

RESOLUTION OF THE
BUDGET AND FINANCE COMMITTEE
OF THE NAVAJO NATION COUNCIL

24TH NAVAJO NATION COUNCIL - First Year, 2019

AN ACTION

RELATING TO RESOURCES AND DEVELOPMENT AND BUDGET AND FINANCE
COMMITTEES; APPROVING A CHANGE IN PROJECT FUNDING IN
RESOLUTION CAP-35-18; APPROVING A REALLOCATION OF \$69,641.67
FOR THE DESIGN, PLANS AND CONSTRUCTION FOR THE SOLAR STREET
LIGHT PROJECT FOR PHASE II AND III

BE IT ENACTED:

SECTION ONE. AUTHORITY

- A. The Resources and Development Committee exercises authority over chapters of the Navajo Nation. 2 N.N.C. § 501(C)(1).
- B. The Budget and Finance Committee of the Navajo Nation Council exercises authority over budgeting, appropriation, investment and management of all funds. 2 N.N.C. § 301(B)(2).
- C. Council Resolution CAP-35-18 provides, "[a] chapter project, powerline, or waterline project may be changed, including the year funded, or added to Exhibits A through E with the concurrence of the Delegate representing the chapter's Council District and the approvals of the Resources and Development Committee and Budget and Finance Committee, as long as such project has been certified as construction-ready by CPMD or NTUA and the total Síhasin Funding for the District does not exceed \$4,166,666.67."

SECTION TWO. FINDINGS

- A. The Navajo Nation Council adopted Council Resolution CAP-35-18, "Adopting the Síhasin Fund Powerline and Chapter Projects Expenditure Plan Pursuant to CD-68-14, as Amended by CJA-03-18, and 12 N.N.C. §§ 2501-2508, as

Amended; Waiving 12 N.N.C. §§ 810(F), 820(I) and (M) and 860 (C) Relating to the Capital Budget and Capital Improvement Process" on April 17, 2018.

- B. Ft. Defiance Chapter submitted a CAP-35-18 Project Change Form, which is attached as **Exhibit A**.
- C. The Project Change Form indicates \$69,641.67 will be deleted from the funding for Year 1 of the Street Rehabilitation (CAP-35-18, Exhibit D, Project 53) and reallocated to Year 2 of the plan for the Solar Street Light Project (CAP-35-18, Exhibit D, Project 52), Phase II and Phase III which will include designing, planning and construction.
- D. CPMD has provided a Letter of Certification providing the status of Solar Street Light Project and is attached as **Exhibit A**.

SECTION THREE. APPROVAL

The Navajo Nation hereby approves a change allowing \$69,641.67 to be deleted from the funding for Year 1 of the Street Rehabilitation (CAP-35-18, Exhibit D, Project 53) and reallocated to Year 2 of the plan for the Solar Street Light Project (CAP-35-18, Exhibit D, Project 52), Phase II and III which will include designing, planning and construction.

CERTIFICATION

I, hereby, certify that the foregoing resolution was duly considered by the Budget and Finance Committee of the Navajo Nation Council at a duly called meeting held at Window Rock, Navajo Nation (Arizona), at which a quorum was present and that the same was passed by a vote of 5 in favor and 0 opposed, this 2nd day of July 2019.

A handwritten signature in black ink, appearing to read 'J. Henio', is written over a horizontal line.

Jamie Henio, Chairperson
Budget and Finance Committee

Motion: Honorable Amber K. Crotty
Second: Honorable Nathaniel Brown

CAP-35-18 PROJECT CHANGE FORM

COUNCIL DISTRICT: Wilson C. Stewart Jr.

DELEGATE SIGNATURE: Wilson C. Stewart Jr.

DATE: 04-10-2019

PROJECTS TO BE ADDED					
Chapter	Project Description	Funding			Check-Off List?
		Year 1	Year 2	Year 3	Total Funding
Fort Defiance	Solar Street Light Project, Phase II & III Defiance for planning/design/construction		X		\$69,641.67
Total Added Funding:					\$69,641.67

CAP-35-18 PROJECT CHANGE FORM

PROJECTS TO BE DELETED		Funding				All Funding Deleted?
Exhibit & Project No.	Project Description	Year 1	Year 2	Year 3	Total Funding	
D	Street Rehabilitation	X			\$69,641.67	Yes
Total Deleted Funding:					\$69,641.67	

CPMD has reviewed the CAP-35-18 Project Change Form and concurs that:

1. The total amount of funding for the added projects equals the total amount of funding for the deleted projects;
2. Each added project has a completed Project Check-Off List signed off by CPMD and attached to this form; and
3. After the projects have been added and deleted, the total CAP-35-18 funding for the Council District does not exceed \$4,166,666.67.

Instructions
for
CAP-35-18 PROJECT CHANGE FORM

The **CAP-35-18 PROJECT CHANGE FORM** ("FORM") is intended to be submitted to the Capital Projects Management Department ("CPMD") for review and signature, and then attached as an exhibit to the committee legislation requesting approval of the project change(s).

The following instructions apply to *all* project changes, including LGA Certified Chapter projects, *Non*-LGA Certified Chapter projects, CPMD projects and NTUA projects, and are intended to ensure that all information is correctly included so that CPMD can provide an expeditious review and sign-off.

1. The "COUNCIL DISTRICT" line should be filled in with the name of the Council Delegate representing the chapter(s) whose project(s) is to be changed.
2. The FORM should be signed and dated by the Council Delegate *before* the FORM is submitted to CPMD. This is necessary as CAP-35-18 requires project changes be concurred with by the Delegate representing the Council District where the project(s) at issue are located.
3. The "PROJECTS TO BE ADDED" section is where each *new* project is to be listed. In situations where the funding year for a project is to be changed, the project, along with its *new* funding year, should be listed in the "PROJECTS TO BE ADDED" section.
 - a. The "CHAPTER" block should be filled in with the name of the Chapter where the added project is located.
 - b. The "PROJECT DESCRIPTION" block should describe the added project, including whether it is planning, design, renovation, construction, adding funds to an ongoing project, etc.
 - c. The "FUNDING" blocks should indicate which year(s) funding is requested, as well as the total amount of funding requested. Note that CAP-35-18 only allows 24 months after distribution for the funds

Instructions
for
CAP-35-18 PROJECT CHANGE FORM

to be spent or encumbered. Also note that Year 1 funding is to be available for distribution on July 1, 2018; Year 2 funding is to be available on January 1, 2019; and Year 3 funding is to be available on January 1, 2020.

- d. The "CHECK-OFF LIST?" block should indicate by "yes" or "no" whether a CPMD certified completed Project Proposals Check-Off List or NTUA equivalent is attached to the Form. CAP-35-18 requires that CPMD or NTUA certify that an added project, including earlier year funding, is construction-ready.
 - e. The "TOTAL ADDED FUNDING" block should indicate the total dollar amount for *all* added projects and should include funding being added for a different year.
4. The "PROJECTS TO BE DELETED" section is where each existing project to be deleted should be listed, this includes projects where the funding is to be reduced but not completely eliminated. In situations where the funding year for a project is to be changed, the existing project, along with its existing funding year, should be listed in the "PROJECTS TO BE DELETED" section.
- a. The "EXHIBIT & PROJECT NO." block is the CAP-35-18 Exhibit and Project Number for the deleted project. For example, *if* the Alamo-Powerline/Waterline (Exhibit E, Project No. 1) was to be deleted it would be identified here as E-1.
 - b. The "PROJECT DESCRIPTION" block should state the Chapter wherein the deleted project is located plus the project description used in the CAP-35-18 exhibits.

Instructions
for
CAP-35-18 PROJECT CHANGE FORM

- c. The "FUNDING" blocks should indicate how much money is being deleted each year, as well as the total amount of funding deleted. If the funding for a project is only being reduced and not completely eliminated, only the dollar amount of the reduction should be listed.
 - d. The "ALL FUNDING DELETED?" block should indicate "yes" if all funding for a project is being deleted and "no" if the funding for a project is only being reduced and not completely eliminated.
 - e. The "TOTAL DELETED FUNDING" block should indicate the total dollar amount of funding being deleted and should include funding being moved to a different year.
5. The "TOTAL ADDED FUNDING" amount and the "TOTAL DELETED FUNDING" amount *must* match exactly.
6. CPMD will sign the FORM after it has verified that the FORM is in strict compliance with CAP-35-18.
7. The FORM should then be submitted to the Office of Legislative Counsel by the respective Delegate as an attachment to their request for committee legislation.

RESOLUTION OF THE FORT DEFIANCE CHAPTER
NAVAJO NATION

FDC-2018-18-11-02

REQUESTING THE RESOURCE & DEVELOPMENT COMMITTEE AND THE BUDGET AND FINANCE COMMITTEE OF THE NAVAJO NATION COUNCIL TO RE-ALLOCATE THE FY2019 SIHASIN FUNDS OF \$69,641.67 FOR THE DESIGN & PLANS, AND CONSTRUCTION FOR FORT DEFIANCE SOLAR STREET LIGHT PROJECT FOR PHASE II AND III.

WHEREAS:

1. Pursuant to 26 N. N. C, Section 3 (A) the Fort Defiance Chapter is a duly recognized Chapter of the Navajo Nation Government, as listed at II N. N. C., part 1, Section 10; and
2. The Navajo Nation Council pursuant to legislation 0116-18, the Council approved and adopted the Sihasin funds for powerline and chapter projects; and
3. The Fort Defiance Chapter received \$972,025.00 from the Sihasin funding allocation for the solar street light project for phase I; and
4. The remaining balance of \$69,641.67 was earmarked for street rehabilitation under year two for FY2019 budget allocation; and
5. The Fort Defiance Chapter has started the process to implement the solar street light project for 3.32 miles for phase II along BIA Navajo routes N7, N112, N110 and 3.0 miles for phase III along BIA Navajo routes N110, and N12.

NOW, THEREFORE BE IT RESOLVED THAT:

1. The Fort Defiance Chapter hereby requests the Resource & Development Committee and the Budget and Finance Committee of the Navajo Nation Council to re-allocate the FY2019 Sihasin funds of \$69,641.67 for the design & plans and construction for the solar street light project for phase II and III.

CERTIFICATION

We hereby certify that the foregoing resolution was duly considered by the Fort Defiance Chapter at a duly called meeting in (Navajo Nation), Arizona at which a quorum was present and that same was passed by a vote of 36 in favor, 0 opposed and 1 abstained on this 18th day of November 2018.

RE: Letter of Certification- RFP of Design/Plan Complete- Solar Street Light Project, Phase II and III

Project No.: D-52-19-1

Dear Honorable Council Delegates,

This letter serves as an update for Phase II and Phase III of the Solar Street Light Project occurring at Fort Defiance Chapter. Currently, the chapter is securing Sihasin funds for Phase II and Phase III of the project.

The Fort Defiance Chapter has completed the following work on the Phase II and Phase III of the Solar Street Light Project:

1. Request for Proposal (RFP) was issued Feb. 27, 2019 with a due date of Mar. 8, 2019 (attached).
2. We had two proposals, Rock Gap Engineering, Inc. and Arrow Indian Contractors, Inc. for the project.
3. After reviewing the proposals and cost, we have chosen Rock Gap Engineering, Inc. to make the design/plan for Phase II and Phase III of the Solar Street Light Project.

Since these have been completed, it is deemed Project ready. The approval of the project change request as outlined in the CPMD Project Change Form will allow the funds to be available to Fort Defiance Chapter. Once the chapter has transfer funds, we will make a payment to Rock Gap Engineering, Inc. to complete the design/plan of Phase II and Phase III. We look forward to working with Rock Gap Engineering, Inc. and appreciate all the hard work to make the community safer.

Should you have any questions, please contact me at (928) 871-7182 or Fort Defiance Chapter at 928.729.4352. Thank you.

Respectfully,

Benjamin Cowboy, Project Manager, CPMD

Fort Defiance Chapter Request for Proposal (RFP) FD-JAN19-008

The Fort Defiance Chapter is soliciting for a licensed consultant in the area of planning, designing, engineering and construction quality control for a solar street light project for Phase II & III. The primary project location for the solar street lights system to be installed are along BIA routes N-12, N-7, N-110, N-112 and N54 in Fort Defiance community for approximately 3.32 miles for Phase II and 3.0 miles for Phase III.

All interested bidders must adhere to BIA-Navajo Regional Division of Transportation (NRDOT) Scope of Work (SOW). The design would require adherence to all BIA specification, standards and approvals. Any additional information regarding the project, please contact the Fort Defiance Chapter at (928) 729-4352. The proposals and bid package must be submitted to Fort Defiance Chapter House by March 8, 2019 at 4:30 p.m. The Navajo Nation Business Opportunity Act and Navajo Preference Act shall apply to this project.

Proposal Due Date : By or before 4:30 p.m. (MST) March 8, 2019

RESOLUTION OF THE FORT DEFIANCE CHAPTER
 NAVAJO NATION

FDC-2018-04-15-01

APPROVING THE FORT DEFIANCE CHAPTER'S INFRASTRUCTURE CAPITAL IMPROVEMENT PLANS (ICIP) FOR FISCAL YEAR 2018-2019.

WHEREAS:

1. The Fort Defiance Chapter is a duly certified chapter of the Navajo Nation, pursuant to Navajo Nation Code, Title sections, 4001 and 4006 with vested authority to address and take action on the needs of its people; and
2. The Fort Defiance Chapter has identified eleven (11) projects for the Arizona and New Mexico Infrastructure Capital Improvement Plans for FY 2018-2019, and
3. In order for the funding resources to be fair in funding the project, the projects have to be in "construction ready" status and projects are installed into the computer system, (ICIP-WIND) in order for the project to be eligible or considered for funding, and
4. The Fort Defiance Chapter has identified the following eleven (11) projects for the FY 2018-2019 Infrastructure Capital Improvement Plans (ICIP) for Arizona and New Mexico:

1. Solar Street Light Project - Arizona	6. Scattered Waterline Project - New Mexico
2. Whiteface Mountain Road - New Mexico	7. Three Story Office Complex - Arizona
3. Community/Veterans Cemetery - Arizona	8. Scattered Powerline Project - New Mexico
4. Transfer Station Project - New Mexico	9. Chapter Warehouse - Arizona
5. Hotel & Restaurant Development - Arizona	10. Bathroom Additions - New Mexico
	11. House Wiring - New Mexico

NOW, THEREFORE BE IT RESOLVED THAT:

1. The Fort Defiance Chapter hereby approves the Infrastructure Capital Improvement Plans (ICIP) for Fiscal Year 2018-2019.
2. The Fort Defiance Chapter has supported and adopted the Infrastructure Capital Improvement Plans and prioritized the Projects in the ICIP-WIND System

CERTIFICATION

I, hereby certify that the foregoing resolution was a duly considered by the Fort Defiance Chapter at a duly called meeting at Fort Defiance, Arizona, Navajo Nation (Arizona), at which a quorum was present and that same was passed by a vote of 36 in favor, 1 opposed, and 3 abstained the 15th day of April 2018.

**APPROVING AND SUPPORTING THE FORT DEFIANCE SOLAR STREET LIGHTS PROJECT FOR
PHASE II AND TO INCLUDE THE PROJECT ON THE FY2019 INFRASTRUCTURE CAPITAL
IMPROVEMENT PLAN (ICIP).**

WHEREAS:

1. The Fort Defiance Chapter is a duly certified chapter of the Navajo Nation, pursuant to Navajo Nation Code, Title 26 sections, 4001 and 4006 with the vested authority to address and take action on the needs of its people; and
2. The Fort Defiance Chapter is about 80% complete with the solar street lights project for phase I and construction is to commence in October 2018; and
3. The Fort Defiance Chapter plans to identify three to four miles of road along BIA Navajo routes N110, N12, N7 for phase II to install solar street lights; and
4. The Fort Defiance Chapter strongly supports the continuation of solar street lights within the community due to safety reasons for drivers and pedestrians.

NOW, THEREFORE BE IT RESOLVED THAT:

1. The Fort Defiance Chapter hereby approves and supports the solar street lights project for phase II and to include the project on the 2019 Infrastructure Capital Improvement Plans (ICIP).
2. The Fort Defiance Chapter continues to work closely with BIA-Department of Transportation, Navajo Division of Transportation (NDOT), Consultant Rock Gap Engineering Inc., and the local businesses and departments to implement phase II project.

CERTIFICATION

We, hereby certify that the foregoing resolution was a duly considered by the Fort Defiance Chapter at a duly called meeting at Fort Defiance, Arizona, Navajo Nation, at which a quorum was present and that same was passed by a vote of 39 in favor, 0 opposed, and 4 abstained the 8th day of October 2018.

FORT DEFIANCE CHAPTER REQUEST FOR PROPOSAL (RFP) FD-JAN19-008

The Fort Defiance Chapter is soliciting for a licensed consultant in the area of planning, designing, engineering and construction quality control for a solar street light project for Phase II & III. The primary project location for the solar street lights system to be installed are along BIA routes N-12, N-7, N-110, N-112 and N54 in Fort Defiance community for approximately 3.32 miles for Phase II and 3.0 miles for Phase III.

All interested bidders must adhere to BIA-Navajo Regional Division of Transportation (NRDOT) Scope of Work (SOW). The design would require adherence to all BIA specification, standards and approvals. Any additional information regarding the project, please contact the Fort Defiance Chapter at (928) 729-4352. The proposals and bid package must be submitted to Fort Defiance Chapter by February 8, 2019 at 4:30 p.m. The Navajo Nation Business Opportunity Act and Navajo Preference Act shall apply to this project.

Proposal Due Date: By or before 4:30 p.m. (MST) February 8, 2019.

Request for Proposal (RFP)
FD - JAN 19 - 008
COST FEE PROPOSAL

Rock Gap Energy Services is pleased to present this proposal for the engineering design for the Fort Defiance Solar Street light project which includes control survey, planimetric drawings, solar light specifications, drawings and preliminary construction staking of street lights location.

Our proposal is based on the following:

- 1) Client will provide survey control data for the entire project as obtained from BIA. This will be used to conduct a field survey (one visit) of the control points and to check it for use in developing roadway alignments using BIA information.
- 2) Client will provide topographic survey and roadway design files for the project as obtained from the BIA. This information will be critical to establish the horizontal and vertical positions of proposed street lights in relation to existing and proposed roadway and drainage improvements being designed in-house by the BIA.
- 3) Rock Gap will provide Engineering design and present project design, detailed construction drawings, and Specifications for the Fort Defiance Chapter Solar Roadway Street lighting Project.
- 4) Proposal includes one visit to stake the positions of all proposed street lights for review by the Fort Defiance Chapter and BIA and final review and re-taking changes for final approval.

We propose to complete the work on a lump sum basis.

Rock Gap Energy services will perform re-staking or additional tasks not specified in this proposal on a **Time and Materials** "not to exceed without authorization (NTEA)" basis. Any scope items not explicitly included in this scope are excluded, but may be performed upon written request.

A. TASKS

- **Verify Site Control** RPA shall locate and verify existing site control information provided by improvement plans for phase II and Phase III being completed by the Bureau of Indian Affairs.
- **Planimetric Drawings** RPA will overlay control data onto the Bureau of Indian Affairs cad files for both Phase II and III. RPA will check alignments. RPA will create a base file and drawing sheets. Rock Gap will provide a preliminary layout of the solar street lights for RPA to incorporate. RPA will depict station and offsets for each light pole location. Planimetric drawings for each corridor (to be phased) will be produced.
- **Rock Gap will design Solar Lighting Project.** Rock Gap will provide solar designs from a selection of at least three Solar Manufacturers. A selection will be made by the Chapter and BIA; Rock Gap will then provide final documents, drawings, specifications and understanding for procurement and construction of Fort Defiance's Solar Street Lighting project.

- **Solar Lighting Field Staking.** Upon approval of planimetric drawings and Solar Design, RPA will extract Solar lighting locations from the provided data. Extracted data will provide the X,Y and Z coordinates Necessary for ultimate light placement. Surveyor shall set the X,Y and Z of each point, no offset will be Set (offsetting of foundation location shall be the responsibility of the contractor).

B.D IRECT EXPENSES

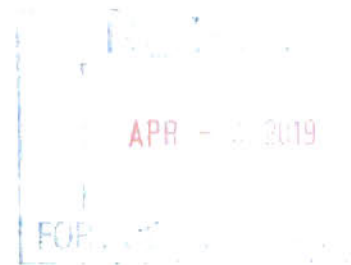

All printing, blueprinting, copying, special reproductions and deliveries will be performed in-house by Rock Gap Energy Services. Any additional fees that may be required, the client shall pay. Any review fees, processing fees, development fees, impact fees, recording fees, and other fees required by the Chapter or other agencies will be paid by the Chapter.

FEE SCHEDULE

Description Cost

Solar Light Roadway Project Phase II
 Solar Light Roadway Project Phase III

Grand Total \$69,000.00

EXCLUSIONS

- Roadway design
- Traffic design
- Drainage design
- Preparing base files (to be provided by BIA)
- Setting survey control, property pins
- As-built surveying or plans.
- Landscape design or Installation
- Geo technical design
- Any items not included in the above Scope of Work for Construction Staking And Survey Services. (Staking is on a one time basis)

SUBJECT: REQUEST FOR PROPOSAL (RFP)
FD-JAN19-008
Fort Defiance Solar Street Lights

Lorraine Nelson;

Enclosed for your review and consideration is Arrow Indian Contractors, Inc.'s bid proposal for the above referenced project. Arrow Indian Contractors, Inc. is an Arizona Corporation, 100% Native American, Navajo Priority 1 owned enterprise with complete in-house capabilities for civil engineering and general contractor services. As an Arizona and New Mexico licensed General Contractor, Arrow has a successful history of facilitating construction projects for Native American communities and Federal Agencies throughout the Southwestern United States.

Managing, completing and delivering a quality construction project on schedule and on budget is a business objective that Arrow takes considerable pride in achieving on each and every project. To achieve these business and project objectives, Arrow proposes to appoint a team of outstanding construction professionals and on-site crews with the necessary expertise and experience to facilitate the Fort Defiance Solar Street Light project. These construction professionals have significant years of experience managing similar construction projects and will provide the necessary experience and qualifications to ensure a quality product with unmatched customer service.

To fulfill the terms of this proposal, the following Arrow employees will have full authorization to answer any questions related to this proposal and to contractually obligate the business for purposes of this project:

ARROW INDIAN CONTRACTORS

Re: **Fort Defiance Solar Street Lighting Project Phase II & III**
ELECTRICAL ENGINEERING & LIGHTING DESIGN

Attn: Ft. Defiance Chapter

Dear Ms. Nelson,

Arrow Indian Contractors, Inc. appreciates this opportunity to submit this proposal for engineering services on the above referenced project. The following services will be performed in a professional manner to meet Fort Defiance Chapter and BIA-NRDOT Scope of Work and requirements:

Public Solar Street Lighting Design Scope of Services:

1. All design will adhere to BIA specifications, standards and approvals, the Navajo Nation Business Opportunity Act and Navajo Preference Act.
2. Coordinate solar street lighting design with Fort Defiance Chapter, existing street conditions, and installation contractor as required.
3. Attend one kickoff meeting with the Fort Defiance staff at the beginning of the design phase of the project.
4. Visit the site to determine existing conditions at proposed street lighting locations. This task will require extensive onsite discovery of the potential existing conflicts and conditions. Up to (1) one visit during the design stage.
5. Prepare sealed photometric calculation drawings 24 x 36. The photometric calculations will show the proposed lighting locations and levels for all streets and intersections as required.
6. Design will include the required lighting levels to meet Fort Defiance Chapter and BIA requirements.
7. Prepare 24" X 36" solar street light design plan drawings showing all public street lighting in 2 phases for the following BIA Routes:
 - a. N-12, N-7, N-110, N-112, N-54
8. Phase II will include approximately 3.32 miles of solar street lighting.
9. Phase III will include approximately 3.0 miles of solar street lighting.
10. In order to minimize costs, both phases will be designed concurrently with the ability to be constructed at different time frames.
11. Where necessary, prepare overhead clearance calculations to determine if solar street lights have adequate clearance from overhead power lines. Modify

plans as necessary to meet minimum clearances. All efforts will be made to avoid all overhead power conflict areas.

12. Structural calculations for the solar street lighting poles and footings are included in the engineering design cost.
13. Prepare an engineer's opinion of probable electrical construction costs if requested.
14. Perform in-house QAQC review and modifications.
15. The above plans will be provided to Fort Defiance Chapter and the contractor for review and comment at 75% and 100% stages. Submittals will include up to 5 copies of solar street lighting drawings and a digital PDF copy.
16. Review comments will be responded to and addressed.

Construction Phase Scope of Services:

1. Attend (1) one Pre-construction meeting.
2. Review all electrical equipment submittal packages for conformance to contract documents and provide written itemized submittal review and response letter.
3. Review all RFI's and provide written itemized review and response letter.
4. Visit the site for up to (1) one inspections of the solar street lighting installation and prepare an inspection report.
5. Prepare Record Drawings of the solar street lighting installation based on inspection information as well as contractor's marked up electrical plans.

Final Deliverables

1. Upon completion of the design, Arrow will provide one set each of final sealed documents bearing the signature of a registered electrical engineer in the State of Arizona.

Fort Defiance Chapter

DATE : April 8, 2019

SUBJECT : SELECTION OF CONSULTANT

The Fort Defiance Chapter Administration conducted a bid opening on Wednesday, April 3, 2019 to select a certified and qualified consultant to develop the design and plans for the proposed solar street light project for phase II & III within the Fort Defiance community. There were two potential bidders, Rock Gap Engineering Inc., and Arrow Indian Contractors, Inc. After reviewing the proposals and cost estimate the panel selected Rock Gap Engineering Inc., for the project. The cost estimate and proposal format was the determining factor in selecting the consultant for the project.

The Chapter Administration will now proceed to work with Navajo Department of Justice, Capital Project Management Department and others to develop the Service Contract for the project. The remaining balance from the Sihasin funds of \$69,641.67 will be utilized toward the project. Your consideration on this matter would be greatly appreciated. If any question, please contact me at (928) 729-4352. Thank you.
