PROBLEM STATEMENT: Provide a written summary which clearly outlines the specific traffic related problems the tribe has identified, and will address if grant funds are provided.

With continued lower gasoline prices and an improving economy across the United States resulted in an estimated 3.5% increase in motor-vehicle mileage, the number of motor-vehicle fatality crashes on the Navajo Nation in 2013 totaled 69, up to 77 an increase by 12% by 2016. The total for 2014 was up by 31% from the 2013 figure. The annual total for 2014 was 91. This is the highest reported number within the four years of data. The estimated annual population death rate is 25.83 deaths per 100,000 population. The High MVCF and Motor vehicle crashes (MVC) rate could be attributed to speeding(808), driving while intoxicated(422), and unrestrained passengers(304). Navajo Nation experienced a high/low number of serious motor vehicle crashes over the years with 793 in 2012, 711 in 2013, 677 in 2014, 723 in 2015 and 459 in 2016. In 2016 Navajo Nation Police Department issued 3,101 traffic warning citation and 4,748 traffic citation.

Please use the trend analysis tool to assist in determining the FY20 18 targets:

1. To *reduce* the number of MVC fatalities by 25 % from the FY20 16 number of 75
to 56 by the end of FY20 18. (Required)
2. To *reduce* motor vehicle crashes (MVCs) by 25 % from the FY20 15 number of 723
to 542 by the end of FY20 18. (Required)

Select a target the Tribe would like to focus on increasing or reducing: (use drop down menus)

3. To *increase* the number of *DUI/OWI arrests*
by 15 % from the FY20 16 number of 1,569 to 1,805 by the end of FY20 2018. (Optional)
4. To *increase* the number of *speed citations issued*
by 15 % from the FY20 16 number of 1,558 to 1,791 by the end of FY20 2018. (Optional)
5. To *decrease* the number of *unrestrained passenger vehicle occupant fatalities (all seat positions)*
by 10 % from the FY20 16 number of 28 to 25 by the end of FY20 2018. (Optional)

**BUREAU OF INDIAN AFFAIRS
INDIAN HIGHWAY SAFETY PROGRAM
LAW ENFORCEMENT (LE) GRANT**

Specify other plans besides the strategies listed on the previous page:

(Example, Patrolling differently by conducting high visible traffic enforcement in identified problem areas, etc.)

Within the Navajo Nation, the Police Department will partner up with other programs to jointly establish a safety strategy plan to focus on a common safety vision for the Navajo Nation. The vision is to eliminate fatalities and serious injuries across the Navajo Nation's roadways by establishing a team of training personnel to conduct enforcement and preventative operation. This is data driven, interdisciplinary approach that NNPD has been promoting for many years. The approach targets areas for improvement and employs proven countermeasures, integrating application of education, enforcement, engineering (Navajo Nation DOT), and emergency medical (EMS and Fire dept) and trauma service (IHS Injury Prevention Program & Epidemiology). A combination of strategies from different focus areas will be necessary to achieve the Navajo Nation traffic safety vision

Last Negotiation Agreement
dated September 22, 2017

The indirect cost rate contained herein is for use on grants, contracts, and other agreements with the Federal Government to which Public Law 93-638 and 2 CFR Part 200 apply for fiscal years beginning on or after December 26, 2014 subject to the limitations contained in 25 CFR 900 and Section II.A. of this agreement. Applicable OMB Circulars and the regulations at 2 CFR 225 will continue to apply to federal funds awarded prior to December 26, 2014. The rate was negotiated by the U.S. Department of the Interior, Interior Business Center, and the subject organization in accordance with the authority contained in applicable regulations.

Section I: Rate

Type	Effective Period		Rate*	Locations	Applicable To
	From	To			
Fixed Carryforward	10/01/17	09/30/18	15.65%	All	All Programs

*Base: Modified total direct costs: Total direct costs, less capital expenditures and passthrough funds. Passthrough funds are normally defined as payments to participants, stipends to eligible recipients, or subawards, all of which normally require minimal administrative effort.

Treatment of fringe benefits: Fringe benefits applicable to direct salaries and wages are treated as direct costs; fringe benefits applicable to indirect salaries and wages are treated as indirect costs.

Section II: General

Page 1 of 3

A. Limitations: Use of the rate(s) contained in this agreement is subject to any applicable statutory limitations. Acceptance of the rate(s) agreed to herein is predicated upon these conditions: (1) no costs other than those incurred by the subject organization were included in its indirect cost rate proposal, (2) all such costs are the legal obligations of the grantee/contractor, (3) similar types of costs have been accorded consistent treatment, and (4) the same costs that have been treated as indirect costs have not been claimed as direct costs (for example, supplies can be charged directly to a program or activity as long as these costs are not part of the supply costs included in the indirect cost pool for central administration).

B. Audit: All costs (direct and indirect, federal and non-federal) are subject to audit. Adjustments to amounts resulting from audit of the cost allocation plan or indirect cost rate proposal upon which the negotiation of this agreement was based will be compensated for in a subsequent negotiation.

C. **Changes:** The rate(s) contained in this agreement are based on the organizational structure and the accounting system in effect at the time the proposal was submitted. Changes in organizational structure, or changes in the method of accounting for costs that affect the amount of reimbursement resulting from use of the rate(s) in this agreement, require the prior approval of the cognizant agency. Failure to obtain such approval may result in subsequent audit disallowance.

D. **Rate Type:**

1. **Fixed Carryforward Rate:** The fixed carryforward rate is based on an estimate of costs that will be incurred during the period for which the rate applies. When the actual costs for such period have been determined, an adjustment will be made to the rate for a future period, if necessary, to compensate for the difference between the costs used to establish the fixed rate and the actual costs.

2. **Provisional/Final Rate:** Within six (6) months after year end, a final indirect cost rate proposal must be submitted based on actual costs. Billings and charges to contracts and grants must be adjusted if the final rate varies from the provisional rate. If the final rate is greater than the provisional rate and there are no funds available to cover the additional indirect costs, the organization may not recover all indirect costs. Conversely, if the final rate is less than the provisional rate, the organization will be required to pay back the difference to the funding agency.

3. **Predetermined Rate:** A predetermined rate is an indirect cost rate applicable to a specified current or future period, usually the organization's fiscal year. The rate is based on an estimate of the costs to be incurred during the period. A predetermined rate is not subject to adjustment. (Because of legal constraints, predetermined rates are not permitted for Federal contracts; they may, however, be used for grants or cooperative agreements.)

E. **Rate Extension:** Only final and predetermined rates may be eligible for consideration of rate extensions. Requests for rate extensions of a current rate will be reviewed on a case-by-case basis. If an extension is granted, the non-Federal entity may not request a rate review until the extension period ends. In the last year of a rate extension period, the non-Federal entity must submit a new rate proposal for the next fiscal period.

F. **Agency Notification:** Copies of this document may be provided to other federal offices as a means of notifying them of the agreement contained herein.

G. **Record Keeping:** Organizations must maintain accounting records that demonstrate that each type of cost has been treated consistently either as a direct cost or an indirect cost. Records pertaining to the costs of program administration, such as salaries, travel, and related costs, should be kept on an annual basis.

H. **Reimbursement Ceilings:** Grantee/contractor program agreements providing for ceilings on indirect cost rates or reimbursement amounts are subject to the ceilings stipulated in the contract or grant agreements. If the ceiling rate is higher than the negotiated rate in Section I of this agreement, the negotiated rate will be used to determine the maximum allowable indirect cost.

I. Use of Other Rates: If any federal programs are reimbursing indirect costs to this grantee/contractor by a measure other than the approved rate(s) in this agreement, the grantee/contractor should credit such costs to the affected programs, and the approved rate(s) should be used to identify the maximum amount of indirect cost allocable to these programs.

J. Other:

1. The purpose of an indirect cost rate is to facilitate the allocation and billing of indirect costs. Approval of the indirect cost rate does not mean that an organization can recover more than the actual costs of a particular program or activity.

2. Programs received or initiated by the organization subsequent to the negotiation of this agreement are subject to the approved indirect cost rate(s) if the programs receive administrative support from the indirect cost pool. It should be noted that this could result in an adjustment to a future rate.

3. Each Indian tribal government desiring reimbursement of indirect costs must submit its indirect cost proposal to our office within six (6) months after the close of the Tribe's fiscal year, unless an exception is approved.

Instructions for Completion of BIA Indian Highway Safety Program Law Enforcement Grant Applications

The Highway Safety Act of 1966, U.S.C. Title 23, Section 402, provides U.S. Department of Transportation funding to assist Indian tribes in implementing traffic safety projects. These projects are designed to reduce the high number of traffic crashes and their resulting fatalities, injuries and property damage within Indian Country.

Tribes can apply for the full-time and over- time Law Enforcement grant with this application; use the drop down menu to select the grant the tribe is applying for. Complete the application in its entirety; do not leave any blank spaces/fields.

The BIA Indian Highway Safety Program is performance-based and data driven. A traffic safety problem **must be** identified; all applications must contain measurable targets and performance measures, and be justified by data. **Insufficient data to justify a traffic safety problem will significantly reduce the possibility of funding for the Tribe.**

These 402 funds are intended to **supplement** an existing traffic safety program on the reservation.

Indian Highway Safety Program grants are funded in the form of reimbursements. Tribes must first expend their funds and submit documentation for reimbursement consideration each month. Monthly report and financial reports (requests for reimbursement) are required.

A Tribal Resolution and the Tribe's most current approved Indirect Cost Rate Agreement Letter **must** be submitted with the application.

Please contact the Indian Highway Safety Program at (505)563-3780 to inquire about BIA IHSP Grant Writing Training.

Grant applications are due by:

- May 1, 2017 for the FY2018 Grant Year
- May 1, 2018 for the FY2019 Grant Year
- May 1, 2019 for the FY2020 Grant Year

SECTION SEVEN: GENERAL CLAUSES

1. The Tribal Representative executing this agreement has the authority to enter into the conditions set forth between the Navajo Nation and the BIA IHSP.
2. This agreement is an obligating document that allows costs to be incurred after October 1, 2018 or once the agreement signatures (BIA IHSP Director and Tribal President/Chairman/Governor) have been obtained, based on the availability of Federal Funds and end on September 30, 2019.
3. No project activities shall be implemented or reimbursed until the Tribe has received a signed grant agreement by the BIA IHSP Director.
4. A copy of the executed agreement will be provided to the Tribal Project Coordinator.
5. In order to comply with the provision of FAST Act and the State Certifications and Assurances, the BIA IHSP will allocate funds on behalf of the Tribes to meet certain conditions and comply

with all applicable rules and regulations for administering a traffic safety program. These include the Blood Alcohol Testing (BAT) Mobile Projects, Occupant Protection Surveys, Electronic Grants System and other special projects/programs to assist tribal governments in implementing and administering their traffic safety program.

6. Federal funds allocated to finance tribal-traffic safety projects are intended to supplement and not substitute for ongoing program Tribal-traffic safety enforcement expenditures. The project (or program) should be designed to eliminate a deficiency in an applicant Tribe's program or to expand an existing program.
7. The BIA IHSP is a performance-based program. The Tribe agrees to the Performance Measures and Targets as outlined in the annual Indian Highway Safety Plan (IHSP) and **SECTIONS THREE AND FOUR** above.
8. A monthly program narrative (Monthly Report) and a request for reimbursement are required on or before the fifteenth (15th) day after the previous months activities have been performed. **All monthly reports must be submitted in the format provided by the BIA IHSP and will include the following information:**

If no response is received within 7 calendar days after the first notification, project personnel will receive a First Notice. If no response is received within 15 calendar days after the First Notice, project personnel will receive a Final Notice which may result in the termination of the grant agreement. During the agreement year, if the Tribe receives three Final Notices the IHSP will evaluate the tribal program to determine if the project should be terminated.
10. The Tribe agrees the grant agreement may be terminated for (1) project inactivity, (2) failing to hire approved personnel and (3) non-submittal of monthly reports. Termination notification will be made in writing.
11. If a full-time IHSP funded highway safety officers' position becomes vacant during the project year, the position cannot be filled until an IHSP evaluation of the position is completed and documented. The Grantee is responsible for notifying the IHSP of all vacancies. The IHSP Program Director will make the final decision on whether the position can be filled or if the agreement should be modified.
12. All payments are on a reimbursement basis. A REQUEST FOR REIMBURSEMENT (RFR) form and the Request for Reimbursement (RFR) Summary Sheet must be submitted monthly along with the narrative report (Monthly Report). CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

(applies to subrecipients as well as Tribes)

Instructions for Primary Certification (Tribes)

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1300.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, debarment, suspension, ineligible, lower tier, participant, person, primary tier, principal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and coverage sections of 2 CFR Part 180. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by NHTSA.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR Parts 180 and 1300.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of Parties Excluded from Federal Procurement and Non-procurement Programs.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally

possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, the department or agency may disallow costs, annul or terminate the transaction, issue a stop work order, debar or suspend you, or take other remedies as appropriate.

Instructions for Lower Tier Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1300.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of

changed circumstances.

4. The terms covered *transaction*, *debarment*, *suspension*, *ineligible*, *lower tier*, *participant*, *person*, *primary tier*, *principal*, and *voluntarily excluded*, as used in this clause, have the meanings set out in the Definition and Coverage sections of 2 CFR Part 180. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by NHTSA.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR Parts 180 and 1300.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, the department or agency with which this transaction originated may disallow costs, annul or terminate the transaction, issue a stop work order, debar or suspend you, or take other remedies as appropriate.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transactions:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in

this certification, such prospective participant shall attach an explanation to this proposal.

BUY AMERICA ACT

(applies to subrecipients as well as Tribes)

The tribe and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as Tribes)

The tribe and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

POLICY ON SEAT BELT USE

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information on how to implement such a program, or statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle Up America section on NHTSA's website at www.nhtsa.dot.gov. Additional resources are available from the Network of Employers for Traffic Safety (NETS), a public-private partnership headquartered in the Washington, D.C. metropolitan area, and dedicated to improving the traffic safety practices of employers and employees. NETS is prepared to provide technical assistance, a simple, user-friendly program kit, and an award for achieving the President's goal of 90 percent seat belt use. NETS can be contacted at 1 (888) 221-0045 or visit its website at www.trafficsafety.org.

POLICY ON BANNING TEXT MESSAGING WHILE DRIVING

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or -rented vehicles, Government-owned, leased or rented vehicles, or privately-owned when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

I understand that the information provided in support of the Tribe's application for Federal grant funds and these Certifications and Assurances constitute information upon which the Federal Government will rely in determining qualification for grant funds, and that knowing misstatements may be subject to civil or criminal penalties under 18 U.S.C. 1001. I sign these Certifications and Assurances based on personal knowledge, and after appropriate inquiry.

LAW ENFORCEMENT AGREEMENT

Tribe: Navajo Nation

Project Number: PT-19-01

I, Phillip B. Franciso, Chief of Police do hereby state and declare that I am the Chief of Police for the Navajo Nation and hereby agree and certify that the Tribe will, at a minimum, participate in two (2) National Mobilizations and the Indian State Mobilization to be held in **December 2018, May 2019 and August 2019**. The tribe has the option to participate in additional local tribal mobilizations with written approval prior to the start date.

I understand:

Funds have been identified in the current grant agreement to fund traffic safety overtime and overtime activities during the mobilizations, to include, but not be limited to: Saturation Patrols, DUI/Safety Check Points, and other traffic safety overtime enforcement activities.

In the event all regular and overtime funds are expended prior to the mobilizations, this department will honor its commitment to participate in the three (3) Mobilizations.

The Tribe agrees to honor its commitment to participate in the mobilizations regardless of staff changes or leadership changes (i.e. new Chief (s) appointment).

The **MOBILIZATION AND SUSTAINED ENFORCEMENT** form is due to the BIA IHSP Office not later than 15 days after the end of each mobilization. (Forms will be provided)

If the **MOBILIZATION AND SUSTAINED ENFORCEMENT** form is not returned, reimbursements for those time periods will not be made until such time as the completed form has been returned.

Failure to participate and report for specified mobilization is a violation of the provisions of this agreement and could jeopardize the continued and future funding for the program.

(2 CFR 200.338 - Remedies for noncompliance)

I further understand the dates of the mobilizations are:

December 14, 2018 - January 1, 2019 - Don't Shatter the Dream Indian State Mobilization

May 20 - June 2, 2019 - Click It or Ticket Mobilization

August 16 - September 2, 2019 - Drive Sober or Get Pulled Over Mobilization

Equipment with a unit price of \$5,000.00 or more must have written approval letter from the NHTSA Regional Administrator before purchase. Failure to receive approval prior to purchase will result in non-reimbursement for the equipment. The BIA IHSP will be responsible for submitting all grantee requests in excess of \$5,000.00 to the NHTSA Regional Administrator.

Officers' utilizing BIA purchased equipment must be certificated for use in/of equipment and certifications made available to the BIA IHSP. Failure to have properly trained officer(s) may result in the equipment being removed and returned to the BIA IHSP.

A monthly program narrative (Monthly Report) and a request for reimbursement are required on or before the fifteenth (15th) day after the previous months activities have been performed. All monthly reports must be submitted in the format provided by the BIA IHSP and will include the following information:

- a. Daily logs for all IHSP grant funded Officer's activities as well as for all overtime hours. Daily logs must include all citation numbers.
- b. Overtime forms for each shift worked, by each officer working, must be signed by a supervisor.

Projects that do not submit a monthly narrative report and a request for reimbursement by the fifteenth (15th) day of the following month will receive written notification via email of overdue report. If no response is received within 7 calendar days after the first notification, project personnel will receive a First Notice. If no response is received within 15 calendar days after the First Notice, project personnel will receive a Final Notice which could result in the termination of the contract. During the contract year, if the tribe receives three Final Notices the BIA IHSP will evaluate the contract to determine if the project will be terminated.

Attempts to contact Tribal personnel will be documented, in writing, with outcomes noted.

The BIA IHSP and/or NHTSA can will make scheduled or unscheduled site visits for project monitoring purposes. Every effort will be made to provide advanced notice.

I agree the Tribal Project Coordinator will be the main point of contact of this grant agreement between the BIA IHSP and tribe.

MEMORANDUM

TO : Phillip Francisco, Chief of Police
Navajo Police Department - NDPS

FROM : 
Cordell Shortey, Contracting Officer
Contracts & Grants Section (CGS) - OMB

SUBJECT : Grant Agreement- Project Number: PT-19-01; Bureau of Indian Affairs
(BIA) Indian Highway Safety Program (IHSP)

Pursuant to Executive Order (EO) no. 09-2018 that was issued on March 16, 2018 by President Begaye, based on discretion of OPVP, the document were submitted to designate Reviewer(s) as determined by the President for assessment and signature including if the document is sufficient or insufficient. In memorandum of April 9, President Begaye stated the EO 09-2018 shall remain in effect until April 30, 2018. OMB continues to follow that to date because there has been no further guidance.

CGS reviewed the subject agreement and determined Grant Agreement does not comply with FY'19 Navajo Nation Budget Instructions Manual (NN BIM) Appendix L. Section IV. Part 7. Because the award was signed by Navajo Nation President on September 28, 2018, implementation of award will be based on resolving issue:

1. The DUNS number (190468459) used is incorrect as the official NN DUNS# is 009001702. Program needs to correct and comply with FY 2019 NN BIM Appendix L. Section IV. Part 7.

Navajo Police Department needs to resolve issue raised above and use the correct DUNS No. in the future. Contact our office at 871-6033, if you have question or need additional information.
