Subject:. Legislation 0023-21

I am submitting this email in support of Legislation 0023-21, to approve $2,644,380.00 in Shihasin funding for the purchase of emergency vehicles for the Ganado Fire District.

As a NM Paramedic, having the Ganado Fire District as an EMS partner is vital. Ganado Fire Department (hereafter GFD) is capable of responding to 911 calls and fire calls.

The GFD would benefit from new and updated emergency vehicles that can respond to emergencies.

Thank you for your consideration.

Sincere Regards,
Roann Burbank

Respective Members of the 24th Navajo Nation Council
Heartfelt sincere request to support NNC Legislative Tracking No. 0023-21 as sponsored by Hon. Vince R. James. This legislation would replace Ganado Fire Station's old fire trucks and ambulance which is an emergency essential need during this time of the pandemic, nonetheless such emergency vehicles are relied upon as first responders cater to unconditional and unexpected incidents and/or accidents.

Members of the Navajo Nation Council, these vehicles are necessary to save a life not only within the community of Ganado, but includes adjacent communities within the fire district (Kinlichee, Klagetoh, Cornfields, Steamboat, Nazlini). Please support Legislative Tracking No. 0023-21 by voting GREEN. Ahe'hee'.

Ganado Fire Department Response.jpg;

Please accept this statement in support of Legislation 023-21. Ganado Fire Department is an essential, critical service in the community. They respond not only to fires but vehicle accidents and provide on-the-scene emergency medical services. On January 05, 2021, a Nazlini Community constituent was on the way to work when they struck a deer. The vehicle's On-Star system automatically dialed 911 and Ganado Fire Department was the first to arrive on the scene, providing medical assistance to the driver. Ganado Fire Department visits local schools to provide students and staff with education on fire safety and prevention. They also provide First Aid and CPR, Fire Safety training certification which are employment requirements for most Navajo Nation position descriptions. Ganado Fire Department has also educated SYETP students during temporary summer employment. The Ganado Fire department has provided search and rescue operations and were frontline alongside Navajo Nation and federal agencies in the recent Wood Springs fire in June 2020. The essential services they provide to the Navajo People and communities come at a cost to the department. Therefore, I support the intent of Legislation 023-21 to purchase emergency vehicles for Ganado Fire Department. Thank you, JoAnn Dedman-Nazlini Chapter Government

Hello, I am forwarding a supporting documentation for Ganado Fire Department.

We passed a supporting resolution in August and the same sentiments applies to this day.

Ganado Fire Department has been serving our community of Klagetoh, AZ. They have provided vital services and continue to do so. While they provide emergency services it is only right they have the funding for proper emergent equipment. As a community we support the legislation.

To Whom it May Concern,

Good morning. I'm sending this email to share my support for the Ganado Fire Department.

For 3 years I worked with Ganado Fire Department as a volunteer firefighter. I started as a firefighter trainee. I can testify that I have gain a tremendous amount of knowledge while working with Ganado Fire Dept. I gain a better work ethic through unity with co-workers as tasks are done with teamwork. I gained leadership and professionalism while working with Ganado Fire department because of the the code of conducts set forth as a guide for all employees.

While at Ganado Fire Department I gained knowledge on operation, maintenance, and utilization of all the equipment and rescue units. I was able to learn operation of the ambulance (Rescue), Fire Engine truck, utility trucks, and gator. I was able to operate the pressure gages used to operate the fire hoses. I learned to utilize the fire tools. I learned how to clean and maintenance the units. This included cleaning the hoses, clearing the water lines, conducting oil changes, changing filters, Sanitizing interior, restocking medical supplies, and replacing oxygen tanks.
I also gain knowledge in Fire education and First response techniques. While working with Ganado Fire department I constantly reviewed topics on basic life support, fire control, first aid, traffic control and physical fitness. It set a firm foundation to kick start my career now as a security officer and first responder in the hospital facility I am employed with.

I truly believe that Ganado Fire department provides essential emergency services to our community of Ganado. The organization is constantly striving to recruit trainees in which they train in fire education and emergency response. GFD strives to improve all services to the public and constantly take suggestions from the community to strengthen weakness and perfect strengths of duties and responsibilities. GFD employees all strive to focus on training the youth and young adults on starting a career and instill proper and professional work ethic that is a foundation for other careers. GFD has provided employment opportunities to many community members as a first stepping stone into greater achievements.

I full heartedly support Ganado Fire Department in all future endeavors and current operation. I see great potential for all the employees and it's organization.

Thank you for your time and consideration. If you have any question or need further information and response, feel free to contact me via phone at or via email at roanhorse.tiyarra@gmail.com.

Ya'at'eeh Navajo Nation Leaders and members of Council,

As a member of the Ganado Fire District personnel, I am asking for your support on the allocation of $2,644,380.00 from the Sihasin Fund for purchasing Fire Trucks and Ambulances for the Ganado Fire District.

I have been a full-time Dispatcher for the past 6 years and am proud to be a part of this organization. I have been a life-long member of the Ganado community and on occasion have requested assistance from the Ganado Fire District. They are always willing to assist the community members and care deeply for our Dine people. Our services include a wide range of contributions to our community, such as fire, EMS, search and rescue, lock outs, mutual aid to other districts, community trainings and emergency dispatching to other departments, such as Navajo Nation Police.

This allocation will be greatly appreciated as it contributes to the Navajo people's safety and wellbeing. It will be an asset to continue our services with well-equipped vehicles without the worry of a vehicle breaking down. As a dispatcher, I sometimes see moral go down along with a vehicle break down. I care deeply for the safety of all my co-workers. All members of the Ganado Fire District are enrolled members of the Navajo Nation, therefore we consider kinship with all our customers that call for our assistance. Our mission is to ensure safety for all lives involved.

Feel free to contact me via email or phone. Thank you.

To the honorable 24th Navajo Nation council and Navajo Nation leadership.

I'm writing this to ask for your support on legislation 0023-21. To the Allocation of $2,644,380.00 in Sihasin funding for the Ganado Fire District to purchase Fire Trucks and Ambulances.

My name is Jeremy Begay, I'm born of Deeshchii'nii into the Tachii'nii. I am currently a full-time employee of Ganado Fire District as a fire lieutenant. I am an enrolled member of the Navajo Nation, residing in Ganado area for 33 years.

I have been employed with Ganado Fire District for 19 years, starting off in the explorer program. As far back as I can remember, the Ganado Fire District have been providing services in the following communities: Ganado, Cornfields, Steamboat, Klagetoh and surrounding communities, such as Greasewood, Nazlini, and at time mutual aid assistance within Chinle, Dilkon such as Jeditoh, Whitecone, Teestoh, and Window Rock area. The Ganado Fire District is a big part in helping and responding to non-emergencies and emergencies within the surrounding area of Ganado.

With the purchase of new Fire trucks and ambulances it will greatly improve the Fire District services to the surrounding communities and its people. By replacing the current fire trucks and ambulances as the age of some units are over 20 years old and cost more to keep in working condition. With new units, the fire district can respond to more calls for help in its district and out of district to other Navajo communities .

Good Evening,

My name is Natasha James-Roanhorse. I'm employed at Sage Memorial Hospital, I work in the Emergency Room as a Emergency Room Technician. I'm a local community member of Ganado but reside in Klagetoh, AZ. I've had the pleasure of working side by side with our local Fire Department.

I've seen their hard work and their dedication to serving our local communities, whether it's a medical call, structure fire call or a search and rescue. Not only do they come as needed, they also have the compassion for others. When there is a person who needs something as simple as a lock out of their vehicle or maybe someone who needs a pep talk to overcome their problems; they are there.

Ganado Fire Department happily brings in patients and provided good patient reports. They are skilled in their line of work and provide good patient care. A lot of times, we depend on the fire department's patient report when we have major accident with trauma patients involved.

I ask that you help us continue these wonderful resources and provide the Fire Department the necessities needed to continue the excellent services they provide. They truly love their community and only wants what's best to serve our people. I ask my leaders to please support Ganado Fire District and their request for assistance thru the Navajo Nation.

Sincerely,

Natasha James-Roanhorse

Our community of Ganado has a Fire Department. This Fire Station is a vital resource to our coummunity and it's surrounding.
This Station is a service to Ganado, Kinlichee, Woodsprings, Nazlini, Cornfields, Klagetoh, Steamboat, Greasewood. I've witness their fast response, a very reliable protective service to our community and all travelers on the roads of Highway 264 and US 191.
Their fire trucks and ambulance are in need of an upgrade.
I am requesting with thoughts of all our travelers on these dangerous roads daily, to provide fire & rescue service.
Please, ashoodi...I request on behalf of my community and it's surrounding.
I once had a brushfire a few years ago from a crow being electrocuted from landing on the tranformer of a utility pole near my home. I am very grateful the Ganado Fire Department was on site within 10 minutes 8 miles away.

I as a firefighter of Ganado Fire district believe that the funding for new fire apparatuses is going to help our firefighters work faster and more efficiently in a variety of ways. In our rural area we respond on not only calls within our fire district but as well as mutual aid calls. We are usually the #1 resource to call when there are MVC's or Fires out of our district but somewhat nearby. I've been with ganado fire district for about 3 years now and since my time here we have been using the same trucks. I've seen the wear and tear on our units even with the vehicle checks we do as volunteers. Sometimes we'll encounter a problem and the repair will last awhile but, we still manage to get the unit back in service and running. We would definitely benefit from getting new apparatuses and respond on MORE traffic to help our community.

I am supporting this legislation due to the fact of the need for replacement fire trucks and ambulances, especially during this pandemic.

I work with Sage Memorial Hospital, our dispatch continuously is in contact with Ganado Fire Department and we depend on them regarding transport of patients who require emergency care. There are times when our dispatch is informed of the fire trucks or ambulances being out of service. What happens to our community members when the emergency transports are not available?

We depend on our emergency first responders to assist, especially because our community will be receiving a new hopital and patients new dependable emergency transport.

Thank you in advance for your consideration in this matter.

Ya'at'eeh Honorable 24th Navajo Nation Council and Navajo Nation Leadership,

I kindly ask for your upmost support on the allocation of $2,644,380.00 from the Sihasin Fund to the DCD for the purchase of Fire Trucks and Ambulances for the Ganado Fire District.

I'm a proud resident of Ganado Fire District and the Navajo Nation, for the last twenty-eight years, and I am proud to say that Ganado Fire District has been a asset to the community of Ganado and surrounding areas. I'm currently a Volunteer Firefighter/EMT and employed as the Administrative Assistant for over 12 years. I speak with confidence and can testify that Ganado FD renders adequate fire, EMS, rescue, community training and emergency dispatching services to the Navajo Nation. All fire personnel are enrolled members of the Navajo Nation and we are here, with the same intent as any other fire department, to contribute back to our community.

This allocation will be an asset to Navajo communities and contributes to the Navajo Nation wellbeing and safety. Ganado Fire District is a subdivision willing to help Navajo Nation rendered necessary services. The fire district has a team of respected personnel and only wants to contribute to improving the Nation's public safety sector. Ganado Fire District lives by it mission to ensure life safety for all.

If you have any questions, feel free to contact me via email or by phone. Ahe'hee.

Marcarlo Roanhorse, Administrtive Assistant
Ganado Fire District
