- B. Pursuant to 2 N.N.C. § 501 (B)(2), the Resources Development Committee of the Navajo Nation Council has the authority to give final approval for all land withdrawals, non-mineral leases, permits, licenses, rights-of-way, surface easements and bonding requirements on Navajo Nation lands and unrestricted (fee) land. This authority shall include subleases, modifications, assignments, leasehold encumbrances, transfers, renewals, and terminations.

SECTION TWO. TITLE 16 OF THE NAVAJO NATION CODE PROVISIONS WITH
RESPECT TO ACREAGE OF MISSION SITES

- A. Pursuant to 16 N.N.C. § 1159 (B), the following acreage limitations shall apply to all applicants for permits:

 - 2. Mission site for religious activities and community services facilities: three and one-half (3 1/2) acres;
 - 3. Mission site for religious activities and either substantial medical or accredited educational programs: eight (8) acres; and
 - 4. The Resources and Development Committee may, in the case of applications for mission sites in or near areas withdrawn for townships in the Navajo Nation, limit site acreage to less than two and five-tenths (2 5/10) acres,

- D. Pursuant to 16 N.N.C. § 1159 (C), "community service facilities" shall be deemed to include only those permanent improvements upon the permitted site which are for the purpose of providing recreational programs, non-religious educational programs, including adult education, and other non-religious programs of benefit to the community.
- E. Pursuant to 16 N.N.C. § 1160 (A), the acreage limitations established by 16 N.N.C. § 1159 may be waived by the Resources and Development Committee upon a showing by the applicant that planned programs will be of sufficient benefit to the Navajo People to justify waiver of acreage limitations. No waiver of acreage limitations shall be granted unless the applicant has complied with 16 N.N.C. §§ 1153 and 1161, and all other procedures provided by law.
- F. Pursuant to 16 N.N.C. § 1160 (B), no waiver of acreage limitations shall be granted in cases of applications subject to acreage limitations established by 16 N.N.C. § 1159(B)(1) (regarding a mission site for purely religious activities which is limited to one and one-half acres).

SECTION THREE. FINDINGS

- A. The Old Paths Baptist Church, Post Office Box 455, Window Rock, Arizona 86515 has applied for a mission site permit within the Fort Defiance Chapter. The application is attached as **Exhibit E**.
- B. The proposed mission site is to be located on 3.50 acres, more or less, of trust lands within the vicinity of Fort Defiance, Navajo Nation (Arizona). The land description appears on the survey plat attached hereto and incorporated as **Exhibit B**.
- C. The Grazing Representative in memorandum dated January 25, 2018, identified two land users. The January 25, 2018 memorandum and consent documentation are attached as **Exhibit C**.
- D. The Fort Defiance Chapter Resolution No. FDC-2017-09-05-02 supporting the Old Paths Baptist Church for a mission site permit and the signed petition by the local residents in

support of the Old Paths Baptist Church are attached as **Exhibit D**.

- E. Pursuant to 16 N.N.C. § 1159 (B), the acreage limitations for permits for a mission site for religious activities and community services facilities is three and one-half (3 1/2) acres. The Old Paths Baptist Church request is for three and one half (3.5) acres.
- F. The Old Paths Baptist Church request for three and one-half (3 1/2) acres is stated in a document, attached as **Exhibit E**. It states, in part, that "Old Paths Baptist Church facilities need to include buildings to accommodate youth classes, programs and recreational activities. It is our desire to install a basketball court, volleyball court and other such necessities to reach out and enhance the lives of our youth. We host Youth Summer Camps and Vacation Bible School Programs. In my experience, we have seen 100 or more youth attend Vacation Bibles Schools and Summer Camps. With 3.5 acres we would have the necessary space to expand as much as might be necessary to be successful in ministering and educating the local youth."
- G. The Resources and Development Committee finds that the planned programs stated in **Exhibit E** are sufficient to demonstrate the use of the three and one-half (3.5) acres for community service activities pursuant to 16 N.N.C. § 1159 (B).
- H. Resources and Development Committee Resolution No. RDCJN-33-15 delegated the authority to process and approve Land Withdrawals to the Director of the Navajo Land Department. Resolution RDCJN-33-15 approved Land Withdrawal Designation Regulations ("Regulations"). Section One of the Regulations states:

"§1. Purpose.

The purpose of these Regulations is to clarify and expedite the Land Withdrawal Designation process on the Navajo Nation, and explains that a Land Withdrawal Designation does not authorize development or disturbance on Navajo Nation land. This Land Withdrawal Designation process does not apply to how to get a lease. Prior to any development on land, a lease must be obtained in addition to the withdrawal. The purpose of a Land Withdrawal Designation is to designate an area of land for further development by,

- a. Ensuring that the rights of grazing permittees, who are in compliance with their grazing permits, are properly addressed as applicable and as required under 16 N.N.C. §§ 1401 et seq. and to prevent any subsequent claims to the land; and
 - b. Ensuring that the affected Chapter supports the Land Withdrawal Designation and use of the land."
- I. Having received the consents of the land users, **Exhibit C**, and the receipt of the Fort Defiance Chapter Resolution No. FDC-2017-09-05-02, **Exhibit D**, the purpose of the Land Withdrawal Designation has been met ensuring the rights of grazing permittees have been addressed and ensuring that the affected Chapter supports the Land Withdrawal Designation and use of the land as a mission site.
 - J. The Resources and Development Committee approval of a Land Withdrawal for the purposes of a mission site with this legislation will serve a public purpose of expediting the process of the approval of a Mission Site Permit.
 - K. The Terms and Conditions for the Mission Site Permit is attached as **Exhibit A**.
 - L. Biological Resources Compliance Form, the Cultural Resources Compliance Form and the Archaeological Inventory Report Documentation for the Old Paths Baptist Church are attached as **Exhibit F**.
 - M. The application for mission site permit has been reviewed through the Executive Official Review Document No. 010186, including the Department of Justice, and found "Sufficient" or "Approved". Executive Official Review Document No. 010186 is attached as **Exhibit G**.

SECTION FOUR. APPROVAL

Old Paths Baptist Church

Old Paths Baptist Church in Ft. Defiance, AZ is requesting a revocable use permit for a 3.5 acre land site. It is our desire in this writing to explain why we are requesting more than the standard 1.5 acre plot and to justify our request with five justifications:

Justification #1

Old Paths Baptist Church facilities need to include buildings to accommodate youth classes, programs and recreational activities for the youth in the community. It is our desire to install a basketball court, volleyball court and other such necessities to reach out and enhance the lives of our community's youth. We host Youth Summer Camps and Vacation Bible School Programs. In my experience, we have seen 100 or more youth attend Vacation Bibles Schools and Summer Camps. With 3.5 acres, we would have the necessary space to expand as much as might be necessary to be successful in ministering and educating the local youth of the community.

Justification #2

Old Paths Baptist Church facilities need to accommodate a multi-purpose hall that can be used for dinners, wedding receptions, funeral receptions and other events that community members may need. These facilities would also enable the church to offer community counseling for troubled youth, marriages or family issues that need a guiding influence.

Justification #3

Due to the increasing rise of vandalism to church facilities and properties across the Navajo Nation, there is a necessity for the pastor or a church leader to live on site to oversee the well-being of the facilities. We request this 3.5 acre plot so as to accommodate the need to have a family living on site. An on-site family, would also allow the church to be very accessible to community members who need assistance.

Justification #4

Old Paths Baptist Church is committed to ministerial training. Educational buildings to train community members in church ministries as a vocational avenue would be of great benefit to the area.

Justification #5

Old Paths Baptist Church is honored to have a reputation for being very involved in the community and assists in numerous activities that benefit our veterans. 3.5 acres would set no limit to the ways we can serve these national servants.

We believe these justifications to be sufficient reason to request that the site's size be allowed to include a total of 3.5 acres instead of a 1.5 acre plot, which would clearly not suffice for the church's building plans. Granting Old Paths Baptist Church this 3.5 acre site in its entirety would ensure our ability as a congregation to provide the community of Ft. Defiance, AZ and the surrounding areas with all the benefits we believe they deserve as a people. Thank you for your consideration of our request.

Sincerely,

Ryan Nez
Missionary Pastor

Sliding Fee Scale

March 2019

Sliding Fee Scale for Navajo Nation Mission Site Permits

Purpose: These policies serve as a guide for the Navajo Land Department to determine Mission Site Permit fees in order to assure that a fair cost-determination has been made.

Policy: A sliding scale for permit fees will be provided to Mission Site Permit applicants, and based on their ability to pay. Ability to pay is determined by the size and annual income of the mission, as well as the number of acres utilized. The sliding scale is not a comprehensive formula, but is used for guidance to determine permit fees. The Navajo Land Department shall determine the permit fee for each mission on a case-by-case basis. The Navajo Land Department has the authority to adjust the sliding scale and permit fee as they see fit, in accordance with Navajo Nation and federal law.

Scope: These policies apply to all Mission Site Permits in the Navajo Nation.

Procedure:

1. Entities applying for Mission Site Permits must provide written verification of income.
2. Self-declaration may only be used in special circumstances. Entities that are unable to provide written verification must provide a signed statement of income, and why they are unable to provide independent verification. This statement will be presented to the Navajo Land Department for review and final determination as to the sliding fee percentage.
3. Permit fees will be determined at the discretion of the Navajo Land Department on a case-by-case basis for entities unable or unwilling to provide any level of documentation.
4. Pursuant to 16 N.N.C. § 1157 the Navajo Land Department will require a minimum charge of \$15.00 per acre per year for all mission sites in the Navajo Nation.
5. Permit cost will increase based on the annual income of the mission and the number of acres used, pursuant to Table 1 below. An additional \$15 will be assessed for each acre and each \$10,000 increase in annual income. An additional fee may also be added for missions with large congregations.

Table 1						
Annual Income	\$0-\$20,000	\$20,000-\$30,000	\$30,000-\$40,000	\$40,000-\$50,000	\$50,000-\$60,000	\$60,000-\$70,000

	\$15	\$30	\$45	\$60	\$75	\$90

2	\$30	\$45	\$60	\$75	\$90	\$105
3	\$45	\$60	\$75	\$90	\$105	\$120

8	\$120	\$135	\$150	\$165	\$180	\$195

6. Any mission that is actively conducting substantial medical or accredited educational programs on its site shall be exempt from the permit fee.
7. The Navajo Land Department requires payment by December 30 of each year, prior to the year for which fees are due. If any mission fails to pay the required amount by the due date, their Mission Site Permit will automatically terminate in accordance with 16 N.N.C. § 1157.

14. REPORT

a. **Description of Undertaking:** The proposed undertaking is to construct a church within a 3.5 acre tract. The undertaking will involve the construction of a church and associated facilities within the surveyed area. Construction activities will include surface and subsurface ground disturbance with the use of heavy equipment (leveling, trenching, laying of pipelines, power line pole placement, stringing of power line). The area of potential effect equals approximately 152,460.0 sq. ft. (14,163.9 sq. m.) or 3.5 acres (1.4 ha.). An area of 3.5 acres (1.4 ha.) (152,460.0 sq. ft.) (14,163.9 sq. m.) was inventoried.

b. **Existing Data Review:** As part of this project, research was conducted using the Navajo Nation Heritage & Historic Preservation Department (NNHHPD) files in Window Rock, Arizona. Research reveals four (4) previous cultural resource inventories and five (5) previously recorded sites within one kilometer of the undertaking as follows:

Project Numbers	Site Numbers
NTM-87-216, HPD-03-1158, HPD-05-1145	None
HPD-05-1147	NM-P-24-2, -3, -4, -5, -7

c. **Area of Environmental & Cultural Setting:** The proposed church is located in Fort Defiance Agency, Fort Defiance Chapter, approximately 2.4 miles southeast of the Fort Defiance Chapter House, McKinley County, New Mexico. The project area is located within Black Creek Valley, southwest of Slick Rock (approximately 1.7 miles) an elevation of 6,884 feet (2,098.1 meters) above mean sea level. The main water sources for the area are Black Creek Wash (approximately 2.2 miles west of the project area) and Slick Rock Wash (approximately 350 feet northeast of the project area). Vegetation in the area consists of saltbush, sagebrush, snakeweed, rabbitbrush, prickly pear, russian thistle and other seasonal native grasses. No domesticated animals were noted within the project area. Surface sediments consist primarily of aeolian with alluvial fine sands, clay and small-medium pebble inclusions. The surrounding area has been impacted by the development of scattered business sites, homes, water tanks, water lines and power lines.

d. **Field Methods:** On November 17, 2017, Iris Shirley Begaye, archaeologist conducted the cultural resource inventory of the proposed 3.5 acre church tract. The four corner points were identified to conduct a Class III pedestrian inventory by walking parallel transects with adjacent points spaced approximately 15m apart extending out over the proposed church site. The area of potential effect equals approximately 152,460.0 sq. ft. (14,163.9 sq. m.) or 3.5 acres (1.4 ha.). An area of 3.5 acres (1.4 ha.) (152,460.0 sq. ft.) (14,163.9 sq. m.) was inventoried.

In accordance with NNHPD guidelines, the project archaeologist interviewed the sponsor to obtain information on potential traditional cultural properties (TCPs-herb gathering areas, blessed and/or sacred places or burials) in the vicinity. The sponsor was unaware of any TCPs in the area. Traditional Cultural Properties (TCP) research was conducted at NNHPD Traditional Cultural Property Section and revealed no TCPS.

MEMORANDUM

TO: Navajo Land Title Data Systems
Land Department
Division of Natural Resources

FROM: 
Yolanda Barney, Environmental Program Manager
Public Water Systems Supervision and Domestic Wastewater Programs
Surface and Ground Water Protection Department
Navajo Nation Environmental Protection Agency

SUBJECT: DOCUMENT No. 010186

The Navajo Nation Environmental Protection Agency's Public Water Systems Supervision Program ("PWSSP") reviewed Document No. 010186, Old Paths Baptist Church Revocable Use Permit (Religious Site) near Pigeon Springs Housing Development in Fort Defiance Chapter (New Mexico). This organization is proposing to develop acreage with necessary utilities to build church facilities and future housing for pastor/caretaker of the proposed facility. This project will develop water and wastewater infrastructure and request NTUA to provide services. PWSSP recommends approval of this project and requires the project sponsor to ensure compliance with water and wastewater construction permits and operating permits.

All proposed drinking water projects will need to be permitted by the PWSSP-NNEPA. All proposed drinking water projects (extensions, upgrades, new wells, new public water systems, etc.) must also comply with the design review and construction permit requirements of the PWSSP pursuant §§1501 and 1601 of the Navajo Nation Primary Drinking Water Regulations. Compliance with §109 of the NNPDWR is also required.

All proposed wastewater projects will need to be permitted by the Domestic Wastewater Program-NNEPA. Extensions, upgrades, new sewer infrastructure, septic tanks, and other wastewater infrastructure must comply with the design review and construction permit requirements pursuant to §201 of the Domestic Wastewater Program. Compliance with §105 of the Domestic Wastewater Regulations is required.

The regulations can be viewed at www.navajopublicwater.org for drinking water and www.navajonationepa.org for wastewater (please view Departments, then Surface and Ground Water Protection Department, and finally Domestic Wastewater Program).

If there are any questions, please contact me at 871-7755.

MEMORANDUM

TO: Navajo Land Title Data System

FROM: 
Eugenia Quintana, Environmental Department Manager
Air & Toxics Department

SUBJECT: Document No. 010186, Old Paths Baptist Church

Based upon the review of the above-noted document, a vote of sufficiency is recommended. However, the following comments and recommendations are provided.

1. If Revocable Use Permits (RUPs) are to be the standard form of issuance to religious organizations for mission site leases, a clear definition of a RUP and the conditions under which a RUP issued by the Navajo Nation, needs to be provided on the DNR website, and provided clearly on the RUP. Does the Applicant understand the utility of a Revocable Use Permit (RUP)?

RUPS were previously issued by the BIA, or its sister agencies, for temporary projects that would be subject to revocation at any time. Given that the information provided indicates that there will be permanent development on the 3.5 acres the Old Paths Baptist Church is proposing to acquire for a mission site lease, the project will not be temporary.

The Fort Defiance Chapter Resolution No. FDC-2017-09-05-02, dated 09-05-17, provides for the support of a mission site lease, and does not indicate a RUP.

2. It is recommended that the GLLD consider documenting Environmental Reviews (ERs) and providing ER documentation in the 164 packages that are introduced for electronic review. The ER could contain a determination that a particular project is being considered for a Categorical Determination (CD) and the ER determination could also provide brief points for considering a CD.
3. The Navajo Nation Open Burn Regulations prohibits open burning of household waste, unless the burning is an exempted activity defined in the regulations. The Applicant should become familiar with §201, Prohibition of Open Burning and, §302, Open Burn Permit Requirement. Given that there is an inadequate network of solid waste disposal facilities on the Navajo Nation, instances of open burning often coincide with open dumping, which is also prohibited

on the Navajo Nation. Households, businesses, and other organizations are responsible to ensure waste generated from their activities are properly managed.

I can be contacted directly at 871-7800 or at eugeniaquintana@navajo-nsn.gov if there are any questions in this regard. Thank you.
