RE: CMA-16-20, *An Action Relating to an Emergency; Regarding the COVID-19 within the Territorial Jurisdiction of the Navajo Nation, Ensuring Safe Protection Upon Roads Within the Navajo Nation by Declaring all Navajo Nation-Owned and Maintained Roads Shall be Closed to all Visitors and Tourists*

Dear Speaker Damon,

Pursuant to the authority vested in the Navajo Nation President, I am signing CMA-16-20 into law.

As CMA-16-20 states, the Navajo Nation has inherent sovereign power to limit access to its road when necessary to protect self-government and the health and safety of our members. With the COVID-19 virus rapidly spreading through the Navajo Nation, in some instances to the detriment of our People, this Resolution fits with the Public Health Emergency Order, 2020-003, that was issued on March 20, 2020.

While this Resolution was passed under the Consent Agenda, with no debate to explain the urgency of the legislation, we believe an explanation is necessary. The Navajo Department of Public Safety began implementation of limiting access to the Navajo Nation under the Curfew Order and will continue this role under CMA-16-20. The limited access also fits with the previous Order to close the Nation's parks and recreation areas. The Nation will allow access for necessary and essential travel for such persons as medical personnel and volunteers, essential delivery, and to allow for interstate commerce.

Thank you Speaker Damon and the 24th Navajo Nation Council.

Sincerely,

Dear President Jonathon Nez,

As the local Chamber and Visitor Center here in Page, AZ we are asking that you open the Canyons up for the Navajo Tour Operators so they may return to work. They have lost so much and so many employees from this and families have lost them as they have had to move away to seek employment. It has been an incredible painful time for them.

As Page bounces back after the Pandemic are tourist population is very disappointed with no beautiful slot Canyons to visit while they are here. This is the #1 request get 24/7. Our phones are ringing with the same question everyday "When will the Canyon reopen". As I am part of the Zoom Call for Business Monday with several of the Canyon owners or Managers, I can tell you they are "ready, able and willing" to open and comply to all CDC guidelines.

Please sign this legislation and let's get your people back doing what they love most "showing the Canyons" to the world!

My Best,

Dear Mr. President & Navajo Nation Council,

We are writing today to support any effort to reopen the Tour Operations on the Navajo Nation and Navajo Tribal Parks.

We all have felt the impact of Covid-19 in our lives over the past year. Loss of Family, Friends, & Neighbors has been heartbreaking for all.

We also have felt the Economic Impact that Covid-19 has caused. Those of us that live in and around the Navajo Nation have been doubly impacted economically by the Covid-19 Pandemic and by the recent closing of the NGS Power Plant near Page, AZ. Thousands of the Dine' people have lost their jobs during this pandemic causing untold hardships on them and their families including; depression, alcohol and drug abuse, domestic violence, hunger, and homelessness.

We are glad that businesses are being allowed to reopen and strongly believe that the Tour Operations should be allowed this same opportunity. We believe that they can reopen and operate in safe and effective manner, meeting and exceeding CDC and NDOH guidelines.

We appreciate your attention to this matter and know that the employees of these Tour Operations are eager and will be happy to get back to work.

Sincerely,

Steve & Tina Beckwith

To whom it may concern:

I am local business owner of a family restaurant in Page, AZ called Slackers Quality Grub. I am a resident of Page AZ and have lived over 50 of my 60 years here in Northern Arizona.

We have been in business at this location for almost 15 years now and the roots of this restaurant go back to the early 80's under a different name (The Sandwich Place). Slackers is a landmark institution serving 'fast food fit for grown ups' and 'Cheeseburgers That'll Change Your Life'.

I have witnessed first hand the devastation that the Covid-19 pandemic has brought to the entire area. I do not take it lightly that the virus needs to be taken seriously, but I also fully support the reopening of the Navajo Nation Parks and specifically the Slot Canyons near Page. We have all come a long, long way in the last 15 months and I know it will still take time and attention to get through to the other side, but I believe we can safely and effectively manage the crowds and the virus in a positive way.

Back in December of 2020, my Wife and I both came down with Covid and we were sick, but not as seriously as many others. We were forced to close the restaurant for about 7-10 days while we could test all of the employees and luckily no one else was sick. We were fortunate to open back up and keep everyone busy doing what they love to do..., serve the customers.

I employ over 25 staff of which, 20 are Native American, specifically Navajo. I have had the pleasure of working alongside my crew and serving up those Cheeseburgers to the Community and surrounding area as well as to visitors from all over the World. I would like nothing more than continue to take care of the guests, both the locals and tourists to this most beautiful and fascinating area.

Please see it in your hearts and minds to re-open the Canyons and allow our neighbors to get back to work.

thank you for your time and the work you do.

Our economy and have or people get back to work that they do need too because they are runny out of resources to make a daily living and with re-opening this would greatly be a big influence on the nation and help our people that have been waiting so long to get back To work thanks hopefully this little bit helps and to decide to re-open

Navajo Nation Council:

Ya'at'eeh. I and along with numerous other people am in support of reopening of the Navajo Antelope Slot Canyon tours in Page, AZ. I have friends and family who relied on this small business to support their family's income.

If the flea markets on the reservation have been reopened, why not these small businesses? This absolutely does not make sense. These tours are held out doors and it should be up to the business to mandate masks if they want them. I believe it is pretty safe for these tours to be brought back into operation status.

Friends and family members who previously worked at these locations are eager to get back to work and support their families. These are also family businesses that are operated by Natives who can't wait to reopen.

Please let these places reopen to support small businesses and people who relied on this for their income. Your serious consideration is greatly appreciated.

I believe this is a non enforceable law that is more for show than reality. Let's be honest the Navajo Nation Police Department cannot enforce this law anyway. We have many construction projects that have zero safety requirements that bring non-Navajo workers onto the Navajo Nation for months now while other companies are held to higher standards because they are higher profile companies that have to adhere to extremely strict policies, which they are more than happy to do. But we are now told to stay out of Navajo because we are seen in the same light as tourist! We're not tourist, we are essential employers who will enforce the most restrictive and highest level protocol requirements than most businesses ever to be on the Navajo Nation. We are required to have all crew members to have to be fully vaccinated but we still have to be tested every 3 days, 5 days an weekly depending on the proximity to each other. This is more strict than anything I have ever seen so I think we should be able to work and not be labeled as the same as tourists, we are essential employers who want to hire Navajo people to make money for their families at these critical times! Please open the Navajo Nation for TV productions and movie productions on the Navajo Nation!
