NATION CODE TO TRANSFER LEGISLATIVE OVERSIGHT OVER
VETERAN SERVICES TO THE NAABIK'ÍYÁTI' COMMITTEE

BE IT ENACTED:

SECTION ONE. FINDINGS

- A. The Health, Education and Human Services Committee is a standing committee of the Navajo Nation Council and has the power to review and recommend resolutions relating to veterans and veteran services. 2 N.N.C. §§ 400(A), 401(B)(6). In addition, the Health Education and Human Services Committee shall recommend to the Navajo Nation Council... to rescind that plan of operation or an existing plan of operation for any Division or Department under the Committee's oversight. 2 N.N.C. § 401 (C)(1).
- B. The Law and Order Committee is a standing committee of the Navajo Nation Council and has the power to review and make recommendations to the Navajo Nation Council on proposed amendments to and enactments in the Navajo Nation Code. 2 N.N.C. §§ 600(A), 601(B) (14)

- 1 C. The Naabik'iyáti' Committee is a standing committee of the Navajo Nation Council
2 and has the power to review proposed legislation which requires final action by the
3 Navajo Nation Council. 2 N.N.C. §§ 700(A), 164(A)(9). In addition, the Naabikiyati
4 Committee serves as the oversight for the Office of Legislative Services and other
5 offices, programs, commissions, boards or task forces under the Legislative Branch
6 of the Navajo Nation Government, unless otherwise designated by Navajo Nation
7 law, and to approve and amend plans of operation thereto. 2 N.N.C. § 701 (A)(5)
- 8 D. The Navajo Nation Council is the governing body of the Navajo Nation. 2 N.N.C. §
9 102(A).

10
11 **SECTION TWO. FINDINGS**

- 12 A. In 2011, the Navajo Nation Council adopted Resolution CAP-10-11 which amended
13 certain sections of the Navajo Nation Code, Title 2 §§ 101 through 835, to conform
14 to the newly established 24-member Navajo Nation Council and made necessary
15 revisions to the legislative process and current standing committee structure.
- 16 B. Resolution CAP-10-11 established the Health, Education and Human Services
17 Committee with legislative oversight over veteran services. 2 N.N.C. § 400(C)(3).
- 18 C. The purpose of this legislation is to transfer legislative oversight over veteran services
19 from the Health, Education and Human Services Committee to the Naabikiyati
20 Committee.
- 21 D. The Navajo Nation Council finds it in the best interest for the Navajo Nation Veterans
22 Administration and Navajo Nation Veterans Advisory Council to be under the
23 legislative oversight of the Naabikiyati Committee because Diné veterans are highly
24 honored in Diné society and culture and all veteran matters and concerns should be
25 addressed by the full Council at the Naabikiyati Committee level.

Yá'át'ééh, to all concerned from TeecNosPos King/Clark Veterans we are in concurrence with moving the Navajo Nation Veterans Advisory council from the HEHS committee to Náábí'k'lyátí. This will enhance greater exposure of veterans issues to all Navajo Nation council delegates for better understanding and promote results that benefit the veterans. Áhé'héé

February 2, 2022

NNC LEGISLATION NO. 0023-22 is redundant legislation to Navajo Nation Council Standing Committees to attempt transfer oversight over veterans' services.

REDUNDANCY COMMITTEE'S RESPONSIBILITY

AMENDING CERTAIN SECTIONS OF THE NAVAJO NATION CODE TO TRANSFER LEGISLATIVE OVERSIGHT OVER VETERAN SERVICES TO THE NAABIK'IY ATI' COMMITTEE.

A. The Health, Education and Human Services Committee is a standing committee of the Navajo Nation Council and has the power to review and recommend resolutions relating to veterans and veteran services.

B. The Law and Order Committee is a standing committee of the Navajo Nation Council and has the power to review and make recommendations to the Navajo Nation Council on proposed amendments to and enactments in the Navajo Nation Code.

C. The Naabik'iyati' Committee is a standing committee of the Navajo Nation Council and has the power to review proposed legislation which requires final action by the Navajo Nation Council.

REMEDATION

Instead of passing the buck (transfer oversight), Navajo Nation Council to create Interim Navajo Nation Council Committee to address "Military and Veterans Affairs". The applicable Navajo Nation Council Standing Committee appoint its member to the Interim Council Committee.

The Navajo Nation Veterans' Services is the least understood Navajo Nation Program Services. On February 3, 2016 the Navajo Nation enacted Navajo Veterans Act that codified the Navajo Veterans legal entity of the Navajo Nation government. In 1971 Navajo Nation established the Office of Navajo Veterans Affairs, did not codify.

RECOGNITION OF NATIVE AMERICAN VETERANS

March 21, 2016 then NN President, Russell Begaye, wrote a question letter to U.S. Veterans Administration, re: "VA not recognized organized Native American Veterans under U.S. Code of Federal Regulations. Title 38 Part 14.628: that authorizes preparation, presentation and prosecution of Federal Veterans' Benefit claims." March 21, 2017 VA amended its regulation to recognition of tribal organization.

NAVAJO VETERANS ACT

Upmost important purpose of the Navajo Veterans Act is to get Navajo Nation designated U.S. Veterans Administration (VA) Region. This allow federal veterans' benefits and services be make available on Navajo Nation and neighboring Native land. Navajo Nation is in three (3) VA Regions (AZ, NM & Ut), but there are no VA operated services on Navajo Nation, and /or any of other Native land in U.S.

PROBLEMATICAL NAVAJO VETERANS ADMINISTRATION

The problem of Navajo Veterans Administration (NVA) is misunderstanding the intended purpose of the veterans' program services is challenging.

1. The absence of Navajo Veterans Administration program strategic plans and no collaboration work relationship with federal and state veterans' program services for veterans' benefits and services.
2. Secrecy of Navajo Veterans Administration. In the past two (2) years there have been obscured changes made to veterans' benefit and services policies and management procedures. In fact, the VTF Financial Assistance policies and procedures were deleted without justification. The changes are made irrational, without justification (no documented legal opinions nor financial service recommendations) and absence of consultation with clienteles (Navajo Veterans, veteran's beneficiaries and communities). This show lack of understanding and disrespect the sensitivity of the Navajo culture (Naayéé' neizhání) and tradition (Tóóáíshchíní) way of life of the Navajo people, and lack of an empathy for vulnerable veterans and veteran's beneficiaries' needs to maintain quality of life.

SOLUTION

To be blunt the Navajo veterans Administration is in disarray conditions with excruciating management problems and there is no resolution insight. It reminded me of an instant I encounter in my early years.

On summer my brother and I came upon a man at the bottom of deep arroyo with a wagon loaded with three (3) 55-gallon barrels of water that was stuck. The man was whipping the team of mule to get them pull the wagon forward, but the mules refused to move, they just kicked and backing out.

Problem: Two mules (team) were physically tired from pulling heavy load over 5 miles distance in hot weather on rough road. The man failed to take care the mules – feed, water and rest.

Solution: My brother unhitched the mules, gave them water and let them eat some vegetation. He walked them around and rubbed their backs and talk to them.

Result: The mules respond, pull the wagon out of the arroyo and completed the journey.

Cause: The man was a hired hand who have no experiences in caring (managing) for the animals.

NVA is like tired mules, cannot pull the load anymore. Whipping the NVA program with new management policies, procedures, consolidating or redirecting resources, releasing personnel, etc. is not going to strengthen the old system. Potentially causes greater disharmony within the program operation and distant relation with clienteles.

1. To salvage the damage made to Navajo Veterans Administration, President and Council of the Navajo Nation to assume the leadership in the total Navajo Veterans Affairs to revitalize the program services to acceptable level of the Navajo veterans and surviving beneficiaries. Secondly, to implement comprehensive analysis of Navajo Nation Veterans' legislations, regulations, rules, policies and staffing. Lastly, develop a comprehensive strategic Plan (unbiased) for the Navajo Nation Veterans Program and services.
3. Program Review and Evaluation: NVA needs to undergo complete review and evaluation by independent study group, consisted of relevant professional and technical knowledgeable personnel and grassroot clienteles. Grassroot clientele's involvement is important to identify obstacles to service and needed services and developing new or add program services applicable to clientele needs and identify resources for program service improvement and development.

4. Strategic Planning is essential management tools for the programing and staff development, financial management and collaboration service delivery system. NVA is administered with multi-sorts of NN policies and procedures that impeded NVA staffing, financial management, programing veterans' service delivery system. The origin of NN Veterans Program Services is embedded within Navajo culture and traditional practices and subsequently integrated to US Veterans Administration.
5. Human Resource Development. Sad situation at the Navajo Veterans Offices that lacks qualified (certified VSO and Record Manager) staff to assistance veterans with their VA benefit claims and applicable services. It is important to have qualified staff (trained and certified)-Director, VSO, AMS, program manager and chapter veterans' organization members-to assist the veteran, surviving spouse and dependent with veteran's benefit claims. A single certified VSO per Agency is totally insufficient. VA claims are process through difficult path of VA system. Self-proclaimed know it all will do more harm to the claimants.

BIG QUESTION?

Is Navajo Nation going take the major responsibilities for the care of Navajo Veterans which include financial (disability, home loan), health care, social services (nursing services, handicap equipment) and cemetery. The Navajo veterans are eligible for federal veterans' benefits and services under the U.S. Veterans Administration.

Enclosing, the whole Navajo Veterans Administration Program Service is in your hands. Do the right things to enhance the service to the Navajo veterans and surviving beneficiaries. Should you have question, you may contact me at , email: pjgeorge@citlink.net. Thank you, stay safe and healthy.

NNC Legislation No. 0023-22

Sponsor: Kee Allen Begay

TITLE OF RESOLUTION: AN ACT RELATING TO HEALTH EDUCATION AND HUMAN SERVICES, LAW AND ORDER, AND NAABIK'ITY ATI' COMMITTEES AND THE NAVAJO NATION COUNCIL; AMENDING 2 N.N.C. § 1033 TO ESTABLISH A PROGRAM MANAGER TO ADMINISTER THE VETERANS HOUSING PROGRAM

- A. Establish a Program Manager to administer the Veterans Housing Program is greatly questionable and mystery. It is difficult to assess the proposed Program Manager position without position description and the detail description of the Navajo Veterans Housing Program. The lack of detail budget and sort of fund for the position is mystery.

CONCERNS

1. The Executive Director of Navajo Veterans Administration (NVA) have consolidated the veterans housing program funds for contracting prefabricated home (Hogan) construction. In that NVA Executive Director have no plan for restarting on-site home construction as original intended in pursuant of Health, Education and Human Service Resolution CJY-55-18.
2. There has been no veteran's house constructed in the past three (3) years and no plan to restart the construction veterans' home. In 2008, NNC appropriated 4%, NN Undesignated Fund, set aside VTF. In 2018, NNC, CJA-02-18 amended 4% set aside VTF which 2% of 4% set aside is designated for Veterans House Program and 2% direct appropriated into annual financial assistance. Amending 4% annual set-a-side had stopped the VTF principle growth. The Navajo Veterans Advisory Council recommended amending 4% Annual Set-A-Side to Navajo Nation Veterans Trust Fund without impact study and consultation with CVOs. Attachments-NNC res. CJA-2-02-18 (p.1-4) and VTF Income (p.1-2)
3. In 2019 Executive Director of Navajo Administration confiscated the completed Veterans' Housing Application files from Agency Veterans Offices and relocated the files at Central NVA. In early December 2021, Executive Director instructed the Agency Offices staff to update the Veterans' Housing Applications. Veteran Service Officer (VSO) from Northern Agency NVA Office disputed Executive Director's directive which the Central NVA have loss document(s) from the completed veteran's housing application. Executive Director intimidated VSO by either comply or be fire. VSO resigned on December 31, 2021. This is second VSO, Northern Agency, resigned under coerce action of the Executive Director within passed three (3) years. In 2021, the entire Northern Agency NVA staff (VSO, AMS, OMS) left their position due to dishearten treatment by Executive Director.
- 4.

ANALYSIS

On September 24, 2021 Veterans protested in Window Rock, Navajo Nation Council Chamber. The protest was against Executive Director, James Zwierlein, Navajo Veterans Administration (NVA), proposing to implement new financial assistance application for the Veterans Trust

Fund (VTF) without consultation with the beneficiaries (veterans, surviving spouses and Gold Star Mothers).

- As a veteran, I value the people's right to freely express concern of intolerable treatment that is detrimental to their livelihood. With that, NVA must be administer openly for the beneficiaries to participate in the changes in a timely manner.
- The Director, Mr. James Zwierlein, autocratically changing application for VFT programs and services have certainly instigated dissatisfaction amongst beneficiaries' long-standing procedures and processes. In 2019 Mr. Zwierlein had HEHS Committee removed VTF policy and procedures, thus, there is not legislatively approved VTF policy existed.
- The Executive Director, Mr. James Zweirlein, forcing to use unofficial fund management method, using veteran population counts (use of veteran's discharge document, Form DD 214) to disburse VTF interest earned funds and consolidating the chapters veterans organizations' VTF allocation in total sum in lieu of official 50/50 formula specified by NN Trust Funds policy.

RECOMMENDATION

Table NNC Legislation 0023-22.

I. Establish NVA Study Commission

It is an opportunity to create closer relations (respect, honesty, understanding and ke') to commission Navajo Veterans Administration Study Group. In lieu of in-house NVA studying, is to establish an independent study group to conduct comprehensive review and study of all the Navajo Veterans legislations, rules, regulations and policies against 38 US Code of Federal Regulations, Veterans Administration policies. The commissioners to conduct comprehensive analysis of the Navajo Veterans' program services, policy and procedures, and to develop lobby strategic for congressional action to amendment US Veterans Administration policies to strengthen the Navajo Veterans Administration.

II. Members NVA Study Commission (Not more than seven (7) members)

The Commission members to consist of an experienced Navajo professional (attorney (VA certified), relevant health professional, essential traditional Navajo-medicine man, etc.), technical personnel (accountant, statistician, policy analyst and management analyst, etc.) and grassroot veterans. At all mean prohibit NVA staff and tribal employees, Veterans Advisory Council and NN Council Delegate appointment to Commission.

III. NVA Study Commission Office

It is opportunity time to use ARPA funds to set up a separate NVA Study Commission Office with technical support staff (Planner, Statistician, Technical Writer, etc.), equipment and support services. The Navajo Veterans Administration Study to be complete within a year or less. Navajo Nation Council final approval all amendments to Navajo Veterans Administration policies, rules and regulations and intergovernmental relations with federal veteran's administration on Navajo Veterans' services.

Enclosing, the whole Navajo Veterans Administration Program Service is in your hands. Do the right things to enhance the service to the Navajo veterans and surviving beneficiaries. Should you have question, you may contact me at email: pjgeorge@citlink.net. Thank you, stay safe and healthy.

Veterans Trust Fund

Interest Income Explanation

October 4, 2018

The purpose of this pamphlet is to clear up any confusion on the history of the Veteran's Trust. Initially the Veteran's Administration wanted to increase "interest income from 4% to 10%". The diagram below provides a high-level view on the differences between the old legislation and new legislation.

History

- Withdraw ① 4% to 10%; "6% Increase"
- Withdraw ② Income to include Unrealized/Realized gains/losses.
- Current ③ Income Includes set-asides \$4.9 Mil. FY 2019
- Current ④ \$1.09 mil. from Trust Legal Challenge FY 2018
- Current ⑤ \$1.2 mil. From UUFB

Old

CJY-46-98

Legislation states the expenditure calculation will be derived from 4% of the trailing 12 quarter Market Value average of the Veteran's Trust Fund (VTF). However, the issue with that calculation is the VTF isn't generating enough income to meet the 4% calculation.

New

CJA-02-18

Legislation amends sub-section 1176 (A) Expenditure of Trust Fund to "75 Percent of the total income earned, plus the current projected set aside of the Fund will be as supplemental funding for programs and services..." This approved amendment increases the amount of aid given to Veteran's by adding most of the projected set-aside into the equation.

In Conclusion, the new legislation allows for more program expenditure by including the use of set-asides into the budget calculation. If there was no new legislation the Veteran's program would only receive the \$2.9 million for FY 2019.

10/27/2017	Vetoed 11/6/2017		CO-63-17	Resolution attempts to amend N.N.C. 12 Sub-section 1175 (B) by adding the 4% set-asides into the Interest Income definition in order to increase additional funding to the Veterans Program. Resolution was passed by Council on October 13, 2017 however President vetoes this legislation on November 6, 2017. The President's justification states new language is unclear and can be interpreted to defund the Housing Program for Veteran's; and by doing so will halt the growth of the Veteran's Trust Fund; in order to access "Principal" there needs to be a 2/3 vote from all registered voters.
12/28/2017			CD-74-17	Overrides President's Veto to CO-63-17
1/31/2018	2/5/2018		CJA-02-18	Resolution passes 75% of: 1.) previous years audited financial statements interest income plus; 2.) 2% of current set asides projections for program expenditure. Initial recommendation was to increase 4% interest income to 10% of the average trailing 3 year MV, however this recommendation was forfeited due to actual interest being significantly less than the proposed 10%; currently the Trust only receives approximately \$4 million in interest per year (Approx. 2.9% of the VTF MV); 10% means we dip into principal.
		4/26/2018	0135-18	Primary Sponsor Otto Tso Withdraws legislation; Resolution attempts to provide %1.5 million in supplemental funding from the UUFB.
5/21/2018			CMY-50-18	Resolution becomes law without President's signature. 10 day waiting period lapsed. Pertains to \$1,094,784 income disbursement
		6/12/2018	0134-18	Primary Sponsor Seth Damon withdraws legislation; resolution attempts to distribute income in the amount of \$1,094,784 to the five Veteran Agencies.
7/31/2018	8/4/2018		CJY-60-18	Resolution passes Emergency Appropriation of \$1.2 million from the UUFB to the Veterans Program; initially sponsor Otto Tso recommended \$1.5 million but withdrew his sponsorship (0135-18). OOC recommends to be prudent and conservative, amount was decreased to \$1.2 million.
