I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS), an agency which is part of the Department of Health and Human Services (HHS), is accepting applications for a five-year funding cycle to continue the planning, development, and implementation of the Methamphetamine and Suicide Prevention Initiative (Short Title: MSPI). This program was first established by the Consolidated Appropriations Act of 2008, Public Law 110-161, 121 Stat. 1844, 2135, and has been continued in the annual appropriations acts since that time. This program is authorized under the authority of 25 U.S.C. 13, the Snyder Act, and the Indian Health Care Improvement Act, 25 U.S.C. 1601-1683. The amounts made available for the MSPI shall be allocated at the discretion of the Director of IHS and shall remain available until expended. IHS utilizes a

national funding formula developed in consultation with Tribes and the National Tribal Advisory Committee (NTAC) on behavioral health, as well as conferring with urban Indian health programs (UIHPs). The funding formula provides the allocation methodology for each IHS Service Area. This program is described in the Catalog of Federal Domestic Assistance under 93.933.

Background

From September 2009–August 2015, IHS funded 130 IHS, Tribal, and UIHPs that participated in a nationally coordinated six-year demonstration pilot project, focusing on providing methamphetamine and suicide prevention and intervention resources for Indian Country. The MSPI promotes the use and development of evidence-based and practice-based models that represent culturally-appropriate prevention and treatment approaches to methamphetamine use and suicide prevention from a community-driven context. For a complete listing of demonstration pilot projects, please visit www.ihs.gov/mspi/pilotprojects.

Purpose

The primary purpose of this grant program is to accomplish the MSPI goals listed below:

1. Increase Tribal, UIHP, and Federal capacity to operate successful methamphetamine prevention, treatment, and aftercare and suicide prevention, intervention, and postvention services through implementing community and organizational needs assessment and strategic plans.

2. Develop and foster data sharing systems among Tribal, UIHP, and Federal behavioral health service providers to demonstrate efficacy and impact.

3. Identify and address suicide ideations, attempts, and contagions among American Indian and Alaska Native (AI/AN) populations through the development and implementation of culturally appropriate and community relevant prevention, intervention, and postvention strategies.

4. Identify and address methamphetamine use among AI/AN populations through the development and implementation of culturally appropriate and community relevant prevention, treatment, and aftercare strategies.

5. Increase provider and community education on suicide and methamphetamine use by offering appropriate trainings.

6. Promote positive AI/AN youth development and family engagement

through the implementation of early intervention strategies to reduce risk factors for suicidal behavior and substance abuse.

Funded projects are not expected to address all of the MSPI goals, only those relevant to the Purpose Area for which they are applying.

To accomplish the MSPI goals, IHS invites applicants to address one of the Purpose Areas below:

- Purpose Area 1: Community and Organizational Needs Assessment and Strategic Planning
- Purpose Area 2: Suicide Prevention, Intervention, and Postvention
- Purpose Area 3: Methamphetamine Prevention, Treatment, and Aftercare
- Purpose Area 4: Generation Indigenous Initiative Support.

In certain circumstances, applicants may choose to apply for more than one Purpose Area. If this is the case, applicants must submit a *separate application for each Purpose Area*. IHS encourages applicants to develop and submit applications that emphasize cross-system collaboration among the Purpose Areas, the inclusion of family, youth and community resources, and the application of cultural approaches.

Evidence-Based Practices, Practice-Based Evidence, Promising Practices, and Local Efforts

IHS strongly emphasizes the use of data and evidence in policymaking and program development and implementation. Applicants under Purpose Area 2, Purpose Area 3, and Purpose Area 4 must identify one or more evidence-based practice, practice-based evidence, best or promising practice, and/or local effort that they plan to implement in the Project Narrative section of their application. The MSPI Web site (<http://www.ihs.gov/mspi/bestpractices/>) is one resource that applicants may use to find information to build on the foundation of prior methamphetamine and suicide prevention and treatment efforts, in order to support the IHS, Tribes, and UIHPs in developing and implementing Tribal and/or culturally appropriate methamphetamine and suicide prevention and early intervention strategies.

Purpose Areas

Purpose Area 1: Community and Organizational Needs Assessment and Strategic Planning: Lessons learned from the demonstration pilot project phase of the MSPI revealed the need for AI/AN communities to have access to resources, funding, and technical assistance to assess the needs of their community for suicide and/or

methamphetamine use to develop strategic approaches and leverage community and organizational resources before implementing specific programs. Strategic planning is especially critical to maximize available resources and eliminate duplicative efforts. Strategic planning should address gaps in policies and resources, as well as program barriers. Planning should focus on utilizing data from the community and organizational needs assessment to ensure coordinated community responses as well as system linkages for suicide prevention and methamphetamine use services. Based on the community and organizational needs assessment and analysis, projects will develop a strategic plan to address suicide and/or methamphetamine use (or other addicting substances). IHS is seeking applicants to address MSPI goals #1 and #2 by addressing the following two items:

- Assess and develop strategic approaches of leveraging community and organizational resources to address suicide and methamphetamine use; and
- Develop data sharing systems for continuous assessment and strategic planning.

Purpose Area 2: Suicide Prevention, Intervention, and Postvention: The focus of Purpose Area 2 is on the prevention, intervention, and postvention of suicide, suicide contagion, and suicide attempts or ideations among AI/AN populations.

IHS is seeking applicants to address MSPI goals #3 and #5 by focusing on the following broad objectives:

- Expand available behavioral health care treatment services;
- Foster coalitions and networks to improve care coordination;
- Educate and train providers in the care of methamphetamine and other substance use disorders;
- Promote community education to prevent the use and spread of methamphetamine;
- Improve health system organizational practices to improve treatment services for individuals seeking treatment for methamphetamine and other substance use disorders that contribute to suicide;
- Establish local health system policies to address methamphetamine use and other substance use disorders that contribute to suicide;
- Integrate culturally appropriate treatment services; and
- Implement trauma informed care services and programs.

Purpose Area 3: Methamphetamine Prevention, Treatment, and Aftercare: The focus of Purpose Area 3 is on the prevention, treatment, and aftercare for

methamphetamine use (and other addicting substances) among AI/AN populations. In addition to prevention programming, MSPI funds can be used to provide behavioral health treatment services (*i.e.*, direct services including in-patient and out-patient treatment, intervention, and aftercare).

IHS is seeking applicants to address MSPI goals #4 and #5 by focusing on the following broad objectives:

- Expand available behavioral health care treatment services;
- Foster coalitions and networks to improve care coordination;
- Educate and train providers in the care of methamphetamine and other substance use disorders;
- Promote community education to prevent the use and spread of methamphetamine;
- Improve health system organizational practices to improve treatment services for individuals seeking treatment for methamphetamine and other substance use disorders that contribute to suicide;
- Establish local health system policies to address methamphetamine use and other substance use disorders that contribute to suicide;
- Integrate culturally appropriate treatment services; and
- Implement trauma informed care services and programs.

Purpose Area 4: Generation Indigenous Initiative Support: The focus of Purpose Area 4 is to promote early intervention strategies and implement positive youth development programming to reduce risk factors for suicidal behavior and substance abuse. IHS is seeking applicants to address MSPI goal #6 by working with Native youth ages 8 to 24 years old on the following broad objectives:

- Implement evidence-based and practice-based approaches to build resiliency, promote positive development, and increase self-sufficiency behaviors among Native youth;
- Promote family engagement; and
- Increase access to prevention activities for youth to prevent methamphetamine use and other substance use disorders that contribute to suicidal behaviors, in culturally appropriate ways.

Limited Competition Justification

There is limited competition under this announcement because the authorizing legislation restricts eligibility to Tribes that meet specific criteria. See the Consolidated Appropriations Act of 2008, Public Law 110–161, 121 Stat. 1844, 2135.

Therefore, awardees will be required to submit a Continuation Application at the end of each project year (dates to be determined) after the initial funding award for Project Year 1, which will assist in determining continued funding from Project Year to Project Year for the five-year project funding cycle. Awardees will be required to submit an entire application package including all components listed under "Content and Form Application Submission" in the GrantsSolutions System to assist in determination of continued funding.

The continuation applications will assist IHS in ensuring that all awardees are meeting their goals and objectives, carrying out project activities, and submitting required documentation in a timely manner and according to the

terms and conditions of their Notice of Award (NoA) and the behavioral health program requirements.

Applicants that do not adhere to the timelines for System for Award Management (SAM) and/or <http://www.Grants.gov> registration or that fail to request timely assistance with technical issues will not be considered for a waiver to submit a paper application.

Please be aware of the following:

- Please search for the application package in <http://www.Grants.gov> by entering the CFDA number or the Funding Opportunity Number. Both numbers are located in the header of this announcement.
- If you experience technical challenges while submitting the application electronically, please contact Grants.gov Support directly at: support@grants.gov or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).
- Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved and a waiver from the Agency must be obtained.
- If it is determined that a waiver is needed, the applicant must submit a request in writing (emails are acceptable) to GrantsPolicy@ihs.gov with a copy to Tammy.Bagley@ihs.gov. Please include a clear justification for the need to deviate from the standard electronic submission process.
- If the waiver is approved, the application should be sent directly to DGM by the application deadline date listed in the Key Dates section on page one of this announcement.
- Applicants are strongly encouraged not to wait until the deadline date to begin the application process through Grants.gov as the registration process for SAM and Grants.gov could take up to fifteen working days.
- Please use the optional attachment feature in Grants.gov to attach additional documentation that may be requested by DGM.
- All applicants must comply with any page limitation requirements described in this funding announcement.
- After electronically submitting the application, the applicant will receive an automatic acknowledgment from

Grants.gov containing a Grants.gov tracking number. DGM will download the application from Grants.gov and provide necessary copies to the appropriate agency officials. Neither DGM nor the behavioral health program will notify the applicant that the application has been received.

- Email applications will not be accepted under this announcement.
- IHS will not acknowledge receipt of applications.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS)

All IHS applicants and grantee organizations are required to obtain a DUNS number and maintain an active registration in the SAM database. The DUNS number is a unique 9-digit identification number provided by D&B which uniquely identifies each entity. The DUNS number is site specific; therefore, each distinct performance site may be assigned a DUNS number. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, please access it through <http://fedgov.dnb.com/webform>, or to expedite the process, call (866) 705-5711.

All HHS recipients are required by the Federal Funding Accountability and Transparency Act of 2006, as amended (Transparency Act), to report information on subawards. Accordingly, all IHS grantees must notify potential first-tier subrecipients that no entity may receive a first-tier subaward unless the entity has provided its DUNS number to the prime grantee organization. This requirement ensures the use of a universal identifier to enhance the quality of information available to the public pursuant to the Transparency Act.

System for Award Management (SAM)

Organizations that are not registered with Central Contractor Registration and have not registered with SAM will need to obtain a DUNS number first and then access the SAM online registration through the SAM home page at <https://www.sam.gov> (U.S. organizations will also need to provide an Employer Identification Number from the Internal Revenue Service that may take an additional 2–5 weeks to become active). Completing and submitting the registration takes approximately one hour to complete and SAM registration will take 3–5 business days to process. Registration with SAM is free of charge. Applicants may register online at <https://www.sam.gov>.

Additional information on implementing the Transparency Act,

including the specific requirements for DUNS and SAM, can be found on the IHS Grants Management, Grants Policy Web site: https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_policy_topics.

V. Application Review Information

The instructions for preparing the application statement of need, project narrative, budget and budget narrative also constitute the evaluation criteria for reviewing and scoring the application. Weights assigned to each section are noted in parentheses. The 20 page narrative should include activities for the proposed one-year project. The statement of need, project narrative, budget and budget narrative sections should be written in a manner that is clear to outside reviewers unfamiliar with prior related activities of the applicant. It should be well organized, succinct, and contain all information necessary for reviewers to understand the project fully. Points will be assigned to each evaluation criteria adding up to a total of 100 points. A minimum score of 65 points is required for funding. Points are assigned as follows:

1. Criteria

Applications will be reviewed and scored according to the *quality* of responses to the required application components in sections A–E.

- In developing the Statement of Need, Project Narrative, Budget and Budget Narrative sections of the application, use the instructions provided for each section, which have been tailored to this program.
- The Statement of Need should not exceed two single-spaced pages.
- The Project Narrative (required components, sections A–E, in “Requirements for Project Proposals”) together should not exceed 20 single-spaced pages.
- The Budget and Budget Narrative the applicant provides will be considered by reviewers in assessing the applicant’s response, along with the material in the Project Narrative. The budget and budget narrative must not exceed four single-spaced pages.
- The applicant must use the five sections (sections A–E) listed below in developing the: (1) Statement of Need (section A); (2) Project Narrative (sections B, C and D); and (3) Budget and Budget Narrative (section E). The applicant must place the required information in the correct section, or it will not be considered. The application will be scored according to how well the applicant addresses the requirements for each section of the Statement of Need,

Project Narrative, Budget and Budget Narrative.

- The number of points after each heading is the maximum number of points a review committee may assign to that section. Although scoring weights are not assigned to individual bullets, each bullet is assessed in deriving the overall section score.

Section D: Local Plan for Data Collection (20 Points)

Describe the applicant's plan for gathering local data, submitting data requirements, and document the applicant's ability to ensure accurate data tracking and reporting.

Funded projects are required to coordinate data collection efforts with a regional (IHS Area) evaluator. The regional evaluators will be identified and funded by IHS and coordinated with each local project and will feed the regional and national evaluation for MSPI. Awardees will work with the regional evaluator(s) to evaluate the core processes, outcomes, impacts, and benefits associated with the MSPI. Awardees shall collect local data related to the project and submit it in semi-annual progress reports. The data collected and submitted through the progress reports will be made available to the regional and national evaluator(s) for MSPI. The purpose of the regional and national evaluation is to assess the extent to which the projects are successful in achieving project goals and objectives and to determine the impact of MSPI-related activities on individuals and the larger community.

Progress reporting will be required on national and regionally selected data elements related to program outcomes and financial reporting for all awardees. Progress reports will be collected semi-annually throughout the project on a web-based portal. Progress reports include the compilation of quantitative (numerical) data (e.g., number served; screenings completed, etc.) and of qualitative or narrative (text) data. The regional and national evaluators will also coordinate the narrative data

collection and provide an analysis of the funded project's responses to open-ended questions about "program accomplishments," "barriers to implementation," and description of partnership and coalition work.

The reporting portal will be open to project staff on a 24 hour/7 day week basis for the duration of each reporting period. Reporting form formats allow awardees to report outcomes and include open-ended questions about current accomplishments and barriers during the reporting period. In addition, financial report forms (SF-425), which document funds received and expended during the semi-annual reporting period, will be available. All materials will be provided on the portal and are to be submitted online. Technical assistance for web-based data entry and for the completion of required fiscal documents will be timely and readily available to awardees by assigned IHS Project Officers.

Section E: Budget and Budget Narrative (10 Points)

The applicant is required to include a line item budget for all expenditures identifying reasonable and allowable costs necessary to accomplish the goals and objectives as outlined in the project narrative for *Project Year 1 only*. The budget should match the scope of work described in the project narrative for the first project year expenses only. The page limitation should not exceed four single-spaced pages.

The applicant must provide a narrative justification of the items included in the proposed line item budget supporting the mission and goals of MSPI, as well as a description of existing resources and other support the applicant expects to receive for the proposed project. Other support is defined as funds or resources, whether Federal, non-Federal or institutional, in direct support of activities through fellowships, gifts, prizes, in-kind contributions or non-Federal means. (This should correspond to Item #18 on the applicant's SF-424, Estimated Funding.) Provide a narrative justification supporting the development or continued collaboration with other partners regarding the proposed activities to be implemented.

Additional documents can be uploaded as Appendix Items in Grants.gov

- Work plan, logic model and/or time line for proposed objectives.
- Position descriptions for key staff.
- Consultant or contractor proposed scope of work and letter of commitment (if applicable).
- Current Indirect Cost Agreement.

- Organizational chart.
- Map of area identifying project location(s).
- Additional documents to support narrative (i.e. data tables, key news articles, etc.).

2. Review and Selection

Each application will be prescreened by DGM staff for eligibility and completeness as outlined in the funding announcement. Applications that meet the eligibility criteria shall be reviewed for merit by the ORC based on evaluation criteria in this funding announcement. The ORC could be composed of Tribal, urban and Federal reviewers appointed by the IHS program to review and make recommendations on these applications. The technical review process ensures selection of quality projects in a national competition for limited funding. Incomplete applications and applications that are non-responsive to the eligibility criteria will not be referred to the ORC. The applicant will be notified via email of this decision by the Grants Management Officer of DGM. Applicants will be notified by DGM, via email, to outline minor missing components (i.e., budget narratives, audit documentation, key contact form) needed for an otherwise complete application. All missing documents must be sent to DGM on or before the due date listed in the email of notification of missing documents required. To obtain a minimum score for funding by the ORC, applicants must address all program requirements and provide all required documentation.

VI. Award Administration Information

1. Award Notices

The Notice of Award (NoA) is a legally binding document signed by the Grants Management Officer and serves as the official notification of the grant award. The NoA will be initiated by DGM in our grant system, GrantSolutions (<https://www.grantsolutions.gov>). Each entity that is approved for funding under this announcement will need to request or have a user account in GrantSolutions in order to retrieve their NoA. The NoA is the authorizing document for which funds are dispersed to the approved entities and reflects the amount of Federal funds awarded, the purpose of the grant, the terms and conditions of the award, the effective date of the award, and the budget/project period.

Disapproved Applicants

Applicants who received a score less than the recommended funding level for

approval, 65 points, and were deemed to be disapproved by the ORC, will receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC outlining the strengths and weaknesses of their application submitted. The IHS program office will also provide additional contact information as needed to address questions and concerns as well as provide technical assistance if desired.

Approved But Unfunded Applicants

Approved but unfunded applicants that met the minimum score of 65 points and were deemed by the ORC to be "Approved," but were not funded due to lack of funding, will have their applications held by DGM for a period of one year. If additional funding becomes available during the course of FY 2015, the approved but unfunded application may be re-considered by the awarding program office for possible funding. The applicant will also receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC.

Note: Any correspondence other than the official NoA signed by an IHS Grants Management Official announcing to the Project Director that an award has been made to their organization is not an authorization to implement their program on behalf of IHS.

2. Administrative Requirements

Grants are administered in accordance with the following regulations, policies, and OMB cost principles:

- A. The criteria as outlined in this program announcement.
- B. Administrative Regulations for Grants:
 - Uniform Administrative Requirements HHS Awards, located at 45 CFR part 75.
 - C. Grants Policy:
 - HHS Grants Policy Statement, Revised 01/07.
 - D. Cost Principles:
 - Uniform Administrative Requirements for HHS Awards, "Cost Principles," located at 45 CFR part 75, subpart E.
 - E. Audit Requirements:
 - Uniform Administrative Requirements for HHS Awards, "Audit Requirements," located at 45 CFR part 75, subpart F.

3. Indirect Costs

This section applies to all grant recipients that request reimbursement of IDC in their grant application. In accordance with HHS Grants Policy Statement, Part II-27, IHS requires applicants to obtain a current IDC rate agreement prior to award. The rate

agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate covers the applicable grant activities under the current award's budget period. If the current rate is not on file with DGM at the time of award, the IDC portion of the budget will be restricted. The restrictions remain in place until the current rate is provided to DGM.

Generally, IDC rates for IHS grantees are negotiated with the Division of Cost Allocation (DCA) <https://rates.psc.gov/> and the Department of Interior (Interior Business Center) http://www.doi.gov/ibc/services/Indirect_Cost_Services/index.cfm. For questions regarding the indirect cost policy, please call the Grants Management Specialist listed under "Agency Contacts" or the main DGM office at (301) 443-5204.

4. Reporting Requirements

The grantee must submit required reports consistent with the applicable deadlines. Failure to submit required reports within the time allowed may result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: (1) The imposition of special award provisions; and (2) the non-funding or non-award of other eligible projects or activities. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports. Reports must be submitted electronically via GrantSolutions. Personnel responsible for submitting reports will be required to obtain a login and password for GrantSolutions. Please see the Agency contacts list in section VII for the systems contact information.

The reporting requirements for this program are noted below.

A. Progress Reports

Progress reports are required semi-annually/annually through the national MSPI online progress report data portal, within thirty (30) days after the budget period ends. These reports must include a brief comparison of actual accomplishments to the goals established for the reporting period, or, if applicable, provide sound justification for the lack of progress, and other pertinent information as required. A final report must be submitted within

ninety (90) days of expiration of the budget/project period.

B. Financial Reports

Federal Financial Report FFR (SF-425), Cash Transaction Reports are due thirty (30) days after the close of every calendar quarter to the Payment Management Services, HHS at: <http://www.dpm.psc.gov>. It is recommended that the applicant also send a copy of the FFR (SF-425) report to the Grants Management Specialist. Failure to submit timely reports may cause a disruption in timely payments to the organization.

Grantees are responsible and accountable for accurate information being reported on all required reports: The Progress Reports and Federal Financial Report (SF-425).

C. Federal Subaward Reporting System (FSRS)

This award may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 CFR part 170.

The Transparency Act requires OMB to establish a single searchable database, accessible to the public, with information on financial assistance awards made by Federal agencies. The Transparency Act also includes a requirement for recipients of Federal grants to report information about first-tier subawards and executive compensation under Federal assistance awards.

IHS has implemented a Term of Award into all IHS Standard Terms and Conditions, NoAs and funding announcements regarding the FSRS reporting requirement. This IHS Term of Award is applicable to all IHS grant and cooperative agreements issued on or after October 1, 2010, with a \$25,000 subaward obligation dollar threshold met for any specific reporting period. Additionally, all new (discretionary) IHS awards (where the project period is made up of more than one budget period) and where: (1) The project period start date was October 1, 2010 or after and (2) the primary awardee will have a \$25,000 subaward obligation dollar threshold during any specific reporting period will be required to address the FSRS reporting. For the full IHS award term implementing this requirement and additional award applicability information, visit DGM Grants Policy Web site at: https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_policy_topics.

Telecommunication for the hearing impaired is available at: TTY (301) 443-6394.

VIII. Other Information

The Public Health Service strongly encourages all cooperative agreement and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of the facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.

I. Funding Opportunity Description

Statutory Authority

The Indian Health Service (IHS), an agency which is part of the Department of Health and Human Services (HHS), is accepting applications for a five-year funding cycle, to continue the planning,

development, and implementation of the Domestic Violence Prevention Initiative (Short Title: DVPI). This program was first established by the Omnibus Appropriations Act of 2009, Public Law 111–8, 123 Stat. 524, 735, and continued in the annual appropriations acts since that time. This program is authorized under the authority of 25 U.S.C. 13, the Snyder Act, and the Indian Health Care Improvement Act, 25 U.S.C. 1601–1683. The amounts made available for the DVPI shall be allocated at the discretion of the Director, IHS and shall remain available until expended. IHS utilizes a national funding formula developed in consultation with Tribes and the National Tribal Advisory Committee (NTAC) on behavioral health, as well as conferring with urban Indian health programs (UIHPs). The funding formula provides the allocation methodology for each IHS Service Area. This program is described in the Catalog of Federal Domestic Assistance under 93.933.

Background

From August 2010–August 2015, IHS funded 65 IHS, Tribal, Tribal organizations, and UIHPs that participated in a nationally coordinated five-year demonstration pilot project to expand outreach and increase awareness of domestic and sexual violence and provide victim advocacy, intervention, case coordination, policy development, community response teams, and community and school education programs. The DVPI promotes

the development of evidence-based and practice-based models that represent culturally appropriate prevention and treatment approaches to domestic and sexual violence from a community-driven context. For a complete listing of demonstration pilot projects, please visit www.ihs.gov/dvpi/pilotprojects.

Purpose

The primary purpose of this grant program is to accomplish the DVPI goals listed below:

1. Build Tribal, UIHP, and Federal capacity to provide coordinated community responses to American Indian/Alaska Native (AI/AN) victims of domestic and sexual violence.
2. Increase access to domestic and sexual violence prevention, advocacy, crisis intervention, and behavioral health services for AI/AN victims and their families.
3. Promote trauma-informed services for AI/AN victims of domestic and sexual violence and their families.
4. Offer healthcare provider and community education on domestic and sexual violence.
5. Respond to the healthcare needs of AI/AN victims of domestic and sexual violence.
6. Incorporate culturally appropriate practices and/or faith-based services for AI/AN victims of domestic and sexual violence.

To accomplish the DVPI goals, IHS invites applicants to address one of the Purpose Areas below:

- Purpose Area 1: Domestic and Sexual Violence Prevention, Advocacy, and Coordinated Community Responses
- Purpose Area 2: Provide Forensic Healthcare Services

In certain circumstances, applicants may choose to apply for more than one Purpose Area. If this is the case, applicants must submit a *separate application for each Purpose Area*. IHS encourages applicants to develop and submit applications that emphasize cross-system collaboration among the Purpose Areas, the inclusion of family, youth and community resources, and the application of cultural approaches.

Evidence-Based Practices, Practice-Based Evidence, Promising Practices, and Local Efforts

IHS strongly emphasizes the use of data and evidence in policymaking and program development and implementation. Applicants under each Purpose Area must identify one or more evidence-based practice, practice-based evidence, best or promising practice, and/or local effort they plan to implement in the Project Narrative section of their application. The DVPI Web site (<http://www.ihs.gov/dvpi/bestpractices/>) is one resource that applicants may use to find information to build on the foundation of prior domestic and sexual violence prevention and treatment efforts, in order to support the IHS, Tribes, Tribal organizations, and UIHPs in developing and implementing Tribal and/or culturally appropriate domestic and sexual violence prevention and early intervention strategies.

Purpose Areas

Purpose Area 1: Domestic and Sexual Violence Prevention, Advocacy, and Coordinated Community Responses: IHS is seeking applicants to address the following broad objectives:

- Expand crisis intervention, counseling, advocacy, behavioral health, and case management services to victims of domestic and sexual violence;

Limited Competition Justification

There is limited competition under this announcement because the authorizing legislation restricts eligibility to Tribes that meet specific criteria. See the Consolidated Appropriations Act of 2008, Public Law 110–161, 121 Stat. 1844, 2135.

from other IHS service areas. UIHP applicants will be selected from a category set aside for UIHP applicants only. UIHP awards will be \$100,000 each. The amount of funding available for competing and continuation awards issued under this announcement are subject to the availability of appropriations and budgetary priorities of the Agency. IHS is under no obligation to make awards that are selected for funding under this announcement.

The project period is for five years and will run consecutively from September 30, 2015, to September 29, 2020.

Continuation Applications

The current funding announcement is a request for the submission of proposals for a five-year project proposal; however due to the limited amount of funding available for competing and continuation awards issued under this announcement, the funds are subject to the availability of appropriations and budgetary priorities of the Agency (also reference "Estimated Funds Available" in this section, "Award Information"). Therefore, awardees will be required to submit a Continuation Application at the end of each project year (dates to be determined) after the initial funding award for Project Year 1, which will assist in determining continued funding from Project Year to Project Year for the five-year project funding cycle. Awardees will be required to submit an entire application package including all components listed under "Content and Form Application Submission" in the GrantSolutions System to assist in determination of continued funding.

The continuation applications will assist IHS in ensuring that all awardees are meeting their goals and objectives, carrying out project activities, and submitting required documentation in a timely manner according to the terms and conditions of their Notice of Award (NoA) and the behavioral health program requirements.

III. Eligibility Information

1. Eligibility

To be eligible for this "Limited Competition" in an effort to address behavioral health disparities within AI/

AN communities, IHS is limiting eligibility to Federally recognized Tribes, Tribal organizations, and Urban Indian organizations. Eligible applicants are as follows:

- Federally recognized Indian Tribe, as defined by 25 U.S.C. 1603(14);
- Tribal organization, as defined by 25 U.S.C. 1603(26);
- Urban Indian organization as defined by 25 U.S.C. 1603(29). Applicants must provide proof of non-profit status with the application, e.g., 501(c)(3).

Note: Please refer to "Tribal Resolution" subsection and Section IV.2 (Application and Submission Information/Subsection 2, Content and Form of Application Submission) for additional proof of applicant status documents required such as Tribal resolutions, proof of non-profit status, etc.

2. Cost Sharing or Matching

IHS does not require matching funds or cost sharing for grants or cooperative agreements.

3. Other Requirements

a. If application budgets exceed the highest dollar amount outlined under the "Estimated Funds Available" section within this funding announcement, the application will be considered ineligible and will not be reviewed for further consideration. If deemed ineligible, IHS will not return the application. The applicant will be notified by email by the Division of Grants Management (DGM) of this decision.

b. Awardee Meetings

Awardees are required to send the Project Director and/or Project Coordinator (the individual who runs the day-to-day project operations) to an annual DVPI meeting. Participation will be in-person or virtual meetings. The awardee is required to include travel for this purpose in the budget and narrative of the project proposal. At these meetings, awardees will present updates and results of their projects including note of significant or ongoing concerns related to project implementation or management. Federal staff will provide updates and technical assistance to awardees in attendance.

The in-person meeting location(s) will be determined at a later date but for purposes of project budget development, awardees should estimate costs for Denver, CO as a potential site that is accessible to most of "Indian Country." Attendance at these meetings is mandatory for the Project Director/Project Coordinator.

Tribal Resolution

Signed Tribal Resolution—A signed Tribal resolution from each of the Indian Tribes served by the project must accompany the electronic application submission. An Indian Tribe that is proposing a project affecting another Indian Tribe must include resolutions from all affected Tribes to be served. Applications by Tribal organizations will not require a specific Tribal resolution if the current Tribal resolution(s) under which they operate would encompass the proposed grant activities.

Draft Tribal resolutions are acceptable in lieu of an official signed resolution and must be submitted along with the electronic application submission prior to the official application deadline date or prior to the start of the Objective Review Committee (ORC) date. However, an official signed Tribal resolution must be received by DGM prior to the beginning of the objective review. If an official signed resolution is not received by the review date listed under the Key Dates section on page one of this announcement, the application will be considered incomplete and ineligible.

Official signed Tribal resolutions can be mailed to DGM, Attn: Patience Musikikongo, 801 Thompson Avenue, TMP Suite 360, Rockville, Maryland 20852. Applicants submitting Tribal resolutions after or aside from the required online electronic application submission must ensure that the information is received by IHS/DGM. It is highly recommended that the documentation be sent by a delivery method that includes delivery confirmation and tracking. Please contact Ms. Patience Musikikongo by telephone at (301) 443-2059 prior to the review date regarding submission questions.

Proof of Non-Profit Status

Organizations claiming non-profit status must submit proof. A copy of the 501(c)(3) Certificate must be received with the application submission by the application deadline date listed under the Key Dates section on page one of this announcement.

An applicant submitting any of the above additional documentation after the initial application submission due date is required to ensure the information was received by IHS by obtaining documentation confirming delivery (i.e. FedEx tracking, postal return receipt, etc.).

Once the waiver request has been approved, the applicant will receive a confirmation of approval email containing submission instructions and the mailing address to submit the application. A copy of the written approval *must* be submitted along with the hardcopy of the application that is mailed to DGM. Paper applications that are submitted without a copy of the signed waiver from the Acting Director, DGM will not be reviewed or considered for funding. Electronic copies of the application may not be

submitted as attachments to email messages addressed to IHS employees or offices.

If the applicant receives a waiver to submit paper application documents, they must follow the rules and timelines that are noted below. The applicant must seek assistance at least ten (10) days prior to the application deadline date listed in the Key Dates section on page one of this announcement.

Applicants that do not adhere to the timelines for System for Award Management (SAM) and/or <http://www.Grants.gov> registration or that fail to request timely assistance with technical issues will not be considered for a waiver to submit a paper application.

Please be aware of the following:

- Please search for the application package in <http://www.Grants.gov> by entering the CFDA number or the Funding Opportunity Number. Both numbers are located in the header of this announcement.
- If you experience technical challenges while submitting the application electronically, please contact Grants.gov Support directly at: support@grants.gov or (800) 518-4726. Customer Support is available to address questions 24 hours a day, 7 days a week (except on Federal holidays).
- Upon contacting Grants.gov, obtain a tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved and a waiver from the Agency must be obtained.
- If it is determined that a waiver is needed, the applicant must submit a request in writing (emails are acceptable) to GrantsPolicy@ihs.gov with a copy to Tammy.Bagley@ihs.gov. Please include a clear justification for the need to deviate from the standard electronic submission process.
- If the waiver is approved, the application should be sent directly to DGM by the application deadline date listed in the Key Dates section on page one of this announcement.

Neither DGM nor the behavioral health program will notify the applicant that the application has been received.

- Email applications will not be accepted under this announcement.
- IHS will not acknowledge receipt of applications.

Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS)

All IHS applicants and grantee organizations are required to obtain a DUNS number and maintain an active registration in the SAM database. The DUNS number is a unique 9-digit identification number provided by D&B which uniquely identifies each entity. The DUNS number is site specific; therefore, each distinct performance site may be assigned a DUNS number. Obtaining a DUNS number is easy, and there is no charge. To obtain a DUNS number, please access it through <http://fedgov.dnb.com/webform>, or to expedite the process, call (866) 705-5711.

All HHS recipients are required by the Federal Funding Accountability and Transparency Act of 2006, as amended (Transparency Act), to report information on sub-awards. Accordingly, all IHS grantees must notify potential first-tier sub-recipients that no entity may receive a first-tier sub-award unless the entity has provided its DUNS number to the prime grantee organization. This requirement ensures the use of a universal identifier to enhance the quality of information available to the public pursuant to the Transparency Act.

System for Award Management (SAM)

Organizations that are not registered with Central Contractor Registration and have not registered with SAM will need to obtain a DUNS number first and then access the SAM online registration through the SAM home page at <https://www.sam.gov> (U.S. organizations will also need to provide an Employer Identification Number from the Internal Revenue Service that may take an additional 2–5 weeks to become active). Completing and submitting the registration takes approximately one hour to complete and SAM registration will take 3–5 business days to process. Registration with SAM is free of charge. Applicants may register online at <https://www.sam.gov>.

Additional information on implementing the Transparency Act, including the specific requirements for

DUNS and SAM, can be found on the IHS Grants Management, Grants Policy Web site: https://www.ihs.gov/dgm/index.cfm?module=dsp_dgm_policy_topics.

Weights assigned to each section are noted in parentheses. The 20 page narrative should include activities for the proposed one-year project. The statement of need, project narrative, budget and budget narrative sections should be written in a manner that is clear to outside reviewers unfamiliar with prior related activities of the applicant. It should be well organized, succinct, and contain all information necessary for reviewers to understand the project fully. Points will be assigned to each evaluation criteria adding up to a total of 100 points. A minimum score of 65 points is required for funding. Points are assigned as follows:

Section D: Local Data Collection and Program Evaluation (20 Points)

Describe the applicant's plan for gathering local data, submitting data requirements, and document the applicant's ability to ensure accurate data tracking and reporting.

Funded projects are required to coordinate data collection efforts with a regional (IHS Area) evaluator. The regional evaluators will be identified and funded by IHS and coordinated with each local project and will feed the regional and national evaluation for DVPI. Awardees will work with the regional evaluator(s) to evaluate the core processes, outcomes, impacts, and benefits associated with the DVPI. Awardees shall collect local data related to the project and submit it in semi-annual progress reports. The data collected and submitted through the progress reports will be made available to the regional and national evaluator(s) for DVPI. The purpose of the regional and national evaluation is to assess the extent to which the projects are successful in achieving project goals and objectives and to determine the impact of DVPI-related activities on individuals and the larger community.

Progress reporting will be required on national and regionally selected data elements related to program outcomes and financial reporting for all awardees. Progress reports will be collected semi-annually throughout the project on a web-based portal. Progress reports include the compilation of quantitative (numerical) data (e.g., number served; screenings completed, etc.) and of qualitative or narrative (text) data. The regional and national evaluators will also coordinate the narrative data collection and provide an analysis of funded projects' responses to open-ended questions about "program accomplishments," "barriers to implementation," and description of partnership and coalition work.

The reporting portal will be open to project staff on a 24 hour/7 day week basis for the duration of each reporting period. Reporting form formats allow awardees to report outcomes and include open-ended questions about current accomplishments and barriers during the reporting period. In addition, financial report forms (SF-425), which document funds received and expended during the semi-annual reporting period, will be available. All materials will be provided on the portal and are to be submitted online. Technical assistance for web-based data entry and for the completion of required fiscal documents will be timely and readily available to awardees by assigned IHS Project Officers.

2. Review and Selection

Each application will be prescreened by DGM staff for eligibility and completeness as outlined in the funding announcement. Applications that meet the eligibility criteria shall be reviewed for merit by the ORC based on evaluation criteria in this funding announcement. The ORC could be composed of both Tribal, urban and Federal reviewers appointed by the IHS Program to review and make recommendations on these applications. The technical review process ensures selection of quality projects in a national competition for limited funding. Incomplete applications and applications that are non-responsive to the eligibility criteria will not be referred to the ORC. The applicant will be notified via email of this decision by the Grants Management Officer, DGM. Applicants will be notified by DGM, via email, to outline minor missing

components (i.e., budget narratives, audit documentation, key contact form) needed for an otherwise complete application. All missing documents must be sent to DGM on or before the due date listed in the email of notification of missing documents required.

To obtain a minimum score for funding by the ORC, applicants must address all program requirements and provide all required documentation.

VI. Award Administration Information

1. Award Notices

The Notice of Award (NoA) is a legally binding document signed by the Grants Management Officer and serves as the official notification of the grant award. The NoA will be initiated by DGM in our grant system, GrantSolutions (<https://www.grantsolutions.gov>). Each entity that is approved for funding under this announcement will need to request or have a user account in GrantSolutions in order to retrieve their NoA. The NoA is the authorizing document for which funds are dispersed to the approved entities and reflects the amount of Federal funds awarded, the purpose of the grant, the terms and conditions of the award, the effective date of the award, and the budget/project period.

Disapproved Applicants

Applicants who received a score less than the recommended funding level for approval, 65 points, and were deemed to be disapproved by the ORC, will receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC outlining the strengths and weaknesses of their application submitted. The IHS program office will also provide additional contact information as needed to address questions and concerns as well as provide technical assistance if desired.

Approved But Unfunded Applicants

Approved but unfunded applicants that met the minimum score of 65 points and were deemed by the ORC to be "Approved", but were not funded due to lack of funding, will have their applications held by DGM for a period of one year. If additional funding becomes available during the course of FY 2015, the approved but unfunded application may be re-considered by the awarding program office for possible funding. The applicant will also receive an Executive Summary Statement from the IHS program office within 30 days of the conclusion of the ORC.

Note: Any correspondence other than the official NoA signed by an IHS Grants Management Official announcing to the Project Director that an award has been made to their organization is not an authorization to implement their program on behalf of IHS.

2. Administrative Requirements

Grants are administered in accordance with the following regulations, policies, and OMB cost principles:

A. The criteria as outlined in this program announcement.

B. Administrative Regulations for Grants:

- Uniform Administrative Requirements HHS Awards, located at 45 CFR part 75.

C. Grants Policy:

- HHS Grants Policy Statement, Revised 01/07.

D. Cost Principles:

- Uniform Administrative Requirements for HHS Awards, "Cost Principles," located at 45 CFR part 75, subpart E.

E. Audit Requirements:

- Uniform Administrative Requirements for HHS Awards, "Audit Requirements," located at 45 CFR part 75, subpart F.

3. Indirect Costs

This section applies to all grant recipients that request reimbursement of IDC in their grant application. In accordance with HHS Grants Policy Statement, Part II-27, IHS requires applicants to obtain a current IDC rate agreement prior to award. The rate agreement must be prepared in accordance with the applicable cost principles and guidance as provided by the cognizant agency or office. A current rate covers the applicable grant activities under the current award's budget period. If the current rate is not on file with DGM at the time of award, the IDC portion of the budget will be restricted. The restrictions remain in place until the current rate is provided to DGM.

Generally, IDC rates for IHS grantees are negotiated with the Division of Cost Allocation (DCA) <https://rates.psc.gov/> and the Department of Interior (Interior Business Center) http://www.doi.gov/ibc/services/Indirect_Cost_Services/index.cfm. For questions regarding the indirect cost policy, please call the Grants Management Specialist listed under "Agency Contacts" or the main DGM office at (301) 443-5204.

4. Reporting Requirements

The grantee must submit required reports consistent with the applicable deadlines. Failure to submit required reports within the time allowed may

result in suspension or termination of an active grant, withholding of additional awards for the project, or other enforcement actions such as withholding of payments or converting to the reimbursement method of payment. Continued failure to submit required reports may result in one or both of the following: 1) the imposition of special award provisions; and 2) the non-funding or non-award of other eligible projects or activities. This requirement applies whether the delinquency is attributable to the failure of the grantee organization or the individual responsible for preparation of the reports. Reports must be submitted electronically via GrantSolutions. Personnel responsible for submitting reports will be required to obtain a login and password for GrantSolutions. Please see the Agency contacts list in section VII for the systems contact information.

The reporting requirements for this program are noted below.

A. Progress Reports

Progress reports are required annually through the national DVPI online progress report data portal, within thirty (30) days after the budget period ends. These reports must include a brief comparison of actual accomplishments to the goals established for the reporting period, or, if applicable, provide sound justification for the lack of progress, and other pertinent information as required. A final report must be submitted within ninety (90) days of expiration of the budget/project period.

B. Financial Reports

Federal Financial Report FFR (SF-425), Cash Transaction Reports are due thirty (30) days after the close of every calendar quarter to the Payment Management Services, HHS at: <http://www.dpm.psc.gov>. It is recommended that the applicant also send a copy of the FFR (SF-425) report to the Grants Management Specialist. Failure to submit timely reports may cause a disruption in timely payments to the organization.

Grantees are responsible and accountable for accurate information being reported on all required reports: the Progress Reports and Federal Financial Report (SF-425).

C. Federal Sub-Award Reporting System (FSRS)

This award may be subject to the Transparency Act sub-award and executive compensation reporting requirements of 2 CFR part 170.

The Transparency Act requires OMB to establish a single searchable database,

DEPARTMENT OF HEALTH & HUMAN SERVICES

Indian Health Service
Rockville MD 20852

JUN 22 2015

Dear Tribal Leader:

On February 6, the Indian Health Service (IHS) sent a letter to Tribal Leaders requesting tribal input on the next phase of the Methamphetamine and Suicide Prevention Initiative (MSPI) and the Domestic Violence Prevention Initiative (DVPI), a five-year competitive award cycle set to begin after the completion of the demonstration project phase. I am writing to provide you with an update on how the IHS will move forward with MSPI and DVPI over the next five years.

National Funding Distribution Formula

Based on the majority of feedback received in response to the February 6 letter and other opportunities for consultation, IHS will continue to use the current national funding distribution formula to allocate funding for both MSPI and DVPI among the IHS Areas. This formula was originally developed in consultation with Tribes and the IHS National Tribal Advisory Committee (NTAC) on Behavioral Health with the goal of concentrating the limited MSPI and DVPI funding in locations with the greatest need. The MSPI and DVPI national funding distribution formula is based on population, poverty, and disease burden.

Overall Funding Amounts

The DVPI funding for Fiscal Year (FY) 2015 will remain at the same level as FY 2014 for all IHS Areas. An additional amount of \$600,000 will be allocated for Urban Indian Health Program (UIHP) DVPI projects. This allocation supports the NTAC recommendation to restore the UIHP DVPI grants without reducing funding to other DVPI programs. Previously, in FY 2010–2012, DVPI funded Urban Indian Health Program (UIHP) grantees in the amount of \$524,000.

In FY 2015, IHS will adopt the NTAC recommendations to provide additional guidance and support for MSPI projects and improved support for local evaluation, since community-level program information can promote sustainability. This support will take the form of regional representatives in at least seven IHS Area Offices with the largest numbers of funded projects to provide consistent guidance and administration. Regional evaluators will provide technical assistance on data collection and program evaluation to all 12 IHS Areas.

With this new evaluation resource, individual projects will not be required to set aside up to 20 percent of their budget for local evaluation. Instead, the regional evaluators will work with funded projects to ensure efforts are coordinated to demonstrate the impact locally, regionally and nationally, supporting evidence that program efforts are making an impact within the community. To support these resources, MSPI funding available for project awards will be reduced from \$13,100,000 for IHS and Tribal projects and \$1,188,000 for UIHPs to \$12,500,000 for IHS and Tribal projects and \$1,000,000 for UIHPs in FY 2015.

In addition, the February 6 letter requested feedback on varying award amounts versus using a standardized award amount. In response to feedback favoring the variable amounts, IHS will award varying amounts ranging from \$50,000 to no more than \$300,000.

Funding Mechanism

The distribution of funds for MSPI and DVPI projects has previously involved a number of different funding mechanisms. In order to provide consistency and prevent confusion in the new funding cycle, IHS will fund all MSPI and DVPI projects through a grant mechanism for Tribal and UIHP MSPI and DVPI awardees. The new MSPI/DVPI grant program will prevent confusion regarding the allowable costs, including indirect costs, to be included in the budget, a standard requirement for all federal financial assistance. IHS facilities will continue to receive funding through program awards.

Eligibility and Selection Criteria

In the demonstration project phase, MSPI and DVPI project sites included Tribes, IHS facilities, Area Offices, Tribal organizations, Indian health boards, Youth Regional Treatment Centers (YRTCs), and UIHPs. The variety of types of awardees was due to the original manner in which the MSPI and DVPI recipients were selected based in part on input gathered from Tribes in each IHS Area. Recommendations on eligibility received following the February 6 letter varied greatly, and there was no consensus recommendation. The IHS has determined that eligibility for the new MSPI/DVPI award cycle will be limited to federally recognized Tribes, IHS facilities, Tribal organizations, YRTCs, and UIHPs. The selection criteria will be standardized across all IHS Areas and applicants will not compete for funding with applicants from other IHS Areas. Selection criteria will be based on the following factors:

1. Statement of Need – 35 points
2. Proposed Approach/Project Plan – 20 points
3. Organizational Capacity – 15 points
4. Plan for Collecting Local Data – 20 points
5. Budget and Justification – 10 points

The highest amount of points for MSPI and DVPI applications will be given in the category of “Statement of Need.” Given the limited amount of funding for MSPI and DVPI, IHS requested input on how to determine greatest need among applicants. The majority of responses were in favor of using community data to demonstrate level of need.

I am aware of the challenges many AI/AN communities face surrounding data being readily available to demonstrate the level of need. In light of the consultation feedback and in consideration of the challenges around available data, IHS will accept data sources such as IHS Trends in Indian Health, epidemiological data from Tribal Epidemiology Centers and IHS Area Offices or Service Units, State data, or national data (e.g., the Substance Abuse and Mental Health Services Administration’s National Survey on Drug Use and Health, National Center for Health Statistics, Centers for Disease Control and Prevention reports, and U.S. Census data). This list is not comprehensive, and applicants may submit other data, as appropriate to their program.

Program Components and Reporting Requirements

The IHS plans to allow funding for four purpose areas in MSPI and two purpose areas in DVPI. Reporting requirements will move to an annual report and will be according to the purpose area selected in the application. In certain circumstances, eligible applicants may wish to apply to more than one purpose area.

The MSPI, purpose areas are:

- 1) Purpose Area 1: Conduct community and organizational needs assessments to develop a strategic plan and data sharing system
- 2) Purpose Area 2: Provide suicide prevention, intervention, and postvention services
- 3) Purpose Area 3: Provide methamphetamine prevention, treatment, and aftercare services
- 4) Purpose Area 4: Provide youth interventions and positive development activities to support the Generation Indigenous Initiative

The DVPI purpose areas are:

- 1) Purpose Area 1: Provide domestic and sexual violence prevention, advocacy, and coordinated community response activities
- 2) Purpose Area 2: Provide forensic healthcare treatment services for victims of domestic and sexual violence

The IHS anticipates the announcement requesting new applications for FY 2015 to be published in a Federal Register notice on or around June 26. Applications will be due 60 days after the Federal Register notice is issued. For additional information, please visit our websites at www.ihs.gov/mspi or www.ihs.gov/dvpi. If you have any questions, please contact Dr. Beverly Cotton, Director, IHS Division of Behavioral Health, by e-mail at beverly.cotton@ihs.gov or by telephone at (301) 443-2038. /Robert G. McSwain/
