**RELATING TO LAW AND ORDER, RESOURCES AND DEVELOPMENT,
BUDGET AND FINANCE, HEALTH, EDUCATION AND HUMAN SERVICES, AND
NAABIK'ÍYÁTI' COMMITTEES AND THE NAVAJO NATION COUNCIL;
AMENDING TITLE 24 CHAPTER 11, HEALTHY DINÉ NATION ACT OF 2014 AT
24 N.N.C. §§ 1001 - 1024**

BE IT ENACTED:

SECTION ONE. AUTHORITY

- A. The Law and Order Committee is a standing committee of the Navajo Nation Council and is empowered with the authority to review and make recommendations to the Navajo Nation Council on amendments to and enactments in the Navajo Nation Code. 2 N.N.C. §§ 600(A) and 601(B)(14).
- B. The Resources and Development Committee is a standing committee of the Navajo Nation Council and is empowered to review and make recommendations to the Navajo Nation Council for taxation proposals affecting business or commercial activities, after consultation with the Navajo Tax Commission. 2 N.N.C. §§ 500(A) and 501(B) (4) (d).
- C. The Health, Education and Human Services Committee is a standing committee of the Navajo Nation Council and is empowered to review and recommend resolutions relating to social services, health, environmental health, education, veterans and veterans services, employment and labor. 2 N.N.C. §§ 400(A) and 401(B) (6) (a).

1 D. The Naabik'iyáti' Committee of the Navajo Nation Council, pursuant to 2 N.N.C. § 164
2 (A) (9), reviews proposed legislation which requires final action by the Navajo Nation
3 Council.

4 E. The Navajo Nation Council must review and approve enactments or amendments of
5 positive law. 2 N.N.C. § 164(A).

6 7 **SECTION TWO. FINDINGS**

8 A. The Navajo Nation Council passed Resolution CN-54-14, the Healthy Diné Nation Act
9 of 2014, on November 17, 2014 and was signed by the Navajo Nation President on
10 November 21, 2014. Resolution CN-54-14 is attached as **Exhibit 2**.

11 B. Resolution CN-54-14, the Healthy Diné Nation Act of 2014, was codified in the Navajo
12 Nation Code at Title 24, Taxation, Sections 1001 through 1024.

13 C. The Healthy Diné Nation Act of 2014 at 24 N.N.C. § 1003 states: "This tax shall be
14 reviewed at the end of the calendar year 2020 for extension by the Navajo Nation
15 Council."

16 D. The Navajo Nation Tax Commission, through Resolution TAX-20-234, Recommends to
17 the Navajo Nation Council the Approval of the Reauthorization and Amendment of the
18 Healthy Diné Nation Act, 24 N.N.C. §§ 1001 *et seq.* Resolution TAX-20-234 states that
19 "[t]he Act provides, "[t]his tax shall be reviewed at the end of the calendar year 2020 for
20 extension by the Navajo Nation Council," 24 N.N.C. § 1003. ... "The Navajo Tax
21 Commission further finds that certain provisions of the Act are unclear, such as the
22 definition of "Minimal-to-no nutritional value food items" at § 1007(B), which has
23 created challenges for the Office of the Navajo Tax Commission to effectively administer
24 and enforce the Act; ... The Navajo Tax Commission now proposes amendments to the
25 Act to extend the effective date of the Act and to clarify provisions for its effective
26 administration and enforcement[.]" Navajo Nation Tax Commission Resolution TAX-
27 20-234 is attached as **Exhibit 1**.

28 E. CN-54-14 Section 1 (A) Findings states that "[a]ccording to Navajo Area Indian Health
29 Service, there are 25,000 Navajos with diabetes and another 75,000 are prediabetic. The
30 *Sweet Success* data reports the following in 2011: 31% of Navajo pregnancies were

1 complicated (BMI's) in the overweight or obese range. Division of Diabetes Treatment
2 and Prevention, Indian Health Service Headquarters (2012). Unpublished, Centers for
3 Disease Control and Prevention and the Indian Health Service. Division of Diabetes
4 Treatment and Prevention (2012), Annual diabetes clinical outcomes audit and Navajo
5 Sweet Success annual audit (a tracking tool) (2012). Unpublished Navajo Area Indian
6 Health Service, St. Michaels, Arizona.”

7 F. Further, CN-54-14 Section 1 (C) Findings states that “[a]ccording to the Navajo Area
8 [Indian Health Service, IHS] GPRA Report 2009, of the obesity rate within the seven (7)
9 Navajo Area IHS service units ranged from 23% to 60%, the overweight rate ranged
10 from 17% to 39% for all age groups, and overall, “the highest percentage of patients
11 identified as obese are those ages 25 to 54, the highest service unit is Tuba City with
12 60% of those with calculated BMIs.” Navajo Area Indian Health Service (2009).
13 Navajo Area GPRA report 2009: Government Performance Results Act, (GPRA)
14 program assessment rating tool (PART) report (07/1/08 – 06/30/09). Unpublished, St.
15 Michaels, Arizona.”

16 G. Further, CN-54-14 Section 1 (F) Findings states that “[a]ccording to the *American*
17 *Journal of Clinical Nutrition*, “consumption of sugar-sweetened beverages (SSBs),
18 particularly carbonated soft drinks, may be a key contributor of the epidemic of
19 overweight and obesity, by virtue of these beverages’ high added sugar content, low
20 satiety, and incomplete compensation for total energy.” There is a “positive association
21 between greater intakes of SSBs and weight gain and obesity in both children and
22 adults” and the “weight of epidemiologic and experimental evidence indicates that a
23 greater consumption of SSBs is associated with weight gain and obesity.” There is
24 “sufficient evidence [that] exists for public health strategies to discourage consumption
25 of sugary drinks as part of a healthy lifestyle.” Malik, Vasanti S., Schulze, Mattias B.,
26 and Hu, Frank B. (2006). Intake of sugar-sweetened beverages and weight gain: a
27 systematic review. *American Journal of Clinical Nutrition*. Aug. 2006; 84(2): 274-228.

RESOLUTION OF THE NAVAJO TAX COMMISSION

**RECOMMENDING TO THE NAVAJO NATION COUNCIL
THE APPROVAL OF THE REAUTHORIZATION AND AMENDMENT OF
THE HEALTHY DINÉ NATION ACT, 24 N.N.C. §§ 1001 *ET SEQ.***

WHEREAS:

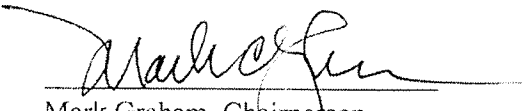

1. The Navajo Tax Commission is established as a part of the Executive Branch of the Navajo Nation government, and is empowered to review and study all sources of wealth and income within the Navajo Nation and the possible revenues from the taxation of those sources, in order to develop an appropriate, comprehensive system of taxation, 2 N.N.C. §§ 3351 and 3353(A)(1); and
2. The Navajo Nation Council enacted the Healthy Diné Nation Act of 2014 (the "Act"), pursuant to Resolution No. CN-54-14, codified at 24 N.N.C. § 1001 *et seq.*; and
3. The Act provides, "[t]his tax shall be reviewed at the end of the calendar year 2020 for extension by the Navajo Nation Council." 24 N.N.C. § 1003; and
4. The Navajo Tax Commission finds that 24 N.N.C. § 1003 means that the Act will expire at the end of calendar year 2020 and that Council should now review the Act for extension; and
5. The Navajo Tax Commission further finds that certain provisions of the Act are unclear, such as the definition of "Minimal-to-no nutritional value food items" at § 1007(B), which has created challenges for the Office of the Navajo Tax Commission to effectively administer and enforce the Act; and
6. The Navajo Tax Commission now proposes amendments to the Act to extend the effective date of the Act and to clarify provisions for its effective administration and enforcement, attached as Exhibit "A", and the Navajo Tax Commission recommends to the Navajo Nation Council the approval of the proposed amendments to the Act.

NOW THEREFORE BE IT RESOLVED THAT:

1. The Navajo Tax Commission hereby proposes certain amendments to the Act, attached as Exhibit "A".
2. The Navajo Tax Commission hereby recommends that the Navajo Nation Council reauthorize the Act and approve the amendments attached as Exhibit "A".

CERTIFICATION

I hereby certify that the foregoing resolution was duly considered by the Navajo Tax Commission at a duly called meeting in St. Michaels, Navajo Nation (Arizona) at which a quorum was present and that the same was passed by a vote of 3 in favor and 0 opposed, with 0 abstaining, this 13th day of February, 2020.

NAVAJO NATION CODE ANNOTATED

TITLE 24. TAXATION

CHAPTER 11. HEALTHY DINÉ NATION ACT OF 2014 UNHEALTHY FOOD AND
BEVERAGE TAX

§10011101. Short title

The tax imposed by this Chapter shall be called the "~~Healthy Diné Nation Act of 2014~~Unhealthy Food and Beverage Tax".

§10021102. Purpose

The Navajo Nation Council hereby enacts this tax for the privilege of engaging in retail business activity within the Navajo Nation, and for purposes of defraying necessary governmental expenses at the national and local level incurred in providing for the public welfare.

§10031103. Tax Imposed

A tax is hereby imposed on the gross receipts of a Person. The tax due for a period is determined by first calculating applicable gross receipts from all ~~minimal to no nutritional value food items~~ "Unhealthy Foods and Beverages" sold for a period ~~(the "Unhealthy Gross Receipts")~~, and then multiplying the Unhealthy Gross Receipts ~~those gross receipts from all minimal to no nutritional value food items sold by~~ the applicable tax rate. This tax shall be ~~reviewed at the end of the calendar year~~expire on December 31, 2020~~3~~ for extension unless it is extended by the Navajo Nation Council.

§10041104. Legal Incidence and Responsibility for Payment

The person liable for the payment of the tax imposed by this Chapter is the person receiving ~~the gross receipts~~Consideration from the sale of ~~minimal to no nutritional value food items~~ Unhealthy Foods and Beverages.

1 **§10051105. Rate of Tax**

2 The tax rate shall be two percent (2%) of a Person's Unhealthy Gross Receipts ~~all minimal to~~
3 ~~no nutritional value food item(s) sold (.02 x Unhealthy Gross Receipts all minimal to no~~
4 ~~nutritional value food item(s) sold).~~

5
6 **§10061106. Administration**

7 All provisions of the Uniform Tax Administration Statute apply to this Chapter. The Navajo
8 Nation Council charges the Office of the Navajo Tax Commission with the administration of
9 this tax. The Office of Navajo Tax Commission shall retain five percent (5%) of all tax revenue
10 collected under this Chapter as a fee to offset the costs of administration.

11 **§10071107. Definitions**

RESOLUTION OF THE
NAVAJO NATION COUNCIL

22nd NAVAJO NATION COUNCIL—FOURTH YEAR, 2014

AN ACT

RELATING TO LAW AND ORDER, RESOURCES AND DEVELOPMENT, BUDGET AND FINANCE, HEALTH, EDUCATION AND HUMAN SERVICES, NAABIK'IYATI' AND NAVAJO NATION COUNCIL; AMENDING TITLE 24 OF THE NAVAJO NATION CODE BY ENACTING THE HEALTHY DINÉ NATION ACT OF 2014

BE IT ENACTED:

Section 1. Findings

The Navajo Nation finds the following with respect to this resolution.

- A. According to Navajo Area Indian Health Service, there are 25,000 Navajos with diabetes and another 75,000 are pre-diabetic. The Sweet Success data reports the following in 2011: 31% of Navajo pregnancies were complicated (BMI's) in the overweight or obese range. Division of Diabetes Treatment and Prevention, Indian Health Service Headquarters (2012). Unpublished, Centers for Disease Control and Prevention and the Indian Health Service. Division of Diabetes Treatment and Prevention (2012), Annual diabetes clinical outcomes audit and Navajo sweet success annual audit (a tracking tool) (2012). Unpublished, Navajo Area Indian Health Service, St. Michaels, Arizona.
- B. At an average, it costs over \$13,000 per person annually to treat diabetes. The cost for treating diabetes related complications can exceed \$100,000 per person. O'Connell JM, Wilson C, Manson SM, & Acton KJ (2012). The costs of treating American Indian adults with diabetes within the Indian Health Service, research and practice. *American Indian Journal of Public Health*.

- C. According to the Navajo Area [Indian Health Service, IHS] *GPRA Report 2009*, of the obesity rate within the seven (7) Navajo Area IHS service units ranged from 23% to 60%, the overweight rate ranged from 17% to 39% for all age groups, and overall, "the highest percentage of patients identified as obese are those ages 25 to 54, the highest service unit is Tuba City with 60 % of those with calculated BMIs." Navajo Area Indian Health Service (2009). Navajo area GPRA report 2009: government performance results act, (GPRA) program assessment rating tool (PART) report (07/1/08-06/30/09). Unpublished, St. Michaels, Arizona.
- D. According to the *Center of Disease Control and Prevention*, "each year, more than 13,000 young people are diagnosed with type 1 diabetes" and "health care providers are finding more and more children with type 2 diabetes, a disease usually diagnosed in adults aged 40 years or older." For only American Indians, there is a "statistically significant increase in the prevalence of type 2 diabetes among children and adolescents." Center of Disease Control and Prevention (2013). Children and diabetes. <http://www.cdc.gov/diabetes/projects/cda2.htm>
- E. According to the *Mayo Clinic*, primary risk factors of Type 2 Diabetes in children are overweight, obesity, inactivity, race, and family history. Symptoms can include increased thirst, increased urination, increased hunger, weight loss, fatigue, blurred vision, slow-healing sores or frequent infections, areas of and darkened skin. Complications can include heart and blood vessel disease, increased risk cardiovascular problems, including heart disease, stroke, high cholesterol and high blood pressure, nerve damage (neuropathy), kidney damage (nephropathy), eye damage, foot damage, and skin conditions. Mayo Clinic (2014). Type 2 diabetes in children. <http://www.mayoclinic.org/diseases-conditions/type-2-diabetes-in-children/basics/definition/con-20030124>
- F. According to the *American Journal of Clinical Nutrition*, "consumption of sugar-sweetened beverages (SSBs), particularly carbonated soft drinks, may be a key contributor to the epidemic of overweight and obesity, by

virtue of these beverages' high added sugar content, low satiety, and incomplete compensation for total energy." There is a "positive association between greater intakes of SSBs and weight gain and obesity in both children and adults" and the "weight of epidemiologic and experimental evidence indicates that a greater consumption of SSBs is associated with weight gain and obesity." There is "sufficient evidence [that] exists for public health strategies to discourage consumption of sugary drinks as part of a healthy lifestyle." Malik, Vasanti S., Schulze, Matthias B., and Hu, Frank B. (2006). Intake of sugar-sweetened beverages and weight gain: a systematic review. *American Journal of Clinical Nutrition*. Aug 2006; 84(2): 274-288. <http://ajcn.nutrition.org/content/84/2/274.long>

- G. According to the Navajo Nation Human Rights Commission, "the right to food is a human right recognized under international law that protects the right of all human beings to feed themselves in dignity, either by producing their food or by purchasing it." Resolution NNHRCFeb-02-09.
- H. According to the *New York Times Magazine* cover story "The Extraordinary Science of Addictive Junk Food" states that people are "addicted to junk food" and "this addiction will only deepen as the food industry continues to find new ways to get people hooked on foods that are convenient and inexpensive." Kalaidis, Jen. (2013). Should the U.S. adopt a fat tax? *The Week*.
- I. According to the *British Medical Journal*, economists agree that "government intervention, including taxation, is justified when the market fails to provide the optimum amount of a good for society's well-being." Kalaidis, Jen. (2013). Should the U.S. adopt a fat tax? *The Week*.
- J. According to the *Diné Food Sovereignty* report, 74% of respondents "think health problems in [their] communities are caused by a lack of healthy and nutritious food." Diné Policy Institute (2014). Diné food sovereignty: a report on the Navajo Nation food system and the case to rebuild a self-sufficient food system for the Diné people. <Http://www.dinecollege.edu/institutes/DPI/Docs/dpi-food-sovereignty-report.pdf>

- K. According to the *Diné Food Sovereignty* report, "the United States Department of Agriculture identifies nearly all of the Navajo Nation's 27,000 square miles as a food desert," which is defined as "an area, either urban or rural, without access to affordable fresh and healthy foods" and where "heavily processed foods are often readily available." Diné Policy Institute (2014). Diné food sovereignty: a report on the Navajo Nation food system and the case to rebuild a self-sufficient food system for the Diné people.
<http://www.dinecollege.edu/institutes/DPI/Docs/dpi-food-sovereignty-report.pdf>
- L. According to the *Tsehootsooi Medical Center Community Health Needs Assessment*, 86.74% of respondents recommended facilities needed in their community: walking trails, 42.54%; recreational, 60.87%; playground, 46.87%; and other, 8.47%. Health programs were recommended by 88.77% of the respondents with the following: CPR classes, 33.89%; cultural classes/resources, 34.35%; fitness instruction, 52.95%; health education/programs, 50.09%; nutrition classes, 52.12%; parenting groups, 37.66%; and other, 8.66%. <http://www.fdihb.org/files/downloads/TMC%20CHAH%20v3.2%20without%20implementation%20plans.pdf>
- M. According to the *Chinle Health Council Community Health Assessment*, community respondents identified diabetes, obesity, and unhealthy foods as the top three important health issues in their communities, with diabetes as the number one health issue in the Chinle communities. Respondents identified "Wellness/Health education (Nutrition), Community events, Wellness Center" as the "most important factors for a healthy community." Respondents rated the health of their community with the following "Nutrition/bad food, Exercise, Unidentified illness/sickness/disease." Lynch, Patrick D. & Clichee, Dominic M. (2012). Chinle Health Council community health assessment. Unpublished, Chinle Health Council.

- N. The revenue generated from the Healthy Diné Nation Act of 2014 will be earmarked for chapters to plan for community originated wellness projects such as farming and vegetable gardens; greenhouses; farmers' markets; healthy convenience stores; clean water; clean communities; wellness/exercise equipment and supplies; skate parks; health classes; parks; traditional, intergenerational, and contemporary wellness; traditional and non-traditional healthy food preparation classes; food processing and storage facilities; health food initiatives; community food cooperatives; playgrounds; basketball courts; walking, running, biking trails; picnic grounds, swimming pools; emergency preparedness; agricultural, recreational, health, youth clubs; library; Navajo traditional craft classes, equine therapy, health coaching; and any other community-based wellness projects to address improvements to physical and social environment of the community that are planned, implemented, directed, and reported by members of the Navajo Nation communities.
- O. The Healthy Diné Nation Act of 2014 is to take responsibility of our health crisis, to raise awareness of unhealthy foods, to empower everyone to lead productive and healthy lives. This Act will impact physical and social environment where communities are empowered to take positive action; improve local capacity for wellness and improved health; make healthy food available and easily accessible; provide communities with clean water and recycling centers; reduce rates of chronic diseases such as obesity, diabetes, heart diseases, cancer, etc.; preserve Diné tradition, culture, and language; preserve Diné traditional food; maintain a healthy weight; improve academic achievement of healthy children and youth; generate active and healthy communities; foster well-informed, educated communities about health and wellness to make positive, healthy choices, healthy individuals and families; build a healthy, thriving, and productive workforce; promote healthy businesses; reduce health care costs; to save lives and money; and to allow the people to take ownership of healthy initiatives; to protect and preserve our population for future healthy generations.
- P. It is the intent of the Navajo Nation Council, by approving the Healthy Diné Nation Act of 2014 to diminish the human and economic costs of obesity and diabetes on the Navajo

Nation. The intent is to improve health by creating the environment that supports health and wellness with a dedicated revenue source for Community Wellness Projects designed by Navajo Nation Chapters to prevent obesity, Type 2 Diabetes Mellitus, and other such health conditions by discouraging excessive consumption of sweetened beverages and minimal to no nutritional value food items high in sugar, salt, and saturated fat.

- Q. There is public support for the proposed tax on sweetened beverages and minimal-to-no nutritional value food items among communities across the Navajo Nation. Navajo Nation Chapter Resolutions and resolutions from other entities in support of a tax on minimal-to-no nutritional value food items are attached hereto as Exhibit A.
- R. The Navajo Nation finds it is in the best interest of the Navajo Nation to amend Title 24 of the Navajo Nation Code and to enact the Healthy Diné Nation Act of 2014.

Section 2. Amendments to Title 24 of the Navajo Nation Code

The Navajo Nation hereby amends Title 24 of the Navajo Nation Code, 24 N.N.C. §§ 1001-1024, as follows:

NAVAJO NATION CODE ANNOTATED TITLE 24. TAXATION CHAPTER 11. HEALTHY DINÉ NATION ACT OF 2014

§1001. Short title

The tax imposed by this Chapter shall be called the "Healthy Diné Nation Act of 2014".

§1002. Purpose

The Navajo Nation Council hereby enacts this tax for the privilege of engaging in retail business activity within the Navajo Nation, and for purposes of defraying necessary governmental expenses at the national and local level incurred in providing for the public welfare.

§1003. Tax Imposed

A tax is hereby imposed on the gross receipts of a retail business person. The tax due for a period is determined by first calculating applicable gross receipts from all minimal-to-no nutritional value food items sold for a period, and then multiplying those gross receipts from all minimal-to-no nutritional value food items sold by the applicable tax rate. This tax shall be reviewed at the end of the calendar year 2034 2020 unless extended for extension by the Navajo Nation Council

§1004. Legal Incidence and Responsibility for Payment

The person liable for the payment of the tax imposed by this Chapter is the person receiving the gross receipts from the sale of minimal-to-no nutritional value food item(s).

§1005. Rate of Tax

The rate shall be two percent (2%) of all minimal-to-no nutritional value food item(s) sold (.02 x all minimal-to-no nutritional value food item(s) sold).

§1006. Administration

All provisions of the Uniform Tax Administration Statute apply to this Chapter.

Dear Navajo Nation,

As a member of the Navajo Nation and Shiprock Chapter member, I support continuation and amendments to the Healthy Dine' Nation Act (HDNA). The HDNA has a 2% tax on "Unhealthy Foods" on Navajoland.

RE: Legislation 0278-20, Approval and Reauthorization of the *Healthy Diné Nation Act of 2014*

Dear 24th Navajo Nation Council,

We honor you as our leaders in this renewal of our historical and living law of the *Healthy Dine Nation Act of 2014*. We appreciate and value your continued support, expertise, and careful stewardship of our historical legislative grassroots efforts that includes the past three administrations and councils of the Navajo Nation Government. Our efforts have been and still is deeply rooted in intergenerational collective action, in community, and in relationship to address our diabetes epidemic, to reclaim our identity through traditional healthy food, and to improve the health and well-being of our people through the funding of *Community Wellness Projects* made possible by our Act.

We are continuing to address the inhumanity of food apartheid that we face on our Diné Nation and the continued presence of harmful foods and beverages that are contaminating our traditional lifeways and foodways. In this COVID-19 pandemic, many of our people are challenged by numerous vulnerabilities with pre-existing health conditions and **it is imperative to continue to protect the health and well-being of our tribal citizens and community members**. The dominating presence of *ch'iyáán bizhool*, unhealthy foods and beverages are controlling our food access points more than ever and have increased the risk, exposure, and possible contraction of the novel coronavirus *Dikos Ntsaaígíí-Náhást'éíts'áadah* for our people. If we are not mindful of this reality and the consequences, the outcome could be detrimental. We have a collective responsibility to steward the way forward in healing and resilience.

We, DCAA, the Diné Community Advocacy Alliance, the grassroots collective who have been leading these efforts together with the original legislative sponsor, Mr. Danny Simpson, have reviewed the

Legislation 0278-20 and the Exhibit A in reference to the recommendations of the Navajo Tax Commission. These requests are not a creation of new language but an emphasis on the definitions that already exist in the unhealthy food definitions we submitted to the Office of the Navajo Tax Commission shortly after it was signed into law. Here are our five (5) requests of the proposed amendments:

- 1) We support the legislation to **retain the historical and intended title of the “Healthy Diné Nation Act of 2014” with a supportive tax category title of the “Unhealthy Food and Beverage Tax”;**
- 2) We support the legislation to **delete the review of the end of the calendar year 2020 with no expiration date;**
- 3) In §1107. Definitions, under L, line 19, “Sweetened Beverages means nonalcoholic” the legislation would include the language “and alcoholic drinks” to read **“Sweetened Beverages means nonalcoholic and alcoholic drinks”** and to include in the examples **“alcoholic-free wine and beer”** with a deletion of the word “alcohol” in line 29;
- 4) In §1107. Definitions, under M, line 6, after “and such other foods and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations” the following language should be included “which may include newly engineered and marketed unhealthy foods as they become available” to read **“and such other food and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations which may include newly engineered and target marketed unhealthy foods as they become available.”**; and
- 5) In §1107. Definitions, under M, the legislation would include **“Fast Food”** with a definition of **“means any foods quickly accessible, prepared, quickly served, and ready to eat. This includes food or food items that were previously kept frozen/cold and cooked/warmed up to order and/or ready for consumption; and/or food that is kept warm using heat lamps or other devices; and/or sold heated or cold; and/or sold in “to go” containers; and/or canned, and/or preserved; and/or consumed on or off the premises where they are sold. It shall include but not limited to burritos, hamburgers, fried chicken, chicken wings, chicken tenders, corn dogs, egg rolls, fried okra, french fries, hot dogs, mozzarella sticks, nachos, pickles, sold individually or prepackaged individually pizza, potato wedges, taquitos, and precooked meats and potted meats like Vienna sausage, Spam, and Spam Lite.”**

Please continue to lead us towards the vision of a Healthy Diné Nation with healthy future generations. **Let’s stand in health solidarity of healthful and nutritious food and water as life, *ch’iyáán yá’át’éhégi dóó tó éí íiná át’é.*** Again, we are very appreciative of your continued leadership and guidance of our grassroots efforts.

Thank you in advance for your inclusion of community participation and engagement.

If you have any questions, please contact us. We look forward to the renewal of the Act.

**RE: Legislation 0278-20, Approval and Reauthorization of the
*Healthy Diné Nation Act of 2014***

Dear 24th Navajo Nation Council,

We honor you as our leaders in this renewal of our historical and living law of the *Healthy Dine Nation Act of 2014*. We appreciate and value your continued support, expertise, and careful stewardship of our historical legislative grassroots efforts that includes the past three administrations and councils of the Navajo Nation Government. Our efforts have been and still is deeply rooted in intergenerational collective action, in community, and in relationship to address our diabetes epidemic, to reclaim our identity through traditional healthy food, and to improve the health and well-being of our people through the funding of *Community Wellness Projects* made possible by our Act.

We are continuing to address the inhumanity of food apartheid that we face on our Diné Nation and the continued presence of harmful foods and beverages that are contaminating our traditional lifeways and foodways. In this COVID-19 pandemic, many of our people are challenged by numerous vulnerabilities with pre-existing health conditions and **it is imperative to continue to protect the health and well-being of our tribal citizens and community members**. The dominating presence of *ch'iyáán bizhool*, unhealthy foods and beverages are controlling our food access points more than ever and have increased the risk, exposure, and possible contraction of the novel coronavirus *Dikos Ntsaaígíí-Náhást'éíts'áadah* for our people. If we are not mindful of this reality and the consequences, the outcome could be detrimental. We have a collective responsibility to steward the way forward in healing and resilience.

We, DCAA, the Diné Community Advocacy Alliance, the grassroots collective who have been leading these efforts together with the original legislative sponsor, Mr. Danny Simpson, have reviewed the Legislation 0278-20 and the Exhibit A in reference to the recommendations of the Navajo Tax Commission. These requests are not a creation of new language but an emphasis on the definitions

that already exist in the unhealthy food definitions we submitted to the Office of the Navajo Tax Commission shortly after it was signed into law. Here are our five (5) requests of the proposed amendments:

- 1) We support the legislation to **retain the historical and intended title of the “Healthy Diné Nation Act of 2014”** with a **supportive tax category title of the “Unhealthy Food and Beverage Tax”**;
- 2) We support the legislation to **delete the review of the end of the calendar year 2020 with no expiration date**;
- 3) In §1107. Definitions, under L, line 19, “Sweetened Beverages means nonalcoholic” the legislation would include the language “and alcoholic drinks” to read **“Sweetened Beverages means nonalcoholic and alcoholic drinks”** and to include in the examples **“alcoholic-free wine and beer”** with a deletion of the word “alcohol” in line 29;
- 4) In §1107. Definitions, under M, line 6, after “and such other foods and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations” the following language should be included “which may include newly engineered and marketed unhealthy foods as they become available” to read **“and such other food and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations which may include newly engineered and target marketed unhealthy foods as they become available.”**; and
- 5) In §1107. Definitions, under M, the legislation would include **“Fast Food”** with a definition of **“means any foods quickly accessible, prepared, quickly served, and ready to eat. This includes food or food items that were previously kept frozen/cold and cooked/warmed up to order and/or ready for consumption; and/or food that is kept warm using heat lamps or other devices; and/or sold heated or cold; and/or sold in “to go” containers; and/or canned, and/or preserved; and/or consumed on or off the premises where they are sold. It shall include but not limited to burritos, hamburgers, fried chicken, chicken wings, chicken tenders, corn dogs, egg rolls, fried okra, french fries, hot dogs, mozzarella sticks, nachos, pickles, sold individually or prepackaged individually pizza, potato wedges, taquitos, and precooked meats and potted meats like Vienna sausage, Spam, and Spam Lite.”**

Please continue to lead us towards the vision of a Healthy Diné Nation with healthy future generations. **Let's stand in health solidarity of healthful and nutritious food and water as life, *ch'iyáán yá'át'éhégi dóó tó éí íiná át'é.*** Again, we are very appreciative of your continued leadership and guidance of our grassroots efforts.

Thank you in advance for your inclusion of community participation and engagement.

RE: Navajo Nation Gaming Enterprise's Comments to Legislation 0278-20 "Amending Title 4 Chapter 11, Healthy Diné Nation Act of 2014 at 24 N.N.C. §§ 1001-1024"

Members of the Navajo Nation Council:

The Navajo Nation Gaming Enterprise (NNGE) appreciates the opportunity to comment on this legislation. NNGE believes many of the proposed revisions contemplated under this legislation strengthen, clarify, and make administration of the Healthy Diné Nation Act of 2014 (Act) easier for both the Office of the Navajo Tax Commission (ONTC) and businesses operating on the Navajo Nation. However, the proposed revisions to the Act fail to address how the Act is to be applied to buffets and side dishes (ordered as part of a meal). NNGE previously raised these concerns with the ONTC in April 2015.

A business owner serving food from a buffet, such as NNGE does at three of its four casinos, does not know which specific food items an individual patron will select from the unlimited buffet choices provided to them. The patron can select healthy or unhealthy food items. It is unrealistic to expect employees to closely watch a buffet patron's food selections to determine whether each of their specific food choices include "unhealthy foods and beverages". How is a business, such as NNGE, to calculate the tax owed under the Act when each individual buffet customer is making their own food choices from a large selection of food options?

Additionally, how does the tax apply to side dishes? For example, when a customer orders a healthy main food meal such as a grilled breast of chicken, they are given a choice of sides. These side dishes are provided to the customer at no additional charge. These sides could include a potato, salad, fresh fruit, coleslaw, potato chips, or french fries. Assuming for arguments sake that potato chips fall within the scope of the tax, how would NNGE determine the tax on the potato chips when the healthy main food item is not taxed and the side dishes come at no additional cost with the healthy main food meal?

In light of these concerns, NNGE recommends that Section 1109(A)(8) be amended to include buffets and side dishes (ordered as a part of a meal) as exemptions and exclusions from the tax imposed by the Act. With NNGE's recommended additions, Section 1109. A.8. (page 12 of 15, line 7, of the Legislation 0278-20) would now read:

8. Sales from coin-operated vending machines of any type, buffets and side dishes (ordered as a part of a meal);

If you have any questions or require any additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "B. D. Parrish". The signature is stylized with a large, looped "B" and a distinct "P".

Our efforts have been and still is deeply rooted in intergenerational collective action, in community, and in relationship to address our diabetes epidemic, to reclaim our identity through traditional healthy food, and to improve the health and well-being of our people through the funding of *Community Wellness Projects* made possible by our Act.

We are continuing to address the inhumanity of food apartheid that we face on our Diné Nation and the continued presence of harmful foods and beverages that are contaminating our traditional lifeways and foodways. In this COVID-19 pandemic, many of our people are challenged by numerous vulnerabilities with pre-existing health conditions and it is **imperative to continue to protect the health and well-being of our tribal citizens and community members**. The dominating presence of *ch'iyáán bizhoal*, unhealthy foods and beverages are controlling our food access points more than ever and have increased the risk, exposure, and possible contraction of the novel coronavirus *Dikos Ntsaaígíí-Náhást'éíts'áadah* for our people. If we are not mindful of this reality and the consequences, the outcome could be detrimental. We have a collective responsibility to steward the way forward in healing and resilience.

We, DCAA, the Diné Community Advocacy Alliance, the grassroots collective who have been leading these efforts together with the original legislative sponsor, Mr. Danny Simpson, have reviewed the Legislation 0278-20 and the Exhibit A in reference to the recommendations of the Navajo Tax Commission. These requests are not a creation of new language but an emphasis on the definitions that already exist in the unhealthy food definitions we submitted to the Office of the Navajo Tax Commission shortly after it was signed into law. Here are our five (5) requests of the proposed amendments:

- 1) We support the legislation to retain the historical and intended title of the "Healthy Diné Nation Act of 2014" with a supportive tax category title of the "Unhealthy Food and Beverage Tax";
- 2) We support the legislation to delete the review of the end of the calendar year 2020 with no expiration date;
- 3) In §1107. Definitions, under L, line 19, "Sweetened Beverages means nonalcoholic" the legislation would include the language "and alcoholic drinks" to read "Sweetened Beverages means nonalcoholic and alcoholic drinks" and to include in the examples

"alcoholic-free wine and beer" with a deletion of the word "alcohol" in line 29;

4) In §1107. Definitions, under M, line 6, after "and such other foods and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations" the following language should be included "which may include newly engineered and marketed unhealthy foods as they become available" to read "and such other food and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations which may include newly engineered and target marketed unhealthy foods as they become available."; and

5) In §1107. Definitions, under M, the legislation would include "Fast Food" with a definition of "means any foods quickly accessible, prepared, quickly served, and ready to eat. This includes food or food items that were previously kept frozen/cold and cooked/warmed up to order and/or ready for consumption; and/or food that is kept warm using heat lamps or other devices; and/or sold heated or cold; and/or sold in "to go" containers; and/or canned, and/or preserved; and/or consumed on or off the premises where they are sold. It shall include but not limited to burritos, hamburgers, fried chicken, chicken wings, chicken tenders, corn dogs, egg rolls, fried okra, french fries, hot dogs, mozzarella sticks, nachos, pickles, sold individually or prepackaged individually pizza, potato wedges, taquitos, and precooked meats and potted meats like Vienna sausage, Spam, and Spam Lite."

Please continue to lead us towards the vision of a Healthy Diné Nation with healthy future generations. Let's stand in health solidarity of healthful and nutritious food and water as life, *ch'iyáán yá'át'éhégi dóó tó éí íiná át'é*. Again, we are very appreciative of your continued leadership and guidance of our grassroots efforts.

Thank you in advance for your inclusion of community participation and engagement.

Tom Platero, Executive Director
Office of Legislative Services
P.O. Box 3390
Window Rock, AZ 86515

Re: Legislation No. 0278-20

Dear Mr. Platero:

The Kayenta Township is hereby providing comments on Legislation No. 0278-20, which would amend the Healthy Dine Nation Act of 2014 (the "Legislation"). As currently drafted, the Legislation should be rejected as it would upset legitimate and settled expectations of the Kayenta Township and its businesses that the Township would not be subjecting businesses (as the taxing authority), and businesses would not be subjected to (as the taxpayer), double taxation.

The Legislative Summary for the Legislation provides that:

The purpose of this legislation is to approve amendments to the Healthy Dine Nation Act of 2014, 24 N.N.C. §§ 1001 – 1024. The legislation would delete language regarding review by the Navajo Nation Council at the end of calendar year 2020 for extension by the Navajo Nation Council. The amendments purpose is also to clarify provisions for its effective administration and enforcement.

In fact, the Legislation goes far beyond "clarification" and contains a substantive amendment that would cause double taxation of businesses in the Kayenta Township and within the jurisdiction of any Local Governance Act (LGA) certified chapter that has also enacted a Junk Food Tax.

Subsequent to the Nation's adopting the Healthy Dine Nation Act of 2014, the Kayenta Township Commission ("Commission") adopted its own Junk Food Tax Ordinance ("Ordinance"), by Resolution No. KRCAU-42-17 (Aug. 22, 2017), attached hereto as Exhibit "A," which is also 2% of gross receipts of sales of junk food. The Ordinance was enacted by the Commission on the express understanding that the Navajo Nation Tax Commission, by Resolution No. TAX-15-224, had approved an "offset" or "credit" for junk food tax paid to the Township or to LGA certified chapters, under Section 11.111 of the Healthy Dine Nation Junk Food Tax Regulations. Specifically, the Commission relied on the following regulation, provided to the Township by the Office of Navajo Tax Commission ("ONTC"):

11.111. RELATIONSHIP WITH TOWNSHIP AND CHAPTER TAXES

For purposes of filing and reporting under this Junk Food Tax, when a taxpayer pays Junk Food Tax to the Kayenta Township or pays any governance- certified chapter pursuant to a duly-enacted chapter tax ordinance, the gross receipts upon which that tax has been paid should not be included in the gross receipts reported to the Office of the Navajo Tax Commission on the Form 1100.

Example: ABC Company has three stores: one in Kayenta, one in To'Nanees'Dizi, and one in Chinle. ABC pays the Junk Food Tax on its sales at the Kayenta location and the To'Nanees'Dizi Junk Food Tax on its sales at the To'Nanees Dizi location. When ABC is reporting and paying the Navajo Junk Food Tax on Form 1100, it should not include any gross receipts from the Kayenta store that have already been taxed by Kayenta or any gross receipts from the To'Nanees'Dizi store that have already been taxed by To'Nanees'Dizi.

See composite Exhibit “B.”¹ Indeed, this is exactly how the Navajo Nation treats the Navajo Nation Sales Tax when the Kayenta Township or an LGA certified chapter has a gross receipts tax in place – the Nation effectively exempts sales within those jurisdictions from collection of the central government’s sales tax by allowing a “credit” or deduction of gross sales reported to ONTC. Thus, since 2017, the Township’s businesses have been able to subtract gross sales of junk food within the Township from gross sales of junk food reported to the Office of the Navajo Tax Commission for purposes of the Healthy Dine Nation Junk Food Tax, so that businesses would not have to pay junk food tax to both the Nation and the Township.

However, Legislation No. 0278-20 would upturn the apple cart by adding the following provision to the Healthy Dine Nation Act of 2014:

§1110. Credits

There shall be no credits. A person shall not be permitted to take a credit against the tax imposed by this Chapter for taxes paid pursuant to any nondiscriminatory excise tax imposed by any duly established township or local government sub-unit.

This amendment flies in the face of years of settled expectations that the Navajo Nation would not double tax other Navajo Nation local governance jurisdictions who have their own junk food tax, which they use for their own local health initiatives. It is also contrary to established Navajo customary law principles favoring local governance. Accordingly, the Legislation should be rejected by the Navajo Nation Council, or, in the alternative, the proposed new Section 1110 of Legislation No. 0278-20 should be stricken from the Legislation.

¹ Altered regulations were (and may still be) posted on ONTC’s website that cut and pasted a *non-sequitur* from Regulation 6.122 of the Sales Tax Regulations into Regulation No. 11.111 of the Healthy Dine Nation Junk Food Tax Regulations. By January 12, 2018 letter from Mr. Martin Ashley, Executive Director, ONTC, Mr. Ashley confirmed that the original regulations the Township received were still in effect pursuant to Resolution No. TAX-15-224. Mr. Ashley’s letter is attached to the Township’s Ordinance, posted on its website. See Exhibit “A,” at 12. Mr. Ashley also confirmed in his letter that the Township’s instructions to its businesses for the junk food tax offset against the Nation’s junk food tax were correct. See *id.*

Thank you for your and our other Leaders' careful consideration of the comments of the Kayenta Township on Legislation No. 0278-20.

Sincerely,

THE KAYENTA TOWNSHIP

Resolution No: KTCAU-42-17

RESOLUTION OF THE KAYENTA TOWNSHIP COMMISSION

Approving the Junk Food Tax Ordinance as Subchapter 4 of Chapter 8 of the Kayenta Township Ordinances

WHEREAS:

1. The Kayenta Township Commission ("Commission") is a home-rule municipality of the Navajo Nation with the general authority and responsibility to govern for the welfare of the Kayenta Township ("Township") and its residents, including the enactment of such ordinances, rules and regulations as it deems in the best interest of the Township. See 2 N.N.C. §§ 4081-4086 (2005); and

2. The Navajo Nation Council has granted the Township "home-rule" status under the governance of the Commission pursuant to Resolution CJY-42-03 (July 29, 2003) (*codified at 2 N.N.C. §§ 4081-4086 (2005)*), and the Navajo Nation Supreme Court has recognized the comprehensive authority of the Commission, including its authority to adopt, implement and enforce Township ordinances, in *Kayenta Township Commission v. Ward*, No. SC-CV-29-07 (Sup. Ct. Feb. 25, 2011); and

3. On November 17, 2014, by Resolution No. CN-54-14, the Navajo Nation Council adopted the Health Diné Nation Act of 2014, commonly referred to as the "Junk Food Tax," which was signed into law by then President Shelly on November 21, 2014. In Section 1 of Resolution No. CN-54-14, the Navajo Nation Council made substantial findings as to the value and benefits of such a Junk Food Tax, such findings which are wholly incorporated herein by reference; and

4. On January 14, 2015, by Resolution No. TAX-15-224, the Navajo Tax Commission adopted the Navajo Nation Junk Food Tax Regulations. The Nation's Junk Food Tax Regulations provide at Section 11.111 that for purposes of filing and reporting to the Navajo Nation under the Nation's Junk Food Tax, when a taxpayer pays a Junk Food Tax to the Kayenta Township, the gross receipts upon which the Township's tax has been paid are deducted from the gross receipts reported to the Office of the Navajo Tax Commission for purposes of the Nation's Junk Food Tax, *i.e.*, a taxpayer will not be subject to double taxation under the Nation's Junk Food Tax and a Kayenta Township Junk Food Tax but will be able to offset any such tax paid to the Township; and

5. The Commission has determined that the Junk Food Tax Ordinance attached hereto as Exhibit "A," in addition to the reasons set forth in Section 1 of Navajo Nation Council Resolution No. CN-54-14, should be adopted for the following reasons and purposes:

- a. To improve the health and welfare of the residents of the Kayenta Township and Kayenta Chapter and of tourists visiting the Kayenta area;
- b. To address obesity and diabetes and related health complications caused by unhealthy foods and beverages;
- c. To promote a healthy and sustainable food system for the Diné;
- d. To promote sustainable economic growth in the Kayenta Township and Kayenta area;

- e. To provide operating capital for governmental services for the benefit of the Township residents;
- f. To defray costs incurred in providing for the public welfare; and
- g. To support capital improvement needs of the Kayenta Township; and

8. The Junk Food Tax Ordinance, attached hereto as Exhibit "A," has been published for thirty (30) days public comment in accordance with Section 2-107 of the Administrative Rules and Procedures Ordinance, and the Commission has duly considered such comments in its decision today.

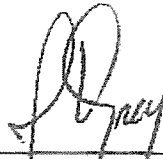

NOW THEREFORE BE IT RESOLVED THAT:

- 1. The Junk Food Tax Ordinance attached hereto as Exhibit "A" is hereby approved and adopted as Subchapter 4 of Chapter 8 of the Kayenta Township Ordinances, effective October 1, 2017.
- 2. The Town Manager is hereby authorized to take any reasonable and necessary actions to implement the intent of this Resolution.

CERTIFICATION

I hereby certify that the foregoing resolution was considered by the Kayenta Township Commission at a duly called meeting at Kayenta, Navajo Nation (Arizona), at which a quorum was present and that the same was passed by a vote of 4 in favor 0 opposed, and 0 abstained, this 22nd day of August, 2017.

JUNK FOOD TAX ORDINANCE

SECTION 8-401 Title

This Subchapter shall be known as "the Junk Food Tax Ordinance," Subchapter 4 of Chapter 8 of the Kayenta Township Tax Ordinances.

SECTION 8-402 Authority and Administration

The Kayenta Township Commission adopts this Ordinance pursuant to 2 N.N.C. §§ 4081-4086. *See Kayenta Township Comm'n v. Ward*, No. SC-CV-29-07, slip op. at 10 (Nav. Sup. Ct. Feb. 25, 2011) ("By broad grant of power, the Township's control over its withdrawn land includes the right to govern its lands according to local ordinances"). The tax imposed by this Subchapter shall be administered pursuant to the Tax Administration Ordinance, Subchapter One of Chapter 8, Kayenta Township Tax Ordinances, as amended, and the regulations promulgated thereto, as amended.

SECTION 8-403 Purposes

The purposes of this Subchapter are:

1. To improve the health and welfare of the residents of the Kayenta Township and Kayenta Chapter and of tourists visiting the Kayenta area;
2. To address obesity and diabetes and related health complications caused by unhealthy foods and beverages;
3. To promote a healthy and sustainable food system for the Diné;
4. To promote sustainable economic growth in the Kayenta Township and Kayenta area;
5. To provide operating capital for governmental services for the benefit of the Township residents;
6. To defray costs incurred in providing for the public welfare; and
7. To support capital improvement needs of the Kayenta Township.

SECTION 8-404 Nondiscrimination

No provision of this subchapter shall be construed as imposing a tax which discriminates on the basis of whether a taxpayer is, or is owned or controlled by, one or more enrolled members of the Navajo Nation.

SECTION 8-405 Definitions

The definitions from Subchapter One, Tax Administration, and Subchapter Three, Business Sales Tax Ordinance, shall apply to this Subchapter. In addition, as used in this Subchapter:

1. "Junk Food" means all sweetened beverages and prepackaged and non-prepackaged foods, including snacks, that have been generally stripped of essential nutrients and which are high in salt, saturated fat and/or sugar (including all of its variants, *e.g.*, cane sugar, fructose, corn syrup, etc.), including, as defined herein, Baked and Fried Goods, Candy, Frozen Desserts, Fruit Juice, Pastries, Powder or Base Product, Pudding and Gelatin Based Desserts, Snack Chips and Crisps, Sweetened Beverages, and Sweets.
2. "Baked and Fried Goods" means baked or fried dough, batter, mixes, and decoration products, including such goods as cakes, cookies, donuts and pastries that are high in salt, saturated fat, and/or sugar.
3. "Candy" means snacks prepared of various combinations of sugar (including all of its variants, *e.g.*, cane sugar, fructose, corn syrup, etc.), artificial sweeteners, honey, or other natural or artificial sweeteners, in combination with natural or artificial fruit flavors, fruit, chocolate, fudge, marshmallows, nuts, mints, peanut butter, peanut brittle, salt, white flour, or other similar ingredients or flavorings, whether wet, carbonated, chewy, soft, or hard, and in such forms as bars, drops, lozenges (but not drops or lozenges specifically used for medicinal purposes such as cough drops), liquid, spray, floss, crystals, tape, paper, thread, jelly, gum, powder, and pieces.
4. "Frozen Desserts" means any sweet item made by freezing liquid or semisolids, based on natural and/or artificially flavored water, fruit purees, dairy or dairy substitutes, and custards, and whether combined with fruits, nuts, candy, sweets, or other ingredients.
5. "Fruit Juice" means the original liquid resulting from the pressing of fruit, the liquid resulting from the reconstitution or restoration of fruit juice concentrate, the liquid resulting from the restoration of water to dehydrated fruit juice, and any sweet beverage naturally or artificially flavored to resemble or replicate fruit juice.
6. "Pastries" means any mixed, baked, or fried products made primarily but not exclusively from any form of flour, sugar, artificial sweeteners, dairy, shortening, oil, butter, baking powder, nuts, fruits, eggs, jelly, and other filling ingredients.
7. "Powder or Base Product" means a solid or powdered mixture of basic ingredients used to make a sweetened beverage by mixing the base product with water or ice, simple syrup, fruits, vegetables, fruit juice or other liquid.
8. "Pudding and Gelatin Based Desserts" means any sweet preparation that is soft or gelatinous and which includes such ingredients as dairy, eggs, sugar or other natural or artificial sweeteners, collagen, cornstarch, and any flavoring.

9. "Snack Chips and Crisps" means crispy type snack foods that are often fried, baked, or toasted, such as potato chips, tortilla chips, pita chips, cheese puffs and crackers, and which are high in sodium and fat.
10. "Sweetened Beverages" means a sweet beverage, whether carbonated or noncarbonated, in any form sold for human consumption, including soda, flavored water, sports drinks, energy drinks, fountain drinks, iced coffee, iced tea, flavored drinks, drinks containing sugar, drinks containing Fruit Juice, and drinks containing Powder or Base Product.
11. "Sweets" means any preparation that has a high content of sugar (including all of its variants, *e.g.*, cane sugar, fructose, corn syrup, etc.), sometimes in combination with flour, milk, butter, shortening, eggs, dried fruits, nuts, etc., including Candy, Frozen Desserts, Pastries, Pudding and Gelatin Based Deserts, Baked and Fried Goods, and like products.

SECTION 8-406 Tax Imposed

There is hereby levied a tax on the gross receipts of a Person derived from the sale of Junk Food within the boundaries of the Kayenta Township (the "Kayenta Junk Food Tax").

SECTION 8-407 Rate of Tax

The rate of the Kayenta Junk Food Tax is two percent (2%) of the gross receipts of a Person derived from the sale of Junk Food within the boundaries of the Kayenta Township.

SECTION 8-408 Legal Incidence of Tax; Responsibility for Payment

- A. The legal incidence of the Kayenta Junk Food Tax is on the Person deriving gross receipts from the sale of Junk Food within the boundaries of the Kayenta Township. Such Person is also the Taxpayer responsible for collection and payment of the Kayenta Junk Food Tax to the Kayenta Township. The Taxpayer is neither required nor prohibited from passing through the Kayenta Junk Food Tax to the purchaser of the Junk Food provided it is collected by the Taxpayer at the time of purchase.
- B. The Kayenta Junk Food Tax imposed by this Subchapter is due and payable to the Township monthly, based on monthly receipts. Each Taxpayer shall, on or before the last day of the month next succeeding each reporting period, file with the Township a return for the preceding reporting period. The return shall be accompanied by a remittance of the amount of Kayenta Junk Food Tax assessed against the Taxpayer pursuant to this Subchapter and the tax computed in the return shall in all cases be based upon the sales made during the period, including both cash and charge sales.
- C. All Kayenta Junk Food Tax returns shall be in a form approved by the Kayenta Town Manager and contain the information prescribed by the Kayenta Town Manager and applicable law, including this Ordinance.

D. If any Taxpayer collects on the sales of Junk Food a tax imposed by this Subchapter in excess of the lawful amount due, he or she shall remit to the Township the full amount of the excess tax that was collected as well as the tax imposed by this Subchapter.

E. The Kayenta Junk Food Tax applies to mail order transactions where the Taxpayer is located within the Kayenta Township.

SECTION 8-409 No Exemptions

No gross receipts from the sale of Junk Food within the Kayenta Township are exempt from the tax imposed by this Subchapter.

SECTION 8-410 Relationship to the Business Sales Tax

The Kayenta Junk Food Sales Tax imposed by this Subchapter is in addition to the Kayenta Township Business Sales Tax, Subchapter Three of Chapter 8 of the Township's Ordinances. A Taxpayer does not have the option of paying either tax, but must pay both, if applicable.

SECTION 8-411 Regulations

The Kayenta Township Commission may adopt additional rules and regulations governing the administration of the Kayenta Junk Food Tax, as it deems appropriate. This Subchapter is effective on the Effective Date, below, whether or not the Commission adopts such rules and regulations.

SECTION 8-412 Severability

If any provision of this Subchapter, as amended, or its application to any person or circumstance, is held invalid by a final judgment of a court of competent jurisdiction, the invalidity of any such provision shall not affect other provisions or applications of this Subchapter which can be given effect without the invalid provision or application, and to this end the provisions of this Subchapter are severable.

SECTION 8-413 Effective Date

This Subchapter shall take effect on October 1, 2017 (the "Effective Date"). The effective date of any subsequent amendment shall be stated in the adopting resolution.

SECTION 8-414 Inconsistent Law Repealed

Any laws or parts of laws (or attachments thereto) which are inconsistent with the provisions of this amended Subchapter are hereby repealed, including, without limitation, any law purporting to waive any right of taxation by the Navajo Nation or the Kayenta Township.

11.101. TITLE

This chapter is called the Junk Food Tax Regulations.

11.102. AUTHORITY

The Navajo Tax Commission promulgates this chapter pursuant to 24 N.N.C §103 and 2 N.N.C. § 3353.

11.103. SCOPE AND APPLICATION

The regulations contained in this chapter apply to the Healthy Dine' Nation Act of 2014 ("Junk Food Tax").

11.104. DEFINITIONS

Subject to additional definitions, if any, contained in the subsequent paragraphs of this chapter, and unless the context otherwise requires, in this chapter:

A. "Junk food" means 'minimal-to-no nutritional value food' as defined by the Healthy Dine' Nation Act of 2014.

11.105. RATE OF TAX

A. Effective April 1, 2015, the rate shall be two percent (2%) of gross receipts. The 2% rate shall apply to all gross receipts received for junk food sold after April 1, 2015.

11.106. SALE OF JUNK FOOD

- A. The Junk Food Tax applies to the sale of junk food when the transfer of ownership and/or risk of loss occur within the Navajo Nation. The tax does not apply to sales of junk food when the sale takes place outside the Navajo Nation. This is true even when the junk food will be brought into or consumed on the Nation. The tax does apply to sales of junk food when the sale occurs within the Navajo Nation but the junk food will be taken or consumed outside the Nation.

Example 1: B purchases a candy bar in Gallup, New Mexico, which is outside the Navajo Nation. He pays for the candy bar at the Gallup location of the seller, and ownership of the candy bar transfers to him at that point. The candy bar is then taken to his home in Window Rock, Arizona, which is within the Navajo Nation. The sale occurred outside the Navajo Nation, so the Junk Food Tax does not apply to the sale of the candy bar.

Example 2: C negotiates the purchase of an order of junk food in Gallup whereby the junk food will be delivered to her office in Window Rock, Arizona, and she will make the payment for the junk food at the time and place of delivery, with ownership transferring to her at that point. The Junk Food Tax does apply to this transaction, because the transfer of ownership and transfer of risk of loss take place within the Navajo Nation.

Example 3: D is a hardware store located within the Navajo Nation. E purchases junk food at D that will be consumed at E's home in Gallup, New Mexico, outside the Navajo Nation, and E picks up the junk food at the time of purchase; the transfer of ownership occurs at the store, within the Navajo Nation. The Junk Food Tax does apply to D's gross receipts, as the transfer of ownership occurred within the Navajo Nation.

- B. 1. The location of the seller's business is irrelevant in determining the taxability of the gross receipts.

Example: XYZ lumber company from Gallup sells junk food within the Navajo Nation. The company has no retail location on the Navajo Nation, but does deliver to customers located in the Navajo Nation. The Junk Food Tax does apply to the gross receipts from

the sale of junk food so long as the transfer of ownership occurs within the Navajo Nation.

2. When the vendor has no retail location within the Navajo Nation but rather makes delivery of junk food to a buyer who is located within the Navajo Nation, the sale should be classified on the Form 1100 as H – Other, not A – Retail. Classification A on the Form 1100 is only to be used when the sale is made at a retail location operated by the vendor and physically located within the Navajo Nation.
- C. When delivery takes place within the Navajo Nation, the presumption will be that the sale occurred within the Navajo Nation, and the taxpayer challenging such presumption will have the burden of proving that the sale occurred outside the Navajo Nation.
- D. Sales for resale are exempt from the tax. However, this exemption only applies if there is a subsequent sale of the junk food. If the sale is made to the final consumer, then the sale is a retail sale and subject to the tax.

11.107. CONSIGNMENT SALES

- A. In consignment sales, a consignor turns over junk food item(s) to a consignee, who is then responsible to act as the agent for the consignor in the retail sale of the junk food item(s). The transaction between the two parties is not a sale for resale, since title does not transfer. Rather, the consignor retains ownership, with the consignee merely obtaining physical possession and responsibility for making the retail sale on behalf of the consignor/owner. Ownership only transfers once, when the junk food good is sold at retail. The consignor/owner pays the consignee a fee for being responsible for making the retail sale.
- B. The Junk Food Tax applies to the gross receipts received by the person making the sale. Therefore, unless an exemption applies, the tax applies to the gross receipts received by the consignor/owner, and the Sales Tax applies to the fee received by the consignee for the service of selling the junk food.

Example: F makes candy. She has a consignment arrangement with Z's Trading Post, where Z sells the candy and turns the gross receipts over to F; Z receives a commission from F for each sale. F retains ownership of the candy until Z sells it; Z never owns the candy but rather simply has physical possession of it in order to sell it. The Junk Food Tax does apply to F's gross receipts from the sale of the candy. The Sales Tax does apply to Z's commission, since that is gross receipts he receives for performing a service, that of selling the candy on F's behalf.

11.108. LOCAL TAX

The exclusion from gross receipts for reimbursement for state taxes includes any portion of state taxes that are imposed by a county or municipality.

11.109. SALES BY AND TO NON-PROFIT CORPORATIONS

- A. Sales by non-profits: In order to claim the exemption provided for in Sales Tax §609(C)(3), a non-profit corporation must submit documentation to the Office of the Navajo Tax Commission of its non-profit status and obtain a certification of exemption from the Office. Based upon the documentation, the Office of the Navajo Tax Commission will determine if the non-profit status applies to the corporation's sales within the Navajo Nation or whether such sales constitute unrelated business subject to the Junk Food Tax.
- B. Sales to non-profits: Because the legal incidence of the Navajo Junk Food Tax is on the seller, the identity of the buyer is irrelevant in determining whether or not the Junk Food Tax applies to a particular transaction. Therefore, unless the seller or good is independently exempt from the tax, sales to non-profits are subject to the tax.

11.110. MAIL ORDER; THIRD-PARTY COMMERCIAL CARRIER

- A. The Junk Food Tax applies to mail order transactions where the seller is located within the Navajo Nation and the transfer of ownership occurs within the Navajo Nation.
- B. The Junk Food Tax does not apply to mail order transactions where the seller is located outside the Navajo Nation.
- C. Mail order transactions include those utilizing the United States Postal Service and any third-party commercial carrier, such as, but not limited to, United Parcel Service or Fed Ex.

11.111. RELATIONSHIP WITH TOWNSHIP AND CHAPTER TAXES

For purposes of filing and reporting under this Junk Food Tax, when a taxpayer pays Junk Food Tax to the Kayenta Township or pays any governance- certified chapter pursuant to a duly-enacted chapter tax ordinance, the gross receipts upon which that tax has been paid should not be included in the gross receipts reported to the Office of the Navajo Tax Commission on the Form 1100.

Example: ABC Company has three stores: one in Kayenta, one in To'Nanees'Dizi, and one in Chinle. ABC pays the Junk Food Tax on its sales at the Kayenta location and the To'Nanees'Dizi Junk Food Tax on its sales at the To'Nanees Dizi location. When ABC is reporting and paying the Navajo Junk Food Tax on Form 1100, it should not include any gross receipts from the Kayenta store that have already been taxed by Kayenta or any gross receipts from the To'Nanees'Dizi store that have already been taxed by To'Nanees'Dizi.

11.112. PASS-THROUGH OF JUNK FOOD TAX TO BUYER

The legal incidence of the Junk Food Tax is on the seller of the junk food, and the seller is responsible for filing the tax returns and making the payment. However, there is nothing in the Junk Food Tax that prohibits the seller from passing the tax along to the buyer; the Junk Food Tax is silent on that issue. The Office of the Navajo Tax Commission neither requires nor prohibits a seller from passing the tax through to the buyer.

11.113. RELATIONSHIP BETWEEN SALES TAX AND JUNK FOOD TAX

- A. Gross receipts for the sale of junk food items are subject both to the Sales Tax and the Junk Food Tax.
- B. If the Sales Tax and the Junk Food Tax both apply to a particular transaction, the Sales Tax must be paid on such transaction, and then the seller must also report and pay the Junk Food Tax for the sale of junk food items. The seller does not have the option of deciding which tax to pay.

Example: G engages in retail of junk food within the Navajo Nation. This activity constitutes a retail sale, so the Sales Tax applies, and the Junk Food Tax also applies, as the retail activity includes the sale of junk food items. G is required to pay the Sales Tax on his gross receipts, and shall also report and pay those receipts for the sale of junk food items.

- C. The terms and applications of the Sales Tax will be used to interpret any ambiguities which may arise under administration of the Junk Food Tax.

RE: Navajo Nation Junk Food Tax Regulations

Dear Mr. Yazzie;

First of all thank you for stopping by our office on Thursday, January 11, 2018. Pursuant to our meeting and the letter provided dated January 11, 2018 a request was made for verification and a written statement from the Office of the Navajo Tax Commission (ONTC) regarding the Navajo Nation Junk Food Tax Regulations at Section 11.111.

Apparently, ONTC posted on the website the incorrect version of the Junk Food Tax Regulation different than what was approved by the Navajo Tax Commission (NTC). During our meeting I provided you a copy of NTC resolution #TAX-15-224 that confirmed the correct language in Section 11.111 that Kayenta Township was utilizing in implementing the Junk Food Tax. This letter is to confirm that your instruction to Kayenta Township taxpayers regarding the implementation of the Junk Food Tax is correct.

ONTC will update the correct version of the Junk Food Tax Regulation on the website. Should there be any questions, I can be contacted at 928/871-6992 or mashley@navajo-nsn.gov.

Sincerely,

Martin E. Ashley, Executive Director

RESOLUTION OF THE NAVAJO TAX COMMISSION
APPROVING THE JUNK FOOD TAX REGULATIONS FOR IMPLEMENTATION OF
THE HEALTHY DINE NATION ACT OF 2014

WHEREAS:

1. Pursuant to 2 N.N.C. §3353 (A)(3), the Navajo Tax Commission has the authority to adopt rules and regulations implementing Navajo taxes; and
2. Pursuant to 2 N.N.C. §3353(A)(1), the Navajo Tax Commission has the authority to develop an appropriate, comprehensive system of taxation for the Navajo Nation; and
3. The Navajo Nation, as recognized by the Treaties of 1849 and 1868 and Kerr-McGee Corp. v. Navajo Tribe of Indians, 471 U.S. 195 (1985), possesses the inherent authority to tax activities occurring within its jurisdictional boundaries; and
4. These Regulations are designed to address certain issues raised by taxpayers regarding the implementation and enforcement of the Healthy Dine Nation Act of 2014; and
5. Adoption of these Regulations will complement the implementation and enforcement of all the Healthy Dine Nation Act of 2014.

NOW THEREFORE BE IT RESOLVED THAT:

1. The Navajo Tax Commission approves the Junk Food Tax Regulations, attached as Exhibit A to this resolution.
2. The Navajo Tax Commission hereby authorizes the Executive Director of the Office of the Navajo Tax Commission to make technical changes to these regulations before they go into effect.

CERTIFICATION

I hereby certify that the foregoing resolution was duly considered by the Navajo Tax Commission at a duly called meeting in St. Michael, Navajo Nation (Arizona) at which a quorum was present and that the same was passed by a vote of 3 in favor and 0 opposed, with 0 abstaining, this 14th day of January, 2015.

11.101. TITLE

This chapter is called the Junk Food Tax Regulations.

11.102. AUTHORITY

The Navajo Tax Commission promulgates this chapter pursuant to 24 N.N.C §103 and 2 N.N.C. § 3353.

11.103. SCOPE AND APPLICATION

The regulations contained in this chapter apply to the Healthy Dine' Nation Act of 2014 ("Junk Food Tax").

11.104. DEFINITIONS

Subject to additional definitions, if any, contained in the subsequent paragraphs of this chapter, and unless the context otherwise requires, in this chapter:

A. "Junk food" means 'minimal-to-no nutritional value food' as defined by the Healthy Dine' Nation Act of 2014.

11.105. RATE OF TAX

A. Effective April 1, 2015, the rate shall be two percent (2%) of gross receipts. The 2% rate shall apply to all gross receipts received for junk food sold after April 1, 2015.

11.106. SALE OF JUNK FOOD

A. The Junk Food Tax applies to the sale of junk food when the transfer of ownership and/or risk of loss occur within the Navajo Nation. The tax does not apply to sales of junk food when the sale takes place outside the Navajo Nation. This is true even when the junk food will be brought into or consumed on the Nation. The tax does apply to sales of junk food when the sale occurs within the Navajo Nation but the junk food will be taken or consumed outside the Nation.

Example 1: B purchases a candy bar in Gallup, New Mexico, which is outside the Navajo Nation. He pays for the candy bar at the Gallup location of the seller, and ownership of the candy bar transfers to him at that point. The candy bar is then taken to his home in Window Rock, Arizona, which is within the Navajo Nation. The sale occurred outside the Navajo Nation, so the Junk Food Tax does not apply to the sale of the candy bar.

Example 2: C negotiates the purchase of an order of junk food in Gallup whereby the junk food will be delivered to her office in Window Rock, Arizona, and she will make the payment for the junk food at the time and place of delivery, with ownership transferring to her at that point. The Junk Food Tax does apply to this transaction, because the transfer of ownership and transfer of risk of loss take place within the Navajo Nation.

Example 3: D is a hardware store located within the Navajo Nation. E purchases junk food at D that will be consumed at E's home in Gallup, New Mexico, outside the Navajo Nation, and E picks up the junk food at the time of purchase; the transfer of ownership occurs at the store, within the Navajo Nation. The Junk Food Tax does apply to D's gross receipts, as the transfer of ownership occurred within the Navajo Nation.

B. 1. The location of the seller's business is irrelevant in determining the taxability of the gross receipts.

Example: XYZ lumber company from Gallup sells junk food within the Navajo Nation. The company has no retail location on the Navajo Nation, but does deliver to customers located in the Navajo Nation. The Junk Food Tax does apply to the gross receipts from

the sale of junk food so long as the transfer of ownership occurs within the Navajo Nation.

2. When the vendor has no retail location within the Navajo Nation but rather makes delivery of junk food to a buyer who is located within the Navajo Nation, the sale should be classified on the Form 1100 as H – Other, not A – Retail. Classification A on the Form 1100 is only to be used when the sale is made at a retail location operated by the vendor and physically located within the Navajo Nation.
- C. When delivery takes place within the Navajo Nation, the presumption will be that the sale occurred within the Navajo Nation, and the taxpayer challenging such presumption will have the burden of proving that the sale occurred outside the Navajo Nation.
- D. Sales for resale are exempt from the tax. However, this exemption only applies if there is a subsequent sale of the junk food. If the sale is made to the final consumer, then the sale is a retail sale and subject to the tax.

11.107. CONSIGNMENT SALES

A. In consignment sales, a consignor turns over junk food item(s) to a consignee, who is then responsible to act as the agent for the consignor in the retail sale of the junk food item(s). The transaction between the two parties is not a sale for resale, since title does not transfer. Rather, the consignor retains ownership, with the consignee merely obtaining physical possession and responsibility for making the retail sale on behalf of the consignor/owner. Ownership only transfers once, when the junk food good is sold at retail. The consignor/owner pays the consignee a fee for being responsible for making the retail sale.

B. The Junk Food Tax applies to the gross receipts received by the person making the sale. Therefore, unless an exemption applies, the tax applies to the gross receipts received by the consignor/owner, and the Sales Tax applies to the fee received by the consignee for the service of selling the junk food.

Example: F makes candy. She has a consignment arrangement with Z's Trading Post, where Z sells the candy and turns the gross receipts over to F; Z receives a commission from F for each sale. F retains ownership of the candy until Z sells it; Z never owns the candy but rather simply has physical possession of it in order to sell it. The Junk Food Tax does apply to F's gross receipts from the sale of the candy. The Sales Tax does apply to Z's commission, since that is gross receipts he receives for performing a service, that of selling the candy on F's behalf.

11.108. LOCAL TAX

The exclusion from gross receipts for reimbursement for state taxes includes any portion of state taxes that are imposed by a county or municipality.

11.109. SALES BY AND TO NON-PROFIT CORPORATIONS

A. Sales by non-profits: In order to claim the exemption provided for in Sales Tax §609(C)(3), a non-profit corporation must submit documentation to the Office of the Navajo Tax Commission of its non-profit status and obtain a certification of exemption from the Office. Based upon the documentation, the Office of the Navajo Tax Commission will determine if the non-profit status applies to the corporation's sales within the Navajo Nation or whether such sales constitute unrelated business subject to the Junk Food Tax.

B. Sales to non-profits: Because the legal incidence of the Navajo Junk Food Tax is on the seller, the identity of the buyer is irrelevant in determining whether or not the Junk Food Tax applies to a particular transaction. Therefore, unless the seller or good is independently exempt from the tax, sales to non-profits are subject to the tax.

11.110. MAIL ORDER; THIRD-PARTY COMMERCIAL CARRIER

- A. The Junk Food Tax applies to mail order transactions where the seller is located within the Navajo Nation and the transfer of ownership occurs within the Navajo Nation.
- B. The Junk Food Tax does not apply to mail order transactions where the seller is located outside the Navajo Nation.
- C. Mail order transactions include those utilizing the United States Postal Service and any third-party commercial carrier, such as, but not limited to, United Parcel Service or Fed Ex.

11.111. RELATIONSHIP WITH TOWNSHIP AND CHAPTER TAXES

For purposes of filing and reporting under this Junk Food Tax, when a taxpayer pays Junk Food Tax to the Kayenta Township or pays any governance- certified chapter pursuant to a duly-enacted chapter tax ordinance, the gross receipts upon which that tax has been paid should not be included in the gross receipts reported to the Office of the Navajo Tax Commission on the Form 1100.

Example: ABC Company has three stores: one in Kayenta, one in To’Nanees’Dizi, and one in Chinle. ABC pays the Junk Food Tax on its sales at the Kayenta location and the To’Nanees’Dizi Junk Food Tax on its sales at the To’Nanees Dizi location. When ABC is reporting and paying the Navajo Junk Food Tax on Form 1100, it should not include any gross receipts from the Kayenta store that have already been taxed by Kayenta or any gross receipts from the To’Nanees’Dizi store that have already been taxed by To’Nanees’Dizi.

11.112. PASS-THROUGH OF JUNK FOOD TAX TO BUYER

The legal incidence of the Junk Food Tax is on the seller of the junk food, and the seller is responsible for filing the tax returns and making the payment. However, there is nothing in the Junk Food Tax that prohibits the seller from passing the tax along to the buyer; the Junk Food Tax is silent on that issue. The Office of the Navajo Tax Commission neither requires nor prohibits a seller from passing the tax through to the buyer.

11.113. RELATIONSHIP BETWEEN SALES TAX AND JUNK FOOD TAX

- A. Gross receipts for the sale of junk food items are subject both to the Sales Tax and the Junk Food Tax.

- B. If the Sales Tax and the Junk Food Tax both apply to a particular transaction, the Sales Tax must be paid on such transaction, and then the seller must also report and pay the Junk Food Tax for the sale of junk food items. The seller does not have the option of deciding which tax to pay.

Example: G engages in retail of junk food within the Navajo Nation. This activity constitutes a retail sale, so the Sales Tax applies, and the Junk Food Tax also applies, as the retail activity includes the sale of junk food items. G is required to pay the Sales Tax on his gross receipts, and shall also report and pay those receipts for the sale of junk food items.

- C. The terms and applications of the Sales Tax will be used to interpret any ambiguities which may arise under administration of the Junk Food Tax.

RE: Legislation 0278-20, Approval and Reauthorization of the *Healthy Diné Nation Act of 2014*

Dear 24th Navajo Nation Council,

We honor you as our leaders in this renewal of our historical and living law of the *Healthy Dine Nation Act of 2014*. We appreciate and value your continued support, expertise, and careful stewardship of the historical legislative grassroots efforts that includes the past three administrations and councils of the Navajo Nation Government. These efforts have been and still are deeply rooted in intergenerational collective action, in community, and in relationship to address our diabetes epidemic, to reclaim our identity through traditional healthy food, and to improve the health and well-being of our people through the funding of *Community Wellness Projects* made possible by our Act.

Based on the intention of the bill to provide support for the Navajo Tax Commission, we appreciate their commitment to continue to work towards effective administration and enforcement of these efforts. We support the DCAA requests to retain the historical and visionary title of the *Healthy Diné Nation Act of 2014* with no expiration date, to continue to include alcoholic beverages, newly target marketed food and beverages, and fast food.

Please continue to lead us towards the vision of a Healthy Diné Nation with healthy future generations. Let's stand in health solidarity of healthful and nutritious food and water as life, *ch'íyáán yá'át'éhégi dóó tó éí íiná át'é*. Again, we are very appreciative of your continued leadership and guidance of our grassroots efforts. Thank you in advance for your inclusion of community participation and engagement. We look forward to the renewal of the *Healthy Dine Nation Act of 2014*.

As a longtime educator and advocate for Dine children and youth, in Tuba City, Jeddito and Chilchinbeto, I urge you to reauthorize this critical initiative, which is one of several necessary steps to ensure the thriving of this great Nation.

**RE: Legislation 0278-20, Approval and Reauthorization of the
Healthy Diné Nation Act of 2014**

Dear 24th Navajo Nation Council,

We honor you as our leaders in this renewal of our historical and living law of the *Healthy Dine Nation Act of 2014*. We appreciate and value your continued support, expertise, and careful stewardship of our historical legislative grassroots efforts that includes the past three administrations and councils of the Navajo Nation Government. Our efforts have been and still is deeply rooted in intergenerational collective action, in community, and in relationship to address our diabetes epidemic, to reclaim our identity through traditional healthy food, and to improve the health and well-being of our people through the funding of *Community Wellness Projects* made possible by our Act.

We are continuing to address the inhumanity of food apartheid that we face on our Diné Nation and the continued presence of harmful foods and beverages that are contaminating our traditional lifeways and foodways. In this COVID-19 pandemic, many of our people are challenged by numerous vulnerabilities with pre-existing health conditions and **it is imperative to continue to protect the health and well-being of our tribal citizens and community members**. The dominating presence of *ch'iyáán bizhool*, unhealthy foods and beverages are controlling our food access points more than ever and have increased the risk, exposure, and possible contraction of the novel coronavirus *Dikos Ntsaaígíí-Náhást'éíts'áadah* for our people. If we are not mindful of this reality and the consequences, the outcome could be detrimental. We have a collective responsibility to steward the way forward in healing and resilience.

We, DCAA, the Diné Community Advocacy Alliance, the grassroots collective who have been leading these efforts together with the original legislative sponsor, Mr. Danny Simpson, have reviewed the Legislation 0278-20 and the Exhibit A in reference to the recommendations of the Navajo Tax Commission. These requests are not a creation of new language but an emphasis on the definitions that already exist in the unhealthy food definitions we submitted to the Office of the Navajo Tax Commission shortly after it was signed into law. Here are our five (5) requests of the proposed amendments:

1) We support the legislation to **retain the historical and intended title of the "Healthy Diné Nation Act of 2014"** with a **supportive tax category title of the "Unhealthy Food and Beverage Tax"**;

2) We support the legislation to **delete the review of the end of the calendar year 2020 with no expiration date;**

3) In §1107. Definitions, under L, line 19, "Sweetened Beverages means nonalcoholic" the legislation would include the language "and alcoholic drinks" to read "**Sweetened Beverages means nonalcoholic and alcoholic drinks**" and to include in the examples "**alcoholic-free wine and beer**" with a deletion of the word "alcohol" in line 29;

4) In §1107. Definitions, under M, line 6, after "and such other foods and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations" the following language should be included "which may include newly engineered and marketed unhealthy foods as they become available" to read "**and such other food and beverages as the Navajo Tax Commission may designate as unhealthy from time to time in the Tax Regulations which may include newly engineered and target marketed unhealthy foods as they become available.**"; and

5) In §1107. Definitions, under M, the legislation would include "**Fast Food**" with a definition of "**means any foods quickly accessible, prepared, quickly served, and ready to eat. This includes food or food items that were previously kept frozen/cold and cooked/warmed up to order and/or ready for consumption; and/or food that is kept warm using heat lamps or other devices; and/or sold heated or cold; and/or sold in "to go" containers; and/or canned, and/or preserved; and/or consumed on or off the premises where they are sold. It shall include but not limited to burritos, hamburgers, fried chicken, chicken wings, chicken tenders, corn dogs, egg rolls, fried okra, french fries, hot dogs, mozzarella sticks, nachos, pickles, sold individually or prepackaged individually pizza, potato wedges, taquitos, and precooked meats and potted meats like Vienna sausage, Spam, and Spam Lite.**"

Please continue to lead us towards the vision of a Healthy Diné Nation with healthy future generations. **Let's stand in health solidarity of healthful and nutritious food and water as life, *ch'íyáán yá'át'éhégi dóó tó éí ííná át'é.*** Again, we are very appreciative of your continued leadership and guidance of our grassroots efforts.

Thank you in advance for your inclusion of community participation and engagement.

I honor you leaders in this renewal of the historical and living law of the *Healthy Dine Nation Act of 2014*. I appreciate and value your continued support, expertise, and careful stewardship of the historical legislative grassroots efforts that includes the past three administrations and councils of the Navajo Nation Government. These efforts have been and still are deeply rooted in intergenerational collective action, in community, and in relationship to address the diabetes epidemic, to reclaim identity through traditional healthy food, and to improve the health and well-being of your people through the funding of *Community Wellness Projects* made possible by this Act.

Based on the intention of the bill to provide support for the Navajo Tax Commission, I appreciate their commitment to continue to work towards effective administration and enforcement of these efforts. I support the DCAA requests to retain the historical and visionary title of the *Healthy Diné Nation Act of 2014* with no expiration date, to continue to include alcoholic beverages, newly target marketed food and beverages, and fast food.

Please continue to lead towards the vision of a Healthy Diné Nation with healthy future generations. Let's stand in solidarity of healthful and nutritious food and water as life, *ch'íyáán yá'át'éhégi dóó tó éí líná át'é*. Again, I am very appreciative of your continued leadership. Thank you in advance for your inclusion of community participation and engagement. I look forward to the renewal of the *Healthy Dine Nation Act of 2014*.

As a member of Slow Food USA Leadership Committee, we work to support Indigenous people and to create fairness in the food system. Denisa Livingston is a champion for her people and works tirelessly to create a better world with healthier outcomes for the Dine community. I stand with Denisa and her work in building a healthy, vibrant community.
