

LEGISLATIVE SUMMARY SHEET

Tracking No. 0135-17

DATE: April 6, 2017

TITLE OF RESOLUTION: PROPOSED NAVAJO NATION COUNCIL RESOLUTION; AN ACT RELATING TO LAW AND ORDER COMMITTEE, HEALTH, EDUCATION AND HUMAN SERVICES COMMITTEE, RESOURCES AND DEVELOPMENT COMMITTEE, BUDGET AND FINANCE COMMITTEE, NAABIK'ÍYÁTI' COMMITTEE AND THE NAVAJO NATION COUNCIL; ENACTING THE NAVAJO NATION BUILDING CODES OF 2017 AT 6 N.N.C. §§ 1180 ET SEQ.; ESTABLISHING THE NAVAJO NATION BUILDING AND SAFETY DEPARTMENT WITHIN THE DIVISION OF COMMUNITY DEVELOPMENT; ESTABLISHING THE NAVAJO NATION BUILDING CODES BOARD OF APPEALS, AND AMENDING 6 N.N.C. §§ 616 AND 620 AND RESCINDING OTHER INCONSISTENT NAVAJO NATION CODE SECTIONS

PURPOSE: The purpose of this proposed resolution is to enact the Navajo Nation Building Codes to be codified within Title Six of the Navajo Nation Code. This legislation would enact the International Building Code, the International Mechanical Code, the International Plumbing Code, the International Fire Code, the International Residential Code and the International Energy Conservation Code. These codes are available for viewing on the International Code Council Public Access website <<https://codes.iccsafe.org/public/collections/I-Codes>>. The National Electrical Code is available for viewing on the National Fire Protection Association website <<http://www.nfpa.org/codes-and-standards/all-codes-and-standards/list-of-codes-and-standards?mode=code&code=70>>. All inconsistent Navajo Nation Code sections will be rescinded to provide for uniform building codes.

These codes are not attached as Exhibits because this legislation is written to adopt the **latest** International and National Codes; these International and National Codes are changed every two or three years. Most state, county and tribal codes make reference to the International Building Codes and National Building Codes in the state, county and tribal code books just by reference; the International Building Codes and National Building Codes are not usually reprinted into the state, county and tribal law books. Again, this is because the International and National Building Codes are constantly updated by the industry. For that reason, this amendment to the Navajo Nation Code is written as follows:

20 NATION CODE SECTIONS

21
22 BE IT ENACTED:

23 **Section One. Authorities**

- 24 A. The Law and Order Committee of the Navajo Nation Council, pursuant to
25 2 N.N.C. § 601(B)(14), reviews and makes recommendations to the
26 Navajo Nation Council proposed amendments to the Navajo Nation Code.
27 B. The Health, Education and Human Services Committee, pursuant to 2
28 N.N.C. § 400(C)(1), provides legislative oversight on matters involving
29 health.
30

- 1 C. The Resources and Development Committee of the Navajo Nation
2 Council, pursuant to 2 N.N.C. § 500(C), exercises oversight authority over
3 the Division of Economic Development, the Division of Community
4 Development and housing issues on the Navajo Nation.
- 5 D. The Resources and Development Committee is responsible for reviewing
6 building code, electrical code, plumbing code, and housing code and
7 recommending the same for adoption or amendment to the Navajo Nation
8 Council. 6 N.N.C. § 5(A)(B); 2 N.N.C. § 501 (B) (4) (b).
- 9 E. The Budget and Finance Committee of the Navajo Nation Council is to
10 oversee the financial policies of the Navajo Nation. 2 N.N.C. § 300 (C)
11 (1).
- 12 F. The Naabik'íyáti' Committee of the Navajo Nation Council, pursuant to 2
13 N.N.C. § 164(A)(9), reviews proposed legislation which requires final
14 action by the Navajo Nation Council.

15
16 **Section Two. Findings**

- 17 A. The former Advisory Committee of the Navajo Nation Council, in 1963,
18 provided for a "Code Advisory Committee," 6 N.N.C § 6, tasked to assist
19 the former Transportation and Community Development Committee, now
20 the Resources and Development Committee, with the responsibility "for
21 reviewing building code, electrical code, plumbing code, and housing code
22 and recommending the same for adoption or amendment to the Navajo
23 Nation Council." This Advisory Committee was to be composed of "the
24 General Manager of the Navajo Tribal Utility Authority, the Head of the
25 Design and Engineering Services Department, Navajo Nation; Chief
26 Sanitary Engineer, Public Health Service; Maintenance Engineer, Bureau
27 of Indian Affairs, and such other persons as the President of the Navajo
28 Nation may from time to time designate." However, fifty-three years has
29 passed since 1963 and there is no evidence that a building code, electrical
30 code, plumbing code, and housing code have been recommended for

1 adoption to the Navajo Nation Council. The time has come to take action
2 on the adoption of such codes.

3 B. The enactment of building codes, including a building code, mechanical
4 code, electrical code, plumbing code, fire code, residential code, energy
5 conservation code for the Navajo Nation is a proper and necessary
6 exercise of sovereignty of the Navajo Nation government directly
7 affecting the health and safety of all residents of and visitors to the Navajo
8 Nation.

9 C. The International Building Code, the International Mechanical Code, the
10 International Plumbing Code, the International Fire Code, the International
11 Residential Code and the International Energy Conservation Code are
12 available for viewing on the International Code Council Public Access
13 website <https://codes.iccsafe.org/public/collections/I-Codes>. The National
14 Electrical Code is available for viewing on the National Fire Protection
15 Association website [http://www.nfpa.org/codes-and-standards/all-codes-
16 and-standards/list-of-codes-and-standards?mode=code&code=70](http://www.nfpa.org/codes-and-standards/all-codes-and-standards/list-of-codes-and-standards?mode=code&code=70).

17 D. The enactment by the Navajo Nation of these building codes will provide
18 an acknowledged industry standards of quality necessary for superior
19 construction of residential and commercial buildings.

20 E. The building codes enacted by this legislation will be applicable to new
21 construction and to improvements to existing structures which are funded
22 by Navajo Nation funds, state funds or federal funds and to all commercial
23 construction no matter the funding sources. However, the building codes
24 will not be applicable to Navajo traditional buildings and traditional
25 structures.

26 F. The Navajo Nation Council understands that water, electricity and
27 sanitation facilities and infrastructure are not available at every location on
28 the Navajo Nation. Therefore, at a later date, the Navajo Nation Council
29 will revisit the question of whether these building codes will be made
30

1 applicable to all homes built, with the exception of traditional dwellings,
2 on the Navajo Nation.

3 G. The enactment of building codes necessitates the formation of a Navajo
4 Nation Building and Safety Department for performing various
5 administrative functions to ensure compliance with the building codes.

6 H. The enactment of building codes necessitates the creation of a Navajo
7 Nation Building Code Board of Appeals for the purpose of hearing and
8 determination appeals regarding the suitability of construction materials
9 and methods and other such questions on the applications of the Navajo
10 Nation Building Codes.

11 I. The Navajo Nation Code sections which are inconsistent with this
12 legislation will be rescinded to insure uniformity in the implementation of
13 Navajo Nation-wide building code standards.

14 J. One such inconsistent Navajo Nation Code provision is Title Six
15 Subchapter Five Section 616 relating to the Navajo Housing Authority.
16 This section currently allows the Navajo Housing Authority to provide
17 inspection services on all NAHASDA funded development projects. With
18 the enactment of this legislation, this function will be provided by the
19 Navajo Nation Building and Safety Department; therefore Section 616
20 will be rescinded by this legislation to allow conformity with the purpose
21 of the Navajo Nation Building Codes.

22 K. The Navajo Nation Council finds that it is in the best interest of the
23 Navajo Nation to enact the Navajo Nation Building Codes, to create the
24 Navajo Nation Building and Safety Department and to establish the
25 Navajo Nation Building Code Board of Appeals.

26
27 **Section Three. Enactment of the Navajo Nation Building Codes Act of 2017**

28 The Navajo Nation hereby enacts the Navajo Nation Building Codes Act of
29 2017.
30

1 **Section Four. Amendment of Title Six of the Navajo Nation Code**

2 The Navajo Nation Council hereby amends Title Six of the Navajo Nation

FROM: Mariana Kahn
Mariana Kahn, Attorney
Office of Legislative Counsel

DATE: April 6, 2017

SUBJECT: PROPOSED NAVAJO NATION COUNCIL RESOLUTION; AN ACT RELATING TO LAW AND ORDER COMMITTEE, HEALTH, EDUCATION AND HUMAN SERVICES COMMITTEE, RESOURCES AND DEVELOPMENT COMMITTEE, BUDGET AND FINANCE COMMITTEE, NAABIK'ÍYÁTI' COMMITTEE AND THE NAVAJO NATION COUNCIL; ENACTING THE NAVAJO NATION BUILDING CODES OF 2017 AT 6 N.N.C. §§ 1180 ET SEQ.; ESTABLISHING THE NAVAJO NATION BUILDING AND SAFETY DEPARTMENT WITHIN THE DIVISION OF COMMUNITY DEVELOPMENT; ESTABLISHING THE NAVAJO NATION BUILDING CODES BOARD OF APPEALS, AND AMENDING 6 N.N.C. §§ 616 AND 620 AND RESCINDING OTHER INCONSISTENT NAVAJO NATION CODE SECTIONS

As requested, I have prepared the above-referenced proposed resolution and associated legislative summary sheet pursuant to your request for legislative drafting. If the proposed resolution is unacceptable to you, please contact me at the Office of Legislative Counsel and advise me of the changes you would like made to the proposed resolution.

Based on existing law and review of documents submitted, the resolution as drafted is legally sufficient. As with any action of government however, it can be subject to review by the courts in the event of proper challenge. Please ensure that his particular resolution request is precisely what you want. You are encouraged to review the proposed resolution to ensure that it is drafted to your satisfaction.

The Office of Legislative Counsel confirms the appropriate standing committee(s) based on the standing committees powers outlined in 2 N.N.C. §§301, 401, 501, 601 and 701. Nevertheless, "the Speaker of the Navajo Nation Council shall introduce [the proposed resolution] into the legislative process by assigning it to the respective oversight committee(s) of the Navajo Nation Council having authority over the matters for proper consideration." 2 N.N.C. §164(A)(5).

These codes are not attached as Exhibits because this legislation is written to adopt the latest International and National Codes; these International and National Codes are changed every two or three years. Most state, county and tribal codes make reference to the International Building Codes and National Building Codes in the state, county and tribal code books just by reference; the International Building Codes and National Building Codes are not usually reprinted into the state, county and tribal law books. Again, this is because the International and National Building Codes are constantly updated by the industry. For that reason, this amendment to the Navajo Nation Code is written as follows:

§ 1182. Code Editions Adopted

- A. All Codes adopted shall be the latest editions.**
- B. All construction shall conform to the Codes in existence at the time the building permit is issued.**
- C. Copies of the Navajo Nation Building Codes will be available for viewing at the Navajo Nation Building and Safety Department or on its website.**

For your information, I have addressed a letter to the Speaker, the Executive Director of the Office of Legislative Services and yourself regarding how to access the six International Codes and the National Electrical Code via the two companies' free public viewing websites. The letter also gives information on how the Speaker's Office and the Office of Legislative Services may obtain paper copies of the seven building codes.

The information provided in the proposed legislation is as follows: The building codes to be adopted are the International Building Code, the International Mechanical Code, the International Plumbing Code, the International Fire Code, the International Residential Code and the International Energy Conservation Code and the National Electrical Code. The Navajo Nation Council delegates and the Navajo Nation public and constituents may view the codes on the International Code Council Public Access website <<https://codes.iccsafe.org/public/collections/I-Codes>>. The National Electrical Code is available for viewing on the National Fire Protection Association website <<http://www.nfpa.org/codes-and-standards/all-codes-and-standards/list-of-codes-and-standards?mode=code&code=70>>.

§ 1182. Code Editions Adopted

- A. All Codes adopted shall be the latest editions.
- B. All construction shall conform to the Codes in existence at the time the building permit is issued.
- C. Copies of the Navajo Nation Building Codes will be available for viewing at the Navajo Nation Building and Safety Department or on its website.

This written summary does not address recommended amendments as may be provided by the standing committees. The Office of Legislative Counsel requests each Council Delegate to review each proposed resolution in detail.
