Dear Honorable Council Delegates:

On behalf of Diné College, I would like to thank you for your continued support and commitment to help our college succeed. As you made the necessary decisions to keep our nation moving forward, we recognize the charge Council has to ensure the nations college is advancing toward success.

As the first tribally controlled college, we stand to give our students the same tools and training needed to move forward. We may not know the future, but we can prepare our students to take it head-on with knowledge, courage, and an understanding of who they are. With that we present our support of the Diné College Establishment Charter legislation 0012-21 to renew and modernize necessary aspects of the Charter to meet the needs of a four-year higher education institution.

We look forward to your having your support of legislation 0012-21. If you have any questions, please contact my office at 928-724-6669 or by email at officeofthepresident@dinecollege.edu.

Sincerely,

Dr. Charles "Monty" Roessel,
Diné College President

Legislative No: 0012-21

Dear Honorable Delegates,

The Legislative No: 0012-21 is troubling to see how the Dine College Board is initiating and changing their responsibilities under the Charter of Dine College. The amendment calls for transparency and moral ethics and to be conscious of the Dine College's mission statement.

I found it troubling how this legislative 0012-21 has never been shared with Dine College faculty and staff nor the community members like myself, of course, many others. How is this transparency and morally ethical and at the same time acknowledging the College Mission Statement? I know this legislation that I mentioned is not the best for the well being of the Navajo people.

It seems the best well being is for the Dine College Board/Regents where they are getting sneaky in changing their ROLE to the full authority where they are VESTED with all POWERS. This game-changer they are playing is wrong. We the Navajo people vested in full faith in our Navajo Nation Delegates and President of the Navajo Nation. We asked our honorable Delegate leaders to vote this legislative down.

The legislative 0012-21 is calling transparency (page 7) yet never shared with appropriate stakeholders, which tells us that this legislation is very troubling. The troubling part is that Dine College Board wants total control of the institution and even the money that the College will draw in. When a Board decides to control the money it is a troubling system. That is when POWER comes in. Uses the money and power to run the College. Even the president of the Navajo Nation has not much to say in this amendment where the president of the Navajo Nation only RECOMMENDS appointment for the Dine College Board. Any new board is recommended by the President to the Board of Regents (page 8) is wrong. This a red flag and there are many red flags in this legislative. For example, the Board can terminate a Board with a 2/3 vote. So if a Board has a moral obligation but not in tune with the majority of the other Board members, this Board with moral ethics can be voted out. The red flags signal that the Board is given too much Power. For Example Ex officio Board members "will not represent or give the impression that they have the authority ...unless expressly given such authority by the Board" (page 8). "At the request of the Board of Regents through a resolution, the Present of the Navajo Nation may appoint as a Board of Regent member ... Special Interest member" (page 9). "Special Interest member but only upon the Board's request..." (page 9).

The Board wants to include the Faculty Association President, yet restrict Faculty Association President (FAP) as a Designated Member. The faculty/staff association president the "Board shall delineate by resolution the specific restrictions and authority of each Designated member" (page 10). No conflict with College President and Executive Management is troubling too. Since the President of the College works at the pleasure of the Board, it seems like the College President will just follow orders from the Board, thus the College President will totally control the College especially if the College President and the Board Chairperson have a personal agenda for themselves. There will be no transparency. I understand Higher Education is about Shared Governance, it is troubling this legislation has no Shared Governance.

These are many red flags in the legislation 0012-21, especially if the Board can borrow money up to 50,000,000.

Wait, Ethical and Transparency, Officers of Dine College (College President) must have "good moral and ethical character and as demonstrated by a background clearance" (page 18). If you keep up Navajo Nation news such as Dine College's operation I wonder if this was followed.

The current Title 10 for Dine College, I am wondering how many Boards are over their limited terms. If there are some over their limit terms, it makes sense all about this legislation 0012-21.

Sincerely

	Legislative Title	An Act Relating to Health, Education and Human Services, Law and Order, Budget and Finance and Naabik'iyáti' Committees and the Navajo Nation Council; Amending the Charter of Diné College, 10 N.N.C. §§ 2001 – 2023
	Legislative Description	This resolution, if adopted, would amend the Charter of Diné College, 10 N.N.C. §§ 2001 - 2023.
	OLC Number	20-326-01

TO WHOM IT MAY CONCERN:

Thank you for the opportunity to comment on proposed resolution titled the “An Act Relating to Health, Education and Human Services, Law and Order, Budget and Finance and Naabik'iyáti' Committees and the Navajo Nation Council; Amending the Charter of Diné College, 10 N.N.C. §§ 2001 – 2023”.

Nahashch'idí déę naashá. My educational credentials are, I am working toward completing my doctorate degree in Natural Resources. I have been employed in various capacities since High School. I have amassed much knowledge, western and traditional, in these capacities starting out as an intern in the local clinic back in the 70s. Based on my education and work experience I am highly qualified in submitting my public comment for the Legislation noted above.

Legislation Number 0012-21 is proposing an increase in borrowing funds from \$2 million to \$50 million (Legislative Number 0012-21, line 18, pg 2). This increased amount is not substantially defensible from the document submitted by the college. Increasing to \$50 million is a 2,400% increase which is outrageous for a small rural tribal college!

$$\text{Percent change} = \frac{\text{New} - \text{Old}}{\text{Old}} \times 100$$

$$\text{Percent change} = \frac{50000000 - 2000000}{2000000} \times 100 = 2400$$

The justification for the new amount of \$50 million is compellingly lacking, highly unsubstantiated, and therefore, not warranted. The proposal does not cite the reason(s) for the increased amount. Nor does it explain what “...the best interest of the Navajo Nation.... “ means or describes (Legislative Number 0012-21, line 20, pg 2).

There is no data nor documentation regarding the success rate of students, namely, how many graduated and transferred to other colleges or universities with baccalaureate degree programs; how many graduates of the baccalaureate degree programs offered by Dine College are currently

gainfully employed; are certification or degree graduates employed on the Navajo Nation; and other relevant data. This data is missing. Was a feasibility study conducted? How was the number \$50 million selected? How much of this number, ratio, will be directly for students? Is this number for administrative use? These are only a few questions I have, there are more questions. In terms of economic and social development for the Navajo Nation, there is no information offered. How does the college integrate its graduates into these types of programs? As a graduate and returning to the Navajo Nation, I could not find housing. How is the college handling housing needs for graduates gainfully employed by the Navajo Nation? When I returned to the Navajo Nation to work, I commuted for every job I had.

The Board of Regents has not adhered its own rules, regulations, standards, or guidelines. There are board members who've served on the board longer than the limit allowed. To be candid, they've become a vestige with little contribution that would come from newer members. This is perilous for an organization because it invites insincerity in the name of "providing educational opportunities to the Navajo people and others in the areas." This group of board members are the same members who've produced the proposed resolution. In this respect, "...enable Dine College to pursue opportunities in the private sector and participate in public-private partnerships and alliances with other businesses, colleges, and universities." is disturbing to read because the proposed resolution has been created by a vestige of board membership whose integrity is questionable.

The clause "...officers of the college must have good moral and ethical character as demonstrated by a background clearance revealing no felony convictions or acts of dishonesty or moral turpitude with the five (5) years preceding the date of appointment." is not revealed in background clearances if it does not make it to the court system. However, when I read the local newspapers or hear on KTNN about dishonesty and morals, questions start formulating about the character of the person/employee/board member. The college's inception since 1968, how many Native American faculty members are on staff? How many Native American professionals are on staff? In over 50 years of existence, why are Native American employees (faculty & professionals) not the majority. In over 50 years of existence, why has the college suddenly submitted a proposed resolution on a Friday with very few days allowed for public comment?

Did the college inform the college employees? Was there a meeting held informing of the \$50 million loan increase? How was this amount communicated with the Navajo Nation, communities, chapters, etc.? Where is the documentation for the amount? Has student enrollment increased substantially to justify the amount? Was the student community informed? Many more questions need to be answered before the proposed resolution is voted on,

Please take my comment into consideration when deciding on the proposed resolution for increase in funds.

Thank you,

Juanita Francis

Dear Honorable Delegates,

Here are my comments:

1. I agree that the Board of Regents are to serve the best interests of the Navajo Nation. On page 8, under C. Composition - Why are the current member of the Navajo Nation Council and the Navajo Nation Superintendent of School serving as a Board of Regent members? There appears to be a serious conflict of interest. Even though they are listed as Ex-Officio, they will still have conflicts and influence. Does this mean the current member of the Navajo Nation Council will serve forever? **I recommend they be deleted and keep the other members.**
2. I like the Board of Regent requirements listed on page 11.
3. On Page 18, 2006. Officers of Dine College: Why is a Board of Regent Liaison position necessary? Is this a micromanagement tool for the Board? It appears that the Board is not trusting the College President. **I recommend to delete the Board of Regent Liaison.**
4. On Page 14, Number 7 states "to establish an institutional review board". **Questions: Is this approved by the Navajo Nation Institutional Review Board Policies? Currently, all human subjects research goes through the Navajo Nation Institutional Review Board. There is a member from Dine College who sits on this IRB board. Will there be a conflict or is there a conflict of interest already? Is research to be conducted for human subjects only? This section is too general, needs further clarification.**

Thank you,

Joe Begay
