Mountain Census Designated Place has a total population of 754 as of July 1, 2019 and Low Mountain ranks in the lower quartile for population density index compared to other cities, towns, and

Census Designated places (CDPs) in Arizona. The primary coordinate point for Low Mountain is located at latitude 35.9403 and longitude 110.1135 in Navajo County. The formal boundaries for the Low Mountain Census Designated Place encompass a land area of 36.9 sq. miles and a water area of 0.01 sq. miles. Navajo County is in the Mountain Time zone (GMT-7). The elevation is 6,165 feet.

The Low Mountain Chapter multi-purpose facility will address the needs of adequate spaces for the community at large. Presently, the Low Mountain Chapter's four outlying communities combined have a total of 317 residential homes.

The LMC currently has 665 community voter registered memberships including the Low Mountain Veterans Organization (LMVO) with 47 veterans and 07 widows for a total of 54 active memberships. The population fluctuates up and down not only with the voter registered community members. We have members going off-reservation for employment and educational reasons and some do return for family visits and relocating back to the community. Due to the Navajo Election Administration (NEA) purging voter registered members due to non-active voting activity in two (2) NN Elections whereby, some of the purged voters out of concerns for Chapter assistance in those cases will re-register as a community voting membership.

The goal of the population profile is to provide local service programs within the Chapter's extended Health Service Programs to better understand the parameters of the community population that the age distributions can help health and other programs define areas to focus on with prevention, treatments and planning from child to geriatric health. Additionally, study shows females having a larger population after the age of forty (40) which could be related to the high mortality rates for men. The local Chapter profile can also help to determine prevalence and incidence rates at the Chapter and Agency level and the CHR and the Public Health Nurse can develop close observation methods for chronic, communicable and non-communicable sickness or diseases within the Low Mountain Chapter community. This in turn will be beneficial for the Navajo Nation Department of Health. Upon determining prevalence and incidence rates for the Chapter and Agency, comparisons can be made by the local health administrator to seek help to target areas with high priorities and needs. Therefore, establishing a Health-related space within the multi-purpose facility will be vitally important.

The Low Mountain Chapter certified Low Mountain Youth Organization in '2016 where Youth Services is another common space need for Youth-related activities and this space could include a childcare facility or other Youth-related programming, i.e. the Summer Youth Employment and Training Program, (SYETP) Department of Youth, Navajo Workforce Development, (NWFD) Counseling Center, etc.

Youth, the future leaders, being young, the period between childhood and maturity, the vigor or lack of experience, youthful impatience etc., are all characteristics of this. Youth of the Low Mountain community generally, majority are taking care behaving high school and first-year college students observed as local program participants and their respectful interactions with officials, administrative staff and the public while on their summer temporary employment projects. Their youthful impatience and not having anything to do are their only real drawbacks, their boredom attitudes and they need to be taught to keep their minds positively occupied. They need to be taught to have some moral principles as work ethics, right and wrong choices in conduct and understanding. They all need moral support from their different age peer groups.

There are approximately 81 under thirteen (13) years old school-age children and 106 fourteen (14) to seventeen (17) years old youths residing with their families throughout the (4) Chapter communities and those above eighteen (18) years old, few maybe stay-at-home community members and others are either attending colleges or in training of some types to better themselves

Overall, from the number of children and youth populations in the community, only about ten (10%) percent or less have gone astray to be led into error or wrongdoing becoming involved in local light wannabes gang activities, smoking and some drug-usage, graffiti and/or tagging as more commonly used scribbling gang association signs or descriptive words on exterior walls of buildings, business property bathromms, residents, outhouses, dilapidated sheds, road signs, N60 south canyon roadside boulders and more malicious criminal activities as vandalism and destructions of business properties which has significantly decreased.

GYMNASIUM; Planning, Designing and constructing a gymnasium within the multi-purpose facility should be the basic, fundamental and the ultimate cause considering adding a gym to the floor plan of the multi-purpose facility. I think we all recognize the need for an innovative space where our local people could connect and the community could embrace its love for local athletics. It can be a place where our Navajo people can explore the arts and faith, take lessons, have moments of respite or connect with friends and people of all ages can find a place to be involved. A single basketball court gymnasium can be a wonderful tool to help reach the younger generations. The LMC considers creating plans to use it or ways to convert it into an effective space that reaches the local younger generations and our community at large. The LMC believes the multi-purpose facility gymnasium will promote health and wellness as we have people that spend time outside and the gymnasium will help people to stay engaged and active and use the facility year-round. This is an opportunity for the younger generations and our community to enjoy the benefits of health and wellness here. Studies have shown that a student who stays active physically will be more alert and attentive in a classroom. The Gymnasium's primary purpose will be to serve the local youth and families of our community.

The LMC CSC has developed the Project Plans and the preliminary specifications to construct a 6200 square feet multi-purpose facility to provide a safe and capacity-accommodations. The proposed multi-purpose facility will be located within the Chapter 12-acres fenced property. See attached Exhibit "B" for the legal withdrawn land survey and the concept facility location.

The Infrastructure resources required i.e. waterline and electrical powerline are readily available on premises for the construction readiness. The N67 and the off-ramp access roads are paved to the proposed project site.

The LMC multi-purpose facility will address the needs of adequate spaces for use by the community at large with the Census Designated Places population of 754 as of July 1, 2019 and 665 Voter Registered membership including 47 veterans and 07 widows for a total of 54 active enrolled LMVO memberships. The goal of the population profile is to provide local service programs within the Chapter's extended Health Service programs to better understand the parameters of the community population that the age distribution can help health and other programs define areas to focus on with prevention treatments and planning from child to geriatric health.

The Chapter profile can also help to determine prevalence and incidence rates at the Chapter and Agency level and the CHR and the Public Health Nurses can develop close observation methods for chronic communicable and non-communicable sickness or diseases within the LMC community. After determining prevalence and incidence rates for the Chapter and Agency, comparisons can be made by the local health administrators to seek help to target areas with high priorities and needs. Therefore, establishing a health-related space within the multi-purpose facility will be vital.

5. Administration:

The Low Mountain Chapter will provide an approved Supporting Chapter Resolution for the development of a new Multi-Purpose Facilities. The Chapter will submit the Proposed Multi-Purpose Facilities Grant Proposal requesting \$4,329,472.00 to the NN Capital Project Management Department on or about March 1, 2020 for funding the project.

The Community Services Coordinator along with the Chapter Officials will develop the Grant Proposal for the proposed multi-purpose facility. The write-up will include the needs assessment survey, identify project priorities utilizing the CLUP, preplanning with all the appropriate parties, identified project site, reconfirmed the preliminary land consent and available all preliminary fieldwork including archaeological and environmental clearances, preliminary designs, cost estimates, existing withdrawn land survey documents, land withdrawal finalization, project proposal complete with all necessary criteria including SOW, plan of operation, cost estimate, status of all clearance, matching funds, Chapter resolution, support letters from service unit programs, conceptual design and other pertinent documents.
