RESOLUTION OF THE
NAVAJO NATION COUNCIL

23rd NAVAJO NATION COUNCIL -- Fourth Year, 2018

AN ACTION

RELATING TO HEALTH EDUCATION AND HUMAN SERVICES, RESOURCES AND DEVELOPMENT, BUDGET AND FINANCE AND NAABIK'ÍYÁTI' COMMITTEES AND NAVAJO NATION COUNCIL; ADOPTING THE SÍHASIN FUND POWERLINE AND CHAPTER PROJECTS EXPENDITURE PLAN PURSUANT TO CD-68-14, AS AMENDED BY CJA-03-18, AND 12 N.N.C §§ 2501 - 2508, AS AMENDED; WAIVING 12 N.N.C. §§ 810 (F), 820 (I) AND (M) AND 860 (C) RELATING TO THE CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROCESS

BE IT ENACTED:

Section One. Authority

- A. The Health Education and Human Services Committee of the Navajo Nation Council is empowered to provide legislative oversight on matters involving health, social services, education, general governmental services and human services. 2 N.N.C. §400 (C) (1).
- B. The Resource Development Committee of the Navajo Nation Council is empowered to exercise oversight authority on matters involving roads and transportation, communications and utilities, information technology, chapter activities, economic and community development, rights-of-way, public utilities and housing. 2 N.N.C. § 500 (C).
- C. The Budget and Finance Committee of the Navajo Nation Council is empowered to review and recommend to the Navajo Nation Council the budgeting, appropriation, investment, and management of all funds and to coordinate and review all fiscal, financial and investment activities of the Navajo Nation. 2 N.N.C. §§ 301 (B) (2) and (5).
- D. The Naabik'iyáti' Committee of the Navajo Nation Council is empowered to review all proposed legislation which requires final action by the Navajo Nation Council. 2 N.N.C. § 164 (A) (9).
- E. The Naabik'iyáti' Committee additionally has the authority to delegate its authority as appropriate for efficiency and streamlining of government process to appropriate entities

and to establish a subcommittee that consists of committee members which the committee selects. 2 N.N.C. §§ 186 and 701 (B). The Naabik'iyáti' Committee adopted NABIAF-20-15 establishing the Naabik'iyáti' Sihasin Fund Subcommittee to "recommend to the Naabik'iyáti' Committee and Navajo Nation Council financial support and/or financing plan(s) for the purposes designated in CD-68-14 [Navajo Nation Breach of Trust Settlement Act of 2014, establishing the Sihasin Fund]".

- F. The Navajo Nation Council is the governing body of the Navajo Nation. 2 N.N.C. § 102 (A).

Section Two. Findings

- A. On November 1, 2006, the 20th Navajo Nation Council unanimously passed Resolution No. CN-57-06 authorizing the Navajo Nation Attorney General to file a lawsuit against the United States for the alleged breach of its fiduciary duties to the Nation arising under treaties, executive orders, public laws, statutes, regulations and contracts due to its mismanagement of the Nation's tribal trust assets, including tribal trust funds and select tribal resources, specifically excluding water and assets held in trust for individual Navajo members. Resolution No. CN-57-06 was signed into law by the President of the Navajo Nation on November 13, 2006.
- B. On September 26, 2013, the Naabik'iyáti' Committee of the Navajo Nation Council passed NABIS-42-13 creating a Trust Mismanagement Litigation Task Force ("Task Force"), composed of Council Delegates, from each agency and each standing committee, as well as Presidential appointees, to assist and consult with the Navajo Nation Office of the Attorney General, Department of Justice, outside legal counsel and the Office of the Navajo Nation President & Vice-President in evaluating whether any proposals put forth by the United States to settle the lawsuit, *Navajo Nation v. United States*, No. 06-945L, (United States Court of Federal Claims) were in the best interests of the Nation.
- C. On May 16, 2014, the United States made a settlement offer that was acceptable to the Nation's Attorney General, outside legal counsel, the Task Force and the Office of the President & Vice-President as being in the best interests of the Navajo Nation and on May 30, 2014, the 22nd Navajo

Nation Council adopted Resolution No. CMY-28-14 accepting a settlement of the Navajo Nation's lawsuit, *Navajo Nation v. United States*, No. 06-945L, against the United States for its historical mismanagement of the tribe's trust assets and its failure to ensure that the Navajo Nation received all funds due and owed under the United States' trust obligations and fiduciary duties. Resolution No. CMY-28-14 was signed into law by the President of the Navajo Nation on June 4, 2014.

- D. The 22nd Navajo Nation Council recognized that during the many decades that the United States was in breach of its trust obligations and fiduciary duties to the Nation and engaged in the mismanagement of the Nation's tribal trust assets and resources, the tribal government was without sufficient funds to provide basic services and amenities to the Diné of past generations. The tribal government was also without funds to develop an infrastructure within the four sacred mountains that would support the growth and development of opportunities crucial for the prosperity of future generations of Diné. See Resolution No. CMY-28-14.
- E. Between October 6, 2014 and November 8, 2014, the Office of the Speaker held seven (7) Public Hearings, as directed by the Navajo Nation Council's Naabik'iyati' Committee, to receive input from Navajo Nation members on how the net proceeds from *Navajo Nation v. United States* should be used. During that same time period, the Office of the President & Vice-President also held five (5) town hall meetings for a similar purpose.
- F. On December 13, 2014, in the best interests of the Nation and consistent with the collective wishes expressed by its members, the 22nd Navajo Nation Council adopted Resolution No. CD-68-14 enacting the Navajo Nation Breach of Trust Settlement Act of 2014 (hereinafter "2014 Act") and establishing the Navajo Nation Sihasin Fund at 12 N.N.C. § 2501 et seq. The President of the Navajo Nation signed Resolution No. CD-68-14 into law on December 31, 2014.
- G. On January 31, 2018, the 23rd Navajo Nation Council adopted Resolution No. CJA-03-18 enacting amendments to CD-68-14 clarifying the intent of the 22nd Navajo Nation Council, including that Sihasin Fund infrastructure projects were not to be limited by 12 N.N.C. § 1310(F) (Navajo Nation Bond Financing Act) or by TCDCJY-77-99 (Capital Improvement Projects Guidelines Policies and Procedures).

Resolution No. CJA-03-18 was signed into law by the President of the Navajo Nation on February 8, 2018.

- H. The 2014 Act, as amended by CJA-03-18, mandates that the net proceeds and earnings thereon received by the Navajo Nation from the settlement of *Navajo Nation v. United States*, No. 06-945L, be deposited into the Sihasin Fund and managed and invested to provide financial support and/or financing for (1) the planning and development of economic development and regional infrastructure supporting economic development and community development, including such infrastructure as, but not limited to, housing, commercial and government buildings, waterlines, solid waste management development, powerline projects, transportation and communication systems, within the Navajo Nation; and/or (2) education opportunities for members of the Navajo Nation. See 12 N.N.C. § 2501 and § 2502 (A), as amended.
- I. The 2014 Act, as amended, also established that "leveraging of the [Sihasin] Fund by way of guaranteeing loans, match funding, direct funding in part and other weighted uses of the Fund, including loan financing from the Fund for the purposes in § 2502 (A)(1), shall be favored over direct funding in whole". 12 N.N.C. § 2502 (C), as amended.
- J. The 2014 Act further established that with the exception of outstanding and accrued litigation costs, Sihasin Fund Principal and Income shall only be expended pursuant to a Fund Expenditure Plan consistent with the purposes set forth in the 2014 Act, as amended, at 12 N.N.C. § 2502 and adopted by a two-thirds (2/3) vote of all members of the Navajo Nation Council. See 12 N.N.C. § 2505 (A).
- K. On April 9, 2015, the Naabik'iyáti' Committee adopted NABIAP-20-15 establishing the Naabik'iyáti' Sihasin Fund Subcommittee to "recommend to the Naabik'iyáti' Committee and Navajo Nation Council financial support and/or financing plan(s) for the purposes designated in CD-68-14 [Navajo Nation Breach of Trust Settlement Act of 2014, establishing the Sihasin Fund]".
- L. Between April 2015 and March 2018, the Subcommittee, assisted by the Office of Legislative Services, Office of the Speaker, Office of Legislative Counsel and outside legal counsel, met on more than thirty (30) occasions in either work sessions or official meetings to review and evaluate comments and recommendations from the Navajo

People; hear proposals from Navajo Nation entities, Chapters, programs and officials; and develop expenditure plan(s) for the Sihasin Fund Principal and Income consistent with the purposes set forth in the 2014 Act, as amended.

- M. After reviewing the comments and recommendations submitted during the Public Hearings and town hall meetings, as well as the reports and comments made during Sihasin Fund Subcommittee meetings, the Subcommittee determined that powerline projects and Chapter capital and economic development projects were a high priority for Navajo communities and that the funding of such projects would afford Navajo communities the opportunity to start and complete local projects currently stalled by the lack of sufficient funds, apply for additional state and federal funds requiring an identified match, as well as support CMY-28-14's intent to expand infrastructure(s) on the Navajo Nation, spur economic development at the local level and provide amenities to Navajo communities.
- N. In November of 2017, the Subcommittee issued a directive to the Speaker of the Navajo Nation Council to develop a nationwide powerline projects expenditure plan combining Undesignated Unreserved Fund Balance ("UUFB") and Sihasin Funds to total one hundred million dollars (\$100,000,000.00) divided equally amongst the twenty-four Council Delegate Districts equaling \$4,166,666.67 per District. On February 15, 2018, the Navajo Nation Council issued a further directive to the Speaker to have his staff meet with Navajo Nation Council Delegates and the Chapters they represent to develop a nationwide powerline and chapter projects expenditure plan for one hundred million dollars (\$100,000,000.00) divided equally amongst the twenty-four Council Delegate Districts with the Sihasin Fund as the intended funding source.
- O. Between March 5, 2018 and March 16, 2018, Office of the Speaker staff, contract legal counsel, Capital Projects Management Department ("CPMD") staff, and Navajo Tribal Utilities Authority ("NTUA") staff, met twice with each Council Delegate and their Chapter representatives, including but not limited to Chapter Officials, Chapter Managers and Community Service Coordinators, to review each District's proposed projects for (1) compliance with the 2014 Act's, as amended, purpose of "the planning and development of economic development and regional

infrastructure supporting economic development and community development, including such infrastructure as, but not limited to, housing, commercial and government buildings, waterlines, solid waste management development, powerline projects, transportation and communication systems, within the Navajo Nation"; and (2) readiness status, e.g., project ready, construction ready or shovel ready, as applied by CPMD.

- P. Powerline, economic development and infrastructure projects were proposed at the March meetings including, but not limited to, Head Start facilities, senior and veteran centers, and road improvements. A listing of the proposed projects, including match and contribution funding, is included on attached **Exhibits A through E**.
- Q. To ensure that Sihasin Funds are not prematurely withdrawn and continue to earn investment earnings for as long as possible, CPMD, with the assistance of the Office of the Speaker and NTUA, compiled the proposed projects into nationwide three-year funding plans, i.e., Chapter Projects, NTUA Powerlines, Non-NTUA Powerlines, and Waterlines, attached as **Exhibits A through E**, based on individual project readiness status.
- R. On March 23, 2018, contract legal counsel and CPMD updated the Sihasin Subcommittee on the Office of the Speaker's efforts to develop the powerline and Chapter projects expenditure plan, including the identification of almost twenty million dollars (\$20,000,000.00) in already secured project matching funds.
- S. During the update to the Sihasin Subcommittee, the following accountability and implementation measures were discussed:
 - 1. Due to their experience and expertise, as well as economies of scale, the funding and responsibility for implementing Chapter projects and Non-NTUA Powerline projects should be allocated to CPMD with a template in place, e.g., Memorandum of Agreement or other form of grant agreement, for CPMD to transfer the project funds and responsibilities to Local Governance Act Certified Chapters at their request;
 - 2. Due to their experience and expertise, as well as community need to lock-in project pricing, the funding

and responsibility for NTUA Powerline and waterline projects should be allocated directly to NTUA;

3. If the funding for NTUA Powerline and Waterline projects is disbursed directly to NTUA and the funding for Chapter and non-NTUA Powerline projects is disbursed directly to CPMD, the funding for projects at Chapters sanctioned pursuant to 12 N.N.C. § 9 should not be subject to § 9 (B)'s ten percent (10%) withholding;
 4. All of the proposed projects were vetted by CPMD and NTUA, respectively, for project readiness before being apportioned into the three-year plans based on project readiness status; therefore, if the funding for a project is not spent or encumbered within twenty-four (24) months of distribution, the project funds should revert to the Sihasin Fund; and
 5. To support expeditious administration and implementation of the more than two hundred (200) Chapter projects, CPMD operations should be supplemented with administrative costs.
- T. In addition, during the District meetings with Delegates and their Chapter officials and community representatives to select and vet powerline and Chapter projects, concerns were raised that the President's line-item veto of even a single project would disrupt the equal distribution of funds among the Districts, as well as, negate local choice in project selection and impair Chapter and community efforts to procure additional matching funds from federal and state sources.
- U. The Navajo Nation Council finds that the Powerline and Chapter Projects Expenditure Plan proposal, attached as **Exhibits A through E**, meets the purposes of the 2014 Act, as amended, i.e., "the planning and development of economic development and regional infrastructure supporting economic development and community development, including such infrastructure as, but not limited to, housing, commercial and government buildings, waterlines, solid waste management development, powerline projects, transportation and communication systems, within the Navajo Nation"; as well as the leveraging preference criteria of the 2014 Act, as Sihasin Funds will only fund a portion of the overall total cost of the projects with at least \$19,440,279.45, as

set forth on **Exhibits A through E**, of projects' costs covered by other Navajo Nation funds or federal, state or private entities through match funding, joint funding, contribution funding, cost-share funding or similar arrangements and agreements.

- V. The Navajo Nation Council also finds that the proposed Powerline and Chapter Projects Expenditure Plan proposal, attached as **Exhibits A through E**, supports community choice and addresses CMY-28-14's intent to expand infrastructure(s) on the Navajo Nation, provide economic development at the local level and provide amenities to Navajo communities.
- W. The Navajo Nation Council hereby determines that allocating Sihasin Funds to implement the Powerline and Chapter Projects Expenditure Plan, as set forth in **Exhibits A through E**, fits within the priorities established under the July 20, 2015 One Nation, One Voice Navajo Nation Three Branch Agreement and that it is in the best interests of the Navajo Nation, as well as in the best interests of community development, the expansion of infrastructure(s) on the Navajo Nation, economic development at the local level and the provision of amenities to Navajo communities, to adopt the Sihasin Fund Powerline and Chapter Projects Expenditure Plan, attached as **Exhibits A through E**.

Section Three. Approval and Adoption of Expenditure Plan

- A. The Navajo Nation hereby approves and adopts the Sihasin Fund Powerline and Chapter Projects Expenditure Plan, attached and incorporated herein as **Exhibits A through E**.
- B. The Navajo Nation hereby approves and adopts total funding from the Sihasin Fund in the amount of one hundred million six hundred thousand dollars (\$100,600,000.00) with \$18,696,787.92 allocated to Navajo Tribal Utility Authority ("NTUA") for powerline projects; \$4,242,192.99 allocated to NTUA for waterline projects; \$74,076,413.86 allocated to Capital Projects Management Department ("CPMD") for Chapter projects; \$3,584,605.24 allocated to CPMD for Non-NTUA powerline projects; as summarized in **Exhibit A**, to implement the Sihasin Fund Powerline and Chapter Projects Expenditure Plan as follows:
 - 1. Year 1: The distribution of \$42,294,332.87 of Sihasin Funds in Navajo Nation Fiscal Year 2018 allocated as

follows: \$2,866,370.94 to NTUA for the first year of NTUA Powerline projects, as set forth in **Exhibit B**; \$560,557.00 to NTUA for the first year of Waterline projects, as set forth in **Exhibit E**; \$37,423,205.14 to CPMD for the first year of Chapter projects and administrative costs (\$200,000.00), as set forth in **Exhibit D**; and \$1,444,199.79 to CPMD for the first year of Non-NTUA Powerline projects, as set forth in **Exhibit C**.

2. Year 2: The distribution of \$46,203,956.06 of Sihasin Funds in Navajo Nation Fiscal Year 2019 allocated as follows: \$12,154,756.58 to NTUA for the second year of NTUA Powerline projects, as set forth in **Exhibit B**; \$1,068,666.66 to NTUA for the second year of Waterline projects, as set forth in **Exhibit E**; \$31,124,968.21 to CPMD for the second year of Chapter projects and administrative costs (\$200,000.00), as set forth in **Exhibit D**; and \$1,855,564.61 to CPMD for the second year of Non-NTUA Powerline projects, as set forth in **Exhibit C**.
3. Year 3: The distribution of \$12,101,711.08 of Sihasin Funds in Navajo Nation Fiscal Year 2020 allocated as follows: \$3,675,660.40 to NTUA for the third year of NTUA Powerline projects, as set forth in **Exhibit B**; \$2,612,969.33 to NTUA for the third year of Waterline projects, as set forth in **Exhibit E**; \$5,528,240.51 to CPMD for the third year of Chapter projects and administrative costs (\$200,000.00), as set forth in **Exhibit D**; and \$284,840.84 to CPMD for the third year of Non-NTUA Powerline projects, as set forth in **Exhibit C**.

- C. The Sihasin Funds allocated for the Sihasin Fund Powerline and Chapter Projects Expenditure Plan may be further leveraged by the Navajo Nation through bond or loan financing pursuant to the Navajo Nation Bond Financing Act, 12 N.N.C. § 1300 et seq., as amended, using Sihasin Fund Earnings for repayment and financing costs upon the recommendation of the Budget & Finance Committee and approval by a two-thirds (2/3) vote of all members of the Navajo Nation Council.

Section Four. Approval and Adoption of Expenditure Plan Administration

- A. The Navajo Nation hereby approves administration of the Sihasin Fund Powerline and Chapter Projects Expenditure Plan as follows:
1. The Navajo Nation Controller shall determine whether the source(s) of the annual distributions of the \$100,600,000.00 will be Sihasin Fund Principal or Income or a combination of both;
 2. NTUA Powerline and Waterline Projects. The annual distributions for NTUA Powerline and Waterline Projects, as set forth in Exhibits B and E, shall be released to NTUA through Grant Agreement(s), executed pursuant to 2 N.N.C. §164 (B), as amended, as follows:
 - a. The First Year (Fiscal Year 2018) distributions shall be released to NTUA by no later than the end of Navajo Nation Fiscal Year 2018;
 - b. The Second and Third Year (Fiscal Years 2019 and 2020) distributions shall be released to NTUA by no later than the end of the first quarter of the respective Navajo Nation Fiscal Year;
 - c. NTUA shall not require the Navajo Nation, including its Chapters, nor Navajo individuals, to contribute more funding to complete any project listed in Exhibits B and E, regardless of year funded;
 - d. Any individual Powerline or Waterline project funds that are not spent or encumbered within twenty-four (24) months of distribution to NTUA shall be returned to the Sihasin Fund; and
 - e. NTUA shall account for the Sihasin Funds spent and such accounting or expenditure report, including project status, shall be submitted to CPMD, the Office of President & Vice-President, and the Resources and Development Committee on a quarterly basis.
 3. Chapter and Non-NTUA Powerline Projects. The annual distributions for Chapter and Non-NTUA Powerline Projects, as set forth in Exhibits C and D, shall be released to CPMD as follows:

- a. The First Year (Fiscal Year 2018) distributions, including administration costs, shall be released to CPMD by no later than the end of the third quarter of Navajo Nation Fiscal Year 2018;
- b. The Second and Third Year (Fiscal Years 2019 and 2020) distributions, including administration costs, shall be released to CPMD by the end of the first quarter of the respective Navajo Nation Fiscal Year;
- c. Annual distributions to CPMD for administration costs shall not lapse on an annual basis pursuant to 12 N.N.C. § 822 (N) or otherwise be returned to or deposited in the Shashin Fund principal or Navajo Nation General Fund until such time as all Chapter Projects listed on Exhibit C are fully completed;
- d. 12 N.N.C. § 9 (B) is hereby waived and individual Chapter and non-NTUA Powerline Projects implemented and administered by CPMD shall not be subject to 12 N.N.C. § 9 (B)'s ten percent (10%) withholding;
- e. Individual Chapter and non-NTUA Powerline Projects shall be implemented and administered by CPMD consistent with the Navajo Nation Budget Instruction Manual, as amended, unless inconsistent with other provisions of this resolution;
- f. If requested, CPMD may transfer individual Chapter Project funds, accountability, and responsibility to a Local Governance Act ("LGA") Certified Chapter pursuant to a Memorandum of Agreement or other form of grant agreement executed pursuant to 7 N.N.C. § 164 (B), as amended;
- g. Any individual Chapter or non-NTUA Powerline Project funds that are not spent or encumbered within twenty-four (24) months of distribution to CPMD or transfer to a LGA Certified Chapter shall be returned to the Shashin Fund;

- h. With the exception of project funds and responsibilities transferred to LGA Certified Chapters, CPMD shall account for the Sihasin Funds spent and such accounting or expenditure report shall be included as part of the Executive Branch's quarterly program report submitted to the Resources and Development Committee; and
 - i. LGA Certified Chapters that have been granted Sihasin Fund project funds and responsibilities, shall account for the money spent and such accounting or expenditure report, including project status, shall be submitted to CPMD, the Office of President & Vice-President, and the Resources and Development Committee on a quarterly basis.
- B. NTUA, CPMD and LGA Certified Chapters shall have the authority to enter into match, funding, partnership, cooperative and other cost saving or cost sharing arrangements or leveraging agreements with Navajo Nation entities and enterprises, Navajo Nation Chapters and other political subdivisions, other Navajo Nation programs and federal and state agencies and such agreements shall not be deemed procurement contracts subject to the Navajo Nation Procurement Act, 12 N.N.C. §§ 301 - 371 or Navajo Business Opportunity Act 5 N.N.C. §§ 201 - 215.
 - 1. Notwithstanding the above, all Chapters, working in conjunction with NTUA and/or CPMD, shall have the continuing responsibility to identify ways to further leverage the allocated Sihasin Funds;
 - 2. NTUA and CPMD shall each present an annual leveraging report to the Resource & Development Committee and Budget & Finance Committee during the first quarter of each Navajo Nation Fiscal Year identifying the efforts and success of Chapter(s) in securing additional matching or contribution funding; and
 - 3. With the approval of the Resources & Development Committee, any project costs saved or reduced through leveraging or otherwise shall be available for expenditure on any other project within the respective Chapter deemed construction-ready by CPMD; if there are no construction-ready projects within the respective Chapter, then, with the approval of the

Resources & Development Committee, the saved or reduced costs shall be available for expenditure on any other project within the respective District.

- C. A chapter project, powerline, or waterline project may be changed, including the year funded, or added to Exhibits A through E with the concurrence of the Delegate representing the chapter's Council District and the approvals of the Resources and Development Committee and Budget and Finance Committee, as long as such project has been certified as construction-ready by CPMD or NTUA and the total Sihasin Funding for the District does not exceed \$4,166,666.67.
- D. NTUA, CPMD and LGA Certified Chapters shall report the status of the Sihasin Funds allocated or transferred to them to implement the Powerline and Chapter Projects Expenditure Plan, specifically including the use and status of the Sihasin Funds and the status of projects for which they are responsible, to the Resources & Development, Budget & Finance and Naabik'iyáti' Committees and Office of the President & Vice-President on a quarterly basis.

Section Five. Waiving Navajo Nation Code Provisions Regarding the Capital Budget and Capital Improvement Process Effective Date

Notwithstanding that Sihasin Fund projects are specifically not subject to the Capital Improvement Projects Guidelines Policies and Procedures set forth by TCDCJY-77-99, the Navajo Nation hereby waives the application of 12 N.N.C. § 810 (F), §§ 820 (I) and (M) and § 860 (C) regarding the Capital Budget and Improvement processes to the Powerline and Chapter Projects Expenditure Plan.

Section Six. Effective Date

The Sihasin Fund Powerline and Chapter Projects Expenditure Plan, as set forth above, shall become effective pursuant to 12 N.N.C. § 2505.

Section Seven. Directives

- A. All Navajo Nation programs, specifically including, but not limited to, the Office of Controller, Office of Management & Budget, CPMD, and Chapters, as well as NTUA, shall take all steps necessary to expeditiously implement the Sihasin Fund Powerline and Chapter Projects Expenditure Plan.

- B. All Navajo Nation programs, as well as NTUA, named in this legislation shall be held accountable for the progress of tasks under their responsibility and control and shall participate in work group meetings, if any, necessary to expeditiously implement the Sinasin Fund Powerline and Chapter Projects Expenditure Plan.
- C. Office of Legislative Services will adjust all figures throughout the legislation and exhibits to reflect amendment totals, with the concurrence of the sponsor. The Navajo Nation directs the Office of Legislative Services to recalculate the final monetary totals such that the figures conform to the amendments passed by the Navajo Nation.

RUSSELL BEGAYE PRESIDENT
JONATHAN NEZ VICE PRESIDENT

MEMORANDUM

TO: Honorable LoRenzo Bates, Speaker
Navajo Nation Council

FROM:

Russell Begaye, President
THE NAVAJO NATION

DATE: May 7, 2018

SUBJECT: Resolution No. CAP-35-18: RELATING TO HEALTH EDUCATION AND HUMAN SERVICES, RESOURCES AND DEVELOPMENT, BUDGET AND FINANCE, NABIK'ÍYÁTT' COMMITTEES AND NAVAJO NATION COUNCIL; ADOPTING THE SISHASIN FUND POWERLINE AND CHAPTER PROJECTS EXPENDITURE PLAN PURSUANT TO CD-68-14, AS AMENDED BY CJA-03-18 AND 12 N.N.C. 2501-2508, AS AMENDED; WAIVING 12 N.N.C. 810 (F), 820(I) AND (M) AND 860(C) RELATING TO THE CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROCESS

Pursuant to 2 N.N.C. 1005 (C)(10), action for Resolution No. CAP-35-18 is being submitted to the Navajo Nation Council, through the Office of the Speaker within the ten (10) days requirement. Furthermore, the Navajo Nation President has line item veto authority for budget items within the Supplemental Appropriations, which are not subject to override by the Navajo Nation Council. 2 N.N.C. 164 (A)(17).

After review of Resolution No. CAP-35-18, I hereby exercise my line-veto to:

1. Section Three. Approval and Adoption of Expenditure Plan.
2. Section Four. Approval and Adoption of Expenditure Plan Administration.
3. EXHIBIT D. SISHASIN FUND POWERLINE AND CHAPTER CAPITAL PROJECTS EXPENDITURE PLAN

- a. **NO. 42 YEAR 1 Funding \$46,100.00, YEAR 2 Funding \$143,250.00, YEAR 3 Funding \$643,983.00, SIHASIN FUNDS REQUESTED in the total amount of \$833,333.00.**
- b. **NO. 70 YEAR 1 Funding \$350,000.00, SIHASIN FUNDS REQUESTED in the total amount of \$350,000.00**

After consultation with the impacted Divisions, I have decided to exercise my line-item veto authority. The justification and details for use of the President's line-item veto is set forth below.

- a. **NO. 42 YEAR 1 Funding \$46,100.00, YEAR 2 Funding \$143,250.00, YEAR 3 Funding \$643,983.00, SIHASIN FUNDS REQUESTED in the total amount of \$833,333.00.**
- b. **NO. 70 YEAR 1 Funding \$350,000.00, SIHASIN FUNDS REQUESTED in the total amount of \$350,000.00**

First, the 110 Chapters have millions in unexpended dollars and should expend these fund for the many uses and projects on this Sihasin project listing. There are still many people that need water and electricity and these dollars should be priority for these funds. Second, the two projects vetoed are Bureau of Indian Affairs (BIA) projects and should remain under the BIA funding. Third, I support these appropriations as they also fulfill our four (4) pillars for Veterans, Youth and Elders, Jobs and Infrastructure.

I am pleased to sign this legislation into law as it will stimulate our economy by creating much needed jobs and bringing in infrastructure for our People.

Therefore, I will exercise my line-item veto authority to only two (2) items.

[illegible]

CPMD has reviewed the CAP-35-18 Project Change Form and concurs that:

1. The total amount of funding for the added projects equals the total amount of funding for the deleted projects;
2. Each added project has a completed Project Check-Off List signed off by CPMD and attached to this Form; and
3. After the projects have been added and deleted, the total CAP-35-18 funding for the Council District does not exceed \$4,166,666.67.

for the following Project:
(Name, location and detailed description)

Smith Lake Chapter Maintenance Shop Warehouse Building, Smith Lake, NM
This project is to be completed in stages.

Phase I includes Programming, Site Selection, Design, and Construction
Documents for the design of a Vehicle Maintenance Shop Warehouse Building.

The building size, components, area, etc. will be determined in the Programming
phase, along with identifying the building site location, and probable budget.

ADDITIONS AND DELETIONS:

The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An Additions and Deletions Report that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Upon completion of the programming/site selection phase, the Architect will have a Geotechnical Engineer prepare a Geotechnical Investigation and Recommendations, to be included in the design of the project. It is assumed the size of the new building will not exceed 4,000 GSF.

Design Development and Construction Documents Phases will then follow.

Final drawings will be submitted electronically, in a pdf format.

Future Phase 2 may include Bidding and Construction Administration services. The compensation listed in Article 11 is only for Phase 1, thru the preparation of the Construction Documents.

The Owner will provide Survey and site utility information, in digital format if available.

The Owner and Architect agree as follows.

ARTICLE 1 INITIAL INFORMATION

§ 1.1 This Agreement is based on the Initial Information set forth below:

(State below details of the Project's site and program, Owner's contractors and consultants, Architect's consultants, Owner's budget for the Cost of the Work, and other information relevant to the Project.)

The Building and Site Program information will be developed with the Owner in the Programming Phase.

§ 1.2 The Owner and Architect may rely on the Initial Information. Both parties, however, recognize that such information may materially change and, in that event, the Owner and the Architect shall appropriately adjust the schedule, the Architect's services and the Architect's compensation. The Owner shall adjust the Owner's budget for the Cost of the Work and the Owner's anticipated design and construction milestones, as necessary, to accommodate material changes in the Initial Information.

§ 1.3 The parties shall agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties will use AIA Document E203™-2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.3.1 Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™-2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™-2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

§ 2.1 The Architect shall provide the professional services set forth in this Agreement consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same

or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.2 The Architect shall maintain the insurance specified in Article 9.0 of Ex. B until termination of this Agreement. If any of the requirements set forth below are in addition to the types and limits the Architect normally maintains, the Owner shall pay the Architect as set forth in Section 11.8.
(Identify types and limits of insurance coverage, and other insurance requirements applicable to the Agreement, if any.)

ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES - PHASE ONE

§ 3.1 The Architect's Basic Services consist of those described in this Article 3 and include usual and customary structural, mechanical, and electrical engineering services. Services not set forth in this Article 3 are Supplemental or Additional Services.

§ 3.1.1 The Architect shall coordinate its services with those services provided by the Owner and the Owner's consultants. The Architect shall be entitled to rely on (1) the accuracy and completeness of the services and information furnished by the Owner and (2) the Owner's approvals. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission, or inconsistency in such services or information.

§ 3.1.2 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.3 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 3.2 Design Phase Services

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services.

in R.

§ 3.2.2 The Architect shall discuss with the Owner the Owner's program, schedule, budget for the Cost of the Work, Project site, and alternative approaches to design and construction of the Project. The Architect shall reach an understanding with the Owner regarding the Project requirements.

§ 3.2.3 The Architect shall consider the relative value of alternative materials, building systems and equipment, together with other considerations based on program, aesthetics, and any sustainable objectives, in developing a design for the Project that is consistent with the Owner's schedule and budget for the Cost of the Work.

§ 3.2.4 Based on the Project requirements, the Architect shall prepare Design Documents for the Owner's approval consisting of drawings and other documents appropriate for the Project and the Architect shall prepare and submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.5 The Architect shall submit the Design Documents to the Owner, and request the Owner's approval.

§ 3.3 Construction Documents Phase Services

§ 3.3.1 Based on the Owner's approval of the Design Documents, the Architect shall prepare for the Owner's approval Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Work. The Owner and Architect acknowledge that in order to construct the Work the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.4.4.

§ 3.3.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents.

§ 3.3.3 The Architect shall submit the Construction Documents to the Owner, update the estimate for the Cost of the Work and advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.3.4 The Architect, following the Owner's approval of the Construction Documents and of the latest estimate of the Cost of the Work, shall assist the Owner in obtaining bids or proposals and awarding and preparing contracts for construction.

§ 3.4 Stage Two and Future Stages

Construction Phase Services

§ 3.4.1 Future Stages: The Scope of Work for future stages shall be agreed upon in the future. It may include Bidding and Construction Administration Phase Services. Such phases, to be agreed upon may include:

§ 3.4.1.1 Construction Phase Services

§ 3.4.1.2 The Architect to provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A104™-2017, Standard Abbreviated Form of Agreement Between Owner and Contractor. If the Owner and Contractor modify AIA Document A104-2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.4.1.3 The Architect to advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.4.1.4 Subject to Section 4.2, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

§ 3.4.2 Evaluations of the Work

§ 3.4.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.2, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

§ 3.4.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents and has the authority to require inspection or testing of the Work.

§ 3.4.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.4.2.4 When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 3.4.2.5 The Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.4.3 Certificates for Payment to Contractor

§ 3.4.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.4.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified.

§ 3.4.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.4.4 Submittals

§ 3.4.4.1 The Architect shall review and approve, or take other appropriate action, upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or any construction means, methods, techniques, sequences or procedures.

§ 3.4.4.2 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to

rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.4.4.3 The Architect shall review and respond to written requests for information about the Contract Documents. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness.

§ 3.4.5 Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2.3, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.4.6 Project Completion

The Architect shall conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion; forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

ARTICLE 4 SUPPLEMENTAL AND ADDITIONAL SERVICES

§ 4.1 Supplemental Services are not included in Basic Services but may be required for the Project. The Architect shall provide the Supplemental Services indicated below, and the Owner shall compensate the Architect as provided in Section 11.2. Supplemental Services may include future stages: bidding phase, construction administration phase services, programming and design services of the Activity Building, environmental studies, landscape design, telecommunications/data, security, measured drawings of existing conditions, coordination of separate contractors or independent consultants, detailed cost estimates, on-site project representation beyond requirements of Section 4.2.2, value analysis, interior architectural design, tenant related services, preparation of record drawings, commissioning, sustainable project services, and any other services not otherwise included in this Agreement.
(Identify below the Supplemental Services that the Architect is required to provide and insert a description of each Supplemental Service, if not further described in an exhibit attached to this document.)

§ 4.2 The Architect may provide Additional Services after execution of this Agreement without invalidating the Agreement. Upon recognizing the need to perform Additional Services, the Architect shall notify the Owner. The Architect shall not provide the Additional Services until the Architect receives the Owner's written authorization. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3.

§ 4.2.1 The Architect shall provide services necessitated by a change in the Initial Information, changes in previous instructions or approvals given by the Owner, or a material change in the Project including size; quality; complexity; the Owner's schedule or budget for Cost of the Work; or procurement or delivery method as an Additional Service.

§ 4.2.2 The Architect has included in Basic Services two (2) visits to the site by the Architect during Stage One. The Architect shall conduct site visits in excess of that amount as an Additional Service.

§ 4.2.3 The Architect shall, as an Additional Service, provide services made necessary by a Contractor's proposed change in the Work. The Architect shall prepare revisions to the Architect's Instruments of Service necessitated by Change Orders and Construction Change Directives as an Additional Service.

§ 4.2.4 If the services covered by this Agreement have not been completed within N/A (N/A) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services, subject to Article 32 of Exhibit B.

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements.

§ 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project; a written legal description of the site; when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project.

§ 5.4 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 5.5 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests; tests for air and water pollution; and tests for hazardous materials.

§ 5.6 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.7 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.8 The Owner shall endeavor to communicate with the Contractor through the Architect about matters arising out of or relating to the Contract Documents.

§ 5.9 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.10 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1, as a Supplemental Service.

§ 6.4 If, through no fault of the Architect, construction procurement activities have not commenced within 90 days after the Architect submits the Construction Documents to the Owner the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's current budget for the Cost of the Work is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

1. give written approval of an increase in the budget for the Cost of the Work;
2. authorize rebidding or renegotiating of the Project within a reasonable time;
3. terminate in accordance with Section 9.5;
4. in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
5. implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, and if the project bids more than 10 months after the Architect completes the construction documents, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums when due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the

Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4, or section 29 of Exhibit B.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement, except as provided for in Article 26 of Exhibit B. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 All Disputes shall be resolved in Accordance with Article 36 of Exhibit B.

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted, subject to Article 32 of Exhibit B.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted, subject to Article 32 of Exhibit B.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause. See also Article 29 of Exhibit B.

§ 9.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, Reimbursable Expenses incurred, and all costs attributable to termination, including the costs attributable to the Architect's termination of consultant agreements.

§ 9.7 In addition to any amounts paid under Section 9.6, if the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall pay to the Architect the following fees: NA. See Also Article 29 of Exhibit B.

(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

.2 Licensing Fee if the Owner intends to continue using the Architect's Instruments of Service:

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion, or as modified in the future.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the Navajo Nation.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A104-2017, Standard Abbreviated Form of Agreement Between Owner and Contractor.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates or consents, the proposed language of such certificates or consents shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 The Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. However, the Architect's materials shall not include information the Owner has identified in writing as confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services described under Article 3, the Owner shall compensate the Architect as follows:

.1 Stipulated Sum

\$39,998.00

(Paragraph Deleted)

Init.

(Paragraph Deleted)

§ 11.2 For Supplemental Services identified in Section 4.1, the Owner shall compensate the Architect as follows:
(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)

See 11.7

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.2, the Owner shall compensate the Architect as follows:
(Insert amount of, or basis for, compensation.)

As negotiated or based on hourly rate in 11.7.

§ 11.4 Compensation for Supplemental and Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus ten percent (10 %).

§ 11.5 Where compensation for Basic Services is based on a stipulated sum or percentage of the Cost of the Work, the compensation for each phase of services shall be as follows:

Programming/Site Selection Phase	\$4,000.00
Design Phase (Schematic Design, Design Development, and Geotechnical Investigation)	\$17,000.00
Construction Documents Phase	\$16,998.00
Navajo Nation Tax (5%)	\$2,000.00
Total Basic Compensation	\$39,998.00

§ 11.6 When compensation identified in Section 11.1 is on a percentage basis, progress payments for each phase of Basic Services shall be calculated by multiplying the percentages identified in this Article by the Owner's most recent budget for the Cost of the Work. Compensation paid in previous progress payments shall not be adjusted based on subsequent updates to the Owner's budget for the Cost of the Work.

§ 11.6.1 When compensation is on a percentage basis and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

§ 11.7 The hourly billing rates for services of the Architect and the Architect's consultants, if any, are set forth below. The rates shall be adjusted in accordance with the Architect's and Architect's consultants' normal review practices.

(If applicable, attach an exhibit of hourly billing rates or insert them below.)

Employee or Category	Rate
Principal	\$120.00/hour
Project Architect	\$85.00/hour
Project Manager	\$75.00/hour
Intern Architect	\$50.00/hour
Interior Architecture/Color/Finishes	\$50.00/hour
Administrative	\$45.00/hour

§ 11.8 Compensation for Reimbursable Expenses

§ 11.8.1 When approved by the Owner, Reimbursable Expenses are in addition to compensation for Basic, Supplemental, and Additional Services and include expenses incurred by the Architect and the Architect's consultants directly related to the Project, as follows:

- .1 Transportation and authorized out-of-town travel and subsistence;
- .2 Long distance services, dedicated data and communication services, teleconferences, Project web sites, and extranets;
- .3 Permitting and other fees required by authorities having jurisdiction over the Project;
- .4 Printing, reproductions, plots, and standard form documents;
- .5 Postage, handling, and delivery;
- .6 Expense of overtime work requiring higher than regular rates if authorized in advance by the Owner;
- .7 Renderings, physical models, mock-ups, professional photography, and presentation materials requested by the Owner or required for the Project;
- .8 Expense of professional liability insurance dedicated exclusively to this Project or the expense of additional insurance coverage or limits requested by the Owner in excess of that normally maintained by the Architect and the Architect's consultants;
- .9 All taxes levied on professional services and on reimbursable expenses;
- .10 Site office expenses; and
- .11 Other similar Project-related expenditures.

§ 11.8.2 For Reimbursable Expenses the compensation shall be the expenses incurred by the Architect and the Architect's consultants plus 0 percent (0 %) of the expenses incurred.

§ 11.9 Payments to the Architect

§ 11.9.1 Initial Payment

An initial payment of zero (\$ 0) shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account in the final invoice.

§ 11.9.2 Progress Payments

§ 11.9.2.1 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Payments are due and payable upon presentation of the Architect's invoice. Amounts unpaid thirty (30) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Architect.
(Insert rate of monthly or annual interest agreed upon.)

0 % per month

§ 11.9.2.2 The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or liquidated damages on the Architect, or to offset sums requested by or paid to contractors for the cost of changes in the Work unless the Architect agrees or has been found liable for the amounts in a binding dispute resolution proceeding.

§ 11.9.2.3 Records of Reimbursable Expenses, expenses pertaining to Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

MEMORANDUM

TO: Honorable Edmund Yazzie
Churchrock, Iyanbito, Mariano Lake, Pinedale, Smith Lake and Thoreau Chapters

FROM: Mariana Kahn
Mariana Kahn, Attorney
Office of Legislative Counsel

DATE: June 24, 2019

SUBJECT: PROPOSED STANDING COMMITTEE RESOLUTION; AN ACTION RELATING TO RESOURCES AND DEVELOPMENT AND BUDGET AND FINANCE COMMITTEES; APPROVING A CHANGE IN PROJECT TYPE IN RESOLUTION CAP-35-18; AMENDING THE PROJECT TYPE TO ADD DESIGN FOR THE SMITH LAKE CHAPTER BAY/SHOP BUILDING

I have prepared the above-referenced proposed resolution pursuant to your request for waivers of valuation and compensation and waiver of bond, insurance, or alternative form of security to the right-of-way that was approved by resolution RDCAU-65-18.

Based on existing law and review of documents submitted, the resolution as drafted is legally sufficient. As with any action of government however, it can be subject to review by the courts in the event of proper challenge.

The Office of Legislative Counsel confirms the appropriate standing committee(s) based on the standing committees powers outlined in 2 N.N.C. §§301, 401, 501, 601 and 701. Nevertheless, "the Speaker of the Navajo Nation Council shall introduce [the proposed resolution] into the legislative process by assigning it to the respective oversight committee(s) of the Navajo Nation Council having authority over the matters for proper consideration." 2 N.N.C. §164(A)(5).

Please ensure that his particular resolution request is precisely what you want. You are encouraged to review the proposed resolution to ensure that it is drafted to your satisfaction.
