Dear Mr. Bigwater:

This letter is in response to the Nazlini Chapter Government Resolution No. NAZL-2107-02-002 wherein the Nazlini Chapter is requesting the BIA Navajo Regional Division of Transportation (NRDOT), Resources & Development Committee (RDC), and Navajo Division of Transportation (NDOT) to add Navajo Route N26 to the priority list for a new bridge.

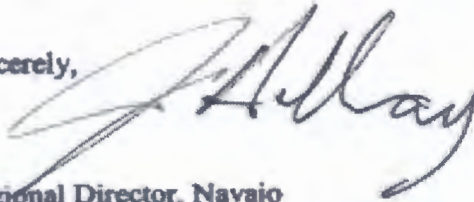

On January 6, 2006, Paiki completed the preliminary drawings for the Bisilah Wash Bridge and submitted for a 100 percent review. The NRDOT was in the process of reviewing the preliminary drawings; however, this project was no longer considered a priority project for the Navajo Nation. Therefore, all work conducted by NRDOT on this project ceased.

Also, during the fall of 2008, the Chinle Agency Division of Transportation completed the elevation checks, horizontal alignment, and established control points for N26 project beginning from US191 towards Navajo Route N27, which is a total distance of 15.6 miles. The completed survey data was submitted to the NRDOT and was under review until the project was taken off of the Navajo Nation Tribal Transportation Improvement Program (TTIP) as a priority project.

Additionally, the bridge inspection report conducted by Infrastructure Engineers, Inc. dated October 24, 2016 recommended the bridge structure be replaced due to several noted deficiencies.

We recommend that the Nazlini Chapter pass a Resolution and have the representing Delegate for the Chapter sponsor the resolution before the RDC and NDOT to add Navajo Route N26 back on the Navajo Nation's TTIP since the majority of the survey, design, etc. are about 100% complete.

Sincerely,

Regional Director, Navajo
