Re: Supplemental Information Supporting Request by the Four Corners Regional Health Center for Designation as a Navajo "Tribal Organization" Authorized to Contract with the United States, through the Indian Health Service, for Programs, Functions, Services, and Activities under the Indian Self-Determination and Education Assistance Act

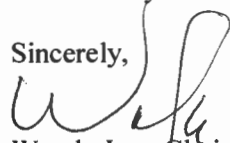

Dear Mr. McCool:

As you may recall, the Four Corners Regional Health Center ("Four Corners") submitted its "Proposal to Obtain Navajo Nation Tribal Designation for the Purpose of Contracting Under the Indian Self-Determination and Education Assistance Act, P.L. 93-638" (the "Proposal") on December 27, 2017. Upon review of the Proposal, you requested additional information, including the Four Corners incorporation documents, its Certificate of Good Standing with the Navajo Nation Business Regulatory Department, information about its Directors, a description and photographs of the healthcare facility to be operated by Four Corners, information regarding the services provided and to be provided, identification of the Chapters in the primary service area, and budgetary and staffing information.

The attached packet of Supplemental Information to the December 27, 2017 Proposal addresses all of the topics that you identified. We trust that this information is sufficient for the Navajo Nation Council to begin its consideration of our Proposal and to process our proposed resolution (as your Office may modify it) in conformity with Navajo law. Our proposed resolution is included as Appendix B with the Supplemental Information. As you will note, Four Corners seeks approval as a "tribal organization" for an initial term of 15 years, effective as of the date of approval of the resolution by the Navajo Nation Council.

If any additional information or clarification is desired, please do not hesitate to contact me. Thank you for your continued consideration.

Sincerely,

Woody Lee, Chairman
Board of Directors

The FCRHC Board of Directors would like to expand the services offered at the FCRHC facility to include:

- Expanded hours of operation for the Pharmacy
- Expanded hours of operation for the Urgent Care
- Expanded Emergency Care services
- Inpatient services

Chapters Served

The Four Corners Regional Health Center primarily serves the Navajo Nation Chapters of Aneth, Mexican Water, Red Mesa, Teec Nos Pos, and Tolikan (Sweetwater). According to the Indian Health Service website, the facility provides care for approximately 7,000 Native Americans. (U.S. Department of Health and Human Services, Indian Health Service, n.d.)

The Chapters in the Service Area have all passed resolutions⁴ supporting the effort of the Four Corners Regional Health Center Board of Directors to form a corporation, seek technical assistance and pre-award funding, and obtain tribal organization status from the Navajo Nation Council, through the Naa'bik'iyati Committee pursuant to its delegated authority, for purposes of contracting under the Indian Self-Determination and Education Assistance Act, P.L. 93-638.⁵

Proposed Staffing Levels

The IHS is required by federal regulations to provide to tribes and designated tribal organizations technical assistance, including detailed staffing, budgetary and other information, upon the request of a tribe or tribal organization seeking to contract

⁴ Resolution of the Mexican Water Chapter (July 10, 2017); Resolution of the Aneth Chapter (September 17, 2017); Resolution of the Red Mesa Chapter (September 18, 2017); Resolution of the Teec Nos Pos Chapter (November 5, 2017); Resolution of the Tolikan Chapter (December 10, 2017)

⁵ See the December 27, 2017 Proposal to Obtain Navajo Nation Tribal Designation for the Purposes of Contracting Under the Indian Self-Determination and Education Assistance Act, P.L. 93-638, pages 5-12; Appendix C (proposed Resolution of the Naa'bik'iyati Committee, with attached Chapter and Agency Council resolutions).

programs, services, functions, and activities ("PSFAs") being performed by the IHS. *See, e.g.*, 25 C.F.R. §§ 900.7, 900.11, 900.28. The newly incorporated Four Corners Regional Health Center ("Four Corners") is seeking to become a designated Navajo "tribal organization." However, because that designation has not yet been conferred by the Navajo Nation Council, Four Corners has not yet had the ability to demand such technical assistance. Four Corners therefore reports in this section (and in the following section regarding budgets) publicly available information, recognizing that the such information is often general and aggregated with information about other IHS facilities.

The most recent information available to Four Corners regarding staffing is from 2016. In early 2016, Four Corners was authorized to have 242 positions. This represents IHS's position on the appropriate staffing of the facility. Of those authorized positions, 143 were filled and 99 were vacant. Until negotiations begin and technical assistance is demanded and provided, Four Corners will lack specific information on the types of positions authorized, filled and presently vacant. Upon such designation by the Navajo Nation Council, Four Corners will promptly make a demand for all staffing information relative to the facility.

Four Corners is proceeding on the assumption that it will initially operate the facility with the full complement of 242 positions, but will, consistent with good healthcare management, periodically reevaluate staffing at the facility to optimize services to the Four Corner patient population. If any of the authorized 242 positions remain unfilled at the time IHS approves the Self-Determination contract with Four Corners, Four Corners will continue to seek to attract, recruit and hire the appropriate people.

Proposed Budget

As noted in the preceding section, after the Navajo Nation Council designates Four Corners as a Navajo "tribal organization" authorized to contract under the Indian Self-Determination and Education Assistance Act ("ISDEAA"), it will be able to seek and obtain technical assistance from the IHS to assist Four Corners in negotiating the Self-Determination contract. The budget negotiations will clearly be a most central topic in those negotiations. Notably, Four Corners may obtain a grant from IHS or seek reimbursement from IHS for its pre-award costs for obtaining technical assistance pursuant to 25 C.F.R. § 900.7.

Publicly available information from the IHS regarding its expenditures are aggregated. Appendix D is the IHS's Fiscal Year 2018 "Justification of Estimates for Appropriations Committees." As the reader will note, these budget justifications are remarkably general, and budgets are reflected at the Navajo Nation level, and not for any particular facility. Such budget justifications must also be viewed with some skepticism, because Congress, in its recent appropriations act, rejected the budget proposals from the Administration and significantly increased the funding for such agencies as the Indian Health Service.

FOUR CORNERS REGIONAL HEALTH CENTER

6 MILES WEST 5054, SWEETWATER, AZ 86514 | PHONE: (928) 349.6452

Four Corners intends to engage national experts to assist it with obtaining appropriate technical assistance and evaluating the budget (and staffing) information provided by IHS in response to Four Corners' request for technical assistance. Budget negotiations will necessarily include funding for direct costs but also for Contract Support Costs, including IHS Area and Headquarters shares. Advisors to Four Corners have extensive, and often groundbreaking experience in these complex matters.⁶

PROPOSED LEGISLATION
OF THE NAA'BIK'IYATI' COMMITTEE
OF THE NAVAJO NATION COUNCIL

23rd NAVAJO NATION COUNCIL – Third Year, 2017

INTRODUCED BY:

TRACKING NO. _____

**AN ACTION RELATING TO THE HEALTH, EDUCATION, AND HUMAN SERVICES AND
NAA'BIK'IYATI' COMMITTEES: DESIGNATING THE FOUR CORNERS REGIONAL HEALTH
CENTER, INC. (THE "CORPORATION") AS A NAVAJO NATION "TRIBAL ORGANIZATION" FOR
PURPOSES OF CONTRACTING WITH THE UNITED STATES AND SUPPORTING THE
CORPORATION'S INITIATIVE TO APPLY FOR, NEGOTIATE, AND CONSUMMATE A CONTRACT
UNDER THE INDIAN SELF-DETERMINATION AND EDUCATION ASSISTANCE ACT FOR THE
PURPOSE OF UNDERTAKING ALL CONTRACTIBLE MANAGEMENT AND OPERATIONAL
FUNCTIONS PRESENTLY BEING HANDLED BY THE UNITED STATES DEPARTMENT OF HEALTH
AND HUMAN SERVICES AT THE EXISTING FOUR CORNERS REGIONAL HEALTH CENTER FOR
THE PURPOSE OF IMPROVING THE QUALITY AND BREADTH OF MEDICAL SERVICES FOR THE
NAVAJO PEOPLE THROUGH LOCAL SELF-DETERMINATION**

AUTHORITIES

1. The Health, Education, and Human Services Committee of the Navajo Nation Council has the authority to "review and recommend . . . [t]he authorization and designation of a for-profit or non-profit health or social services organization as a tribal organization for purpose of contracting or compacting under the Indian Self-Determination and Education Assistance Act." 2 N.N.C. 401(B)(6)(e).
2. The Naa'bik' iyati' Committee of the Navajo Nation Council has the authority to "authorize, review, approve and accept any and all contracts, grants, and associated budgets with the United States, its departments and agencies for the implementation of the Indian Self-Determination and Education Assistance Act ("ISDEAA"), as amended, upon the recommendation of the standing committee which has oversight of the division, department or program applying for the contract and/or grant, 2 N.N.C. 701(A)(12); *see also* Navajo Nation Council Resolution No. CJY-33-10 (July 26, 2010), paragraph 4 (delegating to the former Intergovernmental Relations Committee [the "IGR"] "the authority to approval of additional tribal organization's participation in Title V" of the ISDEAA); Navajo Nation Council Resolution No. CAP-10-11 (Apr. 21, 2011), Section 5(A) (prior references to the IGR "shall mean the Naa'bik' iyati' Committee").

FINDINGS:

1. Pursuant to Navajo Nation Council Resolution CJA-06-00 (Jan. 27, 2000), the Navajo Nation Council expressed a clear policy supporting local self-determination in the area

of health care, directed the establishment of the Navajo Health Care System Corporation ("NHCSC") to assist local entities in assuming the responsibility for assuming operational and management authority over health care, and directed the NHCSC to "assist with the development of an Indian Self-Determination Act contract plan for the Navajo Nation" for the express purpose of managing and improving health care delivery services to the Navajo People through local governance of health services.

2. Respected leaders selected by the Chapters served by the Four Corners Regional Health Center (the "Center") have been acting as the advisory Board of Directors for the federal Indian Health Service ("IHS") to assist in the management and governance of the Center and other respected local leaders have considered options to improve the quality and breadth of healthcare services for the citizens of these Chapters.
3. Those leaders have collectively determined that the quality and breadth of healthcare services for the people served by the Center would be enhanced by the assumption of management and operational authority of the Center by a Navajo-managed corporation exercising local governance and self-determination under the Indian Self-Determination and Education Assistance Act ("ISDEAA"), P.L. 93-638, as amended, in conformity with the policy established by the Navajo Nation Council.
4. Such leaders have therefore incorporated the Four Corners Regional Health Center, Inc. (the "Corporation") for purposes of contracting under the ISDEAA with the Secretary of the Department of Health and Human Services ("HHS") or his or her authorized delegate, and, as representatives of the Corporation, have requested that the Navajo Nation Council, through its Health, Education and Human Services Committee and by the Naa'bik'iyati' Committee under its delegated authority, designate the Corporation as a "tribal organization" as provided in the ISDEAA, 25 U.S.C. § 450b(1), and to support the Corporation's initiative to apply for, negotiate, and consummate a contract under the ISDEAA for the purpose of undertaking all contractible management and operational functions presently being handled by HHS through the Indian Health Service ("IHS") at the Four Corners Regional Health Center.
5. All Chapters served by the Center and the Northern Navajo Agency Council have expressed their support for such initiative as shown by the resolutions attached hereto as a Composite Exhibit "A."

BE IT ENACTED:

The Naa'bik'iyati' Committee of the Navajo Nation Council hereby designates the Four Corners Regional Health Center as a Navajo Nation "tribal organization" under 25 U.S.C. § 450b(1) for an initial term of fifteen (15) years beginning effective the date of this Resolution, and supports the Corporation's initiative to apply for, negotiate, and consummate a contract under the ISDEAA for the purpose of undertaking all contractible management and operational functions presently being handled by IHS at the existing Four Corners Regional Health Center, for the principal purpose of improving the quality and expanding the breadth of medical services for the Navajo people served by the Center and exercising local Navajo self-determination and governance.

CERTIFICATION

I hereby certify that the foregoing resolution was duly considered by the Naa'bik'iyati' Committee of the Navajo Nation Council at a duly called meeting held at Window Rock, Navajo Nation (Arizona) at which a quorum was present and the same was passed by a vote of __ in favor, __ opposed, this __ day of _____, 2018.

BUDGET REQUEST

The FY 2018 budget submission for the TECs under Hospitals and Health Clinics is \$4,433,361, which is the same as the FY 2017 Annualized Continuing Resolution (CR) level. Current funding, an average of \$341,000 per TEC, covers the salaries of a Director, one full-time Epidemiologist, administrative assistance/support, and the execution of one or two pressing disparity projects or tribal priorities. The table below identifies the twelve TECs and their respective locations.

Tribal Epidemiology Centers and Locations		
1	Alaska Native Tribal Health Consortium	Anchorage, AK
2	Albuquerque American Indian Health Board	Albuquerque, NM
3	Great Lakes Inter-Tribal Council	Lac du Flambeau, WI
4	Inter-Tribal Council of Arizona	Phoenix, AZ
5	Montana/Wyoming Tribal Leaders Council	Billings, MT
6	Navajo Nation Division of Health	Window Rock, AZ

GRANTS AWARDS

The purpose of the 5 grant awards is to support the Dental Preventive and Clinical Support Centers program (aka Dental Support Centers or DSCs). The 5 DSCs combine IHS and Tribal resources and infrastructure in order to address broad challenges and opportunities associated with preventive and clinical dental programs. Centers also rigorously measure and evaluate their work with the goal of demonstrably improving dental health outcomes through the technical assistance and services they provide. Centers may work simultaneously to improve many different dental programs in a region, providing support, guidance, training, and enhancement to these programs, which then provide services to patients.

In its 2013 report, the GAO recommended the PRC program modify the IHS GPRA measure on the timeframe for payment of referrals to track results for IHS authorized referrals and patient self-referrals separately. In the FY 2018 Budget, IHS is adopting the GAO recommendation in recognition of the differences in payment processes for these two types of referrals. The two new measures track IHS authorized referrals¹⁰ and establish a timeframe for payment and track patient self-referrals¹¹ and establish a separate target timeframe for authorization and payment of referrals. FY 2017 results from the two new measures will be reported to better assess the timeliness of provider payments, ensure continued access to care and program quality in monitoring timely payment to external providers and reinforce partnerships.

¹⁰ As defined by the GAO, IHS referrals are "cases in which an IHS-funded provider refers a patient for care to an external provider."

¹¹ As defined by the GAO, self-referrals are "typically emergency situations where the patient receives services from external providers without first obtaining a referral from an IHS-funded provider."

- Continuing vital investments to enhance the IHS' capacity for providing comprehensive oversight and accountability in key administrative areas such as: human resources, property, acquisition, financial management, information technology, and program and personnel performance management.
- Improving responsiveness to external authorities such as Congress, the General Accountability Office (GAO), and the Office of Inspector General (OIG); and addressing Congressional oversight and reports issued by the GAO and the OIG to make improvements in management of IHS programs, such as the Purchased/Referred Care (PRC) program.
- Addressing requirements for national initiatives associated with privacy requirements, facilities, and personnel security.
- Continuing analysis and settlement of Tribal contracting and compacting Contract Support Costs claims and maintaining policies and procedures to accurately determine CSC needs in the future.

Navajo Nation Conditions for Health Care Self-Governance Tribal Organizations

The conditions set forth below are intended to be ongoing. Full compliance with the conditions set forth below is a pre-requisite for continuing authorization from the Navajo Nation for participation in Title V, The Indian Self-Determination Act (P.L. 93-638, as amended), Self-Governance. Notwithstanding the above, the Navajo Nation and the Health Care Self-Governance Tribal Organizations shall cooperate under the principles of *Ke'* to ensure that the health care needs of all Navajo citizens are fully met.

1. The Health Care Self-Governance Tribal Organization must qualify as a participant under the Indian Self-Determination Act (P.L. 93-638, as amended) by:
 - (A) completing, to the satisfaction of the Navajo Nation Council, a planning phase as described under the Act and which includes:
 - (1) legal and budgetary research; and
 - (2) internal tribal government planning and organizational preparation relating to the administration of health care programs.
 - (B) requesting participation in Title V, Self-Governance, by resolution by the governing body of the Navajo Nation; and
 - (C) demonstrating financial stability and financial management capability for the 3 fiscal years immediately preceding the application for Title V, Self-Governance.
2. The Health Care Self-Governance Tribal Organization shall maintain its eligibility for third party payments under the Centers for Medicare and Medicaid Services (CMS).
3. The Health Care Self-Governance Tribal Organization shall maintain continued accreditation by a nationally recognized accreditation program.
4. The Health Care Self-Governance Tribal Organization shall operate and administer their Self-Governance Compact programs under the oversight of the Health and Social Services Committee and pursuant to the authority of the Navajo Nation. The Health Care Self-Governance Tribal Organization shall appear before and report to the Health and Social Services Committee and the Navajo Nation Council when requested to do so.
5. The Health Care Self-Governance Tribal Organization shall maintain compliance with all monitoring and reporting requirements duly established by the Health and Social Services Committee, including:

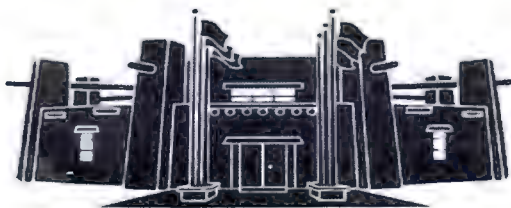

(A) The Health Care Self-Governance Tribal Organization shall submit copies of all final Federal Single Audit Act audit reports, including Audited Financial Statements, and final survey reports issued by its nationally recognized accreditation organization(s) and all associated corrective action plans to the Health and Social Services Committee with copies to the Navajo Nation Division of Health.

(B) The Health Care Self-Governance Tribal Organization shall provide copies of the Self-Governance Compact and all Annual Funding Agreements to the Navajo Nation Division of Health.

(C) The Health Care Self-Governance Tribal Organization shall provide copies of its Annual Report to the Health and Social Services Committee with copies to the Navajo Nation Division of Health. The format, criteria, and due date of the Annual Report shall be determined by the Health and Social Services Committee.

6. The Health Care Self-Governance Tribal Organization shall maintain continued compliance with all applicable Navajo Nation laws and regulations, including, but not limited to, the Navajo Preference in Employment Act.
7. The Health Care Self-Governance Tribal Organization shall maintain compliance with all applicable Navajo Nation health care policies and priorities duly adopted by the Health and Social Services Committee.
8. The Health Care Self-Governance Tribal Organization will consult and cooperate with the Navajo Nation Division of Health concerning the public health needs and programs of the Navajo Nation.
9. The Health Care Self-Governance Tribal Organizations and Navajo Nation Division of Health shall timely develop an on-going written policy for consultation on matters of public health and have such policy approved by the Health and Social Services Committee.
10. The Health Care Self-Governance Tribal Organizations and Navajo Nation Division of Health and Navajo Nation Department of Emergency Medical Service shall enter Memorandum of Understandings for the Navajo Nation's use and occupancy of Health Care Self-Governance Tribal Organization facilities as long as such use and occupancy does not interfere with direct care services.

11. The Health Care Self-Governance Tribal Organization in its dealings with the federal and state government, be it lobbying, advocacy, litigation, or negotiating efforts, shall only take positions or make arguments consistent with official published Navajo Nation positions.
12. The Health Care Self-Governance Tribal Organization shall not directly charge any tribal member for health care services nor charge the Navajo Nation Employee Benefit Plan or Workers Compensation Plan for health care services provided to a covered tribal member unless the Indian Health Service would be able to charge the tribal member for the same service under the same circumstances unless otherwise authorized by the Navajo Nation Council.
13. The Health Care Self-Governance Tribal Organization shall provide direct patient care to all Native American eligible users unless otherwise authorized by the Navajo Nation Council.

MEMORANDUM

TO: Honorable Davis Filfred
Navajo Nation Council

FROM:

Edward A. McCool, Principal Attorney
Office of Legislative Counsel

DATE: May 25, 2018

To: comments;

Mexican Water Chapter is in support of Legislation 0201-18, We need to improve the health care for our members residing in AZ portion of the community. The chapter membership is recommending the HEHS Committee to support and approve this legislation. IHS has been short changing the community with funding and the third party revenues has been used at Northern Navajo Medical Center to fulfill its deficiencies. This has to stop and let the community control its own health center to meet their health needs.
