Hello;

I am submitting my comment on Legislation 0060-21.

I lost my little sister, Crystal Begay on July 28, 2020 to Cancer, a fast growing cancer that just took her life within 5 weeks. If you all are doing an Honorarium and Memorial for survivors and families to those that lost loved ones to Covid19, you should also include people like us that lost our loved ones to Cancer in year 2020.

Prayers go out to the families that lost loved ones to Covid which was sudden but also recognized that cancer is also sudden and comes anytime for anyone.

It would be fair if you all included ALL DINE' LIVES LOST in year 2020 not matter how their lives ended.

I am all for appreciating all front line and essential workers for their sacrifice, commitment and hard work during this time but also recognize the staff that did their best to help people who had cancer, like my sister.

Most of my family including my mother didn't get to say good bye to her when she was in the hospital due to covid restrictions they only allowed two visitors to be by her bedside, which was my father and I.

For this reason I think it would be fair to do an "Honorarium and Memorial for All Dine' Lives we Lost in Year 2020" as a whole.

We went through all the emotions, being sad, grieving, funeral arrangements, etc. just like the families that lost loved ones to covid, there is no differences.

Thank you for taking the time to read my comments and hopefully we can honor all dine' lives.
