9 **Section Two. Findings**

- 10 A. On May 30, 2014, the 22nd Navajo Nation Council adopted Resolution No. CMY-28-14
11 accepting a settlement of the Navajo Nation's lawsuit, *Navajo Nation v. United States*, No. 06-
12 945L (United States Court of Federal Claims) against the United States for its historical
13 mismanagement of the tribe's trust assets and its failure to ensure that the Navajo Nation
14 received all funds due and owed under the United States' trust obligations and fiduciary duties.
15 Resolution No. CMY-28-14 was signed into law by the President of the Navajo Nation on
16 June 4, 2014.
- 17 B. The 22nd Navajo Nation Council recognized that during the many decades that the United
18 States was in breach of its trust obligations and fiduciary duties to the Nation, the tribal
19 government was without funds to develop the comprehensive nationwide infrastructures
20 necessary to support and promote community growth and sustainability through the expansion
21 of economic development, as well as to provide the educational opportunities, critical for the
22 prosperity of current and future generations of Dine. See Resolution No. CMY-28-14.
- 23 C. Between October 6, 2014 and November 8, 2014 the Office of the Speaker held seven (7)
24 Public Hearings, as directed by the Navajo Nation Council's Naabik'iyati' Committee on July
25 10, 2014, to receive input from Navajo Nation members on how the net proceeds from *Navajo*
26 *Nation v. United States* should be used. During that same time period, the Office of the
27 President and Vice-President also held five (5) town hall meetings for a similar purpose.
- 28 D. On December 13, 2014, the 22nd Navajo Nation Council adopted Resolution No. CD-68-14
29 enacting the Navajo Nation Breach of Trust Settlement Act of 2014 (hereinafter "2014 Act")
30

1 and establishing the Navajo Nation Sihasin Fund at 12 N.N.C. §2501 et seq.. The President of
2 the Navajo Nation signed Resolution No. CD-68-14 into law on December 31, 2014.

3 E. The 2014 Act mandated that the net proceeds and earnings thereon received by the Navajo
4 Nation from the settlement of *Navajo Nation v. United States* and that, when duly designated,
5 the net proceeds of settlements or judgement awards of other litigation(s) brought against the
6 United States concerning its failure to ensure that the Navajo Nation received all funds due
7 and owing under the United States' trust obligations and fiduciary duties, be deposited into the
8 Sihasin Fund and managed and invested to provide financial support and/or financing for (1)
9 the planning and development of regional infrastructure supporting economic and community
10 development, including housing, within the Navajo Nation; and/or (2) education opportunities
11 for members of the Navajo Nation. See 12 N.N.C. §2502 (A).

12 F. The 2014 Act also established that "leveraging of the [Sihasin] Fund by way of guaranteeing
13 loans, match funding, direct funding in part and other weighted uses of the Fund shall be
14 favored over direct funding in whole". 12 N.N.C. §2502 (B).

15 G. The 2014 Act further established that with the exception of outstanding and accrued litigation
16 costs, Sihasin Fund Principal and Income shall only be expended pursuant to a Fund
17 Expenditure Plan consistent with the purposes set forth in the 2014 Act at 12 N.N.C. §2502
18 and adopted by a two-thirds (2/3) vote of all members of the Navajo Nation Council. 12
19 N.N.C. §2502 (A),

20 H. The 2014 Act states that "Fund Principal" shall consist of all deposits made to the Sihasin
21 Fund and that "Fund Income" shall consist of all earnings (interest, dividends, etc.) generated
22 and realized by the Fund Principal and that Fund Income shall be deposited in and added to
23 Fund Principal until such time as a Fund Expenditure Plan(s) is duly adopted. Pursuant to 12
24 N.N.C. §§2505(C),

25 I. The Office of the Controller reported that as of January 1, 2016, the amount of the Sihasin
26 Fund Principal is four hundred eighty-seven million nine hundred ninety thousand eight
27 hundred forty-one dollars and ninety-one cents (\$487,990,841.91) with interest earnings of
28 four hundred fifty-eight thousand four hundred thirty-one dollars and seventy-five cents
29 (\$458,431.75).
30

- 1 J. On April 9, 2015, the Naabik'iyati' Committee adopted Resolution No. NABIAP-20-15
2 establishing the Naabik'iyati' Sihasin Fund Subcommittee to "review and evaluate the Public
3 Hearing comments and recommendations from the Navajo People" and "recommend to the
4 Naabik'iyati' Committee and Navajo Nation Council financial support and/or financing
5 plan(s) for the purposes designated in CD-68-14 [Navajo Nation Breach of Trust Settlement
6 Act of 2014, establishing the Sihasin Fund]".
- 7 K. Between April 2015 and October 2016, the Naabik'iyati' Sihasin Fund Subcommittee, assisted
8 by the Office of Legislative Services, Office of the Speaker, and Office of Legislative
9 Counsel, met on more than twenty-five (25) occasions in either work sessions or official
10 meetings to review and evaluate the Public Hearing comments and recommendations from the
11 Navajo People; hear proposals from Navajo Nation entities, chapters, programs and officials;
12 and develop an expenditure plan(s) for the Sihasin Fund Principal and Income consistent with
13 the purposes set forth in the 2014 Act.
- 14 L. The Naabik'iyati' Sihasin Fund Subcommittee determined that for an expenditure plan to fully
15 meet the leveraging criteria of the 2014 Act, the expenditure plan shall not rely on Sihasin
16 Funds for full direct project funding, unless such funds are to be repaid under a loan
17 agreement, and instead must utilize the Sihasin Funds for (1) match funding, joint funding,
18 contribution funding, cost-share funding or similar weighted uses of the funds; (2)
19 reimbursement funding; and/or (3) loan or bond financing or guarantee.
- 20 M. The Naabik'iyati' Sihasin Fund Subcommittee also determined that the 2014 Act allowed for
21 the adoption of multiple expenditure plans and that it would be prudent for the Navajo Nation
22 to adopt integrated, yet distinct, expenditure plans for regional-level infrastructure planning
23 and development in four broad infrastructure areas or categories consistent with the purposes
24 of the 2014 Act: Water and Natural Resource Infrastructure Development; Economic
25 Development; Community Development; and Housing Development.
- 26 N. In February of 2016, upon recommendation of the Naabik'iyati' Sihasin Fund Subcommittee,
27 the Navajo Nation enacted Legislation No. CJA-12-16 adopting the Sihasin Fund Bulk Water
28 and Wastewater Development and Sanitation Deficiency System (SDS) Project Expenditure
29 Plans for the planning and development of a comprehensive and cohesive nationwide bulk
30

1 water delivery system necessary to support sustainable economic development, including
2 housing, throughout the Navajo Nation.

3 O. Legislation No. CJA-12-16 specifically set forth that following the adoption of the Bulk Water
4 and Wastewater Development and Sanitation Deficiency System (SDS) Project Expenditure
5 Plans, the Naabik'iyati Sihasin Fund Subcommittee would consider project specific economic
6 and community development expenditure plans for funding under Section 2505 of the 2014
7 Act.

8 P. The Navajo Nation Shopping Centers, Inc. presented the Naabik'iyati' Sihasin Fund
9 Subcommittee with information that since 2013 and the inception of the Twin Arrows Navajo
10 Casino Resort ("TANCR"), the Navajo Nation (which includes the Navajo-Hopi Land
11 Commission and Office, the Division of Economic Development, other Navajo Nation
12 programs, and the Twin Arrows Task Force), the Office of Navajo Hopi Relocation, the
13 Navajo Nation Oil and Gas Company ("NNOGC"), and the Navajo Nation Shopping Centers,
14 Inc. have planned and advocated for a Family Entertainment Center to include a six screen
15 theater, bowling alley, restaurant, child care facility, video arcade and laser tag at the Twin
16 Arrows Interstate 40 interchange; and these parties have worked together to advance the
17 development of the Twin Arrows/Glittering Mountain Family Entertainment Center to initially
18 include egress to TANCR; and this work includes multiple market studies, master plans, a
19 "Retail Site Analysis", environmental studies, archaeological and geotechnical studies and
20 design documents.

21 Q. In December of 2014, the Resources and Development Committee passed Resolution RDCD-
22 106-14, attached as Exhibit A, approving the Twin Arrows Master Plan which includes plans
23 for multiple businesses at Twin Arrows, specifically including the Twin Arrows/Glittering
24 Mountain Family Entertainment Center as a co-anchor tenant adjacent to the TANCR
25 boundary, and directing the Navajo Nation Enterprises to commercially develop the Twin
26 Arrows/Glittering Mountain Commercial Development Site.

27 R. Navajo Nation Shopping Centers, Inc. also presented the Naabik'iyati Sihasin Fund
28 Subcommittee with studies showing that the development and establishment of the Glittering
29 Mountain Family Entertainment Center under the ownership and management of Navajo
30 Nation Shopping Centers, Inc. will:

1. Provide a positive financial return to Navajo Nation Shopping Centers, Inc., as well as attract visitors to and compliment the amenities offered at the TANCR;
 2. Provide a positive return to the Navajo Nation through the creation of permanent jobs, as well as construction jobs for several trades, tax revenues from retail sales and construction, and business site lease fee revenues, as well as expand markets for Navajo goods and opportunities for Navajo entrepreneurs; and
 3. Stimulate capital and economic multiplier effects for the western portion of the Navajo Nation.
- S. Navajo Nation Shopping Centers, Inc. additionally presented the Naabik'iyati' Sihasin Fund Subcommittee with information that the development of essential utilities necessary to operate the Twin Arrows/Glittering Mountain Family Entertainment Center will establish the utilities infrastructure necessary to support future development of approximately 70 acres in the midst of the approximately 400 acres of the TANCR area, including other ancillary businesses such as retail establishments, fast food restaurants, tourism facilities and similar developments.
- T. Navajo Nation Shopping Centers, Inc. assured the Naabik'iytai' Sihasin Fund Subcommittee that as of February 28, 2016, the Glittering Mountain Family Entertainment Center was project ready with the selection of a Design Build Contractor with ongoing Design Phase for the site and building construction to commence in August 2016, with an opening date of late Summer 2017, if funding in the amount of twenty million dollars (\$20,000,000.00) was immediately secured.
- U. Navajo Nation Shopping Centers, Inc., relying on its legal counsel's written opinion, also assured the Naabik'iytai' Sihasin Fund Subcommittee that although Glittering Mountain Family Entertainment Center was to be built on fee land owned by Navajo Nation Shopping Centers, Inc. within the State of Arizona, the fee land was contiguous to the Navajo Nation external boundaries and met the 2014 Act's requirement at 12 N.N.C. §2502 (A) that economic development projects be located *within* the Navajo Nation.
- V. Lastly, Navajo Nation Shopping Centers, Inc. informed the Naabik'iyati' Sihasin Fund Subcommittee that Navajo Nation Shopping Centers, Inc. had so far contributed over three million dollars (\$3,000,000.00) in in-kind development costs supporting the Glittering Mountain Family Entertainment Center project, e.g. feasibility studies, engineering,

1 environmental assessment, electricity and water/wastewater infrastructure studies, land costs,
2 and other development costs.

3 W. As of September 28, 2016, the Naabik'iyati Síhasin Fund Subcommittee has not acted on
4 Navajo Nation Shopping Centers, Inc.'s request to recommend the Glittering Mountain Family
5 Entertainment Center project to the Naabik'iyati' Committee and Navajo Nation Council for
6 financial support and funding through the Síhasin Fund.

7 X. Notwithstanding the responsibilities assigned to the Naabik'iyati' Síhasin Fund Subcommittee
8 to recommend to the Naabik'iyati' Committee and Navajo Nation Council financial support
9 and/or financing plans for the purposes designated in the 2014 Act, the Navajo Nation Council
10 hereby determines that:

- 11 1. The Glittering Mountain Family Entertainment Center Economic Development
12 Expenditure Plan, attached as Exhibit B, submitted by Navajo Nation Shopping
13 Centers, Inc. meets the 2014 Act's requirement at 12 N.N.C. §2502 (A)(1) for the
14 "planning and development of regional infrastructure supporting economic and
15 community development, including housing, within the Navajo Nation";
- 16 2. The substantial in-kind contribution Navajo Nation Shopping Centers, Inc. has already
17 made towards the Glittering Mountain Family Entertainment Center project satisfies
18 the 2014 Act's requirement at 12 N.N.C. §2502(B) that "leveraging of the [Síhasin]
19 Fund by way of guaranteeing loans, match funding, direct funding in part and other
20 weighted uses of the Fund shall be favored over direct funding in whole"; and
- 21 3. The sixty percent (60%) debt obligation to the Síhasin Fund that Navajo Nation
22 Shopping Centers, Inc. is willing to assume in order to finish construction of the
23 Glittering Mountain Family Entertainment Center facilities additionally satisfies the
24 2014 Act's requirement at 12 N.N.C. §2502 (B) that "leveraging of the [Síhasin] Fund
25 by way of guaranteeing loans, match funding, direct funding in part and other
26 weighted uses of the Fund shall be favored over direct funding in whole"

27 Y. Notwithstanding the responsibilities assigned to the Síhasin Fund Subcommittee to
28 recommend to the Naabik'iyati' Committee and Navajo Nation Council financial support
29 and/or financing plans for the purposes designated in the 2014 Act, the Navajo Nation Council
30 hereby further determines that it is in the long-term best interests of the Navajo Nation, as well

1 as in the long-term best interests of economic development on the western portion of the
2 Navajo Nation, that the Glittering Mountain Family Entertainment Center be funded as an
3 economic development expenditure plan through the Síhasin Fund, under 12 N.N.C. § 2505 of
4 the 2014 Act, as the Síhasin Fund Glittering Mountain Family Entertainment Center Economic
5 Development Expenditure Plan, attached as Exhibit B.

6

8 A. The Navajo Nation hereby approves and adopts the Síhasin Fund Twin Arrows/Glittering
9 Mountain Family Entertainment Center Economic Development Expenditure Plan, attached
10 and incorporated herein as Exhibit B.

14 dollars) by no later than the end of the second quarter of Navajo Nation Fiscal Year 2017 as
15 follows:

- 16 1. Direct funding from the Síhasin Fund in the amount of \$4,000,000.00 (four million

19 Family Entertainment Center and ancillary developments:

26 planning, development and construction of the Twin Arrows/Glittering Mountain Family
27 Entertainment Center facilities.

28 C. The Síhasin Fund funds allocated for the Twin Arrows/Glittering Mountain Family
29 Entertainment Center Economic Development Expenditure Plan may be further leveraged by
30 bond or loan financing pursuant to the Navajo Nation Bond Financing Act, 12 N.N.C. §1300

1 et seq., as amended, using Síhasin Fund Income for repayment and financing costs upon the
2 recommendation of the Budget and Finance Committee and approval by a two-thirds (2/3)
3 vote of all members of the Navajo Nation Council.
4

EXECUTIVE SUMMARY

Investment Opportunity for the Navajo Nation

NNSCI is developing the 68,000 square foot Glittering Mountain Family Entertainment Center ("FEC" or "Entertainment Center") located immediately adjacent to the Twin Arrows Casino Resort. The Entertainment Center will house a 20-lane bowling alley, 6-screen movie theater, laser tag, Kid's Quest child activity center and a sports grill, and is expected to open its doors to the public in late 2017.

NNSCI has signed an engineering, procurement and construction (EPC) contract with A.R. Mays Construction, a construction firm that has successfully completed several similar entertainment venues. The architectural firms of Nelsen Partners and Damon Development Group commenced the three-month design phase in mid-March 2016.

The total funding required to construct and commence operation of the Entertainment Center is estimated to be \$19.3 million. Analysis indicates that the project will generate a competitive internal rate of return ("IRR") for the equity in the range of 11.8% over the life of the project, assuming the project bears the financial burden of all off-site infrastructure. The project's equity IRR increases to 15.9% if the majority of the off-site infrastructure can be funded or financed.

Before seeking funding from other sources, NNSCI is offering the Nation the opportunity to invest at a market rate of return under commercial terms in the debt and/or equity of the Entertainment Center.

A loan from the Navajo Nation (or a bank loan) would augment NNSCI's own equity investment of \$4.3 million. NNSCI has already received a non-binding financing proposal from a commercial bank to provide a \$15 million loan for the construction and permanent financing of the Entertainment Center.

Due to the number of jobs that would be created, the Entertainment Center is a competitive applicant for New Market Tax Credit ("NMTC") investment. Competition for NMTC investors is high, and a loan from the Nation would facilitate the ability of the development to attract NMTC investment due to the Nation's ability to adapt the terms of a loan to the requirements of the NMTC investment structure.

Funding of Vital Infrastructure at Twin Arrows by the Navajo Nation

In addition, NNSCI is also requesting that the Navajo Nation provide funding for essential public safety infrastructure that will support the Entertainment Center, Twin Arrows Casino Resort and other future developments in the immediate vicinity. The estimated cost of police, fire and emergency facilities is estimated to be \$[0.0] million.

These public services are required by Coconino County and benefit all current and future developments in the Twin Arrows vicinity. These services are generally provided and funded by local governments due to the shared public benefit of such services. The build out of these public services will catalyze future growth, allowing the Twin Arrows region to support more development and attain a critical mass of customer traffic.

NNSCI is also requesting that the Navajo Nation provide long-term financing for essential utility infrastructure in the Twin Arrows area that will support the Entertainment Center, Twin Arrows Casino and other future developments on acreage owned by NNSCI and Navajo Gaming Enterprise. Essential utility infrastructure, including water, electric, telecommunications and wastewater facilities, are vital to future growth.

While the economics of any development must ultimately support the investment in such infrastructure, new developments are not typically able to include funding for these large costs in their capital structure and, thus, require assistance from local governments to provide such infrastructure and recoup the cost through local taxes and assessments.

The Opportunity: Glittering Mountain Family Entertainment Center

The Glittering Mountain Family Entertainment Center ("FEC") will be a leading family entertainment destination in the Flagstaff region when its doors open in late 2017. Located immediately adjacent to the new Twin Arrows Casino Resort (the "Casino"), the Entertainment Center development will tap into the traffic of the Casino and further expand the market by creating a critical mass of venues that appeal to a wide range of entertainment preferences for all ages.

Development of The Outlook at Glittering Mountain is to occur in multiple phases. Phase One of The Outlook at Glittering Mountain is the FEC, which will draw customers from the city of Flagstaff, students from Northern Arizona University and residents of surrounding communities as well as the tourist and commuter traffic on Interstate 40.

The combination of the Casino and the Glittering Mountain FEC will create a regional entertainment complex designed to keep a full family entertained with a wide range of venues.

NNSCI acquired all 70 acres of available fee status land adjacent to the Casino in 2012 and 2013 in a series of transactions. Glittering Mountain FEC will occupy approximately 7 acres (of the total 70 acres) located immediately west of the Casino.

The assets and liabilities, including approximately 7 acres of fee land, of the Entertainment Center will be packaged in Glittering Mountain LLC ("GMLLC"), a wholly-owned subsidiary of NNSCI.

NNSCI intends to finance the estimated \$19.3 million development with a combination of land and cash contributions, loans and, potentially, New Market Tax Credit ("NMTC") investment.

NNSCI has received a non-binding indication of interest from a commercial bank, which has significant experience lending in Native America, to provide construction and permanent financing. The bank's proposal provides for up to \$15.0 million of borrowing capacity with the permanent loan amortizing over twenty-five years.

The following table presents the sources and uses of cash for the Entertainment Center through the commencement of operations.

NNSCI engaged American Family Entertainment Centers to perform a preliminary feasibility study in 2013. NNSCI commissioned a second feasibility study in 2014 to ensure independence in its decision making and financing process. The second feasibility study was conducted by Amusement Entertainment Management, LLC.

The feasibility of the mixed-used development for The Outlook at Glittering Mountain, of which the Entertainment Center is one component, was conducted in 2013 by Klas Robinson Hospitality Consulting. The study concluded that the property has ample room for development, excellent visibility and access from I-40 and long-term potential for mixed-used development. Swaback Partners, an architectural firm based in Scottsdale, AZ, prepared the master plan for The Outlook at Glittering Mountain development.

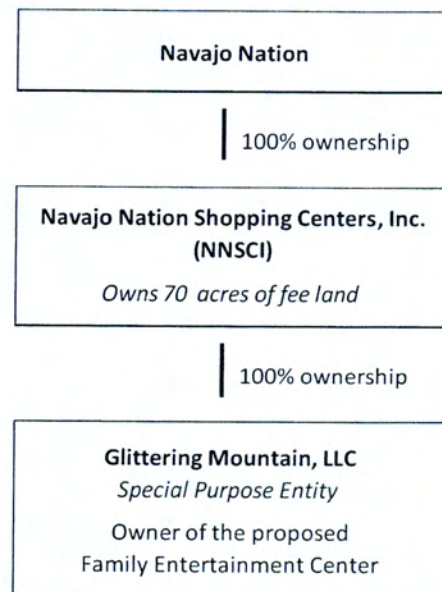

THE DEVELOPMENT PROJECT: ENTERTAINMENT CENTER

NNSCI is a corporation organized under the laws of the Navajo Nation and is wholly-owned by the Navajo Nation.

Glittering Mountain, LLC is a single-member limited liability company organized under the laws of the Navajo Nation and owned by NNSCI.

The 7 acres on which the Entertainment Center will be located will be separated into a new parcel and contributed by NNSCI to GMLLC.

Current Ownership Structure

Ownership of Assets

GMLLC will own the estimated 7 acres of fee land that forms the footprint of the entertainment center's buildings and certain infrastructure. GMLLC will maintain ownership of the equipment associated with the FEC and its businesses. The tenant will own its equipment.

Entertainment Concepts

The following table identifies the concepts that are operated by the GMLLC and those that are operated by third party lessee-operators.

	FEC Concepts	Leased Concepts
Childcare		X
Movie Theater	X	
Bowling	X	
Sports Grill/Restaurant	X	
Food Court/Concession	X

The floor plan for the Entertainment Center is presently in the design phase. The preliminary floor plan provided by the architect, Nelsen Partners, is presented below.

Leased Location – Kids Quest

The FEC will lease space to Kids Quest, a national operator of hourly childcare centers specializing in serving the needs of casino patrons. Kids Quest opened its first center in 1992 and now operates 19 centers exclusively in casinos located in 11 states.

Kids Quest centers offer a high level of service, outstanding value, the latest “edutainment” technology, and the best-trained staff around in a safe and kid-friendly environment. Kids Quest centers feature indoor playgrounds, infant/toddler sections, snack bars and movie rooms. The centers charge an hourly rate that varies depending on the age of the child and the day of the week. See www.kidsquest.com for more information.

Kids Quest presently maintains operations in the following casinos.

The preliminary terms of the lease between Kids Quest and GMLLC call for GMLLC to provide the shell space, and for Kids Quest to provide the furnishings and equipment. Kids Quest will manage and operate the childcare center. GMLLC and Kids Quest will share the profits of the childcare operation equally.

The Property

The 7-acre property is located adjacent and to the west of the Twin Arrows Navajo Casino Resort, approximately 20 miles east of Flagstaff, Arizona and the junction of I-17 and I-40 (See Appendix for maps and property configuration). The property shares access to I-40 through the Casino property. The entire 70 acres owned by NNSCI is landlocked by the Indian trust land controlled by the Navajo Nation on three sides and by state trust lands to the north.

Zoning

NNSCI has engaged the services of Swaback Partners, an architectural firm based in Scottsdale, Arizona, to assist in rezoning the property for the intended use. Swaback Partners also prepared the master plan for The Outlook at Glittering Mountain development. On December 17, 2015 the Coconino County Board of Supervisors approved a 70-acre mixed-use development agreement between NNSCI and Coconino County.

Entertainment Center Management

Operations Management

GMLLC will engage the services of a management company ("Management Company") with experience operating family entertainment centers to operate its business operations. The Management Company will be contracted for a period of one to five years. It is anticipated that the Management Company will be compensated with a monthly base rate plus incentive compensation linked to the profit performance of the entertainment center operations.

Property Management

GMLLC will engage the services of NNSCI to provide property management services, including maintenance and management of the building and related infrastructure, and leasing, accounting, financing and other administrative functions. Initially only one location within the entertainment center will be leased, thus leasing activities are expected to be limited. NNSCI is compensated for its services under a cost-plus fee plus a percentage of the rents of future lessees.

GMLLC will enter into a management services agreement with NNSCI. The following table summarizes the functions that will be performed by the Management Company and NNSCI, respectively.

AFEC estimates the Entertainment Center will employ approximately 150 part time and full time employees. Staffing will support the theater, bowling alley, laser tag, sports grill, Kid's Quest concepts and the management, administrative, janitorial and security functions. The actual staffing requirements are not final and are subject to change as the FEC specifications are finalized.

Design Build (EPC) Agreement & Contractors

NNSCI entered into a design-build agreement with A.R. Mays in mid-March 2016. The design phase of the contract provides for the design and engineering of the FEC for total fees of approximately \$1.0 million. The construction phase is subject to a guaranteed maximum price of \$13.5 million, or \$14.5 million for the entire contract.

The EPC company is A.R. Mays Construction, Inc. Subcontractors include Nelsen Partners (Architects), Damon Development Group, AV Schwan & Associates (Consultant), MSA Engineering Consultants, Shepard Wesnitzer, Inc. (Consultant).

INDUSTRY/MARKET/COMPETITION/CUSTOMERS

NNSCI commissioned an independent study to assess the feasibility of establishing a cinema-anchored multi-zone entertainment complex at Twin Arrows. The study, dated November 15, 2014, was prepared by Amusement Entertainment Management LLC ("AEM"). AEM provides early-stage feasibility analysis and business plan development for new-age bowling venues, family entertainment centers, waterparks and amusement parks on a worldwide basis.

Interested parties are encouraged to read the AEM feasibility study to develop a deeper understanding of the industry, the market, competition and the customer base for the Entertainment Center.

Selected information on these topics is provided below.

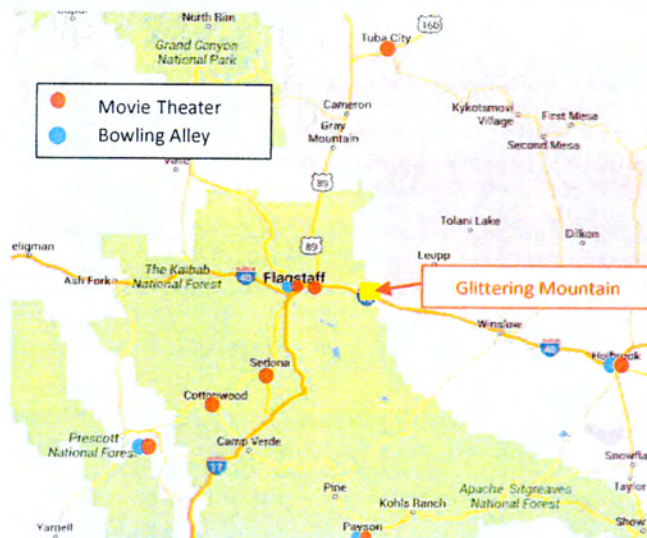

Market Overview

The city of Flagstaff, Arizona currently does not have a family entertainment center where all the members of a family can come and engage in a wide variety of entertainment venues. The FEC is a unique concept to this region of Arizona. The FEC will offer year-round indoor entertainment to the residents of and visitors of Flagstaff and the Casino. The feasibility analysis conducted by American Family Entertainment Centers determined that the area is presently underserved in both movie theaters and bowling centers. In addition, the area lacks other family-oriented venues such as arcades, child care facilities for patrons to the Casino, birthday party/meeting rooms and laser tag.

Limited competition, a sizable and growing population base, strong employment infrastructure and availability of high-speed road networks all help to enhance the FEC's potential for success. The success of the FEC is directly tied to its ability to consistently reach and attract a significant portion of the local and regional populations and to recognize the potential dilution per capita spending levels should new direct competition enter the region.

Competition

The map below displays the location of existing movie theaters and bowling alleys in the region.

Harkins Theatres is currently constructing a new 72,00 square-foot 16-screen cinema in Flagstaff, Arizona and is expected to open in spring of 2016. The new cinema will be located next to the Flagstaff Mall. The 16-screen cinema will replace the existing Harkins Flagstaff 11 cinema when completed. Although Harkins Theaters is building a new 16-screen cinema next to the Flagstaff Mall, the facility only provides cinema entertainment. The FEC, however, will contain a 6-screen cinema in addition to multiple entertainment options for all family ages to participate in all within a single facility.

THE DEVELOPER: NAVAJO NATION SHOPPING CENTERS

**RECOMMENDING THE SECOND SET OF

UPDATED FINANCIAL PLAN FOR THE

ENTERTAINMENT CENTER**

WHEREAS:

1. In 2002, the Navajo Nation Council established the Navajo Nation Shopping Centers, Inc. (hereinafter "NNSCI") and approved the Articles of Incorporation for the NNSCI. See, CO-63-02.
2. The NNSCI is authorized to initiate and implement the planning, developing, financing, designing, and constructing shopping centers within or near the Navajo Nation. Article V, section 4 (A), (B), (C) and (D).
3. The NNSCI is authorized to borrow funds, pledge non-restricted assets and execute contracts for the repayment of funds and such authorization is appropriate if the NNSCI obligation does not exceed the NNSCI's ability to repay the funds and pledge assets that are not disallowed by the Bylaws of the NNSCI or disallowed by the NNSCI Board. Article V, Section 8 of the Bylaws of the NNSCI.
4. The Navajo Nation Council tabled Legislation 0355-16 during its winter session of 2016. On June 19, 2017, the NNSCI then approved amendments to Legislation 0355-16. On July 18, 2017, the Sponsors of Legislation Number 0355-16 and the NNSCI presented this legislation to the council. The council deferred the legislation to the Winter Session of 2017.
5. Since July 2017, new plans have emerged necessitating a need to amend Legislation Number 0355-16. The new plan is to develop the GMFEC on the property of the Navajo Nation Gaming Enterprise (NNGE). The land upon which the GMFEC will be built is on Navajo Nation Trust Land. The NNSCI will sublease trust land from the NNGE to build the GMFEC.
6. The new plan comes with new financial information that needs to be inputted into Legislation 0355-16. 9 **Section Two. Findings**

- 10 A. On May 30, 2014, the 22nd Navajo Nation Council adopted Resolution No. CMY-28-14
11 accepting a settlement of the Navajo Nation's lawsuit, *Navajo Nation v. United States*, No. 06-
12 945L (United States Court of Federal Claims) against the United States for its historical
13 mismanagement of the tribe's trust assets and its failure to ensure that the Navajo Nation
14 received all funds due and owed under the United States' trust obligations and fiduciary duties.
15 Resolution No. CMY-28-14 was signed into law by the President of the Navajo Nation on
16 June 4, 2014.
- 17 B. The 22nd Navajo Nation Council recognized that during the many decades that the United
18 States was in breach of its trust obligations and fiduciary duties to the Nation, the tribal
19 government was without funds to develop the comprehensive nationwide infrastructures
20 necessary to support and promote community growth and sustainability through the expansion
21 of economic development, as well as to provide the educational opportunities, critical for the
22 prosperity of current and future generations of Dine. See Resolution No. CMY-28-14.
- 23 C. Between October 6, 2014 and November 8, 2014 the Office of the Speaker held seven (7)
24 Public Hearings, as directed by the Navajo Nation Council's Naabik'iyati' Committee on July
25 10, 2014, to receive input from Navajo Nation members on how the net proceeds from *Navajo*
26 *Nation v. United States* should be used. During that same time period, the Office of the
27 President and Vice-President also held five (5) town hall meetings for a similar purpose.
- 28 D. On December 13, 2014, the 22nd Navajo Nation Council adopted Resolution No. CD-68-14
29 enacting the Navajo Nation Breach of Trust Settlement Act of 2014 (hereinafter "2014 Act")
- 30

1 and establishing the Navajo Nation Síhasin Fund at 12 N.N.C. §2501 et seq.. The President of
2 the Navajo Nation signed Resolution No. CD-68-14 into law on December 31, 2014.

3 E. The 2014 Act mandated that the net proceeds and earnings thereon received by the Navajo
4 Nation from the settlement of *Navajo Nation v. United States* and that, when duly designated,
5 the net proceeds of settlements or judgement awards of other litigation(s) brought against the
6 United States concerning its failure to ensure that the Navajo Nation received all funds due
7 and owing under the United States' trust obligations and fiduciary duties, be deposited into the
8 Síhasin Fund and managed and invested to provide financial support and/or financing for (1)
9 the planning and development of regional infrastructure supporting economic and community
10 development, including housing, within the Navajo Nation; and/or (2) education opportunities
11 for members of the Navajo Nation. See 12 N.N.C. §2502 (A).

12 F. The 2014 Act also established that "leveraging of the [Síhasin] Fund by way of guaranteeing
13 loans, match funding, direct funding in part and other weighted uses of the Fund shall be
14 favored over direct funding in whole". 12 N.N.C. §2502 (B).

15 G. The 2014 Act further established that with the exception of outstanding and accrued litigation
16 costs, Síhasin Fund Principal and Income shall only be expended pursuant to a Fund
17 Expenditure Plan consistent with the purposes set forth in the 2014 Act at 12 N.N.C. §2502
18 and adopted by a two-thirds (2/3) vote of all members of the Navajo Nation Council. 12
19 N.N.C. §2502 (A),

20 H. The 2014 Act states that "Fund Principal" shall consist of all deposits made to the Síhasin
21 Fund and that "Fund Income" shall consist of all earnings (interest, dividends, etc.) generated
22 and realized by the Fund Principal and that Fund Income shall be deposited in and added to
23 Fund Principal until such time as a Fund Expenditure Plan(s) is duly adopted. Pursuant to 12
24 N.N.C. §§2505(C),

25 I. The Office of the Controller reported that as of January 1, 2016, the amount of the Síhasin
26 Fund Principal is four hundred eighty-seven million nine hundred ninety thousand eight
27 hundred forty-one dollars and ninety-one cents (\$487,990,841.91) with interest earnings of
28 four hundred fifty-eight thousand four hundred thirty-one dollars and seventy-five cents
29 (\$458,431.75).
30

- 1 J. On April 9, 2015, the Naabik'iyati' Committee adopted Resolution No. NABIP-20-15
2 establishing the Naabik'iyati' Sihasin Fund Subcommittee to "review and evaluate the Public
3 Hearing comments and recommendations from the Navajo People" and "recommend to the
4 Naabik'iyati' Committee and Navajo Nation Council financial support and/or financing
5 plan(s) for the purposes designated in CD-68-14 [Navajo Nation Breach of Trust Settlement
6 Act of 2014, establishing the Sihasin Fund]".
- 7 K. Between April 2015 and October 2016, the Naabik'iyati' Sihasin Fund Subcommittee, assisted
8 by the Office of Legislative Services, Office of the Speaker, and Office of Legislative
9 Counsel, met on more than twenty-five (25) occasions in either work sessions or official
10 meetings to review and evaluate the Public Hearing comments and recommendations from the
11 Navajo People; hear proposals from Navajo Nation entities, chapters, programs and officials;
12 and develop an expenditure plan(s) for the Sihasin Fund Principal and Income consistent with
13 the purposes set forth in the 2014 Act.
- 14 L. The Naabik'iyati' Sihasin Fund Subcommittee determined that for an expenditure plan to fully
15 meet the leveraging criteria of the 2014 Act, the expenditure plan shall not rely on Sihasin
16 Funds for full direct project funding, unless such funds are to be repaid under a loan
17 agreement, and instead must utilize the Sihasin Funds for (1) match funding, joint funding,
18 contribution funding, cost-share funding or similar weighted uses of the funds; (2)
19 reimbursement funding; and/or (3) loan or bond financing or guarantee.
- 20 M. The Naabik'iyati' Sihasin Fund Subcommittee also determined that the 2014 Act allowed for
21 the adoption of multiple expenditure plans and that it would be prudent for the Navajo Nation
22 to adopt integrated, yet distinct, expenditure plans for regional-level infrastructure planning
23 and development in four broad infrastructure areas or categories consistent with the purposes
24 of the 2014 Act: Water and Natural Resource Infrastructure Development; Economic
25 Development; Community Development; and Housing Development.
- 26 N. In February of 2016, upon recommendation of the Naabik'iyati' Sihasin Fund Subcommittee,
27 the Navajo Nation enacted Legislation No. CJA-12-16 adopting the Sihasin Fund Bulk Water
28 and Wastewater Development and Sanitation Deficiency System (SDS) Project Expenditure
29 Plans for the planning and development of a comprehensive and cohesive nationwide bulk
30

1 water delivery system necessary to support sustainable economic development, including
2 housing, throughout the Navajo Nation.

3 O. Legislation No. CJA-12-16 specifically set forth that following the adoption of the Bulk Water
4 and Wastewater Development and Sanitation Deficiency System (SDS) Project Expenditure
5 Plans, the Naabik'iyati Sihasin Fund Subcommittee would consider project specific economic
6 and community development expenditure plans for funding under Section 2505 of the 2014
7 Act.

8 P. The Navajo Nation Shopping Centers, Inc. presented the Naabik'iyati' Sihasin Fund
9 Subcommittee with information that since 2013 and the inception of the Twin Arrows Navajo
10 Casino Resort ("TANCR"), the Navajo Nation (which includes the Navajo-Hopi Land
11 Commission and Office, the Division of Economic Development, other Navajo Nation
12 programs, and the Twin Arrows Task Force), the Office of Navajo Hopi Relocation, the
13 Navajo Nation Oil and Gas Company ("NNOGC"), and the Navajo Nation Shopping Centers,
14 Inc. have planned and advocated for a Family Entertainment Center to include a six screen
15 theater, bowling alley, restaurant, child care facility, video arcade and laser tag at the Twin
16 Arrows Interstate 40 interchange; and these parties have worked together to advance the
17 development of the Twin Arrows/Glittering Mountain Family Entertainment Center to initially
18 include egress to TANCR; and this work includes multiple market studies, master plans, a
19 "Retail Site Analysis", environmental studies, archaeological and geotechnical studies and
20 design documents.

21 Q. In December of 2014, the Resources and Development Committee passed Resolution RDCD-
22 106-14, attached as Exhibit A, approving the Twin Arrows Master Plan which includes plans
23 for multiple businesses at Twin Arrows, specifically including the Twin Arrows/Glittering
24 Mountain Family Entertainment Center as a co-anchor tenant adjacent to the TANCR
25 boundary, and directing the Navajo Nation Enterprises to commercially develop the Twin
26 Arrows/Glittering Mountain Commercial Development Site.

27 R. Navajo Nation Shopping Centers, Inc. also presented the Naabik'iyati Sihasin Fund
28 Subcommittee with studies showing that the development and establishment of the Glittering
29 Mountain Family Entertainment Center under the ownership and management of Navajo
30 Nation Shopping Centers, Inc. will:

1. Provide a positive financial return to Navajo Nation Shopping Centers, Inc., as well as attract visitors to and compliment the amenities offered at the TANCR;
2. Provide a positive return to the Navajo Nation through the creation of permanent jobs, as well as construction jobs for several trades, tax revenues from retail sales and construction, and business site lease fee revenues, as well as expand markets for Navajo goods and opportunities for Navajo entrepreneurs; and
3. Stimulate capital and economic multiplier effects for the western portion of the Navajo Nation.

S. Navajo Nation Shopping Centers, Inc. additionally presented the Naabik'iyati' Sihasin Fund Subcommittee with information that the development of essential utilities necessary to operate the Twin Arrows/Glittering Mountain Family Entertainment Center will establish the utilities infrastructure necessary to support future development of approximately 70 acres in the midst of the approximately 400 acres of the TANCR area, including other ancillary businesses such as retail establishments, fast food restaurants, tourism facilities and similar developments.

T. Navajo Nation Shopping Centers, Inc. reassured the Naabik'iytai' Sihasin Fund Subcommittee that as of February 28, 2016, the Glittering Mountain Family Entertainment Center was project ready with the selection of a Design Build Contractor with the Design Phase for the site and building construction/architectural design near 100% complete to commence in two months from the allocation of funds per section 4(A)(4) above and opening should be within a reasonable time after completion of the construction, if funding in the amount of sixteen million dollars (\$16,000,000) was immediately secured.

U. The Glittering Mountain Family Entertainment Center will be built on trust land of the Navajo Nation and meets the 2014 Act's requirement at 12 N.N.C. §2502 (A) that economic development projects be located *within* the Navajo Nation.

V. Lastly, Navajo Nation Shopping Centers, Inc. informed the Naabik'iyati' Sihasin Fund Subcommittee that Navajo Nation Shopping Centers, Inc. had so far contributed over three million dollars (\$3,000,000.00) in in-kind development costs supporting the Glittering Mountain Family Entertainment Center project, e.g. feasibility studies, engineering, environmental assessment, electricity and water/wastewater infrastructure studies, land costs, and other development costs.

1 W. On September 28, 2016, the Naabik'iyati Sihasin Fund Subcommittee has accepted the update
2 report of the revised Financial Plan for the Navajo Nation Shopping Centers, Inc.'s request to
3 recommend the Glittering Mountain Family Entertainment Center project to the Naabik'iyati'
4 Committee and Navajo Nation Council for financial support and funding through the Sihasin
5 Fund.

6 X. Notwithstanding the responsibilities assigned to the Naabik'iyati' Sihasin Fund Subcommittee
7 to recommend to the Naabik'iyati' Committee and Navajo Nation Council financial support
8 and/or financing plans for the purposes designated in the 2014 Act, the Navajo Nation Council
9 hereby determines that:

- 10 1. The Glittering Mountain Family Entertainment Center Economic Development
11 Expenditure Plan, attached as Exhibit B, submitted by Navajo Nation Shopping
12 Centers, Inc. meets the 2014 Act's requirement at 12 N.N.C. §2502 (A)(1) for the
13 "planning and development of regional infrastructure supporting economic and
14 community development, including housing, within the Navajo Nation";
- 15 2. The substantial in-kind contribution Navajo Nation Shopping Centers, Inc. has already
16 made towards the Glittering Mountain Family Entertainment Center project satisfies
17 the 2014 Act's requirement at 12 N.N.C. §2502(B) that "leveraging of the [Sihasin]
18 Fund by way of guaranteeing loans, match funding, direct funding in part and other
19 weighted uses of the Fund shall be favored over direct funding in whole"; and
- 20 3. The sixty percent (60%) debt obligation to the Sihasin Fund that Navajo Nation
21 Shopping Centers, Inc. is willing to assume in order to finish construction of the
22 Glittering Mountain Family Entertainment Center facilities additionally satisfies the
23 2014 Act's requirement at 12 N.N.C. §2502 (B) that "leveraging of the [Sihasin] Fund
24 by way of guaranteeing loans, match funding, direct funding in part and other
25 weighted uses of the Fund shall be favored over direct funding in whole"

26 Y. Notwithstanding the responsibilities assigned to the Sihasin Fund Subcommittee to
27 recommend to the Naabik'iyati' Committee and Navajo Nation Council financial support
28 and/or financing plans for the purposes designated in the 2014 Act, the Navajo Nation Council
29 hereby further determines that it is in the long-term best interests of the Navajo Nation, as well
30 as in the long-term best interests of economic development on the western portion of the

1 Navajo Nation, that the Glittering Mountain Family Entertainment Center be funded as an
2 economic development expenditure plan through the Síhasin Fund, under 12 N.N.C. § 2505 of
3 the 2014 Act, as the Síhasin Fund Glittering Mountain Family Entertainment Center Economic
4 Development Expenditure Plan, attached as Exhibit B.

5
6 **Section Three. Approval and Adoption of Expenditure Plan**

- 7 A. The Navajo Nation hereby approves and adopts the Síhasin Fund Twin Arrows/Glittering
8 Mountain Family Entertainment Center Economic Development Expenditure Plan, attached
9 and incorporated herein as Exhibit B.
- 10 B. The Navajo Nation hereby approves and adopts total funding for the Síhasin Fund Twin
11 Arrows/Glittering Mountain Family Entertainment Center Economic Development
12 Expenditure Plan in the amount of \$16,000,000 (sixteen million dollars) as follows:
- 13 1. Direct funding from the Síhasin Fund in the amount \$1,000,000 (one million dollars) to
14 the Navajo Nation Shopping Centers, Inc. for the planning, development and construction
15 of infrastructure necessary to support the Twin Arrows/Glittering Mountain Family
16 Entertainment Center and ancillary developments and such funding payable to the Síhasin
17 Funds as negotiated per section 4(A)(4) above; and,
- 18 2. Loan funding from the Síhasin Fund Principal in the amount of \$15,000,000 (fifteen
19 million dollars) to the Navajo Nation Shopping Centers, Inc. for the planning,
20 development and construction of the Twin Arrows/Glittering Mountain Family
21 Entertainment Center facilities and such funding payable to the Síhasin Fund as negotiated
22 per section 4(A)(4) above.
- 23 C. The Síhasin Fund funds allocated for the Twin Arrows/Glittering Mountain Family
24 Entertainment Center Economic Development Expenditure Plan may be further leveraged by
25 bond or loan financing pursuant to the Navajo Nation Bond Financing Act, 12 N.N.C. §1300
26 et seq., as amended, using Síhasin Fund Income for repayment and financing costs upon the
27 recommendation of the Budget and Finance Committee and approval by a two-thirds (2/3)
28 vote of all members of the Navajo Nation Council.

29
30 **Section Four. Approval and Adoption of Expenditure Plan Administration**

- 1 A. The Navajo Nation hereby approves administration of the Síhasin Fund Twin
2 Arrows/Glittering Mountain Family Entertainment Center Economic Development
3 Expenditure Plan as follows:
- 4 1. Navajo Nation Shopping Centers, Inc. shall have the authority and responsibility to
5 administer and use the Síhasin Funds allocated solely to design, plan and construct the
6 Twin Arrows/Glittering Mountain Family Entertainment Center and the attendant
7 infrastructure as set forth in Exhibit B and shall return any and all cost-savings to the
8 Síhasin Fund once the Twin Arrows/Glittering Mountain Family Entertainment Center is
9 fully constructed;
 - 10 2. Navajo Nation Shopping Centers, Inc. shall not use Síhasin Funds, including loan funds,
11 to operate the Twin Arrows/Glittering Mountain Family Entertainment Center;
 - 12 3. The Navajo Nation Controller shall determine whether the source of the direct funding and
13 the loan funding to Navajo Nation Shopping Centers, Inc. will be Síhasin Fund Principal
14 or Income or a combination of both;
 - 15 4. The loan funds allocated to Navajo Nation Shopping Centers, Inc. shall be administered
16 and repaid, including interest, to the Síhasin Fund through a loan agreement negotiated by

30

- 1 2. The use of the Síhasin Fund funds, including the loaned funds, shall be audited on an

MEMORANDUM

TO : Reviewers/Sponsors/NN Council Delegates

FROM : 
Dominic Beyal, Executive Director
Office of Management & Budget

DATE : November 20, 2017

SUBJECT : Legislation #0335-16, Approving Supplemental Funding From the Unreserved, Undesignated Fund Balance in the Amount of Three Million Dollars (\$3,000,000) to the Navajo Nation Chapter Veterans Organizations.

The Office of Management & Budget (OMB) has updated a October 13, 2016, memorandum as follows:

1. Because of the limited availability of funds, OMB advises the Branch Chiefs to prioritize all supplemental funding proposals pursuant to the FY 2018 Budget Resolution CS-53-17 paragraph "L"), the FY 2018 Budget Instructions Manual (Section XIV), and the Appropriations Act, 12 N.N.C. §800 A. This activity should be completed by the three branches to determine priorities. In a memorandum dated October 2, 2017, OMB informed the Branch Chiefs and the Navajo Nation Council that there are 30 UUFB proposals totaling more than \$46 million. Since then, there are more than 45 and the new total amount requested is \$59.8 million. Again, what are the priorities?
2. The Navajo Nation Veterans Administration (NNVA) received the following amounts for Fiscal Year 2018:

1) NNVA General Fund	\$1,422,392
2) NNVA Trust Fund - Chapter Veteran Organizations	<u>\$4,208,528</u>
Total: \$5,702,920	
3. The Fiscal Year 2018 Budget Instructions Manual (BIM) Section XIV, Supplemental Funding Request Policies and Procedures explains the requirements for funding. Missing from the proposed legislation is the Supplemental Funding Proposal Summary (Appendix K).
4. The balance available in the UUFB as of October 13, is \$31,258,217. The Office of the Controller has not completed the financial close out for FY 2017, so the current FY 2018 UUFB amount is not finalized at this time. The Exhibit "A" is old and obsolete (dated 9/21/16).
5. The legislation was prepared during the Fiscal Year 2016, more than a year ago. OMB recommends the information be updated using FY 2018 budget forms.

If there are any questions, contact OMB, Miriam Davis, SBA at 928.871.6571.

**Navajo Nation Shopping Centers, Inc.
Glittering Mountain, LLC
Preliminary Financing Analysis**

CONFIDENTIAL

December 4, 2017

Executive Summary

Financial Analysis Overview

The following document provides an analysis of a proposed financing scenario for Glittering Mountain, LLC ("GMLLC"), a wholly-owned subsidiary of Navajo Nation Shopping Centers Inc. ("NNSCI").

The financing plan covers all estimated construction, development and startup costs/capital related to a proposed entertainment center (the "Project") located in Twin Arrows, Arizona. The total investment to be funded through the date operations commence ("Commencement Date") is estimated to be **\$26.8 million**.

1. NNSCI will own 100% of GMLLC and will fund the Project through a combination of equity contributions (land, cash, expenses already paid), Navajo Nation grants and loans from Navajo Nation entities.
2. NNSCI borrows **\$15.0 million** from the Sihasin Fund in the form of a one-year construction loan. The Sihasin Fund takeout/permanent loan is structured as a 25-year amortizing loan. The monthly payments during the first **18 months** are customized. NNSCI is the guarantor and source of repayment for the loan. The Sihasin loan interest rate equals **1.5%** for Years 1-25.
3. NNSCI borrows **\$1.0 million** from the NCDFI in the form of a one-year construction loan. The NCDFI takeout/permanent loan is structured as a 7-year amortizing loan. The monthly payments during the first **18 months** are customized. NNSCI is the guarantor and source of repayment for the loan. The NCDFI loan interest rate equals **5.0%** for Years 1-7.
4. Grant of **\$1.0 million** from the Sihasin Fund. Grant will be repaid from the profits (after debt service) of the Project.
5. Grant of **\$100,000** from the Sales Tax Trust Fund. Grant will be repaid from the profits (after debt service) of the Project.
6. Total NNSCI equity contributions of **\$5.7 million**, consisting of (i) the contribution of approximately 7 acres of trust land with an estimated market value of **\$300,000**, (ii) additional cash contribution of **\$3.4 million**, and (iii) **\$2.0 million** already invested.
7. New Market Tax Credit investment of approximately **\$4.0 million**. NMTCs, if available to the Project, will be employed at the earliest possible date. Until NMTC funding is available, NNSCI will provide the additional equity.

The financial proforma for the Project incorporates estimated revenues and operating costs presented in the AEM feasibility study, dated 11/15/14, for the first four years of operations.

The financial pro forma for NNSCI incorporate unaudited financials for the period ending June 30, 2017 and reasonable growth and margin assumptions in future years.

One purpose of this document is to capture all of the costs to develop the Project. The total development costs are preliminary and will change. The costs are presented for the purpose of validating and tracking such costs as NNSCI seeks financing and the development proceeds forward. This analysis will be updated as new information becomes available, such as engineering cost estimates, contractor bids, appraisals, financing offers, clarifications of Project scope/terms and utility proposals.

Pro Forma Assumptions

Financial Projection Assumptions

The financial projections contained herein are based on analyses by Management of information available at the time this document was prepared. The projections are based on NNSCI's views of present and future events outside of NNSCI's control and on assumptions that may prove to be incorrect. If one or more of these assumptions proves to be incorrect, actual results may differ materially from the projections contained in this document. While all available information has been utilized in the creation of these projections, they should not be relied upon entirely, and any party analyzing such projections should undertake their own due diligence investigation.

Presented in the financial tables that follow are *multi-year* projections and *monthly construction year* projections presented individually for the single entities NNSCI and GMLLC. Financials for the combination of NNSCI and GMLLC are presented in the consolidated financial statements.

The financial proforma for the Project incorporate estimated revenues and operating costs presented in the AEM feasibility study, dated 11/15/14, for the first four years of operations.

The financial pro forma for NNSCI incorporate unaudited financials for the period ending June 30, 2017 and reasonable growth and margin assumptions in future years.

One purpose of this document is to capture all of the costs to develop the Project. The total development costs are preliminary and will change. The costs are presented for the purpose of validating and tracking such costs as NNSCI seeks financing and the development proceeds forward.

This analysis must be updated as new information becomes available, such as engineering cost estimates, contractor bids, appraisals, financing offers, clarifications of Project scope/terms and utility proposals.

Pro Forma Assumptions

GMLLC

The financial projections for the single entity Glittering Mountain LLC ("GMLLC") reflect operations for the Entertainment Center ("FEC"). Projections for the first four years of the FEC operation following commencement of operations were provided in the feasibility report prepared by Amusement Entertainment Management, LLC ("AEM") dated November 14, 2014. In addition to operating projections, the FEC feasibility study also included various capital costs associated with development of the FEC, which have been supplemented with newer information relating to off-site infrastructure costs and the engineering, procurement and construction ("EPC") contract with A.R. Mays.

A. FEC Development

- GMLLC does not incur Coconino county sales tax for construction of the FEC.
- Development occurs on trust land and is subject to applicable Navajo Nation taxes.
- GMLLC does not arrange for any debt financing nor is the entity responsible for repayment. NNSCI is the sole borrowing entity for both construction and permanent loans and is responsible for debt repayment.
- New Market Tax Credits are directly infused into GMLLC as equity funding. New Market Tax Credits do not pass through NNSCI.

Pro Forma Assumptions

NNSCI

NNSCI financials are presented for the single entity managing 10 shopping centers across the Navajo Nation. Unaudited financials for the period ending June 30, 2017 are incorporated into the financial projections.

A. Timing of Financing

- Investment into NNSCI's subsidiary, GMLLC, occurs in one lump sum cash transaction one month prior to start of FEC construction.
- NNSCI is the sole borrowing entity for both construction and permanent loans.
- Construction loan amounts are drawn down prior to start of FEC construction.

CONFIDENTIAL

Sources & Uses

Summarized

The following table presents a summarized Statement of Sources and Uses for the Project covering the period from inception through the Commencement Date. See Sources and Uses detailed table for more information regarding Uses. The capital structure scenario assumes:

- NNSCI has already invested \$2.3M of cash into pre-development expenses.
- An additional \$3.4M of cash (of \$5.7M total equity) will be infused by NNSCI into GMLLC to provide the necessary equity funding for the Project.
- Navajo Nation financing is the only other source of funding.
- 100% of the equity of GMLLC is owned by NNSCI. NNSCI will be the only equity partner in the Project, unless NMTC investment is obtained.
- NNSCI will contribute the partitioned acreage (approx. 7 acres) utilized by the Project to GMLLC as part of its equity contribution (est. \$300K).
- Note that some of the Project costs have already been incurred and paid by NNSCI.
- New Market Tax Credit (NMTC) investment of \$4.0M, if available, will be directly infused into GMLLC as part of equity funding.
- Additional funding sources being considered are: NCDFI, commercial banks and NN Division of Economic Development Sales Tax Fund.

The following table must be updated as new information becomes available, such as engineering cost estimates, contractor bids, appraisals, financing offers, clarifications of Project scope/terms, utility proposals.
