PROPOSED NAVAJO NATION COUNCIL RESOLUTION

24th NAVAJO NATION COUNCIL – Third Year, 2021

INTRODUCED BY

(Prime Sponsor)

TRACKING NO. 0107-21

AN ACTION

RELATING TO HEALTH, EDUCATION AND HUMAN SERVICES, RESOURCES AND
DEVELOPMENT, AND NAABIK'ÍYATI' COMMITTEES AND THE NAVAJO
NATION COUNCIL; REAFFIRMING THE REQUEST TO THE GOVERNOR OF
NEW MEXICO TO ACTIVATE THE NAAT'AANI DEVELOPMENT CORPORATION -
MOLINA HEALTHCARE, INC., INDIAN MANAGED CARE ENTITY TO INCREASE
THE MEDICAL RESOURCES AVAILABLE TO NAVAJO PEOPLE DURING THE
COVID-19 STATE OF EMERGENCY

BE IT ENACTED

SECTION ONE. AUTHORITY

- A. The Health, Education and Human Services Committee is a Standing Committee of the Navajo Nation Council with the delegated authority to ensure compliance and implementation of laws and policies of the Navajo Nation relating to health, social services, education, general government services and human services. 2 N.N.C. §§ 400, 401(B)(2), 401(B)(6)(A)-(B), and 401(B)(7)(A).
- B. The Resources and Development Committee is a Standing Committee of the Navajo Nation Council with the delegated authority to periodically receive reports and review the

1 operations of the Navajo Nation enterprises, authorities, and industries. 2 N.N.C. §§ 500
2 and 501(B)(4)(e).

3 C. The Naabik'iyati' Committee is a standing committee of the Navajo Nation Council
4 with the delegated authority to assist development of federal and state programs
5 designed to serve the Navajo People and the Navajo Nation through
6 intergovernmental relationships; and to coordinate all federal, county and State
7 programs with other branches of the Navajo Nation government to provide the most
8 efficient delivery of services. 2 N. N. C. §§ 700 and 701 (4) and (7). In addition, a
9 proposed resolution that requires final action by the Navajo Nation Council [must] be
10 assigned to standing committee(s) having authority over the subject matter at issue
11 and the Naabik'iyati' Committee. 2 N.N.C. § 164(A)(9).

12 D. The Navajo Nation Council is the governing body of the Navajo Nation empowered
13 to state policy and enact laws of the Navajo Nation. 2 N.N.C. §§ 102 (A) and 164
14 (A).

15 16 SECTION TWO. FINDINGS

17 A. COVID-19 is a dangerous and extremely contagious respiratory virus; as of June 22,
18 2021, the Navajo Nation has reported 30,972 cases of COVID-19 and 1,347 related
19 deaths. The virus has not been completely eradicated and variants continue to emerge.

20 B. The Navajo Nation Commission on Emergency Management with the concurrence of
21 the Navajo Nation President declared a Public Health State of Emergency on March
22 11, 2020 to address the COVID-19 pandemic and mitigate spread of the virus. *See*
23 CEM-20-03-11.

24 C. In time of national crisis and legitimate fears and concerns about the spread of the
25 COVID-19, it is imperative that the Navajo Nation take advantage of all available
26 resources to combat this pandemic and provide healthcare services to Navajo
27 members and their communities.

28 D. On January 23, 2020, the Naabik'iyati' Committee adopted Resolution NABIJA-06-
29 20, attached as **Exhibit A** without exhibits, urging the Governor of the State of New
30 Mexico and the New Mexico Human Services Department to, among other things,

1 collaborate with the Naat'aanii Development Corporation ("NDC") to expeditiously
2 secure all necessary regulatory approvals, contracts and infrastructure for launching
3 the Naat'aanii Development Corporation Molina Healthcare, Inc. Indian Managed
4 Care Entity ("IMCE") and have it fully operational in New Mexico in the first quarter
5 of 2020 and in Arizona and Utah thereafter.

6 E. On March 20, 2020, the Navajo Nation Council adopted Resolution CMA-14-20,
7 attached as **Exhibit B** without exhibits, which resolved that:

8 1. The Navajo Nation hereby urges the Governor of the State of New Mexico and
9 the New Mexico Human Services Department to collaborate with the Naat'aanii
10 Development Corporation to expeditiously secure all necessary regulatory
11 approvals, contracts and infrastructure for launching the Naat'aanii Development
12 Corporation Molina Healthcare, Inc. Indian Managed Care Entity and have it fully
13 operational in New Mexico in the first quarter of 2020 and in Arizona and Utah
14 thereafter; and

15 2. The Navajo Nation hereby also urges the Governor of the State of New Mexico
16 and the New Mexico Human Services Department to implement passive
17 enrollment mechanisms that will ensure enrollment of the majority of the 81,000
18 American Indians and Alaska Natives residing within the Navajo Nation into the
19 Naat'aanii Development Corporation - Molina healthcare, Inc. managed care
20 program; and

21 3. The Navajo Nation hereby further urges the Governor of the State of New Mexico
22 and the New Mexico Human Services Department to take those steps necessary to
23 ensure that healthcare decisions can be made collectively by a family unit and that
24 non- American Indian and non - Alaska Natives family members of an eligible
25 individual be allowed to enroll in the Naat'aanii Development Corporation -
26 Molina Healthcare, Inc. managed care program.

27 F. On March 27, 2020, Jonathan Nez, Navajo Nation President, vetoed Navajo Nation
28 Council resolution number CMA-14-20 stating, among other reasons for his veto, that
29 he supports active enrollment and not passive enrollment as the Council stated in
30 CMA-14-20.

- 1 G. On April 17, 2020, the Navajo Nation Council by resolution number CAP-23-20,
2 attached as **Exhibit C** without exhibits, over-rode President Nez' veto by a vote of 16
3 in favor and 6 opposed making Navajo Nation Council resolution numbers CMA-14-
4 20 and CAP-23-20 final law of the Navajo Nation on the matter.
- 5 H. Since April 17, 2020, the New Mexico Governor and the New Mexico Human
6 Services Department held a number of meetings and completed negotiations on a
7 draft contract with Naat'aanii Development Corporation - Molina Healthcare, Inc. to
8 create the IMCE but the New Mexico Governor ceased all meetings and
9 communications in January 2021 regarding the IMCE establishment. There has been
10 no progress on the IMCE since then.
- 11 I. The State of New Mexico has refused to execute the completed draft IMCE
12 Agreement based on the excuse that the governor requires the Navajo Nation to waive
13 its sovereign immunity and that the Navajo Nation president must also sign the
14 Agreement.
- 15 J. However, NDC has previously informed the Human Services Department that NDC
16 can waive its sovereign immunity for enforcement of the IMCE in state judicial and
17 administrative agencies and additional waiver of the Navajo Nation's sovereign
18 immunity is not required. In addition, on January 7, 2021, the Navajo Nation
19 Attorney General, in response to a request from the Human Services Department,
20 opined that the Navajo Nation does not need to be a party signatory to the IMCE
21 contract.
- 22 K. The Navajo Nation Council is willing to support active enrollment in the IMCE on
23 the condition that the President execute a joint letter from the Council to the governor
24 supporting the immediate establishment of the IMCE.
- 25 L. The Navajo Nation Council believes that it is in the best interest of the Navajo Nation
26 and the Navajo people to complete the establishment of Naat'aanii Development
27 Corporation - Molina Healthcare, Inc. as the managed care program (Navajo MCO)
28 so that Navajo MCO members will have access to free testing and diagnostics for
29 COVID-19; the Navajo MCO will also provide doctor and hospital visits with all
30

1 necessary prescriptions, x-rays and laboratory services for members that require
2 treatment against the virus.

3 M. Naat'áanii Development Corporation's Board of Directors and Management have
4 extensive background and experiences managing, leading, and growing multi-billion
5 dollar companies. The IMCE will provide additional revenue to the Indian Health
6 Service (I.H.S.) and Navajo Nation Pub. L. 19-638 healthcare facilities. The IMCE's
7 source of funds are separate from I.H.S. and Navajo Nation Pub. L. 19-638 healthcare
8 funds and will not compete for IHS/Navajo funding.

9 N. In this time of crisis, it is imperative that the Navajo Nation and the State of New Mexico
10 move quickly to complete implementation of the Navajo MCO so it can aid Navajo
11 people during this pandemic crisis and beyond.

12 13 **SECTION THREE. SUPPORTING IMCE THROUGH ACTIVE ENROLLMENT**

14 The Navajo Nation Council hereby approves and resolves that:

15 A. The Navajo Nation hereby reaffirms its prior position with the addition that
16 enrollment may occur through active enrollment provided the President co-signs a
17 letter to the governor supporting immediate establishment of the IMCE.

18 B. The Navajo Nation hereby re-urges the Governor of the State of New Mexico and the
19 New Mexico Human Services Department to collaborate with the Naat'áanii
20 Development Corporation and to expeditiously secure all necessary regulatory
21 approvals, contracts and infrastructure for launching the Naat'áanii Development
22 Corporation Molina Healthcare, Inc. Indian Managed Care Entity and have it fully
23 operational in New Mexico in 2021 and in Arizona and Utah thereafter.

24 C. The Navajo Nation hereby also re-urges the Governor of the State of New Mexico and
25 the New Mexico Human Services Department to implement active enrollment
26 mechanisms that will ensure enrollment of the majority of the 81,000 American
27 Indians and Alaska Natives residing within the Navajo Nation into the Naat'áanii
28 Development Corporation - Molina Healthcare, Inc. managed care program.

29 D. The Navajo Nation hereby further re-urges the Governor of the State of New Mexico
30 and the New Mexico Human Services Department to take those steps necessary to

1 ensure that healthcare decisions can be made collectively by a family unit and that
2 non-American Indian and non-Alaska Natives family members of an eligible
3 individual be allowed to enroll in the Naat'aanii Development Corporation - Molina
4 Healthcare, Inc. managed care program.

5 E. The Navajo Nation hereby urges the Governor of the State of New Mexico and the
6 New Mexico Human Services Department to respect and honor the sovereign will of
7 the Navajo Nation by moving forward with the full implementation of the Indian
8 Managed Care Entity with Naat'aanii Development Corporation as the official
9 designated entity on behalf of the Navajo Nation.

10 11 **SECTION FOUR. EFFECTIVE DATE**

12 The legislation enacted herein shall be effective pursuant to 2 N.N.C. § 221 (B).
13

14 **SECTION FIVE. SAVINGS CLAUSE**

15 Should any provision of this legislation be determined invalid by the Navajo Nation
16 Supreme Court or the District Courts of the Navajo Nation, without appeal to the
17 Navajo Nation Supreme Court, those provisions that are not determined invalid shall
18 remain the law of the Nation.

NABIJA-06-20

RESOLUTION OF THE
NAABIK'ÍYÁTI' STANDING COMMITTEE OF THE
24th NAVAJO NATION COUNCIL -- Second Year, 2020

AN ACTION RELATING TO HEALTH, EDUCATION AND HUMAN SERVICES AND NAABIK'ÍYÁTI' COMMITTEES; REQUESTING THAT THE GOVERNOR OF THE STATE OF NEW MEXICO AND NEW MEXICO HUMAN SERVICES DEPARTMENT COLLABORATE WITH THE NAAT'AANII DEVELOPMENT CORPORATION TO SECURE ALL NECESSARY APPROVALS FOR EXPEDITIOUSLY LAUNCHING THE NAAT'AANII DEVELOPMENT CORPORATION - MOLINA HEALTHCARE, INC. INDIAN MANAGED CARE ENTITY; SUPPORTING PASSIVE ENROLLMENT FOR THE NAAT'AANII DEVELOPMENT CORPORATION - MOLINA HEALTHCARE, INC. MANAGED CARE PROGRAM

WHEREAS:

- A. The Navajo Nation established the Health, Education, and Human Services Committee as a Navajo Nation Council standing committee and as such empowered the Health, Education, and Human Services Committee to establish Navajo Nation policy governing health and social services of the Navajo Nation and its tribal organizations, entities, and enterprises. 2 N.N.C. §§ 400, 401 (B)(1).
- B. The Navajo Nation established the Naabik'íyáti' Committee as a Navajo Nation Council standing committee and as such empowered the Naabik'íyáti' Committee to monitor the programs and activities of federal and state departments and to assist development of programs designed to serve the Navajo people through intergovernmental relationships between the Navajo Nation and such departments. 2 N.N.C. § 700 (A), see 2 N.N.C. § 701 (A)(7).
- C. The Navajo Nation has government-to-government relationships with the State of New Mexico and the United States and the sovereign right to establish managed health care services for its members.
- D. Medicaid is a health insurance program that serves low-income children and adults, individuals with disabilities, and seniors, including Native Americans and Alaska Natives in all

categories. Medicaid is jointly funded by the states and federal government, but administered by the states and within a framework established by federal statutes, regulations and guidance, states can choose how to design aspects of their Medicaid program. Under Section 1115 of the Social Security Act, states may apply for federal permission to implement and test new approaches to administering Medicaid programs.

- E. There are approximately 81,000 Medicaid eligible Navajos living in New Mexico who experience a heavier disease burden, including a thirty-one (31%) percent higher mortality rate, than the overall United States rate. This heavier disease burden is buoyed by the socio-economic hurdles Navajos face in accessing the healthcare system, especially physical and behavioral specialty providers, and further exacerbated by the reality that current Medicaid benefit packages do not integrate key components of Navajo culture. As a result, Navajos access care at lower rates and experience worse outcomes when compared to the average Medicaid population.
- F. In 2012, pursuant to the reauthorization of the Affordable Care Act and amendment of the Indian Health Care Improvement Act Reauthorization and Extension Act, the United States' Congress tasked the Centers for Medicare and Medicaid Services ("CMS") with assessing the feasibility of establishing a Navajo Medicaid Agency within the borders of the Navajo Nation for the express purpose of improving the provision of Medicaid benefits to American Indians and Alaska Natives and their families residing within the Navajo Nation. CMS's findings determined that such an approach would be feasible and could provide exponential benefits to underserved Navajos and their families.
- G. Recognizing the dire state of the Medicaid eligible Native American and Alaska Native population's access to healthcare in New Mexico, in 2017, the State's Medicaid program (Centennial Care 2.0) received a 42 CFR § 1115 Waiver approved by CMS authorizing Centennial Care to (1) collaborate with Indian Managed Care Entities ("IMCE"), including a pilot project with the Navajo Nation or a Navajo Nation entity; and (2) require American Indian and Alaska Native populations

within specific zip codes or zones to enroll in a managed care delivery system. 42 CFR § 1115, see also CMS' Indian Provisions in the Final Medicaid and Children's Health Insurance Program Managed Care Regulations attached as **Exhibit A**.

- H. A managed care organization ("MCO") is a health care organization that offers managed care health plans to eligible enrollees using a specific provider network and offering specific services and products. An IMCE (Indian Managed Care Entity) is an MCO that is controlled by a Tribe or Tribal Organization and offers health services and products specifically tailored to American Indians and Alaska Natives, as well as specific tribal populations. See **Exhibit A**, see also Naat'aanii Development Corporation, Passive Enrollment Preserves Diné Choice Navajo Indian Managed Care Entity attached as **Exhibit B**.
- I. The Naat'aanii Development Corporation ("NDC") is a federally-chartered for-profit corporation formed by the Navajo Nation under Section 17 of the Indian Reorganization Act; its Charter was approved by the Secretary of the Interior and ratified by the Navajo Nation Council under Resolution No. CO-69-17 to advance economic development programs and initiatives in markets on and off Navajo Nation lands. Resolution No. CO-69-17 attached as **Exhibit C**.
- J. NDC was the only respondent to the January, 2018 Request for Information commissioned by the State of New Mexico's Human Services Department ("HSD") soliciting proposals for how an IMCE could be established to address the healthcare needs of American Indians and Alaskan Natives residing within New Mexico's borders.
- K. NDC has subcontracted with Molina Healthcare Inc. to develop an ICME and ensure that the Navajo people are offered a Medicaid managed care program that (a) is dedicated to American Indians and Alaska Natives and their families residing within the Navajo Nation; (b) provides access to quality care; and (c) is tailored to American Indian, specifically Navajo, and Alaska Native health, cultural, and geographical needs.

- L. NDC will contract exclusively and directly with HSD as a Medicaid managed care provider, and in partnership with its subcontractor, Molina Healthcare Inc., will offer a culturally competent Medicaid program, compliant with all federal and state statutes, regulations and rules, to eligible Navajos and their families that is sensitive to Navajo, American Indian and Alaska Native healthcare needs.
- M. The managed care solution that the NDC-Molina IMCE will bring to eligible American Indians and Alaska Natives residing within the Navajo Nation will (1) better align healthcare value and quality through programs that improve outcomes, like care coordination and utilization management; (2) improve access to care for American Indians and Alaska Natives by emphasizing the role of primary care providers who identify and treat conditions and connect patients with specialists for more complex needs; (3) provide services in a culturally competent manner that are uniquely tailored to the Navajo Nation population and their family members.
- N. The NDC-Molina IMCE will first be geographically focused around the Northwest quadrant of New Mexico but will cover members wherever they travel throughout the Navajo Nation including the States of New Mexico, Arizona and Utah and will include all Centennial Care covered benefits including key tribal services currently provided under Centennial Care (traditional healing, tribal care coordinators within IHS facilities, tribal peer specialists, etc.), and will look to develop programs that address key social determinants of health (housing, employment, food insecurity and enhanced transportation) and support health improvement for American Indians and Alaska Natives residing within the Navajo Nation.
- O. The NDC-Molina IMCE will also give members access to a comprehensive statewide provider network first in New Mexico and then in Arizona and Utah including primary care providers, specialists, hospitals, core service agencies, and also enable American Indians and Alaska Natives to continue to have direct access to Indian Health Services facilities and providers for their healthcare needs.

- P. The access of American Indians and Alaska Natives residing within the Navajo Nation to all of the benefits of the NDC-Molina managed care program will be maximized if HSD implements passive enrollments mechanisms to ensure that the majority of the 81,000 American Indians and Alaska Natives residing within the New Mexico portion of the Navajo Nation are automatically enrolled in the NDC-Molina managed care program until they choose to opt out. See Naat'aanii Development Corporation and Molina Healthcare, New Mexico Indian Managed Care Entity: Potential Opportunities attached as **Exhibit D**.

NOW THEREFORE, BE IT RESOLVED:

- A. The Navajo Nation hereby urges the Governor of the State of New Mexico and the New Mexico Human Services Department to collaborate with the Naat'aanii Development Corporation to expeditiously secure all necessary regulatory approvals, contracts and infrastructure for launching the Naat'aanii Development Corporation - Molina Healthcare, Inc. Indian Managed Care Entity and have it fully operational in New Mexico in the first quarter of 2020 and in Arizona and Utah thereafter.
- B. The Navajo Nation hereby also urges the Governor of the State of New Mexico and the New Mexico Human Services Department to implement passive enrollment mechanisms that will ensure enrollment of the majority of the 81,000 American Indians and Alaska Natives residing within the Navajo Nation into the Naat'aanii Development Corporation - Molina Healthcare, Inc. managed care program.
- C. The Navajo Nation hereby further urges the Governor of the State of New Mexico and the New Mexico Human Services Department to take those steps necessary to ensure that healthcare decisions can be made collectively by a family unit and that non-American Indian and non-Alaska Natives family members of an eligible individual be allowed to enroll in the Naat'aanii Development Corporation - Molina Healthcare, Inc. managed care program.

DIRECTIVES

- A. The Naat'aanii Development Corporation-Molina Healthcare Inc. Indian Managed Care Entity shall report quarterly to the Navajo Department of Health, Office of the President and Vice-President, Health Education Human Services Committee and the Naabik'iyáti' Committee on the operations of the Indian Managed Care Entity. The report shall be in a format and answer questions recommended by the Health Education Human Services Committee.
- B. The Naat'aanii Development Corporation-Molina Healthcare Inc. Indian Managed Care Entity shall share data with the Navajo Department of Health as requested by the Executive Director of the Department of Health, by the Health Education Human Services Committee, or by the Naabik'iyáti' Committee.

CERTIFICATION

I, hereby certify that the foregoing resolution was duly considered by the Naabik'iyáti' Committee of the 24th Navajo Nation Council at a duly called meeting in Window Rock, Navajo Nation (Arizona), at which a quorum was present and that the same was passed by a vote of 18 in Favor, and 00 Opposed, on this 23rd day of January 2020.

RESOLUTION OF THE
NAVAJO NATION COUNCIL
24th NAVAJO NATION COUNCIL - SECOND YEAR, 2020

AN ACTION

RELATING TO AN EMERGENCY; REQUESTING THE GOVERNOR OF NEW MEXICO TO
ACTIVATE THE NAAT'AANII DEVELOPMENT CORPORATION - MOLINA
HEALTHCARE, INC. INDIAN MANAGED CARE ENTITY TO INCREASE THE MEDICAL
RESOURCES AVAILABLE TO NAVAJO PEOPLE DURING THE COVID-19 STATE OF
EMERGENCY

WHEREAS:

- A. The Navajo Nation Council is the governing body of the Navajo Nation. 2 N.N.C. § 102 (A).
- B. The Naabik'iyáti' Committee is a Standing Committee of the Navajo Nation Council empowered to assist development of federal and state programs designed to serve the Navajo People and the Navajo Nation through intergovernmental relationships; and to coordinate all federal, county and state programs with other branches of the Navajo Nation government to provide the most efficient delivery of services. 2 N.N.C. §§ 701 (4) and (7).
- C. Pursuant to 2 N.N.C. §164 (A)(16) "[m]atters constituting an emergency shall be limited to the cessation of law enforcement services, and disaster relief services, fire protection services or other direct services required as an entitlement under Navajo Nation or Federal law, or which directly threaten the sovereignty of the Navajo Nation. Such an emergency matter must arise due to the pressing public need for such resolution(s) and must be a matter requiring final action by the Council."
- D. On March 11, 2020 the President of the Navajo Nation declared a public health State of Emergency, attached as **Exhibit A**, for the entire Navajo Nation due to the outbreak of the COVID-19 Coronavirus.
- E. In this time of national crisis and legitimate fears and concerns about the spread of the COVID-19, it is imperative that Navajo Nation take advantage of all available resources to combat this pandemic and provide healthcare services to Navajo members and their communities.

F. On January 23, 2020, the Naabik'iyáti' Committee adopted Resolution NABIJA-06-20, attached as **Exhibit B** without exhibits, which resolved that:

1. The Navajo Nation hereby urges the Governor of the State of New Mexico and the New Mexico Human Services Department to collaborate with the Naat'aanii Development Corporation to expeditiously secure all necessary regulatory approvals, contracts and infrastructure for launching the Naat'aanii Development Corporation - Molina Healthcare, Inc. Indian Managed Care Entity and have it fully operational in New Mexico in the first quarter of 2020 and in Arizona and Utah thereafter; and

G. Once the newly created Naat'aanii Development Corporation - Molina Healthcare, Inc. managed care program (Navajo MCO), the Navajo MCO members will have access to free testing and diagnostics for COVID-19; the Navajo MCO will also provide doctor and hospital visits with all necessary prescriptions, x-rays and laboratory services for members that require treatment against the virus.

H. In this time of crisis, it is important that the Navajo Nation move quickly to implement the Navajo MCO so they can aid Navajo people during this pandemic crisis.

NOW, THEREFORE, BE IT RESOLVED:

As the governing body of the Navajo Nation, the Navajo Nation Council hereby approves and resolves that:

- A. The Navajo Nation hereby urges the Governor of the State of New Mexico and the New Mexico Human Services Department to collaborate with the Naat'aanii Development Corporation to expeditiously secure all necessary regulatory approvals, contracts and infrastructure for launching the Naat'aanii Development Corporation - Molina Healthcare, Inc. Indian Managed Care Entity and have it fully operational in New Mexico in the first quarter of 2020 and in Arizona and Utah thereafter; and
- B. SUBJECT: **AN ACTION RELATING TO HEALTH, EDUCATION AND HUMAN SERVICES, RESOURCES AND DEVELOPMENT, AND NAABIK'ÍYATI' COMMITTEES AND THE NAVAJO NATION COUNCIL; REAFFIRMING THE REQUEST TO THE GOVERNOR OF NEW MEXICO TO ACTIVATE THE NAAT'AANI DEVELOPMENT CORPORATION - MOLINA HEALTHCARE, INC., INDIAN MANAGED CARE ENTITY TO INCREASE THE MEDICAL RESOURCES AVAILABLE TO NAVAJO PEOPLE DURING THE COVID-19 STATE OF EMERGENCY**

I have prepared the above-referenced proposed resolution and associated legislative summary sheet pursuant to your request for legislative drafting. Based on existing law and review of documents submitted, the resolution as drafted is legally sufficient. As with any action of government however, it can be subject to review by the courts in the event of proper challenge.

The Office of Legislative Counsel confirms the appropriate standing committee(s) based on the standing committees powers outlined in 2 N.N.C. §§301, 401, 501, 601 and 701. Nevertheless, "the Speaker of the Navajo Nation Council shall introduce [the proposed resolution] into the legislative process by assigning it to the respective oversight committee(s) of the Navajo Nation Council having authority over the matters for proper consideration." 2 N.N.C. §164(A)(5).
