The Navajo Nation District Judicial/Public Safety Master Plan completed in March 2007 serves as a guide for the planning and design of judicial/public safety facilities.

The Chief Justice and the Division Director have reviewed the facility needs for judicial/public safety facilities and have identified projects that may receive funding from the Judicial/Public Safety Facilities Fund.

THEREFORE, The Chief Justice and the Division Director hereby recommend to the Law and Order Committee of the Navajo Nation Council ("Committee") that the priorities for the Judicial/Public Safety Facilities Fund Management Plan be approved as follows:

15. Leupp, Navajo Nation, Arizona – Public Safety Substation
16. Tuba City, Navajo Nation, Arizona – Fire Department and Emergency Medical Services Facility

The Branch and Division further recommend to the Committee that the sequence of construction of facilities may be modified by the timing of approval of financing and upon the shovel- and construction-readiness of each project.

The Branch and Division further recommend to the Committee that from time to time, additional appropriation requests be made to the Navajo Nation Council for deposit into the Judicial/Public Safety Facilities Fund to address construction of judicial/public safety facilities.

SUBJECT : Request for Funds - \$301,436.27
RE: For Construction and connection of Utility
Blue-Gap Police Substation

The Department of Corrections requests for \$301,436.27 for the construction and connection of utilities to the Blue Gap/Tachee Police Substation and bunk house which will be located at the Intersection of BIA Route N4 and N29 in Blue Gap, Arizona. This project is a chapter development project to address the need for a Police Sub-Station to be located at this location to respond to request for services to the local communities in this area. Currently, the nearest police district is located in Chinle, Arizona, approximately 40 miles northeast of the Blue Gap/Tachee communities.

For a long time these two communities through the chapter's resolutions to have police presence within their community. This police substation and bunk house will be used by the Navajo Police, Apache County Police and Arizona Department of Public Safety when they are working in the area. This substation will also be available for officers when they need a place to complete reports and to make contact with others resources as they conduct police business in the area. In 2011, the Blue Gap/Tachee obtained a 2 bedroom modular home from the Department of Corrections to utilize for a Police substation. The chapter lacks funds to cover the construction of utility lines from the main line to the modular and hook up costs. The Blue Gap/Tachee is requesting for \$301,436.27 from the Judicial Public Safety Judicial funds to complete this project. The Department of Corrections is assisting with the paper work and to be in line with the Judicial Public Safety Fund Management Plans.

This funding request to complete the construction of utility lines and hook up to a module sat up to serve as a Police Substation which will serve the Blue Gap/Tachee communities.

SUBJECT : OMB's Review of 164 Document #006304: Request for funds \$301,436.27,
for construction and Connection of Utilities at Blue Gap Police Substation.

The Office of Management & Budget (OMB) has reviewed the above document and has the following comments:

1. The memo indicates the funds are coming from the Public Safety/Judicial fund. Budget allocations from this fund requires oversight approval, in this case, the Law and Order Committee of the 23rd Navajo Nation Council.
2. The proposed request requires a memo from Office of the Controller indicating the balance in the Public Safety/Judicial funds and if this amount can be covered by that fund.

The document as submitted is deemed "insufficient" for these reasons. If there are any further questions, contact theme at extension 6230.
